**Addendum Number 2**  
**Request for Proposals No. 22-10-209608**  
**Seward Passenger Dock Replacement**

**This Addendum is being issued to provide changes and information as follows:**

1. Reference Attachment 2 PD-B Forms, A. REQUIRED WITH PROPOSAL, remove the following two items:
  - b. Certification regarding use of funds for lobbying
  - c. FTA Buy-America certification

Because there is no Federal Funding, these certifications are not required.

2. Attachment 1 PDB General Provisions has been added to the ARRC website.
3. A current planholders list has been added to the ARRC website.

**Questions and Answers:**

4. Question: What is the status of the permits?

Answer: ARRC is aware of a permit application with the Department of Army Section 404/10. ARRC is not the permit applicant and is not aware of the application status. It is the Proposer's responsibility to determine whether any active permit application may be transferred to the successful Contractor.

All other dates, terms, and conditions remain unchanged.

Acknowledge receipt of this and all addenda in your firm's Service Bid Form (Form 395-0132).

Sincerely,

*Michele Hope*
