Addendum Number 1
ITB 22-08-310837
80' Stock Rail

This addendum is being issued to provide information as follows:

Question:

Would ARRC be willing to open up the bid with concessions on delivery expectations, and or allowing for 78'-80' with 15% shorts?

The delivery date of June 2022 on the cost schedule is ARRCs goal date and is not a required delivery date. We understand that given the delays the supply chain is experiencing etc. that June may not be possible. Please annotate your earliest delivery date in the field provided on the cost schedule.

ARRC will allow for 78'-80' with 15% shorts.

Please acknowledge receipt of this and all addendums via email. **All other dates, terms and conditions remain unchanged.**

Please direct all responses and/or questions concerning this solicitation to Candice Humphrey, via email; HumphreyC@akrr.com .

Respectfully,
Candice Humphrey
