MASTER YOUR REG BI ESSENTIALS

Fi360, a Broadridge company, offers Reg BI Essentials, a customizable training curriculum tailored to each firm's approach to Reg BI compliance. Two options—one for home office and one for advisors—focus on practical application. Choose the training that will help your team understand, apply and reliably comply with this new standard of care.

Home Office Training. This option educates home office personnel on the ins and outs of Reg BI and all it entails. Firms benefit from Broadridge and Fi360's unique vantage, gaining guidance and industry insight that informs how they opt to comply.

Advisor/Field Training. This option educates field representatives and advisors on Reg BI, Form CRS and the new standard of care obligations. Learning is customized to ensure front-line personnel understand the firm's policies and procedures, and how they must act to comply.
