

Fall 2018 Clarendon Garden Club

In Garden Club students will observe and connect with nature right in their own “backyard.” Your kids will participate in a variety of hands-on activities such as composting, making and tasting healthy snacks, exploring books related to gardens, creating arts and crafts with plants, and of course lots of gardening! If your K – 3rd Grader is a fan of the outdoors and getting dirty, then Garden Club is for them!

Clarendon's Garden Club will be taught again by Outdoor Educator, Chris Krupa. Chris has worked for several years in afterschool programs and more recently as an environmental and gardening educator in programs such as SF Botanical Gardens Children's Garden. His lifelong connection with nature was reignited after being involved with the Alvarado ES garden coming to life. Chris is also a graduate of the nearby Garden for the Environment's "Get Up" program and maintains several residential gardens around San Francisco.

Limited spots available

*** Parent volunteers welcome! ***

Emergency Form for Fall 2018

I, the undersigned, in consideration of participation in this program, agree to indemnify and hold harmless Chris Krupa, Clarendon Garden Club, and San Francisco Unified School District from any injury, loss, damage, cost, expense or liability which results or is alleged to have resulted from my child's participation in the program. I fully understand that I assume all risks for any injuries received. I authorize Chris Krupa or his designee to consent to and take my child to the most convenient emergency room in case of an emergency medical situation and hospital care, if necessary, under the supervision of any physician licensed under the California Medical Practices Act about any health related issues while at the program and during field trips.
