***Malan Paquette:*** *I am a member of the public down here in South Kenai Peninsula and just want to say thank you to everybody serving in public offices and the board members as well. I want to encourage that if you have experience in sitting on boards, commissions and councils that you speak about this experience with folks that may be interested in serving other boards and commissions and councils. We have several vacancies in several boards, commissions and councils across the state, including just public members that are not required legislative approval or financial disclosure. And I just want to encourage that people are taking some time with their friends and family to go to the state of Alaska boards and commissions page at gov.alaska.gov and searching those boards and commissions there is a multitude of areas of interest with vacancies and I just want to say thank you to everybody who is on the line and I'm just kind of following*

along and I am an advocate and I encourage public participation and, recently, you know got a new device so I'm participating on the Zoom today and just really appreciate the fluidity of the access to your meeting. I think that's really great that you're allowing public access by posting accessibility in your online public notice and just appreciate that very much, so thank you and I hope you have a wonderful New Year.

Carrie C. summarizes the emergency regulations 304.920(e)(1), 304.925(a)(1) and (c)(2). She also describes historical precedence. The last time this came up was at the February 2019 meeting - there were two licenses brought to the board. The board tabled both to allow the licensee time to submit a new AB-33 and provide proof of the validity of their numbers. The board asked my predecessor how staff would explain to the licensees what is required and how to calculate the percentages. Chairman Klein directed staff to re-word the instructions on the form – which had been done a few times in recent years. The board did renew both of those licenses at their next meeting. **Doug M. motions to approve with delegation. Dave K. seconds. None opposed, motion passes.***

*There is a discussion regarding scheduling a special meeting – recess this meeting to call of the chair or pick a date now and give a public notice a week prior. The board will meet on Friday 28, 2022 in the afternoon via Zoom.*

● **REGULATIONS**

**A. Regulations tracking sheet –**

**TAB 84**

*Dana W. states that the only item opened at this time is the Enforcement Action Process. He summarizes the purpose of the project.  
 There are no further questions regarding the tracking sheet.*

**B. Board requests (if any)**

*Dana W. asks if there are any requests from board or members of the public. He mentions in the alcohol email box there is a proposal from a member of the public. There are no requests from the board members.*

**C. Civil Fines Under AS 04 Outline – discussion**

**TAB 85**

*Joan W. explains her analysis to the board. There is a long discussion that includes: Joan explaining to the board the potential provisions of the current Enforcement Action Process that could potentially move forward and what potential amendments to SB 9 could be to authorize the board to adopt civil fines. Dana W. asks for board members’ opinions. Dave K. recognizes that there is a public comment on the project asking for it not to move forward and wait to see what happens with SB 9. Dana W. recognizes the only two public comments received: one to wait for SB9, the other one supporting the project. Doug M. believes it is a lot of take in. He is not sure where to go with the project, but recognizes the comment about waiting for SB9. Diane T. thinks the board needs to wait to see what happens with SB9, and put this project on hold.*

**D. Opened Regulations Projects**

**1. Public comment period closed**

**Enforcement Action Process**

**TAB 86**

**Status:** Public comment period closed January 11, 2022. Two comments received.

**Potential Board Actions:** TBD at meeting

*Given the conversation that happened in the Civil Fines discussion, **Diane T. moves to close project. Dave K. seconds.** Dana W. asks if Director Klinkhart has any thoughts. Director Klinkhart addresses the board by saying just because they are putting the project on hold, doesn’t mean the process stops. He wants this to be done the right way. Dana W. suggests communicating with the sponsor of the SB9. There is no further questions or comments. **No objections. Motion passes 4-0.***

● **TOPICS FOR FUTURE DISCUSSION BY ABC BOARD**

- Board Development Discussion

*Dana W. asks the board members if they have any items for this section. No requests were made.*

- Online Licensing Portal

*Dana W. states that SB 9 will facilitate some funds for a new online licensing portal to help increase efficiency. Director Klinkhart mentions that he has been invited by CBPL to sit in on different companies’ presentations. Staff will continue to move forward with the search.*

● **ALCOHOL MAILBOX**

**TAB 87**

All correspondence received in the [alcohol@alaska.gov](mailto:alcohol@alaska.gov) inbox from October 9, 2021 – December 30, 2021.

*Dana W. summarizes the email from Shaun Moser regarding alcohol infused ice cream. There is a short discussion. Joan W. volunteers to reach out to the attorney who advises the Department of Environmental Conservation on this subject and bring back more information at the next meeting. Shawn Moser speaks to his regulation proposition regarding alcohol infused ice cream. **Doug M. motions to open a regulation project on the alcohol ice cream topic.** He wants more information, maybe a survey. Doug is interested in what the other states are doing and the potential to draft a regulation. **Dana W. seconds the motion.** No further discussion. **Diane T. and Dave K. are opposed. Dana W. abstains from voting. Motion fails, 1-3.** This subject may come back at the April 12, 2022 meeting.*
