Form AB-41: Common Carrier Approval Registration

Why is this form needed?

Registration Fee: \$1,250

Per AS 04.09.750, a common carrier may not transport or deliver alcoholic beverages to a person in the state unless the ABC board has approved the common carrier.

In section two (2) of this form, a detailed diagram (or description) of the secure storage location where alcohol will be held (both prior to and after transport) is required. Your diagram (or description) must include dimensions and must show all entrances and boundaries of the premises and areas of storage.

In section three (3) of this form, you must describe how the carrier will verify age and obtain a signature of the recipient. You must also state where records of shipments of alcoholic beverages will be held and made available for inspection and audit by AMCO Enforcement.

Per AS 04.09.750(c) delivering alcoholic beverages to a person in the state shall ensure that the package containing alcoholic beverages is delivered directly to a person who:

- (1) Presents identification and acceptable proof of age under AS 04.21.050 showing that the person is 21 years of age or older; and
- (2) Provides a signature acknowledging that the person received the package.

Per AS 04.09.750(d) an approved common carrier shall make records of shipments of alcoholic beverages to persons in the state available for inspection and audit by the board.

Section 3 - Description of Control Measures

Carrier must clearly indicate how the provisions of AS 04.09.750 (c)(1) and (2) will be met

Accepting ID: AS 04.09.750(c)(1)	FedEx policy requires alcohol shippers to identify that a package contains alcohol and to select the FedEx Adult Signature Required signature service option (ASR), which is automatically selected when a customer uses the FedEx alcohol service code. When ASR is selected, FedEx technology directs delivery personnel to review a Government issued photo identification or toher identification customarily accepted by local authorities. The technology prompts delivery personnel to scan the ID to verify the recipient is 21 or older and record the first initial of the first name and the last name. If the recipient refuses to have the ID scanned, delivery personnel completes a hand ID check, including visually confirming the date of birth on the ID. Delivery personnel cannot close out the delivery without confirming that this is done.	Obtaining signature: AS 04.09.750(c)(2)	When the Adult Signature Requires signature service option is selected, FedEx technology prompts delivery personnel to obtain the signature of the recipient. Delivery personnel cannot close out the delivery without obtaining the signature.
