DATE: February 7, 2023

FROM: Kristina Serezhenkov, OLE

RE: #6116 Northern Pacific Airways

Statutory & Regulation Authority

Sec. 04.11.180. Common carrier dispensary license.

- a) A common carrier dispensary license authorizes the holder to sell alcoholic beverages for consumption aboard a vehicle, boat, or train licensed by a state or federal agency for passenger travel, or aboard aircraft operated by an airline licensed by a state or federal agency for passenger travel.
- b) Except for a common carrier that is an airline, a common carrier shall obtain a license for each vehicle, boat, or train in which alcoholic beverages are served. After obtaining an initial license for the first vehicle, boat, or train, the common carrier may obtain additional licenses for additional vehicles, boats, or trains upon making a written request identifying the vehicle, boat, or train in the manner prescribed by the board, and paying the biennial fee for additional licensed premises as required by (c) of this section.
- c) Except as provided for airlines under (d) of this section, the biennial fee for a common carrier dispensary license is \$1,000 for each of the first 10 licenses a common carrier holds and \$100 for each additional license issued to the common carrier after the first 10 licenses.
- d) The biennial fee for a common carrier dispensary license issued to an airline is the fee specified under (c) of this section for each aircraft in which alcoholic beverages are served or \$2,000 for each community served by the airline. An airline shall specify the fee applicable to the license at the time of the airline's application for issuance or renewal of the license.

3 AAC 304.340. Common carrier dispensary license

- a) A separate common carrier dispensary license is required for each train on which alcoholic beverages are served. The licensed premises of a common carrier dispensary license for a train comprises all the passenger cars of the common carrier used on the set route specified on the license. For the purposes of AS 04.11.180 and this subsection, "train" means a set route traveled by a series of one or more passenger cars owned or operated by a common carrier.
- b) Upon application for issuance or renewal of a common carrier license for an airline, the applicant must indicate on the application whether the fee for the license is to be calculated under AS 04.11.180(c) or (d).
- c) The fee for a common carrier dispensary license for an airline under AS 04.11.180(c) requires payment of the specified fee for each aircraft in which alcoholic beverages are served on an intrastate flight operated by the airline.
- d) The fee for a common carrier dispensary license for an airline under AS 04.11.180(d) requires payment of the specified fee for each community served. For the purposes of AS 04.11.180(d) and this subsection, "each community served" means each community in which an airport is located at which the airline has an incoming or outgoing intrastate flight segment on which alcoholic beverages are served

Background: This new Common Carrier-Single Destination application was deemed complete on February 7, 2023 and scheduled for special consideration due to its unique scenario as regards the definition of “community served” common carrier dispensary license.

Staff Recommendation: Consider the new application for compliance with statutes and regulations.

Attachment:

Applicants business model description and scenario for definition of Common Carrier-Single Destination flight routes.

Subject: Common Carrier Licenses Specification

Good afternoon,

Joan, I had the pleasure of meeting you at ATIA in Sitka this year during a workshop put on by you and Sarah Daulton. After the workshop I was able to speak with Sarah about the specific needs of my company and she had the suggestion of applying for a Common Carrier-Community license (AS 04.11.180); she seemed sure that this would be the license we should utilize. Our airline is Northern Pacific Airways which will fly in and out of Anchorage to many destinations in Asia and the lower 48. After speaking with Kristine at AMCO she made me aware that the Common Carrier- Community license verbiage explains the logistics of having one license that all the aircrafts operate under for one community (Anchorage). However, there is no specific verbiage regarding an airline service based in Anchorage that will fly out of state and internationally. Kristine advised me that I should reach out to ensure I am applying for the appropriate licensing for our airline. She also informed me that you might be out of state at a conference so I should include Carrie Craig in this communication.

It is important, and time sensitive, that we start a dialogue as soon as possible to clarify what our airline will need. Our goal for this airline is to bring a service based in Alaska, promote tourism in Alaska, and use Alaskan products. It's my understanding that we are the first airline to do this. It's my hope that we can work together to transport people from all over the world to enjoy Alaska, the State we all love.

Please reply via email (or call) at your earliest convenience. Thank you.

Kind regards,

Caitlin Cahill
