

Alaska Alcoholic Beverage Control Board

Form AB-37: Tourism Statement

A new, transfer, or renewal application for a Beverage Dispensary – Tourism or Restaurant/Eating Place – Tourism license must be accompanied by a written statement that explains how the establishment encourages tourism and meets the requirements listed under AS 04.11.400(d) and 3 AAC 304.325.

This document must be completed and submitted to AMCO’s Anchorage office before any tourism license application will be reviewed.

Section 1 – Establishment Information

Enter information for the licensed establishment or the business seeking to be licensed.

Doing Business As:	Icy Strait Lodge	License #:	1290
License Type:	Beverage Dispensary - Tourism		

Section 2 – Tourism Statement

2.1. Explain how issuance of a liquor license at your establishment has/will encourage tourism.

Many of the travellers to Hoonah are to some degree drawn to stay at the Lodge because we have a restaurant and bar on site. The alcohol helps to attract and facilitate communication between the Hoonah residents and travellers to Hoonah. The Liquor license is also vital to the year-round operation of the lodge as bar revenue as a percentage of overall revenue increases to almost 40% in some months in the "off" season.

2.2. Explain how the facility was/will be constructed or improved as required by AS 04.11.400(d)(1):

The facility is constantly being improved with more food options and games. The bar chairs were replaced last year and we are always trying to make the operation more attractive to our patrons.

2.3 Does the licensee or applicant for this liquor license also operate the tourism facility in which this license is located?

YES

NO

2.4 If "no" who operates the tourism facility?

Alaska Alcoholic Beverage Control Board
Form AB-37: Tourism Statement

2.5 Do you offer room rentals to the traveling public?

YES

NO

If "yes" answer the following questions:

How many rooms are available?

Sixteen rooms are available to general public, 5 to staff, 1 elder rental 1 salon

How many of the available rooms (if any) have kitchen facilities (defined as: a separate sink for food preparation along with refrigeration and cooking appliance devices, including a microwave)?

All rooms have microwave, mini-refrigerator & coffee maker. 1 unit has kitchen, bedroom & deck with Barbecue.

Do you stock or plan to stock alcoholic beverages in guest rooms?

YES

NO

If "no" is your facility located within an airport terminal?

YES

NO

2.6 If your establishment includes a dining facility, please describe that facility. If it does not please write "none".

The restaurant is a full service facility & includes a bakery. We serve Steaks, seafood, gourmet hamburgers and Pizza. The original bar has metal accordion style gates that completely isolate it from the time convertible Multipurpose restaurant/bar area that has not changed since the last diagram.

2.7 If additional amenities are available to your guests through your establishment (eg: guided tours or trips, rental equipment for guests, other activities that attract tourists), please describe them. If they are not offered, please write "none".

We also rent automobiles & boats to travellers to Hoonah

Hi Kevin/Joan,

That was my misunderstanding – I believed they were not operating during this time and/or expired in the system (they were not) so I agree, no waivers or reinstatement requirements including those fees. Will the board need to review and vote on the findings before I update the expiration date in the database from 2020 to 2022?

In regards to the 23/24 renewal application, will I need to wait for the board to take in the payment and get the renewal in the queue?

AS 04.11.270(4): if December 31 falls on a weekend or a state holiday, the deadline is extended to the first business day following December 31.

That would make the postmark date 1/3/2023 this renewal cycle.

3 AAC 304.160. License renewals

(a) For purposes of AS 04.11.270(b), a license renewal is timely and not delinquent if received at the board's main office or postmarked on or before December 31.

(c) If a mailed renewal application has an illegible postmark or an undated postmark, the postmark date is rebuttably presumed to be five calendar days before the application was received in the board's office.

This renewal app and fees were received in our office 1/5/2023 with no postmark, so based on the above highlighted information, we would **not** charge the \$500.00 late fee.

Hi, Carrie.

Thanks for following up (and thanks for the Friday email, Joan).

I just want to confirm that, for the '21-'22 application, ISL would not need a waiver or have to pay a reinstatement or late fee because they have been operating on the temporary permit pending this decision (see attached, as Ex 15) and presumably had all the fees paid (I didn't run back through the record to check, but I can). The decision says the Board should grant the renewal application (accepting the documents marked "Attch-E" and "Attch-F" to cure the renewal app. Let me know if you think it should be otherwise.

Kevin,

Thank you for your patience and representation. We do not dispute the proposed decision in Icy Strait. I do forward Carrie's email about some of the procedural matters we will need to address if the Board adopts the ALJ's decision as its final decision. I do see the board as agreeing to waiving some of these fees, but that will be its decision.

Should the board agree, this decision will be a huge help in future cases where holders of licenses attempt to bring the board into its business disputes. The “public interest” analysis will help them determine when it is and is not relevant.

I do not disagree. What I’m thinking about is that once we “reactivate” the license and renew it, the new expiration date will be 2022. Which means they have to complete this cycle’s renewal application and pay all fees (late fee of \$500 because submitted after 12/31/22?). They would probably have to fill out waiver applications with a fee for 2022 in addition to another late fee. I’m assuming we wouldn’t require a reinstatement and the \$1000.00 fee plus that late fee because of the judge’s proposed decision.

Hot off the presses, the proposed decision concludes that the War of the Roses does not mean they need to lose :

After a full hearing on the merits and with further events having unfolded since the Board's initial review, this decision concludes that ISL's renewal application should be GRANTED. The Division did not establish that the business dispute between the LLC's members makes renewal of ISL's beverage dispensary license contrary to the public interest.

...

The Board denied the January 2021 renewal application at least in part because of inconsistencies between that application and the Division of Corporations' records. The Board's reconsideration of the application in this de novo review must take into account all evidence presented at the hearing – including the evidence that the LLC's Division of Corporations records have now been reverted (as AMCO's Licensing Examiner had requested) to reflect the same ownership structure as is reflected in AMCO's records.

...

These proceedings – both before the Board and before the OAH – would likely have gone more smoothly had the LLC parties been better able to focus here on the operation of the license, while addressing their business dispute in a more appropriate forum. But the fact of that business dispute does not -- or should not – preclude the LLC entity from continuing to hold a license. While membership/ownership of the LLC is clearly contested, it is uncontested that the LLC (through Mr. Phillips) has been able to successfully operate the license. Whatever allegations of lying and fraud Mr. Phillips and Ms. Martin are lobbying against one another do not appear to have any bearing on or relationship to the actual operation of the license. Where that is the case, mere sweeping, generalized aspersions cast between parties in a legal dispute are not sufficient to establish that renewal of the license would be against the public interest.

Thanks,

Kevin A. Higgins
