

CSC AppealTrack

Real Estate Appeal Management Software
for Corporations and Providers

CSC AppealTrack® bridges the gap between two worlds to create efficiency for the appeal provider and visibility for the corporation. Tracking multiple values, filing appeals, juggling hearing dates, creating evidence packages, and storing documents all eat up time. CSC AppealTrack's easy-to-use tools make portfolio management easier.

Why you need it

CSC AppealTrack enables providers and corporations to collaboratively manage real estate. Providers can track multiple property tax values, manage tax appeals, auto-generate appeal forms, track activities in a central calendar, and generate customer invoices. Corporations maintain control over their portfolio with the flexibility to outsource appeal work to multiple providers, and can easily process tax bills and create reports.

We're ready to talk.

CSC AppealTrack's easy-to-use tools make appeal and portfolio management easier

Benefits

- Consolidates appeal and portfolio data in a single application accessible from anywhere
- Reduces research and data entry by providing assessor information on your parcel number
- Eliminates the risk of missed deadlines by emailing users of upcoming tasks and events
- Increases efficiency by automatically populating appeal forms for batch printing
- Provides customers real-time visibility into properties and appeals through the client portal, and improves customer relationships for providers
- Eliminates the time corporations spend consolidating data by providing a central collaboration and management tool for working with providers

Parcel data

Automatically provides assessor data based on parcel number.

Assessment and tax bills

Tracks multiple property and parcel values, processes tax payments, and creates check requests.

Document management

Creates a single database of appeal documents, accessible from anywhere.

Document customization

Generates customized letter and email templates for sending to appeal boards and customers.

Deadline management

Tracks hearing dates, deadlines, and user-defined events.

Jurisdiction contacts

Automatically assigns jurisdiction contact records to each appeal.

Appeal metrics

Calculates appeal savings, expected refunds, and generates invoices.

Provider management

Allows corporations to assign and share property data with multiple providers.

We're ready to talk.
