

Attention DNR Timber Purchasers

FEBRUARY 2023 TIMBER AUCTION ANNOUNCEMENT #1 February 13, 2023

Please share this announcement with other interested parties if you believe they are not receiving them. Anyone can request to be added to the list by sending a message to DNRmarketing@dnr.wa.gov which is always located at the bottom of each announcement.

Beginning with timber sale auctions scheduled for March 2023 and thereafter, all regions will be holding hybrid style auctions (*note: Northwest Region will begin hybrid auctions in April*). Hybrid auctions will allow interested parties to attend the auctions in person while still providing a virtual opportunity to view the auction if not able to attend. The information for the virtual auctions will continue to be posted on the Agency's website as well as sent to the DNR Marketing distribution list prior to auctions.

There is no change to the process for submitting bids which can be found [here](#). Hybrid auctions will be conducted following the Department's standard sealed bid auction methods. As the high bidder for a sale is determined, the apparent high bidder will be contacted to determine if they wish to withdraw any subsequent bids. Bidders should ensure there is an additional cell phone number for the **Authorized Representative** if they will not be available at the number listed.

The bidding information for each sale and an auction summary will continue to be posted to the auction results page on the Agency's website.

If you have questions about a Region's auction plan please contact the Management Forester for that Region.
