§341. Homeless Children and Youth

A. Each LEA shall establish a written policy to provide for the placement in school and for the education of any child temporarily residing within the jurisdiction of the board who has no permanent address, who has been abandoned by his parents, or who is in foster care pursuant to placement through the Department of Children and Family Services. However, this does not require the enrollment of any child not permitted by another school system to attend school, either permanently or temporarily, as a result of disciplinary action(s).

B. The term *homeless child and youth* means the following:

1. children and youth who lack a fixed, regular, and adequate nighttime residence, and includes children and youth who are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in motels, hotels, trailer parks, or camping grounds due to lack of alternative adequate accommodations; are living in emergency or transitional shelters; are abandoned in hospitals; or are awaiting foster care placement;

2. children and youth who have a primary nighttime residence that is a private or public place not designed for or ordinarily used as a regular sleeping accommodation for human beings;

3. children and youth who are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings;

4. migratory children who qualify as homeless because they are living in circumstances described above.

C. According to a child or youth's best interest, each district must either continue the child/youth's education in the school of origin, or enroll the child in school in any public school that nonhomeless students who live in the attendance area where the child/youth is actually living are eligible to attend.

1. *School of origin* is defined as the school the child or youth attended when permanently housed, or the school in which the child or youth was last enrolled.

2. In determining best interest, the district must, to the extent feasible, keep children/youth in the school of origin unless it is against the wishes of the parent/guardian.

3. A homeless child or youth's right to attend his/her school of origin extends for the duration of homelessness.

4. If a child or youth becomes permanently housed during the academic year, he or she is entitled to stay in the school of origin for the remainder of the academic year.

5. Children and youth who become homeless in between academic years are entitled to attend their school of origin for the following academic year.

6. If the district sends the child/youth to a school other than the school of origin or the school requested by the parent or guardian, the district must provide written explanation to the parent or guardian, including the right to appeal under the enrollment disputes provision.

D. In the case of an unaccompanied youth (i.e., a youth not in the physical custody of a parent or guardian), the district's homeless liaison must assist in placement/enrollment decisions, consider the youth's wishes, and provide notice to the youth of the right to appeal under the enrollment disputes provisions. The choice regarding placement must be made regardless of whether the child or youth resides with the homeless parent or has been temporarily placed elsewhere.

E. The school selected shall immediately enroll the child/youth in school, even if the child or youth lacks records normally required for enrollment, such as previous academic records, medical records, proof of residency or other documentation.

1. The terms *enroll* and *enrollment* are defined to include attending classes and participating fully in school activities. The enrolling school must immediately contact the last school attended to obtain relevant academic and other records.

2. If a child or youth lacks immunizations or immunization or medical records, the enrolling school must refer the parent/guardian to the liaison, who shall help obtain necessary immunizations or immunization or medical records.

3. Districts may require parents or guardians to submit contact information.

F. If a dispute arises over school selection or enrollment, the child/youth must be immediately admitted to the school in which he/she is seeking enrollment, pending resolution of the dispute (five days).

1. The parent or guardian must be provided with a written explanation of the school's decision on the dispute, including the right to appeal.

2. The parent/guardian/youth must be referred to the homeless liaison, who will carry out the state's grievance procedure as expeditiously as possible after receiving notice of the dispute.

3. In the case of an unaccompanied youth, the homeless liaison shall ensure that the youth is immediately enrolled in school pending resolution of the dispute.

G. Each LEA shall keep and have immediately available any records ordinarily kept by the school, including immunization records, academic records, birth certificates, guardianship records, and evaluations for special services or programs, of each homeless child or youth.

H. Each LEA shall provide services comparable to services offered to other students in the school selected, including transportation services, educational services for which the child or youth meets the eligibility criteria (title I, special education, limited English proficiency), programs in career and technical education, programs for the gifted and talented, and school nutrition programs.

1. School districts are required to adopt policies and practices to ensure that transportation is provided, at the request of the parent or guardian (or in the case of an unaccompanied youth, the liaison), to and from the school of origin.

2. If the homeless child or youth continues to live in the area served by the LEA in which the school of origin is located, that LEA must provide or arrange for the child's or youth's transportation to or from the school of origin.

3. If the homeless child or youth continues his or her education in the school of origin but begins living in an area

served by another LEA, the LEA of origin and the LEA in which the homeless child or youth is living must agree upon a method to apportion the responsibility and costs for providing the child with the transportation to and from the school of origin. If the LEAs cannot agree upon such a method, the responsibility and costs must be shared equally.

I. Each LEA shall designate an appropriate staff person, who may also be a coordinator for other federal programs, to serve as a homeless advocate to coordinate services and ensure that there are no barriers to the enrollment, transportation, attendance, and success in school for homeless children and youth. Additionally, the homeless advocate will promptly solve disputes regarding educational placement.

J. Each LEA shall ensure the prompt resolution (within five school days) of disputes regarding the educational placement of homeless children and youth following the procedures in the Louisiana state plan for educating homeless children and youth.

K. Each LEA that receives a homeless direct grant award from the SEA Office of Education for Homeless Children and Youth (EHCY) must coordinate the services provided and designate a homeless liaison to carry out certain mandates.

L. Each LEA shall review and revise any policies that may act as barriers to the enrollment of homeless children and youth. Further, LEAs must adopt policies and practices to ensure that homeless children and youth are not isolated or stigmatized.

2. A student who is enrolled in an alternative school or a special school and who becomes a victim of a crime of violence, as defined by R.S. 14:2, while on school property, on a school bus or at a school-sponsored event, shall be given the option to transfer to another such public school within the school district in which the student's current school is located, which offers instruction at the student's grade-level for which the student meets the admission requirements, and which is not persistently dangerous, if there is such a school within that school district.

3. A student who has been assigned to a particular school, such as an alternative school or a special school, by court order shall not have the option to transfer.

4. A student who has been the victim of a crime of violence and who must be given the option to transfer should generally be given the option to transfer within 10 calendar days from the date on which the crime of violence occurred.

3. A student who has been assigned to a particular school, such as an alternative school or a special school, by court order shall not have the option to transfer.

4. The LEA in which the persistently dangerous school is located shall, in a timely manner, notify parents of each student attending the school that the school has been identified as persistently dangerous, offer the students the opportunity to transfer and complete the transfer. Although the transfer may be temporary or permanent, the transfer must remain in effect for at least as long as the school is identified as persistently dangerous.

5. Schools must meet two of the following criteria for two consecutive school years to be identified as persistently dangerous. For purposes of these criteria, enrolled student body means the year-end cumulative student enrollment count, and firearm means a firearm as defined by the federal Gun-Free Schools Act.

If a school no longer meets the criteria for a persistently dangerous school, taking into account the most recent completed school year and the school year immediately preceding the most recent completed school year, the school will not be deemed persistently dangerous.

C. Nothing herein shall prohibit LEAs from entering into agreements with one another allowing students who become the victims of crimes of violence while on school property, on a school bus, or at a school-sponsored event or who are attending persistently dangerous schools in one school district the option to transfer to a school, which is not persistently dangerous, in another school district. a. A waiver allows a public school to be exempt from one or more provisions of title 17 of the Louisiana

Revised Statutes of 1950, or any rules, regulations or policies of the Louisiana Board of Elementary and Secondary Education (BESE) that are applicable to public schools, school officers or school employees. A waiver may be granted to exempt a school from laws, rules, and/or policies that affect such activities as, but are not limited to, instructional time, curriculum, funding, personnel, student-to-personnel ratios, and student support.

b. Waivers from the following shall not be granted pursuant to this Chapter:

- i. provisions governing school nutrition programs (R.S. 17:191 et seq.);
- ii. providing free transportation to any student attending a public school (R.S. 17:158);
- iii. providing alternative educational programs for any student suspended or expelled from school (R.S. 17:416.2);
- iv. evaluation of teachers or administrators pursuant to R.S. 17:3902;
- v. the exemptions authorized for Charter Schools pursuant to R.S. 17:3996; or
- vi. any limitations or restrictions on outsourcing food, clerical, custodial or paraprofessional services.

B. Request for Waivers

1. Governing Authority

a. For purposes of this Chapter, *governing authority* means the governing authority of any public elementary or secondary school, including any local or parish school board or a charter school board.

b. The governing authority may request a waiver from any statute, rule, regulation or BESE policy, as permitted by law, for any school, or any combination of schools, or all schools under its jurisdiction provided that the such waiver shall be designed to improve the quality of instruction and student academic achievement.

C. Waiver Procedure

1. The governing authority shall submit a written request for a waiver to BESE. The governing authority may use a waiver request form designed by the department. Alternatively, a written request from the governing authority shall be considered valid provided it contains all the requisite information. The waiver request shall contain the following information:

- a. identification of the specific laws, rules, regulations and/or policies from which a waiver is being sought;
- b. identification of the school or schools for which the waiver will cover;
- c. description of the policies and procedures that will be instituted as a substitute for the waived provisions;
- d. description of how the proposed waiver will:

EDUCATION

- i. increase the quality of instruction for students;
 - ii. improve the academic achievement of students;
- and

- iii. improve teaching effectiveness within the school for which the waiver is sought;

e. description of the specific, measurable educational goals, growth targets, performance targets and the methods to be used to measure progress in meeting the goals for each year. The educational goals should be, at a minimum, measured using state-administered, standardized assessment data. For purposes of this Chapter, *growth targets* shall mean the number of school performance score (SPS) points, as established by the statewide school and district accountability system, required and determined annually for the school to make sufficient progress toward the statewide school performance goal:

- i. all schools receiving a waiver must meet their growth targets annually. Failure to meet its growth target may result in a termination of the waiver upon review by BESE;

- ii. a school is deemed to have met its growth target if the school achieves its yearly growth target for each year for which the school received a waiver (e.g., if a school receives a waiver for four years, that school is deemed to have met its growth targets if it meets its yearly growth target in each year of the four year waiver period);

2. the governing authority shall certify that a majority of classroom teachers employed at the school or schools affected by the waiver voted in favor of the requested waiver.

D. Teacher Voting Procedure

1. A majority of the classroom teachers employed in the school or schools seeking the waiver must vote in favor of the proposed waiver request.

2. Voting by the classroom teachers shall be by secret ballot and shall be conducted as follows.

- a. Teachers shall be given no less than five business days notice of the waiver request prior to the date of the vote. Notice shall include a copy of the waiver request and the date(s) of the vote. Notice shall be considered sufficient when it is distributed in a manner reasonably designed to provide each teacher a copy of the proposed waiver. Acceptable means of notice include, but are not limited to, placing a copy of such notice in each teacher's mail box, by posting it on the wall of a common area such as a teacher's resource room or in the school office, or sending the notice via email.

- b. Voting may be conducted through on-line voting, provided that such on-line voting takes place only on the designated date(s) for said vote.

- c. The vote shall be tallied by the school principal or his designee and a teacher representative employed at the school seeking the waiver. A majority of votes shall determine the outcome of the waiver request.

3. The Department of Education may provide an optional sample ballot that may be used in the voting process.

E. Low-Performing Schools

1. For purposes of this Chapter, a low-performing school shall be a school that is defined as in academically unacceptable school (AUS) status as determined by BESE.

2. A low-performing school may be granted a waiver provided it meets the terms and conditions, as determined by BESE that are aimed at improving:

- a. teacher effectiveness pursuant to R.S. 17:3881 et seq.;
- b. the quality of instruction; and
- c. student academic achievement.

3. The governing authority of a low-performing school that is granted a waiver shall:

- a. ensure the improvement of the school's teachers in accordance with R.S. 17:3881 et seq.;

- b. ensure the improvement of quality of instruction and student achievement by implementing one of the following intervention options:

- i. turnaround—put in place new leadership and a majority of new staff, new governance, and improved instructional programs, and provide the school with sufficient operational flexibility such as the ability to select staff, control its budget as approved by the school's governing authority, and increase learning time;

- ii. restart—convert the school to a charter school. However, every teacher employed in such school prior to its conversion to a charter school, who has been determined to be effective in accordance with the provisions of part II of chapter 39 of title 17 of the Louisiana Revised Statutes of 1950, shall be given the option to remain at the school or to be reassigned by the governing authority to another school under its jurisdiction;

- iii. school closure—close the school and place its students in a high-performing school within the district;

- iv. transformation—hire new school leadership and implement a suite of best practices including comprehensive instructional management reform and measures of effective teaching. A waiver shall not be granted to a district that proposes to utilize this option for more than 50 percent of its low-performing schools covered by the waiver;

- c. a district that has implemented one or more of the interventions described above for its low-performing schools in the two academic years immediately preceding the waiver application is not eligible to receive a waiver unless both of the following apply:

- i. the school has met its statewide accountability growth target or surpassed the statewide growth average, calculated by examining whether the school's growth

exceeded the average statewide growth for that year, for each year during such period of implementation; and

ii. the district agrees to implement any remaining conditions of school intervention by the beginning of the following school year;

d. a school implementing any of the intervention options described in Subparagraph 3.b, above, shall not be subject to transfer to the recovery school district for the duration of the waiver period;

e. upon expiration of the waiver, a school's status shall be determined by identifying the school's previous AUS status and identifying whether the school's current school performance score (SPS) surpasses the AUS bar as determined by BESE. If the school's score is not above AUS, the school shall advance one year in AUS (e.g., if a school enters into a waiver as an AUS 2 school and upon expiration of the waiver the school does not earn a SPS above AUS status, then the school shall be labeled as AUS 3);

f. in the event the school has neither met its growth targets, as described in Subparagraph C.1.e above, nor surpassed an acceptable level of academic performance as determined by BESE, and BESE terminates its waiver in accordance with Subsection G below, the school shall be either:

i. governed under a memorandum of understanding (MOU) between the governing authority of the school and the RSD, which shall govern the operation of the school; or

ii. based on the recommendation of the state superintendent, transferred directly to the jurisdiction of the recovery school district;

g. a school that entered into an MOU with the RSD prior to the receipt of a waiver, and which upon the expiration of the MOU or termination of the waiver, has not met its growth targets, shall be transferred to the jurisdiction of the RSD.

4. RSD Accountability

a. A school that has been under the jurisdiction of the RSD that has not met its growth targets at the expiration of the waiver period shall:

i. if the school is a direct-run RSD school, be converted to a charter school; or

ii. if the school is a charter school, the RSD will recommend to BESE that the charter school's charter authority be terminated. The RSD may enter into a contract with another chartering organization for the operation of the school; or

iii. the school shall be closed and its students will be transferred to a higher-performing school within the jurisdiction of the RSD.

F. Grant, Denial or Extension of Waiver

1. Only BESE has the authority to grant waivers. A waiver may be approved as requested or may be subject to modifications as determined by BESE. The department shall make a recommendation to BESE on each waiver request, and such recommendation shall identify any special modifications that may be required. A waiver shall be effective for a period of up to four years unless terminated earlier upon a determination by BESE. A school may seek termination of a waiver upon application to BESE; however, in the case of a low-performing school, nothing shall preclude BESE from taking any action permitted by law to impose conditions upon said school to ensure that performance expectations are met.

2. Upon approval by BESE, the terms and conditions shall be in writing and shall be signed by the superintendent and the governing authority. BESE will authorize an electronic signature of the waiver agreement.

3. Upon a request by the governing authority, and a recommendation by the department, BESE may extend the waiver period upon a determination that the waiver has been effective in enabling the school to carry out the activities for which the waiver was granted and upon a demonstration that the waiver has contributed to the improved quality of instruction and student academic achievement.

4. A waiver extension shall not prevent a school otherwise eligible from being subject to transfer to the recovery school district.

G. Termination of Waivers

1. If BESE determines that the performance of the school has been insufficient to justify a continuation of a waiver, or if the waiver is no longer necessary to achieve its original intent, BESE may terminate a waiver, either in full or with respect to individual schools.

2. BESE shall terminate a waiver granted to a low-performing school if the school fails to implement the requirements of R.S. 17:4044 within two school years from the issuance of the waiver.

3. BESE may terminate a waiver granted to a low-performing school if the school has not met its statewide accountability growth targets within two years of the granting of the waiver or has not met other requirements or benchmarks.

H. Reporting Requirements

1. The governing authority of a school that receives a waiver shall provide reports on an annual basis to BESE which shall provide information on the effectiveness of the waiver or waivers granted. Such annual report shall be submitted to the Department of Education, Superintendent's Office, no later than December 1 of each year and shall include, but not be limited to, a description of whether or not policies implemented to replace the procedures waived are:

a. increasing the quality of instruction to students;

b. improving the academic achievement of the students; and

- c. improving teacher effectiveness.

AUTHORITY NOTE: Promulgated in accordance with R.S. 17:7, R.S. 17:4031-4039.

B. Technical assistance for meeting the policy as stated in this bulletin shall be provided to the LEA by the LDE.

C. When a deviation cannot be corrected by technical assistance, the LDE may consider a waiver of policy using the following guidelines.

1. Waivers for Class Size

a. The LDE may waive class size requirements up to two students over the maximum allowable upon receipt of the following:

- i. a letter from the local superintendent detailing each class that exceeds the class size;

- ii. waivers due to administrative errors;

b. beginning with the 2020-2021 incoming freshman class, the LDE may grant a Jump Start 2.0 career diploma CTE hardship waiver for applicable students:

- i. waiver requests may be considered for seniors with extraordinary circumstances; and

- ii. school systems must submit Jump Start 2.0 course waiver requests with proposed CTE course equivalents via the LDE Jump Start 2.0 course waiver request form, using the Secure ID; and

c. in each situation, the district must provide:

- i. a letter of justification from the local superintendent; and

- ii. a copy of the student's transcript.

C. This Subsection sets forth the specific procedures for resolving complaints that are filed pursuant to the ESEA.

1. LDE will receive complaints from individuals or organizations alleging:

a. a violation of law in the administration of an applicable program; or

b. a violation of a federal statute or regulation that applies to a covered program for which federal law permits the filing of a complaint with the LDE.

§351. English Learners

A. LEAs must establish a written policy to provide for the placement in school and for the education of any child who is English learner.

B. English Learners (EL) definition. A student identified as an English learner must:

- 1. be between the age of 3 through 21;
- 2. be enrolled in an English-speaking elementary school or secondary school;
- 3. not have been born in the United States or has a native language other than English; and
- 4. have difficulties in speaking, reading, writing, or understanding the English language such that such challenges may be sufficient to deny them:
 - a. the ability to meet the state's proficient level of achievement on state assessments;
 - b. the ability to successfully achieve in classrooms where the language of instruction is English; or
 - c. the opportunity to participate fully in society.

C. A student identified as an English learner may be:

- 1. Native American, Alaska Native, or a native resident of the outlying areas and comes from an environment where a language other than English has had significant impact on his or her level of English language proficiency; or
- 2. migratory, having a native language other than English, and come from an environment where a language other than English is dominant;

D. LEAs must identify within thirty (30) days of school enrollment students in need of specialized language assistance programs. The state approved standardized

entrance and exit procedures must be followed, as referenced in LAC 28:CXI.

E. Each LEA must include in its policy a plan to serve English Learners (EL), regardless of whether they have students who meet this classification enrolled. In the policy, the LEA must outline how it will:

- 1. implement the state-approved standardized entrance and exit procedures which include the statewide approved screener;
- 2. design an effective program reflective of their needs;
- 3. staff EL specialized language programs with certified English Learner teachers, bilingual personnel, or both;
- 4. align instruction of ELs to state academic content standards;
- 5. ensure participation in the English Language Proficiency Test (ELPT); and
- 6. adhere to state-approved procedures to reclassify and exit from EL status once students have met the state approved exit criteria.

F. LEAs must ensure the same standards that the U.S. Department of Education Office of Civil Rights and the U.S. Department of Justice apply when evaluating whether their chosen EL program meets the civil rights requirements.

G. In addition to offering equal access to the core curriculum, LEAs must provide ELs with equal opportunities to participate meaningfully in all programs and activities, whether curricular, co-curricular, or extracurricular.

H. The Individuals with Disabilities Education Act (IDEA) and section 504 of the Rehabilitation Act of 1973 address the rights of students with disabilities in school and other educational settings. If an EL is suspected of having one or more disabilities, the LEA must evaluate the student promptly to determine if the EL has a disability or disabilities and whether the student needs special education and related services. Evaluations for special education and related services may not be delayed because of a student's language proficiency or the student's participation in a specialized language program. A student's classification as EL cannot be the basis for determining if the student has a disability.

I. LEAs have the obligation to communicate meaningfully with parents who have limited English proficiency skills and to adequately notify them of information about any program, service, or activity called to the attention of non-EL parents. LEAs must have a process to identify parents with limited English skills and provide them with free and effective language assistance, such as translated materials or an appropriate and trained interpreter.

Chapter 4. Reopening School Facilities for the 2020-2021 School Year

§401. Purpose and Background

A. This Chapter provides minimum health and safety standards regarding the reopening of school facilities for the 2020-2021 school year in response to the coronavirus disease (COVID-19) pandemic in order to ensure that students, faculty, staff, and others on school property are protected to the maximum extent possible and practical. These minimum standards regarding the reopening of schools for the 2021-2021 school year expire on June 30, 2021. Any future requirements for schools related to a statewide pandemic will be communicated as needed.

B. The requirements contained within this Chapter were developed by the LDE in coordination with the LDH using guidance provided by the Centers for Disease Control (CDC) regarding school settings, defined as a setting in which educational services are provided to children. As research and information about COVID-19 is updated or if the LDH or CDC revise guidance regarding school settings, LDE will review the standards contained within this Chapter and, as appropriate and necessary, propose revisions of this Chapter to BESE.

C. While the requirements outlined in this Chapter are designed to mitigate the spread of COVID-19 and to create a safe and healthy environment for students, faculty, staff, and others on school property, no requirement or plan guarantees that individuals will not contract COVID-19.

D. By executive proclamation, the governor establishes the statewide phase(s) of reopening (phase 1, phase 2, or phase 3). If the local governing authority of a parish or other municipality has established a more restrictive phase of reopening, the LEA located within that parish or municipality must conform to the more restrictive requirements.

1. Subsequent to the reopening of school facilities for the 2020-2021 school year and in coordination with requirements outlined in 168 JBE 2020, LEAs may continue to follow the Phase 3 minimum requirements for reopening school facilities as set forth in this Chapter.

E. In the event the governor orders, via executive proclamation, a reversion or progression from one phase of the state reopening plan to another, BESE shall immediately communicate the substance of such executive proclamation to each LEA, including the impact of the executive proclamation on the roles, responsibilities, and requirements of each LEA in the state.

1. If necessary, as a result of such executive proclamation, BESE may:

a. consider revisions to regulations pertaining to the phased reopening of school facilities for the 2020-2021 school year; or

b. authorize the LDE to issue detailed guidance to each LEA in the state to include the roles, responsibilities, and requirements of each LEA in the state in response to the executive proclamation.

F. Medical or disability impact exceptions to any standard in this Chapter should be addressed on an individual basis by the LEA in accordance with local policies.

G. For the purposes of this Chapter, the following definition will apply.

Physical Distance—the act of an individual maintaining a space of at least three feet from another individual.

AUTHORITY NOTE: Promulgated in accordance with R.S. 17:6, 17:7, 17:439.1, and 17:3391.

HISTORICAL NOTE: Promulgated by the Board of Elementary and Secondary Education, LR 46:1672 (December 2020), amended LR 47:454 (April 2021), amended LR 47:1291 (September 2021).

§403. Minimum Requirements for Reopening and Operating School Facilities

A. Group Sizes

1. The maximum group size that may convene indoors in a single room, irrespective of room size, or outdoors at any given time are as follows:

- a. phase 1—10 individuals;
- b. phase 2—25 individuals; and
- c. phase 3—50 individuals.

2. Group Composition

a. Younger students who are unable to wear face coverings or maintain a physical distance from other students or adults should be assigned static groups. This must include, at a minimum, students in Grade 2 or lower. The static group composition should be maintained for as long as possible over the course of the 2020-2021 school year.

b. The group composition may change if students are able to maintain physical distance from other students and adults. In this case, students must maintain physical distance, in accordance with current Louisiana Department of Health Guidelines as informed by the Centers for Disease Control and Prevention (CDC), from other students and adults in any classroom or indoor setting to the maximum extent possible.

B. Physical Standards for the use of School Facilities

1. If a group convenes indoors, it must convene in a room enclosed by a wall or partition. This includes large rooms, such as a gymnasium or auditorium, which may include more than one group if each group is separated by a wall or partition.

2. If groups convene outdoors, a physical barrier is not required, but each group must remain separated.

EDUCATION

3. To the greatest extent possible, schools must limit crowding at entry and exit points and maintain maximum group sizes and physical distance recommendations.

4. If a room is used by more than one group in a single day, high-touch surfaces contained in that room must be cleaned before and after use by each group.

C. Monitoring Students and Adults for Symptoms of COVID-19

1. Each school must establish an area used to isolate anyone showing signs of being sick. The isolation area must be cleaned after it is occupied by any sick student or adult.

2. Upon arriving at the school facility, each adult and student must be assessed for symptoms of COVID-19, as defined by the CDC. This includes an initial temperature check.

D. Environmental Cleaning and Personal Hygiene

1. High-touch surfaces must be cleaned multiple times per day, including bathrooms.

2. Students must wash or sanitize hands upon arrival at the school, at least every two hours, before and after eating, before and after using outdoor play equipment, and before exiting the school facility.

E. Face Coverings

1. BESE minimum reopening standards, pertaining to face coverings, are superseded by any statewide or district specific mandate issued by the governor. If there is a statewide or district specific mandate in place, the lifting of the mask requirement will be determined by an executive order or proclamation of the governor. If there is no statewide or district mandate in place, the lifting of this requirement will be determined by the Local Education Agency (LEA) at the appropriate time, based on the recommendation issued of the LDH.

a. While inside the school facility, all adults and students in grades 3 through 12 must wear a face covering to the greatest extent possible and practical within the local community context.

b. While inside the school facility, students in grades prekindergarten through 2 may wear a face covering.

c. While inside the school facility, children under two years old and individuals with breathing difficulties.

F. Hygienic Supplies

1. School employees must be provided adequate access to hygienic supplies, including soap, hand sanitizer with at least 60 percent alcohol, disinfectant wipes or spray, paper towels, and tissues. Face coverings should also be provided when needed.

2. The quantity of hygienic supplies must be appropriately provided to the school employee, according to the role and the number and age of students or adults served by that employee.

G. Transportation

1. School buses used to transport students must not exceed the following maximum capacity requirements:

a. phase 1—25 percent, including adults, of the school bus manufacturer capacity;

b. phase 2—50 percent, including adults, of the school bus manufacturer capacity; and

c. phase 3—75 percent, including adults, of the school bus manufacturer capacity.

2. Passengers on a school bus must be spaced to the greatest extent possible as follows:

a. phase 1—passengers must ride one per seat. Every other seat must remain empty. Members of the same household may sit in the same seat or adjacent seats; and

b. phase 2 and 3—passengers must be dispersed throughout the bus to the greatest extent possible.

F. A student who has been quarantined by order of state or local health officers following prolonged exposure to or direct contact with a person diagnosed with a contagious, deadly disease, and is temporarily unable to attend school, shall be provided any missed assignments, homework, or other instructional services in core academic subjects in the home, hospital environment, or temporary shelter to which he has been assigned. The principal, with assistance from the local superintendent or chief charter school officer and the LDE, shall collaborate with state and local health officers and emergency response personnel to ensure the timely delivery or transmission of such materials to the student.

occurrence of being tardy, and shall hold a conference with such student's parent or legal guardian. This notification shall include information relative to the parent or legal guardian's legal responsibility to enforce the student's attendance at school and the civil penalties that may be incurred if the student is determined to be habitually absent or habitually tardy. The student's parent or legal guardian shall sign a receipt for such notification.

I. Tardy shall include but not be limited to leaving or checking out of school unexcused prior to the regularly scheduled dismissal time at the end of the school day but shall not include reporting late to class when transferring from one class to another during the school day.

J. Exceptions to the attendance regulation shall be the enumerated extenuating circumstances below that are verified by the supervisor of child welfare and attendance or the school principal/designee where indicated. L. Students who are verified as meeting extenuating circumstances, and therefore eligible to receive grades, shall not receive those grades if they are unable to complete make-up work or pass the course.

M. Students participating in school-approved field trips or other instructional activities that necessitate their being away from school shall be considered to be present and shall be given the opportunity to make up work.

N. D. Within 30 days of initial approval of an application, denial of an application, or failure to receive an annual renewal application for a previously approved home study program, LDE shall provide notification of the child's legal name, date of birth, and physical residential address to the city, parish, or other local school system in which the child was most recently enrolled and, if different, the school system in which the child resides.
