EXECUTIVE ORDER MJF 01-7

Bond Allocation Parish of DeSoto, State of Louisiana

WHEREAS, pursuant to the Tax Reform Act of 1986 and Act 51 of the 1986 Regular Session of the Louisiana Legislature, Executive Order No. MJF 96-25, as amended by Executive Order No. MJF 2000-15, was issued to establish:

(1) a method for allocating bonds subject to private activity bond volume limits, including the method of allocating bonds subject to the private activity bond volume limits for the calendar year of 2001 (hereafter "the 2001 Ceiling");

(2) the procedure for obtaining an allocation of bonds under the 2001 Ceiling; and

(3) a system of central record keeping for such allocations; and

WHEREAS, the parish of DeSoto, state of Louisiana, has requested an allocation from the 2001 Ceiling to be used in connection with a program to provide financing for the acquisition, construction, and installation of certain sewage and solid waste disposal facilities at the Mansfield pulp and paper mill in the parish of DeSoto, state of Louisiana, located approximately seventeen (17) miles east of Mansfield, parish of DeSoto, and approximately four (4) miles west of Highway 1 on the north side of Highway 509, in accordance with the provisions of Section 146 of the Internal Revenue Code of 1986, as amended;

NOW THEREFORE, I, M.J. "MIKE" FOSTER, JR., Governor of the state of Louisiana, by virtue of the authority vested by the Constitution and the laws of the state of Louisiana, do hereby order and direct as follows:

SECTION 1: The bond issue, as described in this Section, shall be and is hereby granted an allocation from the private activity bond volume limits for the calendar year of 2001 as follows:

Amount of Allocation	Name of Issuer	Name of Project
\$3,300,000	parish of DeSoto, state of Louisiana	International Paper Company

SECTION 2: The granted allocation shall be used only for the bond issue described in Section 1 and for the general purpose set forth in the Application for Allocation of a Portion of the State of Louisiana Private Activity Bond Ceiling submitted in connection with the bond issue described in Section 1.

SECTION 3: The granted allocation shall be valid and in full force and effect through the end of 2001, provided that such bonds are delivered to the initial purchasers thereof on or before May 16, 2001.

SECTION 4: All references in this Order to the singular shall include the plural, and all plural references shall include the singular.

SECTION 5: The undersigned certifies, under penalty of perjury, that the granted allocation was not made in consideration of any bribe, gift, or gratuity, or any direct or indirect contribution to any political campaign. The

undersigned also certifies that the granted allocation meets the requirements of Section 146 of the Internal Revenue Code of 1986, as amended.

SECTION 6: This Order is effective upon signature and shall remain in effect until amended, modified, terminated, or rescinded by the governor, or terminated by operation of law.

IN WITNESS WHEREOF, I have set my hand officially and caused to be affixed the Great Seal of Louisiana, at the Capitol, in the city of Baton Rouge, on this 15th day of February, 2001.

Expenditure Reduction Order

WHEREAS, pursuant to Article IV, Section 5 of the Louisiana Constitution of 1974, as amended, and Act No. 11 of the 2000 Second Extraordinary Session of the Louisiana Legislature, the governor may issue executive orders which reduce appropriations for various agencies in the executive branch of state government (hereafter "expenditure reduction"); and

WHEREAS, to ensure that the state of Louisiana will not suffer a budget deficit due to fiscal year 2000-2001 appropriations exceeding actual revenues, prudent money management practices dictate that the best interest of the citizens of the state of Louisiana will be served by replacing the hiring freeze ordered throughout the executive branch of state government until June 30, 2001, by Executive Order No. MJF 2001-2, issued on January 24, 2001, with an expenditure reduction order, so as to allow increased flexibility while achieving a state general fund expenditure reduction for the 2000-2001 fiscal year of at least twenty-nine million four hundred eighty-four thousand dollars (\$29,484,000);

NOW THEREFORE, I, M.J. AMIKE@ FOSTER, JR., Governor of the state of Louisiana, by virtue of the authority vested by the Constitution and laws of the state of Louisiana, do hereby order and direct as follows:

SECTION 1: The following departments, agencies, and/or budget units of the executive branch of the state of Louisiana (hereafter "Unit" and/or "Units"), described in and/or funded by appropriations through Act No. 11 of the 2000 Second Extraordinary Session of the Louisiana Legislature (hereafter "Act No. 11"), shall reduce expenditure of funds appropriated by Act No. 11 from the state general fund to the Unit, in the amounts shown below:

EXECUTIVE ORDER MJF 01-11

Louisiana Emergency Operations Order

WHEREAS, the state of Louisiana must be prepared to respond in a coordinated, effective, and efficient manner to all emergencies and disasters to which it is subjected;

WHEREAS, effective preparation, including the development of an emergency operations plan which is coordinated between all the departments and agencies of the state of Louisiana, increases the ability of the state to mitigate the adverse effects of emergencies and/or disasters; and

WHEREAS, the state of Louisiana will best achieve effective coordinated emergency planning by updating the state's current emergency operations order through the replacement of Executive Order No. MJF 96-27, issued on August 28, 1996, and by the Military Department, Office of Emergency Preparedness, updating its emergency operations plan;

NOW THEREFORE I, M.J. "MIKE" FOSTER, JR., Governor of the state of Louisiana, by virtue of the authority vested by the Constitution and laws of the state of Louisiana, do hereby order and direct as follows:

SECTION 1:

A. The director of the Office of Emergency Preparedness, Military Department, state of Louisiana, (hereafter "director") shall direct the state of Louisiana's emergency and/or disaster operations.

B. The director, or the director's designee, shall also coordinate the activities of all non-state agencies, departments, and/or organizations involved in emergency management within the state of Louisiana.

SECTION 2:

A. The director shall supplement the provisions of this Order by prescribing rules, regulations, and procedures, which combined with the provisions of this Order, shall constitute the Louisiana emergency operations plan (hereafter "Plan").

B. The Plan shall provide for the emergency operations that may be implemented should an emergency and/or disaster strike the state of Louisiana or an area within the state of Louisiana.

C. The Plan shall be binding on all departments, commissions, boards, agencies, and officers of the state of

Louisiana, and on all local governments and/or political subdivisions of the state authorized and/or directed to conduct emergency management operations.

SECTION 3:

A. The director shall control the activation and/or implementation of the Plan and the conclusion and/or deactivation of the Plan.

B. The director shall also control the activation and deactivation of the State Emergency Operations Center (hereafter "Center").

C. The activation of the Center shall constitute the implementation of the Plan.

SECTION 4: The primary and support responsibilities for the emergency services within the state of Louisiana shall be as follows:

SECTION 5: The head of each department, agency, office, entity, and/or organization (hereafter "department") identified in Section 4 of this Order shall designate both an emergency coordinator and an alternate coordinator to act on the department's behalf during an emergency situation, and furnish the director with their names and all phone numbers.

SECTION 6: The head of each department assigned a primary responsibility in Section 4 of this Order shall submit implementing procedures to the director that set forth the department's procedures for carrying out its assigned emergency functions. The head of each department shall submit annual updates of their implementing procedures to the director.

SECTION 7: The head of each department assigned emergency support responsibilities in Section 4 of this Order shall assist its primary department in the preparation of their department's implementing procedures and/or any other documents necessary to support the Plan.

SECTION 8: The head of each department assigned a primary and/or a support responsibility in Section 4 of this Order for an emergency service shall:

A. staff the Center with personnel during training exercises and emergencies as requested by the director;

B. maintain and operate a 24-hour response capability in the department headquarters when the Plan is implemented;

C. participate in exercises of the Plan when scheduled by the director;

D. participate in, and conduct, training essential to implementation of the department's assigned emergency service;

E. conduct an annual internal review to update the details of their department's implementing procedures and advise the director of any needed modifications of their department's implementing procedures; and

F. maintain logs, records, and reporting system required by all state and federal laws, rules, and regulations.

SECTION 9: All departments, commissions, boards, agencies, and officers of the state, or any political subdivision thereof, are authorized and directed to cooperate in the implementation of the provisions of this Order.

SECTION 10: Executive Order No. MJF 96-27, issued on August 28, 1996, is hereby rescinded and terminated.

SECTION 11: This Order is effective upon signature and shall continue in effect until amended, modified, terminated or rescinded by the governor, or terminated by operation of law.

Emergency Rules

DECLARATION OF EMERGENCY

Department of Agriculture and Forestry Office of Agriculture and Environmental Sciences Division of Pesticides and Environmental Programs

Use of Icon Pesticide (LAC 7:XXIII.143)

In accordance with the Administrative Procedure Act, R.S. 49:953(B) and R.S. 3:3203(A), the commissioner of Agriculture and Forestry is exercising the emergency provisions of the Administrative Procedure Act in adopting the following rules for the implementation of regulations governing the use of the pesticide, Icon (fipronil).

Icon is an essential pesticide in the control of rice pests. Without its use the rice crop in Louisiana is in imminent danger of being damaged by pests, to the extent that a substantial reduction in rice yield will result. Failure to control rice pests, therefore, poses an imminent peril to the economy of the state of Louisiana and to the rice growing parishes of Louisiana. The cumulative effect of Icon as a pesticide, when combined with the current drought conditions, saltwater intrusion, anticipated high water temperatures, and other weather related factors pose an imminent peril to the environment and to the economy of the state of Louisiana and to the rice growing parishes of Louisiana. The application of Icon in accordance with its label and labeling, but inconsistent with the department's rules and regulations and the potential misuse of this pesticide poses an imminent peril to the public health, safety and welfare and to the environment, especially if it gets into the waterways of this state.

The department has, therefore, determined that these emergency rules implementing a monitoring and registration program and governing Icon applications, during the current crop year, are necessary in order to alleviate these perils. Information will be gathered to determine whether the effectiveness of this chemical outweighs any potential risk to the public or the environment.

The rule becomes effective upon signature (February 19, 2001) and will remain in effect 120 days.

Chapter 1. Advisory Commission on Pesticides

Subchapter I. Regulations Governing Application of Pesticides

§143. Restrictions on Application of Certain Pesticides

A. - M.2. ...

N. Persons applying Icon to rice seed and persons selling or planting Icon treated rice seed, intended to be planted in Acadia, Allen, Beauregard, Calcasieu, Cameron, Evangeline, Iberia, Jefferson Davis, Lafayette, St. Landry, St. Martin, St. Mary, and Vermillion parishes shall comply with the following.

1. Registration Requirements

a. The commissioner hereby declares that prior to making any application of Icon to rice seed, the seed treatment owner-operator must first register such intent by notifying the Department's Division of Pesticides and Environmental Programs ("DPEP") in writing.

b. The commissioner hereby declares that prior to selling Icon treated rice seed, the dealer must first register such intent by notifying the DPEP in writing.

c. The commissioner hereby declares that prior to making aerial applications of Icon treated rice seed, the aerial owner-operator must first register such intent by notifying the DPEP in writing.

2. Growers of rice shall not force or coerce applicators to apply Icon treated rice, when the applicators, conforming to the Louisiana Pesticide Laws and Rules and Regulations or to the pesticide label and labeling, deem it unsafe to make such applications. Growers found to be in violation of this section shall forfeit their right to use Icon treated rice seed, subject to appeal to the Advisory Commission on Pesticides.

3. Icon Application Restriction

a. Do not apply Icon treated rice seed by ground within 25 feet, or by air within 100 feet of lakes, reservoirs, rivers, permanent streams, marshes or natural ponds, estuaries and commercial fish farm ponds.

b. Do not allow Icon treated rice seed to drift into neighboring fields, ponds, streams or estuaries with fish, shellfish, or crustaceans (including crawfish).

c. All Icon label and labeling use restrictions shall be strictly followed.

4. Monitoring of Icon

a. Rice seed treaters, registered to treat rice seed with Icon, shall report daily to the DPEP, on forms prescribed by the commissioner, all treatments of Icon to rice seed. Information shall include but not be limited to:

- i. pounds treated;
- ii. treatment rate;
- iii. pounds sold or distributed;
- iv. purchaser and/or grower name, address, and phone number.

b. Dealers selling Icon treated rice seed shall report daily to the DPEP on forms prescribed by the Commissioner all sales of Icon treated rice seed. Information shall include but not be limited to:

- i. pounds sold;
- ii. treatment rate;
- iii. acres to be planted;
- iv. planting date;
- v. purchaser and/or grower name, address, parish and phone number;

vi. location and parish of field to be planted;

vii. Planting applicator-owner-operator (aerial or ground).

c. Aerial owner-operators planting Icon treated rice seed shall provide and maintain records daily, on forms

prescribed by the Commissioner all applications of Icon treated rice seed. Information shall include but not be limited to:

- i. pounds per acre planted;
- ii. acres planted;
- iii. date planted;
- iv. grower name, address, parish and phone number;
- v. location and parish of field planted;
- vi. pilot's name and certification number.

5. Upon determination by the Commissioner that a threat or reasonable expectation of a threat to human health or to the environment exists, he may issue or require:

- a. stop orders for use, sales, or application;
- b. label changes;
- c. remedial or protective orders;
- d. any other relevant remedies.

AUTHORITY NOTE: Promulgated in accordance with R.S. 3:3203, R.S. 3:3242 and R.S. 3:3249.

HISTORICAL NOTE: Promulgated by the Department of Agriculture, Advisory Commission on Pesticides, LR 9:169 (April 1983), amended LR 10:193 (March 1984), LR 11:219 (March 1985), LR 11:942 (October 1985), amended by the Department of Agriculture and Forestry, Office of Agricultural and Environmental Sciences, LR 18:953 (September 1992), amended LR 19:791 (September 1993), LR 21:668 (July 1993), LR 21:668 (July 1995), LR 24:281 (February 1998), LR 24:2076 (November 1998), LR 27:276.

DECLARATION OF EMERGENCY

**Department of Health and Hospitals
Office of the Secretary
Bureau of Health Services Financing**

Early and Periodic Screening, Diagnosis
and Treatment (EPSDT)C Hearing Aids

The Department of Health and Hospitals, Office of the Secretary, Bureau of Health Services Financing adopts the following emergency rule in the Medical Assistance Program as authorized by R.S. 46:153 and pursuant to Title XIX of the Social Security Act. This Emergency Rule is adopted in accordance with the Administrative Procedure Act, R.S. 49:953(B)(1) et seq. and shall be in effect for the maximum period allowed under the act or until adoption of the rule, whichever occurs first.

The Department of Health and Hospitals, Bureau of Health Services Financing provides coverage for Early and Periodic Screening, Diagnosis and Treatment (EPSDT) hearing aid services under the Medicaid Program. The criteria for prior authorization of hearing aids was promulgated by reference in a rule that adopted the state and

federal requirements and procedures governing the determination of Medicaid eligibility as contained in the Medicaid Eligibility Manual (*Louisiana Register*, Volume 22, Number 5). As a result of a change in the policy of the Office of Public Health on providing hearing aid services, the bureau has determined that it is necessary to amend the May 20, 1996 rule by replacing the existing prior authorization criteria for hearing aids. This emergency rule is being adopted to continue the provisions contained in the November 21, 2000 rule.

Emergency Rule

Effective for dates of service on or after March 22, 2001, the Department of Health and Hospitals, Office of the Secretary, Bureau of Health Services Financing amends the May 20, 1996 rule to establish the following prior authorization criteria for hearing aids.

Prior Authorization Criteria

Hearing aids and related services are only covered for EPSDT recipients up to the age of 21. Approval is granted only when there is a significant hearing loss as documented by audiometric or electrophysiologic data from a licensed audiologist and medical clearance and prescription from an ear specialist (otologist).

The audiologist must furnish a report including an audiogram, if applicable, all test results and the degree and type of hearing loss. A hearing loss greater than 20 decibels with an average hearing level in the range 250-2000 Hz is considered significant. Additional required medical and social information shall include:

- 1) the recipient's age;
- 2) expected benefit of the hearing aid;
- 3) previous and current use of a hearing aid;
- 4) additional disabilities expected to influence the use of a hearing aid; and
- 5) referrals made on the recipient's behalf to early intervention programs, special education programs or other rehabilitative services.

Hearing aid repairs, batteries, and ear molds shall no longer require prior authorization. However, ear molds must be prescribed by a physician. Limitations on the purchase of ear molds are established as follows: One ear mold will be allowed every 90 days for EPSDT recipients from birth through age 4. One ear mold per year will be allowed for EPSDT recipients from age 5 to up to 21.

Interested persons may submit written comments to Ben A. Bearden, Bureau of Health Services Financing, Box 91030, Baton Rouge, LA 70821-9030. He is responsible for responding to inquiries regarding this Emergency Rule. A copy of this emergency rule is available at the parish Medicaid office for review by interested parties.

Oyster Season Extension

In accordance with the emergency provisions of the Administrative Procedure Act, R.S. 49:953(B) and 967, and under the authority of R.S. 56:433 notice is hereby given that the Secretary of the Department of Wildlife and Fisheries and the Wildlife and Fisheries Commission hereby declare:

1. The oyster season on the public oyster grounds of Vermilion, East and West Cote Blanche and Atchafalaya Bays and outside area Atchafalaya-Vermilion Bay not currently under lease will be extended and will close one-half hour after sunset on May 15, 2001.

2. The Secretary of the Department of Wildlife and Fisheries is authorized to take emergency action, if necessary, to close areas if oyster mortalities are occurring or to delay the season or close areas where significant spat catch has occurred with good probability of survival, or where it is found that there are excessive amounts of shell in seed oyster loads.

3. The Secretary is authorized to take emergency action to reopen areas previously closed if the threat to the resource has ended.

4. Notice of any opening, delaying or closing of a season will be made by public notice at least 72 hours prior to such action.

Shark Season Closure

In accordance with the emergency provisions of R.S. 49:953(B), the Administrative Procedure Act, R.S. 49:967 which allows the Department of Wildlife and Fisheries and

the Wildlife and Fisheries Commission to use emergency procedures to set finfish seasons, R.S. 56:326.3 which provides that the Wildlife and Fisheries Commission may set seasons for saltwater finfish, and the authority given to the Secretary of the Department by the Commission in its rule LAC 76:VII.357.M.2 which allows the secretary to declare a closed season when he is informed that the commercial large coastal shark seasonal quota for that species group and fishery has been met in the Gulf of Mexico, and that such closure order shall close the season until the date projected for the re-opening of that fishery in the adjacent federal waters, the secretary of the Department of Wildlife and Fisheries hereby declares:

Effective 11:30 p.m., March 24, 2001, the commercial fishery for large coastal sharks in Louisiana waters, as described in LAC 76:VII.357.B.2 (great hammerhead, scalloped hammerhead, smooth hammerhead, nurse shark, bignose shark, blacktip shark, bull shark, Caribbean reef shark, dusky shark, Galapagos shark, lemon shark, narrowtooth shark, night shark, sandbar shark, silky shark, spinner shark and tiger shark) will close through June 30, 2001. Nothing herein shall preclude the legal harvest of large coastal sharks by legally licensed recreational fishermen during the open season for recreational harvest. Effective with this closure, no person shall commercially harvest, purchase, exchange, barter, trade, sell or attempt to purchase, exchange, barter, trade or sell large coastal sharks or fins thereof. Also effective with the closure, no person shall possess large coastal sharks in excess of a daily bag limit, which may only be in possession during the open recreational season. Nothing shall prohibit the possession or sale of fish legally taken prior to the closure providing that all commercial dealers possessing large coastal sharks taken legally prior to the closure shall maintain appropriate records in accordance with R.S. 56:306.5.

The secretary has been notified by the National Marine Fisheries Service that the first semiannual subquota for large coastal sharks will be reached on or before March 24, 2001, and that the federal season closure is necessary to comply with a court order.

Rules

RULE

Department of Agriculture and Forestry Office of Agriculture and Environmental Sciences Advisory Commission on Pesticides

Restriction on Application of Certain Pesticides (LAC 7:XXIII.143 and 147)

In accordance with provisions of the Administrative Procedure Act, R.S. 49:950 et seq., the Department of Agriculture and Forestry, Office of Environmental and Agricultural Sciences, Advisory Commission on Pesticides amends regulations regarding the restrictions on applications of certain pesticides and their exemption to waiver of restrictions.

The aerial applications of certain herbicides, in certain parishes, in accordance with the current regulations and labels has not been sufficient to control drift onto non-target areas. Failure to prevent the drift onto non-target areas will adversely affect other crops particularly cotton. The adverse effects to the cotton crop and other non-target crops will cause irreparable harm to the economy of Central Louisiana and to Louisiana agricultural producers.

These rules comply with and are enabled by R.S. 3:3203 and R.S. 3:3223.

§143. Restrictions on Application of Certain Pesticides

A. - O. ...

P. Regulations Governing Aerial Applications of 2,4-D or Products Containing 2,4-D

1. Registration Requirements

a. The commissioner hereby declares that prior to making any aerial application of 2,4-D or products containing 2,4-D, the aerial owner/operator must first register such intent by notifying the Division of Pesticides and Environmental Programs (DPEP) in writing.

b. The commissioner hereby declares that prior to making any aerial application of 2,4-D or products containing 2,4-D, the aerial owner/operator must have in his/her possession and shall be a part of the record keeping requirements, a written permit from the Division of Pesticides and Environmental Programs (DPEP).

2. Grower Liability. Growers of crops shall not force or coerce applicators to apply 2,4-D or products containing 2,4-D to their crops when the applicators, conforming to the Louisiana Pesticide Laws and Rules and Regulations or to the pesticide label, deem it unsafe to make such applications. Growers found to be in violation of this section shall forfeit their right to use 2,4-D or products containing 2,4-D on their crops, subject to appeal to the Advisory Commission on Pesticides.

3. 2,4-D or products containing 2,4-D Application Restriction. Aerial application of 2,4-D or products

containing 2,4-D is limited to only permitted applications annually between April 1 and July 15 in the following parishes: Allen (East of U.S. Highway 165), Avoyelles, Evangeline, Pointe Coupee, Rapides, and St. Landry.

4. Procedures for Permitting Applications of 2,4-D or Products Containing 2,4-D

a. Prior to any application of 2,4-D or products containing 2,4-D, approval shall be obtained in writing from the Louisiana Department of Agriculture and Forestry (LDAF). Such approval is good for two days from the date issued. Growers or aerial applicator shall obtain approval from the DPEP.

b. The determination as to whether a permit for application is to be given shall be based on criteria including but not limited to:

- i. weather patterns and predictions;
- ii. wind speed and direction;
- iii. propensity for drift;
- iv. distance to susceptible crops
- v. quantity of acreage to be treated;
- vi. extent and presence of vegetation in the buffer zone;
- vii. any other relevant data.

5. Monitoring of 2,4-D or Products Containing 2,4-D

a. Growers or aerial owner/operators shall apply to the DPEP, on forms prescribed by the commissioner, all request for aerial applications of 2,4-D or products containing 2,4-D.

b. Aerial owner/operators shall maintain a record of 2,4-D or products containing 2,4-D applications.

6. Determination of Appropriate Action

a. Upon determination by the commissioner that a threat or reasonable expectation of a threat to human health or to the environment exists, he may consider:

- i. stop orders for use, sales, or application;
- ii. label changes;
- iii. remedial or protective orders;
- iv. any other relevant remedies.

§1505. Limited Liability Companies

A. The practice of architecture by limited liability companies is only permissible when lawfully constituted under the laws pertaining to limited liability companies, R.S. 12:1301, et seq.

B. No person, firm, partnership, corporation, or group of persons shall solicit, offer, execute, or perform architectural services in this state as a limited liability company without first receiving a certificate from the board authorizing the limited liability company to do so.

C. A limited liability company soliciting, offering, contracting to perform, or performing the practice of architecture shall be subject to the discipline of the board and to its authority to adopt rules and regulations governing the practice of architecture.

D. Any person seeking to practice architecture as a limited liability company shall on an annual basis file with the board a request for licensure and registration, stating the name of the proposed limited liability company and designating therein the supervising professional architect who shall perform all professional architectural services or who shall directly supervise the performance of all architectural services by said limited liability company. The applicant is required to complete said application fully and return same to the executive director. Upon receipt of such application and the fee, the board shall promptly either approve said application and certify the limited liability company as authorized to practice architecture or disapprove said application advising the applicant of the reasons therefor.

E. Only those persons who are presently licensed by the board pursuant to the provisions of R.S. 37:141 through R.S. 37:158, who are in compliance with said provisions, who are full-time active employees of the limited liability company, and whose primary occupation is with that limited liability company may be designated as supervising professional architects.

F. The limited liability company shall authorize the registered supervising professional architect to appear for and act on behalf of the limited liability company in connection with the execution and performance of all contracts to provide architectural services.

G. In the event that such registered supervising professional architect ceases being a full-time active employee of the limited liability company or no longer employed by the limited liability company on a primary basis, the authority of the limited liability company to practice architecture is suspended until such time as the limited liability company designates another supervising professional architect pursuant to §1505.D above.

H. The designated supervising professional architect will be responsible to this board for all acts and conduct of such limited liability company.

I. It will be the responsibility of the supervising professional architect to advise the board of any organizational change that would relate to the authority granted under this rule. Failure to do so could result in disciplinary action, including suspension, revocation, or rescission of the license of the supervising professional architect.

a. Were certified at levels A or B, or

b. Show evidence of 30 additional graduate semester hours (to Level C for 60 hours total) in the areas specified under Level E from a regionally accredited college or university, and who have been employed for at least two years under the supervision of a licensed psychologist or a Level A or B school psychologist with three years of supervised experience as a school psychologist, at least two years of which have been in Louisiana.

5. There shall be two levels of certification issued as Standard Certificates in School Psychology.

a. Level A: Issued to applicants who meet the requirements for the Standard Certificate and who possess a doctoral degree (such as Ph.D., Ed.D., or Psy.D.) in psychology from a regionally accredited institution.

b. Level B: Issued to applicants who meet the requirements for the Standard Certificate and who possess a master's or specialist degree from a school psychology training program in a regionally accredited institution.

Provisional Certificate (valid for one year; renewable once, unless lapsed)

1. Issued to persons who have completed academic preparation in school psychology that meets the

requirements of the Standards for Training Programs in School Psychology, except for the internship. The internship shall be completed during the time of the provisional certificate in accordance with the internship requirements specified in the Standards for Training Programs in School Psychology.

2. Issued to persons whose certification has lapsed and who have not met the requirements for certification renewal.

Renewal Period

1. The Standard Certificate in School Psychology shall be issued for a period of five years and may be renewed for subsequent five-year periods upon completion within each period

a. at least one year of full-time experience or the equivalent as a psychologist; and

b. six semester hours of additional graduate credit in any of the areas specified in the Standards for Training Programs in School Psychology; or

c. the equivalent number of Continuing Professional Development/Education Units currently awarded by the State Department of Education, the National Association of School Psychologists, or the American Psychological Association; or

d. a combination of graduate credit hours and Continuing Professional Development/Education Units equivalent to six semester hours, or upon presentation of current national School Psychologist certification awarded by the National Association of School Psychologists.

2. The Provisional Certificate may be renewed for one additional year when necessary to complete the internship and upon written request of the applicant and the Director of the Training Program or Intern Supervisor.

3. Lapsed certificates may be renewed upon verification of 1b, 1c, or 1d above. A Provisional Certificate may be awarded for a one-year period during which time the individual must meet the renewal requirements to be awarded the Standard Certificate.

A School Psychologist or School Psychological Assistant certified at Levels E, D, or C (if less than two years of experience) according to criteria previously adopted by the State Board of Elementary and Secondary Education shall have continuing approval for the provision of School Psychological services so long as such certification is kept valid according to the previous renewal criteria. Graduate training taken to meet the renewal requirements for the previous criteria shall be earned in the areas specified in the Standards for Training Programs in School Psychology.

Chapter 1. Organization

§103. Board Committees

A. ...

B. Standing committees composed of not less than three members of the board and appointed by the president are:

1. 8(g) Committee. Charge: To allocate funds to any or all constitutional categories to enhance elementary and secondary education; to consider all administrative matters of the 8(g) program; and to establish expectations of academic excellence and require accountability of performance.

2. Accountability and Assessment Committee. Charge: To consider all matters relating to student, school and district accountability; to consider all student assessment issues; to determine necessary student and school level interventions based on assessment results of established assessment; to consider all issues regarding the statewide Accountability System; to coordinate resources for school improvement; to monitor the performance of student and schools.

3. Board Relations/Strategic Planning/Administration Committee. Charge: To improve the credibility and visibility of the board and communicate the problems and needs of education through activities of the board and superintendent; to provide for strategic planning and recommend performance outcomes for education initiatives; to consider routine administrative matters of the board; to organize issues-related information to guide board decisions; to administer the superintendent's evaluation; and to receive updates on the benefits of the department's reorganization; to consider program and personnel issues impacting the state Special Schools; to develop policies and procedures for charter school approval and implementation; and to administer loan fund activities of charter schools.

4. Career and Technical Committee. Charge: To serve as liaison with the LCTCS Board to oversee the administration of Carl Perkins funds; to consider matters related to secondary career training programs, such as JTPA; to monitor department activities related to secondary vocational education; to build an articulated framework from 9-16.

5. Finance/Audit Review Committee. Charge: To provide for a budget process; to annually develop and adopt a formula to equitably allocate education funds to parish and

city school systems; to formally review operational plans developed by BESE, SDE, and Special Schools prior to submission to the Office of Planning and Budget; to grant budget approval and any revisions for the SDE, BESE, and Special Schools; to assure that adequate funding and appropriations are passed along with accountability measures for Special Schools; to review and approve all contracts and leases with agencies under its jurisdiction; to review and address SDE, BESE, and Special Schools audit reports and plans to correct irregularities; and to consider payment of invoices submitted for approval.

6. Legal/Due Process Committee. Charge: To consider legal issues and matters of litigation; to serve as an "administrative court of last resort" prior to adjudication in the judicial court system (usually revocation/reinstatement of teaching certificates, employee grievances involving property rights, and all due process matters); and to approve nonpublic schools in compliance with *Brumfield v. Dodd*.

7. Legislative/Policy Oversight Committee. Charge: To study the impact of present and future state and federal legislation; to identify the board's role in new legislation; to review goals, implementation and appropriate performance indicators for education initiatives; to develop position statements and/or white papers on education related legislation pending before the legislature and to develop committee/floor strategies for proposed legislation; to draft legislative education reform recommendations; and to receive reports/studies on program results and/or evaluations.

8. Quality Educators Committee. Charge: To make recommendations regarding teacher certification standards, including course studies and teacher licensing test; to consider waivers and/or appeals to standards in special circumstances; to provide for teacher evaluation and assistance, including mentoring; to provide professional development and leadership development designed to improve teaching and learning; to review the impact of professional development activities on teaching and learning; to coordinate activities of the Technology Center; and to coordinate partnerships between secondary and post-secondary institutions.

9. School and Community Support Committee. Charge: To consider school support matters such as nutrition and transportation services, parental involvement, community based learning, school safety, migrant education, child welfare and attendance; and to make recommendations for community support in the area of adult/parental education and training.

10. Student and School Standards/Instruction Committee. Charge: To consider all matters relative to school and student standards; to set standards for high school graduation options; to monitor technical assistance in local curriculum development to align with the state content standards; to monitor curriculum based initiatives, such as Reading/Math; to provide for the education needs of special populations; and to provide for adequate textbooks and materials of instruction.

Office of Environmental Assessment**

Commercial Hazardous Waste Treatment,
Storage and Disposal Facilities
(LAC 33:V.Chapter 4, 517 and 5111)(HW071P)

Under the authority of the Environmental Quality Act, R.S. 30:2001 et seq., and in accordance with the provisions of the Administrative Procedure Act, R.S. 49:950 et seq., the secretary has amended the Hazardous Waste regulations,

LAC 33:V.Chapter 4 and LAC 33:V.517 and 5111 (Log #HW071P).

The rule applies to any permit for a new, non-existent commercial hazardous waste treatment, storage, or disposal facility. The rule will establish criteria to assess the impact of the facility on the citizens in the surrounding area, the local infrastructure, and on the environment. A siting fee equaling 5 percent of the application fee, authorized by R.S. 30:2178, is also established. This regulation is amended in response to the March 19, 1999, Consent Decree and Petition for Rulemaking in the 19th Judicial District Court, Honorable Janice Clark, Judge Presiding. The basis and rationale for the rule are to comply with R.S. 30:2178. Although there presently exist sufficient regulations to meet this statutory requirement, in an abundance of caution and in an effort to provide additional clarity and assistance to the regulated community and the public, the department has decided to initiate rulemaking in response to the Petition as it related to this statute.

This rule meets an exception listed in R.S. 30:2019(D)(3) and R.S.49:953(G)(3); therefore, no report regarding environmental/health benefits and social/economic costs is required. This rule has no known impact on family formation, stability, and autonomy as described in R.S. 49:972.

Subpart 1. Department of Environmental

Quality

Chapter 4. Requirements for Commercial Treatment, Storage, and Disposal Facility Permits

§401. Applicability

A. This Chapter applies to proposed, nonexistent, commercial hazardous waste treatment, storage, and disposal (TSD) facilities. Existing facilities seeking major modification, permit renewal, conversion of noncommercial status to commercial, or interim permit to final permit status are not subject to the requirements in this Chapter. All other requirements in LAC 33:V for hazardous waste facilities also apply.

AUTHORITY NOTE: Promulgated in accordance with R.S. 30:2178.

HISTORICAL NOTE: Promulgated by the Department of Environmental Quality, Office of Environmental Assessment, Environmental Planning Division, LR 27:285 (March 2001).

§403. Definitions

A. The definitions used in this Chapter are intended to apply to commercial hazardous waste facilities. Terms not defined herein shall have the meanings given them in LAC 33:V.109.

Aquifer Recharge Zone—a land area in which water reaches the zone of saturation from surface infiltration (e.g., an area where rainwater soaks through the earth to reach an aquifer).

Day Care Center—any place or facility operated by any institution, society, agency, corporation, person or persons, or any other group for the primary purpose of providing care, supervision, and guidance of seven or more children not related to the caregiver and unaccompanied by parent or guardian on a regular basis for at least 20 hours in a continuous seven-day week.

Entertainment Facility—any place where the primary purpose is to amuse, please, or provide hospitality to patrons or guests.

Food Storage Area—any facility or structure used to store or contain any foodstuff for human or animal consumption.

Hospital—a medical institution whose principal activity or business is the diagnosis, care, and treatment of human illness through the maintenance and operation of organized facilities therefor.

Nursing Home—a private home, institution, building, residence, or other place, serving two or more persons who are not related by blood or marriage to the operator, whether operated for profit or not, and including those places operated by a political subdivision of the state of Louisiana, which undertakes, through its ownership or management, to provide maintenance, personal care, or nursing for persons who, by reason of illness or physical infirmity or age, are unable to properly care for themselves.

Prison—a state or federal facility of confinement for convicted criminals, especially felons.

Public Building—a building or appurtenance to a building that is built in whole or in part or leased with public monies. Examples include, but are not limited to, federal, state, or parish office buildings, courthouses, post offices, custom houses, public record centers, public libraries, public schools, appraisers' stores, and transportation facilities that accommodate traveling passengers.

Residential Area—those areas where people live or reside including the property on which housing is located, as well as playgrounds, roadways, sidewalks, parks, and other similar areas within a residential community.

School—any profit or nonprofit, public or private, day, night, or residential school that provides elementary, secondary, college, or post-graduate education as determined under state law or any school of any agency of the United States.

Wetland—open water areas or areas that are inundated or saturated by surface or groundwater at a frequency and duration sufficient to support, and under normal circumstances do support, a prevalence of vegetation typically adapted for life in saturated soil conditions.

Wildlife Management Area—any area set aside, maintained, and supervised by the Louisiana Department of Wildlife and Fisheries for the purpose of managing and harvesting wild birds, wild quadrupeds, fish, and other aquatic life under controlled conditions to afford maximum hunting and fishing opportunity.

Wildlife Preserve—any area set aside and designated by the Louisiana Department of Wildlife and Fisheries as a refuge on which wild birds and animals are protected.

AUTHORITY NOTE: Promulgated in accordance with R.S. 30:2178.

HISTORICAL NOTE: Promulgated by the Department of Environmental Quality, Office of Environmental Assessment, Environmental Planning Division, LR 27:285 (March 2001).

§405. Requirements for Commercial TSD Facilities

A. Secretary's Site Assessment and Report

1. The secretary shall assess the impact of the location of a commercial hazardous waste treatment, storage, or disposal facility on the citizens of the surrounding area, the local infrastructure, and the environment. The secretary shall issue a site assessment report summarizing his findings.

2. The site assessment shall be based upon information in the record including, but not limited to, information required by the regulations to be submitted by the permit applicant. Information regarding the topics listed under "Information Required" in Table 1 identifies and summarizes appropriate information for the site assessment. The "Regulatory Citation" section of the table identifies some of the regulatory requirements to submit information in the part II hazardous waste permit application.

3. In addition to all other requirements, the permit applicant shall submit a stand-alone document entitled "Commercial Siting Assessment Report," certified in accordance with LAC 33:V.513, that addresses the siting and location issues. In addition to the information otherwise required by the regulations to be submitted as part of the permit application, the applicant's report shall provide sufficient information to address the topics in Table 1. The applicant shall expand these issues or elaborate its response as may be appropriate for some types of TSD facilities. If at any time during the application review process the "Commercial Siting Assessment Report" portion of the application is found, by the department, to contain technical deficiencies, the permit applicant shall submit an updated version of the report.

¹ Items 1 - 4 denote issues that may also be addressed through the local governmental subdivision Infrastructure Assessment Report.

² The applicant's responses to Items 5 - 15 must include an aerial photograph clearly identifying all required information as of the date of the submittal. The aerial photograph must extend two miles beyond the property line at a scale of 2.5 centimeters (1 inch) equal to not more than 61.0 meters (200 feet). The photograph date, scale, and orientation (north arrow) must be clearly identified on it.

³ The applicant's responses to Items 14 - 15 must include, at a minimum, name, address, facility type (e.g., hazardous waste disposal facility, solid waste disposal facility, inactive and abandoned waste site, industrial code), waste/substance descriptions, type(s) of discharge permit(s), source of information, and documentation of the extent of the applicant's efforts to identify such facilities. Applicant must also discuss density of existing facilities in the two-mile area and make comparisons as appropriate.

⁴ The applicant's response to Item 16 must be answered in sufficient detail to assist the department in making a site assessment determination. The applicant must identify any existing community health problems that may be aggravated by the operation of a commercial hazardous waste disposal facility and include documentation of the extent of the applicant's efforts to identify such problems.

⁵ The applicant's response to Item 17 must identify all potential positive and negative impacts on economic development and include documentation of the extent of the applicant's efforts to identify such impacts.

B. Specific Site Requirements for Commercial Facilities

1. Proximity and Location of Waste Management Units

a. No waste management unit shall be located within 200 feet of an environmentally sensitive area including, but not limited to:

- i. a wetland;
- ii. a wildlife management area or preserve; or
- iii. an aquifer recharge zone.

b. No waste management unit shall be located within 200 feet of any area that may result in an undue risk to human health including, but not limited to:

- i. a school or day care center;
- ii. a hospital or nursing home;
- iii. a facility or structure used to store or contain foodstuffs for human or animal consumption;
- iv. a public building or entertainment facility;
- v. a residential area;
- vi. a prison;
- vii. other hazardous waste disposal facilities, solid waste disposal facilities, and inactive and abandoned hazardous waste sites;
- viii. other industrial facilities that discharge hazardous or toxic substances into the air or water; or
- ix. a preexisting community health problem that may be aggravated by the operation of a commercial hazardous waste disposal facility.

c. No waste management unit shall be located in such a manner so as to preclude the further economic development of the area.

2. The administrative authority may approve, on a case-by-case basis, an alternative to the requirements in Subsection B.1.a. or b of this Section if the applicant can affirmatively demonstrate that as a result of site-specific circumstances, the location of the proposed waste management unit will not adversely impact an environmentally sensitive area, impose an undue risk to human health, or preclude further economic development of the area.

3. The siting assessment, as determined by this Section, does not preclude any requirements the permit applicant must meet in order to satisfy local zoning ordinances in place at the time the application is submitted to the department.

AUTHORITY NOTE: Promulgated in accordance with R.S. 30:2178.

HISTORICAL NOTE: Promulgated by the Department of Environmental Quality, Office of Environmental Assessment, Environmental Planning Division, LR 27:285 (March 2001).

§407. Guidelines for the Infrastructure Assessment Report Prepared by Local Government

A. The purpose of the Infrastructure Assessment Report shall be to adequately assess the capability of the local communities to effectively manage and monitor the ongoing operations of the proposed commercial facility and to respond to emergencies that may potentially threaten the health, safety, or welfare of the communities or any of their inhabitants.

B. The secretary shall submit a written request to the appropriate local governmental representative for a report detailing the impact of the proposed facility on the local infrastructure including, but not limited to, roads and transportation systems, schools, medical institutions, police and fire departments, economic development, and such matters as the local government may determine will be impacted by the facility. A copy of the applicant's Commercial Siting Assessment Report, as required by this Chapter, will be provided to the local governmental subdivision. This request shall be made as soon as the permit application is deemed administratively complete and shall allow local government 180 days to provide the Infrastructure Assessment Report. Any revisions made to the "Commercial Siting Assessment Report" by the permit applicant during the technical review process shall be forwarded to the appropriate local governmental representative. The administrative authority may allow local government additional time to submit the report if a written request, which provides justification for the extension, is received prior to the 180 day deadline; however, in no case shall an extension be granted that extends beyond the date of the evidentiary hearing.

C. The Infrastructure Assessment Report may propose alternate siting for the facility and propose actions to mitigate any infrastructure deficiencies found by the report.

D. Any Infrastructure Assessment Report prepared by the local governmental subdivision shall be submitted prior to the evidentiary hearing held in accordance with LAC 33:V.709. The department may request additional supporting information from the local governmental subdivision or permit applicant before using the report for the secretary's assessment of the suitability of the proposed commercial hazardous waste TSD site.

E. The secretary may reimburse the local governmental subdivision for reasonable and necessary costs of preparation of the Infrastructure Assessment Report, provided the reimbursement request is made in writing and supported with documentation of report preparation costs.

AUTHORITY NOTE: Promulgated in accordance with R.S. 30:2178 and R.S. 30:2182.

HISTORICAL NOTE: Promulgated by the Department of Environmental Quality, Office of Environmental Assessment, Environmental Planning Division LR 27:287 (March 2001).

§409. Departmental Action on Commercial Hazardous Waste TSD Permit Applications

A. The secretary's report shall be issued in conjunction with the draft permit decision for commercial hazardous waste treatment, storage, or disposal facilities. The report will assess the impact of the location of the facility on the citizens in the surrounding area, the local infrastructure, economic development, and on the environment. The sources of information for the report include the permit application contents required in LAC 33:V, the Infrastructure Assessment Report prepared by the local governmental subdivision, and other information sources as appropriate.

B. Based upon information supplied in the permit application and other information sources, as appropriate, the department shall assess site suitability. Consideration shall be given to the following:

1. the number and density of existing hazardous waste disposal facilities in an area extending two miles from the facility property line;

2. the number and density of solid waste disposal facilities in an area extending two miles from the facility property line;

3. the number and density of inactive and abandoned hazardous waste sites in an area extending two miles from the facility property line;

4. the number and density of existing industrial facilities that discharge hazardous or toxic substances into the air or water in an area extending two miles from the facility property line;

Chapter 5. Permit Application Contents Subchapter D. Part II General Permit Information Requirements

§517. Part II Information Requirements (the Formal Permit Application)

The formal permit application information requirements presented in this Section reflect the standards promulgated in LAC 33:V.Subpart 1. These information requirements are necessary in order to determine compliance with all

standards. Responses and exhibits shall be numbered sequentially according to the technical standards. The permit application must describe how the facility will comply with each of the sections of LAC 33:V.Chapters 15-37 and 41. Information required in the formal permit application shall be submitted to the administrative authority and signed in accordance with requirements in LAC 33:V.509. The description must include appropriate design information (calculations, drawings, specifications, data, etc.) and administrative details (plans, flow charts, decision trees, manpower projections, operating instructions, etc.) to permit the administrative authority to determine the adequacy of the hazardous waste permit application. Certain technical data, such as design drawings, specifications, and engineering studies, shall be certified by a Louisiana registered professional engineer. If a section does not apply, the permit application must state it does not apply and why it does not apply. This information is to be submitted using the same numbering system and in the same order used in these regulations:

Chapter 51. Fee Schedules

§5111. Calculation of Application Fees

A. The applicant is required to calculate the appropriate application fee, research and development fee, and if applicable, siting fee according to the schedule included in the permit application form. Payment of this fee must be attached to the application.

* * *

[See Prior Text in B - D]

E. Siting Fee. This fee will be applicable to new commercial hazardous waste treatment, storage, and disposal facilities. This fee will be used to assess the impact of the

location of the facility on the citizens in the surrounding area, the local infrastructure, and on the environment. A portion of this fee shall be allocated to the local governmental subdivision for the preparation of an infrastructure assessment report as determined by the secretary. When siting a commercial facility, the secretary shall determine whether the local governmental subdivision should be compensated for any reasonable and necessary cost for preparation of the infrastructure report:

Application Fee x 0.05 = Siting Fee

RULE

Department of Environmental Quality Office of Environmental Assessment Environmental Planning Division

Criteria and Designated Uses for Poydras-Verret and Bayou Ramas Swamp (LAC 33:IX.1113 and 1123)(WP036)

Under the authority of the Environmental Quality Act, R.S. 30:2001 et seq., and in accordance with the provisions of the Administrative Procedure Act, R.S. 49:950 et seq., the secretary has amended the Water Quality regulations, LAC 33:IX.1113.C.6, Table 1 and 1123.C.3, Table 3 (Log #WP036).

Site specific criteria and designated uses have been established for Poydras-Verret Marsh Wetland based on a scientific study conducted from the summer of 1995 through the summer of 1997, and for Bayou Ramos Swamp based on an 18-month characterization study conducted from the spring of 1995 through the summer of 1996. Results for each study are summarized in the Use Attainability Analysis (UAA) reports for the Poydras-Verrett Marsh Wetland and for Bayou Ramos Swamp. Two new subsegments and criteria are being adopted. Water quality management subsegment has been delineated as 041809, Poydras-Verrett Marsh Wetland, located 1.5 miles north of St. Bernard, Louisiana in St. Bernard Parish, south of Violet Canal and northeast of Forty Arpent Canal. Another subsegment is delineated as 120208 for Bayou Ramos Swamp, a forested wetland located 1.25 miles north of Amelia, Louisiana in St. Mary Parish, south of Lake Palourde. Both of these wetlands are classified as naturally dystrophic water bodies (LAC 33:IX.1109.C.3). Wetland faunal assemblages for fish and macroinvertebrates, and above-ground wetland productivity (tree, grass, and/or marsh grass productivity), are determined to be the appropriate criteria for the Poydras-Verret Marsh Wetland (041809). Faunal species diversity and abundance, naturally occurring litter fall or stem growth, and the dominance index or stem density of bald cypress are

determined to be the appropriate criteria for the Bayou Ramos Swamp (120208). Designated uses are secondary contact recreation and fish and wildlife propagation. All other general and numerical criteria not specifically excepted in LAC 33:IX.1123, Table 3, shall apply. In addition, footnote numbers will be corrected for 2,3,7,8-tetrachlorodibenzo-p-dioxin (2,3,7,8-TCDD) in LAC 33:IX.1113.C.6, Table 1. A superfluous footnote will be removed from the Toxic Substance column. Also, the footnote number in the Human Health Protection for Drinking Water Supply column will be changed to reflect the appropriate footnote reference. The basis and rationale for this rule are to establish site specific criteria and designated uses for the Poydras-Verret Marsh Wetland (subsegment 041809) and for Bayou Ramos Swamp (subsegment 120208) developed as a result of the UAAs conducted for the sites.

This rule meets an exception listed in R.S. 30:2019(D)(3) and R.S.49:953(G)(3); therefore, no report regarding

environmental/health benefits and social/economic costs is required. This rule has no known impact on family formation, stability, and autonomy as described in R.S. 49:972.

Under the authority of the Environmental Quality Act, R.S. 30:2001 et seq., and in accordance with the provisions of the Administrative Procedure Act, R.S. 49:950 et seq., the

secretary has amended the Hazardous Waste regulations, LAC 33:V.Chapters 1, 3, 5, 9, 11, 15, 17, 22, 30, 31, 32, 38, 43, and 49 (Log #HW076*).

This Rule is identical to federal regulations found in 64 FR 36465-36490, 7/6/99; 64 FR 52827-53077, 9/30/99; 64 FR 56469-56472, 10/20/99; 64 FR 63209-63213, 11/19/99; 65 FR 14472-14475, 3/17/00; 65 FR 30886-30913, 5/15/00; 65 FR 36365-36367, 6/8/00, which are applicable in Louisiana. For more information regarding the federal requirement, contact the Regulation Development Section at (225) 765-0399 or Box 82178, Baton Rouge, LA 70884-2178. No fiscal or economic impact will result from the Rule; therefore, the Rule will be promulgated in accordance with R.S. 49:953(F)(3) and (4).

The Rule covers the adoption of rules in the RCRA X package for authorization for the portions of the RCRA C program. The specific topics include the following titles: Hazardous Waste Management System; Modification of the Hazardous Waste Program; Hazardous Waste Lamp; NESHAPS: Final Standards for Hazardous Air Pollutants for Hazardous Waste Combustors (MACT Rule); NESHAPS: Final Standards for Hazardous Air Pollutants for Hazardous Waste Combustors, Final Rule, Technical Corrections; Land Disposal Restrictions, Wood Preserving Wastes, Metal Wastes, Zinc Micronutrient Fertilizer, etc., Correction; Waste Water Treatment Sludges from Metal Finishing Industry; Organobromine Production Wastes; Organobromine Production Wastes, Petroleum Refining Wastes, Identification and Listing of Hazardous Waste, Land Disposal Restrictions, Final Rule and Correcting Amendments; National Pollutant Discharge Elimination System - Program Regulations Streamlining; Address Changes for USEPA Offices in Washington D.C.; Air Emission Standards; and Formula for Administrative Cost Fee. The hazardous waste regulations for the state must be equivalent to those of the federal in order for the state to be authorized for the new portions of the RCRA program. The basis and rationale for this Rule are to adopt recently promulgated regulations in order to maintain equivalency.

This Rule meets an exception listed in R.S. 30:2019 (D)(3) and R.S.49:953 (G)(3); therefore, no report regarding environmental/health benefits and social/economic costs is required.

Chapter 1. General Provisions and Definitions

§105. Program Scope

These rules and regulations apply to owners and operators of all facilities that generate, transport, treat, store, or dispose of hazardous waste, except as specifically provided otherwise herein. The procedures of these regulations also apply to denial of a permit for the active life of a hazardous waste management facility or TSD unit under LAC 33:V.706. Definitions appropriate to these rules and regulations, including *solid waste* and *hazardous waste*, appear in LAC 33:V.109. Subchapter B. Transfrontier Shipments of Hazardous Waste

§1127. Transfrontier Shipments of Hazardous Waste for Recovery Within the OECD

[See Prior Text in A - C.2.a.]

i. Notification. At least 45 days prior to commencement of the transfrontier movement, the notifier must provide written notification in English of the proposed transfrontier movement to the Office of Enforcement and Compliance Assurance, Office of Compliance, Enforcement Planning, Targeting and Data Division (2222A), Environmental Protection Agency, 1200 Pennsylvania Ave, NW, Washington, DC 20460, with the words "Attention: OECD Export Notification" prominently displayed on the envelope. This notification must include all of the information identified in Subsection C.5 of this Section. In cases where wastes having similar physical and chemical characteristics, the same United Nations classification, and

the same RCRA waste codes are to be sent periodically to the same recovery facility by the same notifier, the notifier may submit one notification of intent to export these wastes in multiple shipments during a period of up to one year.

[See Prior Text in C.2.a.ii - C.2.b]

i. The notifier must provide EPA the information identified in Subsection C.5 of this Section, in English, at least 10 days in advance of commencing shipment to a preapproved facility. The notification should indicate that the recovery facility is preapproved and may apply to a single specific shipment or to multiple shipments as described in Subsection C.2.a.i of this Section. This information must be sent to the Office of Enforcement and Compliance Assurance, Office of Compliance, Enforcement Planning, Targeting and Data Division (2222A), Environmental Protection Agency, 1200 Pennsylvania Ave, NW, Washington, DC 20460, with the words "OECD Export Notification-Preapproved Facility" prominently displayed on the envelope.

[See Prior Text in C.2.b.ii - D.4]

5. Within three working days of the receipt of imports subject to this Subchapter, the owner or operator of the United States recovery facility must send signed copies of the tracking document to the notifier, to the Office of Enforcement and Compliance Assurance, Office of Compliance, Enforcement Planning, Targeting and Data Division (2222A), Environmental Protection Agency, 1200 Pennsylvania Ave, NW, Washington, DC 20460, and to the competent authorities of the exporting and transit countries.

[See Prior Text in E - G]

1. Annual Reports. For all waste movements subject to this Subchapter, persons (e.g., notifiers, recognized traders) who meet the definition of primary exporter in LAC 33:V.109 shall file an annual report with the Office of Enforcement and Compliance Assurance, Office of Compliance, Enforcement Planning, Targeting and Data Division (2222A), Environmental Protection Agency, 1200 Pennsylvania Ave, NW, Washington, DC 20460, no later than March 1 of each year summarizing the types, quantities, frequency, and ultimate destination of all such hazardous waste exported during the previous calendar year. (If the primary exporter is required to file an annual report for waste exports that are not covered under this Subchapter, he may include all export information in one report provided the information required by this Subsection on exports of waste destined for recovery within the designated OECD member countries is contained in a separate section.) Such reports shall include the following:

§3001. Applicability

* * *

[See Prior Text in A]

B. Integration of the MACT Standards

1. Except as provided by Subsection B.2 of this Section, the standards of this Chapter no longer apply when an affected source demonstrates compliance with the maximum achievable control technology (MACT) requirements of 40 CFR part 63, subpart EEE by conducting a comprehensive performance test and submitting to the administrative authority a notification of compliance under 40 CFR 63.1207(j) and 63.1210(d) documenting compliance with the requirements of subpart EEE of 40 CFR 63. Nevertheless, even after this demonstration of compliance with the MACT standards, RCRA permit conditions that were based on the standards of LAC 33:V.Chapter 30 will continue to be in effect until they are removed from the permit or the permit is terminated or revoked, unless the permit expressly provides otherwise.

2. The following standards continue to apply:

a. the closure requirements of LAC 33:V.3005.I and 3007.L;

b. the standards for direct transfer of LAC 33:V.3023;

c. the standards for regulation of residues of LAC 33:V.3025; and

d. the applicable requirements of LAC 33:V.901, 905, 907, 909 and Chapters 15, 17 (Subchapters B and C), 33, 35, 37, and 43 (Subchapters A - G R, and V) and 4301.A - C, G, I, 4306.

C. The following hazardous wastes and facilities are not subject to regulation under this Chapter:

1. used oil burned for energy recovery that is also a hazardous waste solely because it exhibits a characteristic of hazardous waste identified in LAC 33:V.4903. Such used oil is subject to regulation under LAC 33:V.Chapter 40;

2. gas recovered from hazardous or solid waste landfills when such gas is burned for energy recovery;

3. hazardous wastes that are exempt from regulation under LAC 33:V.105.D and 4105.B.10-12, and hazardous wastes that are subject to the special requirements for small quantity generators under LAC 33:V.Chapter 39; and

4. coke ovens, if the only hazardous waste burned is EPA Hazardous Waste Number K087, decanter tank tar sludge from coking operations.

D. Owners or operators of smelting, melting, and refining furnaces (including pyrometallurgical devices such as cupolas, sintering machines, roasters, and foundry furnaces, but not including cement kilns, aggregate kilns, or halogen acid furnaces burning hazardous waste) that process hazardous waste solely for metal recovery are conditionally exempt from regulation under this Section, except for LAC 33:V.3003 and 3005.

1. To be exempt from LAC 33:V.3005–3023, an owner or operator of a metal recovery furnace or mercury recovery furnace must comply with the following requirements, except that an owner or operator of a lead or a nickel-chromium recovery furnace or a metal recovery furnace that burns baghouse bags used to capture metallic dusts emitted by steel manufacturing must comply with the requirements of Subsection D.3 of this Section, and owners or operators of lead recovery furnaces that are subject to regulation under the Secondary Lead Smelting NESHAP must comply with the requirements of Subsection H of this Section:

a. provide a one-time written notice to the administrative authority indicating the following:

i. the owner or operator claims exemption under this Paragraph;

ii. the hazardous waste is burned solely for metal recovery consistent with the provisions of Subsection D.2 of this Section;

iii. the hazardous waste contains recoverable levels of metals; and

iv. the owner or operator will comply with the sampling and analysis and recordkeeping requirements of this Paragraph;

b. sample and analyze the hazardous waste and other feedstocks as necessary to comply with the requirements of this Section under procedures specified by "Test Methods for Evaluating Solid Waste, Physical/Chemical Methods," EPA Publication SW-846, as incorporated by reference at LAC 33:V.110, or alternative methods that meet or exceed the SW-846 method performance capabilities. If SW-846 does not prescribe a method for a particular determination, the owner or operator shall use the best available method; and

c. maintain at the facility for at least three years records to document compliance with the provisions of this Paragraph including limits on levels of toxic organic constituents and Btu value of the waste, and levels of recoverable metals in the hazardous waste compared to normal nonhazardous waste feedstocks.

2. A hazardous waste meeting either of the following criteria is not processed solely for metal recovery:

a. the hazardous waste has a total concentration of organic compounds listed in LAC 33:V.4901.G.Table 6 exceeding 500 ppm by weight, as-fired and so is considered to be burned for destruction. The concentration of organic compounds in a waste as-generated may be reduced to the 500 ppm limit by bona fide treatment that removes or destroys organic constituents. Blending for dilution to meet the 500 ppm limit is prohibited and documentation that the waste has not been impermissibly diluted must be retained in the records required by Subsection D.1.c of this Section; or

b. the hazardous waste has a heating value of 5,000 Btu/lb or more as-fired and so is considered to be burned as

fuel. The heating value of a waste as-generated may be reduced to below the 5,000 Btu/lb limit by bona fide treatment that removes or destroys organic constituents. Blending for dilution to meet the 5,000 Btu/lb limit is prohibited and documentation that the waste has not been impermissibly diluted must be retained in the records required by Subsection D.1.c of this Section.

3. To be exempt from LAC 33:V.3005–3023, an owner or operator of a lead or nickel-chromium or mercury recovery furnace, except for owners or operators of lead recovery furnaces subject to regulation under the Secondary Lead Smelting NESHAP, or a metal recovery furnace that burns baghouse bags used to capture metallic dusts emitted by steel manufacturing must provide a one-time written notice to the administrative authority identifying each hazardous waste burned, specifying whether the owner or operator claims an exemption for each waste under Subsection D.1 or D.3 of this Section. The owner or operator must comply with the requirements of Subsection D.1 of this Section for those wastes claimed to be exempt under that section and must comply with the requirements below for those wastes claimed to be exempt under this Section.

a. The hazardous wastes listed in 40 CFR 266, appendices XI, XII, and XIII, as adopted and amended at Appendices K, L, and M of this Chapter, and baghouse bags used to capture metallic dusts emitted by steel manufacturing are exempt from the requirements of Subsection D.1 of this Section, provided that:

i. a waste listed in 40 CFR 266, Appendix IX, as adopted at Appendix I of this Chapter, must contain recoverable levels of lead, a waste listed in 40 CFR 266, Appendix XII, as adopted and amended at Appendix L of this Chapter, must contain recoverable levels of nickel or chromium, a waste listed in 40 CFR 266, Appendix XIII, as adopted and amended at Appendix M of this Chapter, must contain recoverable levels of mercury and contain less than 500 ppm of LAC 33:V.3105.Table 1 organic constituents, and baghouse bags used to capture metallic dusts emitted by steel manufacturing must contain recoverable levels of metal;

ii. the waste does not exhibit the Toxicity Characteristic of LAC 33:V.4903.E for an organic constituent;

iii. the waste is not a hazardous waste listed in LAC 33:V.4901 because it is listed for an organic constituent as identified in LAC 33:V.4901.G.Table 6; and

iv. the owner or operator certifies in the one-time notice that hazardous waste is burned under the provisions of Subsection D.3 of this Section and that sampling and analysis will be conducted or other information will be obtained as necessary to ensure continued compliance with these requirements. Sampling and analysis shall be conducted according to Subsection D.1.b of this Section; records to document compliance with Subsection D.3 of this Section shall be kept for at least three years.

b. the administrative authority may decide on a case-by-case basis that the toxic organic constituents in a material listed in 40 CFR 266, Appendix XI, XII, or XIII, as adopted and amended at Appendices K, L, and M of this Chapter, that contains a total concentration of more than 500 ppm toxic organic compounds listed in LAC 33:V.3105.Table 1 may pose a hazard to human health and

the environment when burned in a metal recovery furnace exempt from the requirements of this Chapter. In that situation, after adequate notice and opportunity for comment, the metal recovery furnace will become subject to the requirements of this Chapter when burning that material. In making the hazard determination, the administrative authority will consider the following factors:

- i. the concentration and toxicity of organic constituents in the material;
- ii. the level of destruction of toxic organic constituents provided by the furnace; and
- iii. whether the acceptable ambient levels established in 40 CFR 266, Appendix IV or V, as adopted and amended at Appendices D and E of this Chapter, may be exceeded for any toxic organic compound that may be emitted based on dispersion modeling to predict the maximum annual average off-site ground level concentration.

E. The standards for direct transfer operations under LAC 33:V.3023 apply only to facilities subject to the permit standards of LAC 33:V.3005 or the interim status standards of LAC 33:V.3007.

F. The management standards for residues under LAC 33:V.3025 apply to any boiler or industrial furnace burning hazardous waste.

G. Owners or operators of smelting, melting, and refining furnaces (including pyrometallurgical devices such as cupolas, sintering machines, roasters, and foundry furnaces, but not including cement kilns, aggregate kilns, or halogen acid furnaces burning hazardous waste) that process hazardous waste for recovery of economically significant amounts of the precious metals gold, silver, platinum, palladium, iridium, osmium, rhodium, or ruthenium or any combination of these are conditionally exempt from regulation under this Section, except for LAC 33:V.3025.

1. To be exempt from LAC 33:V.3005-3023, an owner or operator must:

a. provide a one-time written notice to the administrative authority indicating the following:

- i. the owner or operator claims exemption under this Paragraph;
- ii. the hazardous waste is burned solely for legitimate metal recovery; and
- iii. the owner or operator will comply with the sampling, analysis, and recordkeeping requirements of this Paragraph;

b. sample and analyze the hazardous waste as necessary to document that the waste is burned for recovery of economically significant amounts of precious metal using procedures as described in "Test Methods for Evaluating Solid Waste, Physical/Chemical Methods," EPA Publication SW-846, as incorporated by reference at LAC 33:V.110, or alternative methods that meet or exceed the SW-846 method performance capabilities. If SW-846 does not prescribe a method for a particular determination, the owner or operator shall use the best available method; and

c. maintain at the facility for at least three years records to document that all hazardous wastes burned are for recovery of economically significant amounts of precious metal.

H. Starting June 23, 1997, owners or operators of lead recovery furnaces that process hazardous waste for recovery of lead and that are subject to regulation under the Secondary Lead Smelting NESHAP, are conditionally exempt from regulation under this Chapter, except for LAC 33:V.3003. To be exempt, an owner or operator must provide a one-time notice to the administrative authority identifying each hazardous waste burned and specifying that the owner or operator claims an exemption under this Subsection. The notice also must state that the waste burned has a total concentration of nonmetal compounds listed in LAC 33:V.3105, Table 1 of less than 500 ppm by weight, as fired and as provided in Subsection D.2.a of this Section, or is listed in Appendix K of this Chapter.

§3003. Management Prior to Burning

* * *

[See Prior Text in A - C]

1. Owners and operators of facilities that store or treat hazardous waste that is burned in a boiler or industrial furnace are subject to the applicable provision of LAC 33:V.Chapters 1, 3, 5, 9, 15, 19, 21, 23, 25, 29, 33, 35, 37 and 43, except as provided by LAC 33:V.3003.C.2. These standards apply to storage and treatment by the burner as well as to storage and treatment facilities operated by intermediaries (processors, blenders, distributors, etc.) between the generator and the burner.

[See Prior Text in A - B]

C. Oxygen Correction

1. Measured pollutant levels must be corrected for the amount of oxygen in the stack gas according to the formula:

$$P_c = P_m \times 14 / (E - Y)$$

where:

P_c = corrected concentration of the pollutant in the stack gas

P_m = measured concentration of the pollutant in the stack gas

E = oxygen concentration on a dry basis in the combustion air fed to the device

Y = measured oxygen concentration on a dry basis in the stack.

2. For devices that feed normal combustion air, E will equal 21 percent. For devices that feed oxygen-enriched air for combustion (i.e., air with an oxygen concentration

exceeding 21 percent), the value of E will be the concentration of oxygen in the enriched air.

3. Compliance with all emission standards provided by this Chapter must be based on correcting to seven percent oxygen using this procedure.

D. For the purposes of permit enforcement, compliance with the operating requirements specified in the permit (under LAC 33:V.3005) will be regarded as compliance with this Section. However, evidence that compliance with those permit conditions is insufficient to ensure compliance with the requirements of this Section may be "information"

excluded from the definition of a hazardous waste under LAC 33:V.105.D.2.d, h, and i unless the device and the owner or operator meet the following requirements:

* * *

[See Prior Text in A - B]

1. Comparison of Waste-Derived Residue with Normal Residue. The waste-derived residue must not contain LAC 33:V.4901.G.Table 6 constituents (toxic constituents) that could reasonably be attributable to the hazardous waste at concentrations significantly higher than in residue generated without burning or processing of hazardous waste, using the following procedure. Toxic compounds that could reasonably be attributable to burning or processing the hazardous waste (constituents of concern) include toxic constituents in the hazardous waste, and the organic compounds listed in 40 CFR 266, appendix VIII, as adopted at Appendix H of this Chapter, that may be generated as products of incomplete combustion. Sampling and analyses shall be in conformance with procedures prescribed in "Test Methods for Evaluating Solid Waste, Physical/Chemical Methods," EPA Publication SW-846, as incorporated by reference at LAC 33:V.110. For polychlorinated dibenzo-p-dioxins and polychlorinated dibenzo-furans, analyses must be performed to determine specific congeners and homologues, and the results converted to 2,3,7,8-TCDD equivalent values using the procedure specified in Appendix I of this Chapter.

* * *

[See Prior Text in B.1.a - B.2]

a. Nonmetal Constituents. The concentration of each nonmetal toxic constituent of concern (specified in Subsection B.1 of this Section) in the waste-derived residue must not exceed the health-based level specified in 40 CFR 266, appendix VII, as adopted and amended at Appendix G of this Chapter, or the level of detection (using analytical procedures prescribed in "Test Methods for Evaluating Solid Waste, Physical/Chemical Methods," EPA Publication SW-846, as incorporated by reference at LAC 33:V.110), whichever is higher. If a health-based limit for a constituent of concern is not listed in 40 CFR 266, appendix VII, as adopted and amended at Appendix G of this Chapter, then a limit of 0.002 micrograms per kilogram or the level of detection (using analytical procedures contained in SW-846 or other appropriate methods), whichever is higher, shall be used. The levels specified in 40 CFR 266, appendix VII (and the default level of 0.002 micrograms per kilogram or the level of detection for constituents as identified in 40 CFR 266, appendix VII.Note1, as adopted and amended at Appendix G of this Chapter) are administratively stayed under the condition, for those constituents specified in

justifying modification or revocation and re-issuance of a permit under LAC 33:V.323.

AUTHORITY NOTE: Promulgated in accordance with R.S. 30:2180 et seq.

HISTORICAL NOTE: Promulgated by the Department of Environmental Quality, Office of Solid and Hazardous Waste, Hazardous Waste Division, LR 18:1375 (December 1992), amended LR 22:823 (September 1996), amended by the Office of Environmental Assessment, Environmental Planning Division, LR 27:299 (March 2001).

§3025. Regulation of Residues

A residue derived from the burning or processing of hazardous waste in a boiler or industrial furnace is not Subsection B.1 of this Section, that the owner or operator complies with alternative levels defined as the land disposal restriction limits specified in LAC 33:V.Chapter 22.Table 2 for F039 nonwastewaters. In complying with those alternative levels, if an owner or operator is unable to detect a constituent despite documenting use of best good-faith efforts, as defined by applicable agency guidance or standards, the owner or operator is deemed to be in compliance for that constituent. Until new guidance or standards are developed, the owner or operator may demonstrate such good-faith efforts by achieving a detection limit for the constituent that does not exceed an order of magnitude above the level provided by LAC 33:V.Chapter 22.Table 2 for F039 nonwastewaters. In complying with the LAC 33:V.Chapter 22.Table 2 for F039 nonwastewater levels for polychlorinated dibenzo-p-dioxins and polychlorinated dibenzo-furans, analyses must be performed for total hexachlorodibenzo-p-dioxins, total hexachlorodibenzofurans, total pentachlorodibenzo-p-dioxins, total pentachlorodibenzofurans, total tetrachlorodibenzo-p-dioxins, and total tetrachlorodibenzofurans.

Note: The stay, under the condition that the owner or operator complies with alternative levels defined as the land disposal restriction limits specified in LAC 33:V.Chapter 22.Table 2 for F039 nonwastewaters, remains in effect until further administrative action is taken and notice is published in the *Federal Register* or the *Louisiana Register*; and

Chapter 31. Incinerators

§3105. Applicability

[See Prior Text in A]

B. Integration of the MACT Standards

1. Except as provided by Subsection B.2 of this Section, the standards of this Subsection no longer apply when an owner or operator demonstrates compliance with the maximum achievable control technology (MACT) requirements of 40 CFR part 63, subpart EEE by conducting a comprehensive performance test and submitting to the administrative authority a notification of compliance under 40 CFR 63.1207(j) and 63.1210(d) documenting compliance with the requirements of subpart EEE of 40 CFR 63. Nevertheless, even after this demonstration of compliance with the MACT standards, RCRA permit conditions that were based on the standards of LAC 33:V.901, 905, 907, and Chapters 15 - 21, 23 - 29, and 31-37 will continue to be in effect until they are removed from the permit or the permit is terminated or revoked, unless the permit expressly provides otherwise.

2. The MACT standards do not replace the closure requirements of LAC 33:V.3121 or the applicable requirements of LAC 33:V.901, 905, 907, and Chapters 15, 17 (Subchapters B and C), 33, 35, and 37.

C. The administrative authority, in establishing permit conditions in the application, must exempt the applicant from all requirements of this Chapter except waste analyses (LAC 33:V.3107) and closure (LAC 33:V.3121) if he finds the waste to be burned is:

1. listed as a hazardous waste solely because it is ignitable or corrosive or both as defined in LAC 33:V.4903; or

2. listed as a hazardous waste because it is reactive for characteristics other than:

a. when mixed with water, it generates toxic gases, vapors or fumes in a quantity sufficient to present a danger to human health or the environment;

b. it is a cyanide or sulfide-bearing waste which when exposed to pH conditions between 2 and 12.5 can generate toxic gases, vapors or fumes in a quantity to present a danger to human health or the environment and will not be burned when other hazardous wastes are present in the combustion zone; or

3. it is a hazardous waste solely because it possesses the characteristics of ignitability, corrosivity, or both, as determined by the test for characteristics of hazardous waste under LAC 33:V.Chapter 49; or

4. a hazardous waste solely because it possesses any of the reactivity characteristics as defined below and will not be burned when other hazardous wastes are present in the combustion zone:

a. it reacts violently with water;

b. it forms potentially explosive mixtures with water;

c. it is capable of detonation or explosive reaction if it is subjected to a strong initiating source or if heated under confinement;

d. it is readily capable of detonation or explosive decomposition or reaction at standard temperature and pressure;

e. it is a forbidden explosive as defined in LAC 33:V.Subpart 2, Chapter 101 or a Class A explosive as defined in LAC 33:V.Subpart 2, Chapter 101, or a Class B explosive as defined in LAC 33:V.Subpart 2, Chapter 101; or

f. it is normally unstable and readily undergoes violent change without detonating; and

5. if the waste analysis shows that the waste contains none of the hazardous constituents listed in Table 1 which would reasonably be expected to be in the waste.

D. If the waste to be burned is one which is described in LAC 33:V.3105.B above and contains insignificant concentrations of the hazardous constituents listed in Table 1 then the administrative authority may, in establishing permit conditions, exempt the applicant from all requirements of this Section except waste analyses (LAC 33:V.3107) and closure (LAC 33:V.3121) unless he finds that the waste will pose a threat to human health and the environment when burned in an incinerator.

Chapter 32. Miscellaneous Units

§3203. Environmental Performance Standards

A miscellaneous unit must be located, designed, constructed, operated, maintained, and closed in a manner that will ensure protection of human health and the environment. Permits for miscellaneous units are to contain such terms and provisions as necessary to protect human health and the environment, including, but not limited to, as appropriate, design and operating requirements, detection and monitoring requirements, and requirements for responses to releases of hazardous waste or hazardous constituents from the unit. Permit terms and provisions must include those requirements of LAC 33:V.Chapters 3, 5, 7, 17, 19, 21, 23, 25, 27, 29, 31, 4301.F, H, 4302, 4303 and 4305, all other applicable requirements of LAC 33:V.Subpart 1, and of 40 CFR 63.subpart EEE and 40 CFR 146 that are appropriate for the miscellaneous unit being permitted. Protection of human health and the environment includes, but is not limited to:

§3813. Definitions

* * *

[See Prior Text]

Lamp (also referred to as *universal waste lamp*) is the bulb or tube portion of an electric lighting device. A lamp is specifically designed to produce radiant energy, most often in the ultraviolet, visible, and infra-red regions of the electromagnetic spectrum. Examples of common universal waste electric lamps include, but are not limited to, fluorescent, high intensity discharge, neon, mercury vapor, high pressure sodium, and metal halide lamps.

D. Lamps. A small quantity handler of universal waste must manage lamps in a way that prevents releases of any universal waste or component of a universal waste to the environment, as follows:

1. a small quantity handler of universal waste must contain any lamp in containers or packages that are structurally sound, adequate to prevent breakage, and compatible with the contents of the lamps. Such containers

and packages must remain closed and must lack evidence of leakage, spillage or damage that could cause leakage under reasonably foreseeable conditions; and

2. a small quantity handler of universal waste must immediately clean up and place in a container any lamp that is broken and must place in a container any lamp that shows evidence of breakage, leakage, or damage that could cause the release of mercury or other hazardous constituents to the environment. Containers must be closed, structurally sound, compatible with the contents of the lamps and must lack evidence of leakage, spillage or damage that could cause leakage or releases of mercury or other hazardous constituents to the environment under reasonably foreseeable conditions.

Chapter 43. Interim Status

Subchapter N. Incinerators

§4513. Applicability

[See Prior Text in A]

B Integration of the MACT Standards

1. Except as provided by Subsection B.2 of this Section, the standards of this Chapter no longer apply when an owner or operator demonstrates compliance with the maximum achievable control technology (MACT) requirements of 40 CFR part 63, subpart EEE by conducting a comprehensive performance test and submitting to the administrative authority a notification of compliance under 40 CFR 63.1207(j) and 63.1210(d) documenting compliance with the requirements of subpart EEE of 40 CFR 63.

2. The following requirements continue to apply even where the owner or operator has demonstrated compliance with the MACT requirements of 40 CFR 63, subpart EEE, LAC 33:V.4521(closure), and the applicable requirements of LAC 33:V.4301.A- C, G, I, 4306, and Chapter 43 (Subchapters A – G, R, and V).

C. Owners or operators of incinerators burning hazardous waste are exempt from all of the requirements of

this Section, except LAC 33:V.4521 (Closure), provided that the owner or operator has documented, in writing, that the waste would not reasonably be expected to contain any of the hazardous constituents listed in LAC 33:V.3105. Table 1, and such documentation is retained at the facility, if the waste to be burned is:

1. listed as a hazardous waste in LAC 33:V.4901, solely because it is ignitable (Hazard Code I), corrosive (Hazard Code C), or both; or

2. listed as a hazardous waste in LAC 33:V.4901, solely because it is reactive (Hazard Code R) for characteristics other than those listed in LAC 33:V.4903.D.4 and 5, and will not be burned when other hazardous wastes are present in the combustion zone; or

3. a hazardous waste solely because it possesses the characteristic of ignitability, corrosivity, or both, as determined by the tests for characteristics of hazardous wastes under LAC 33:V.4903; or

4. a hazardous waste solely because it possesses the reactivity characteristics described by LAC 33:V.4903.D.1-3 and 6-8, and will not be burned when other hazardous wastes are present in the combustion zone.

AUTHORITY NOTE: Promulgated in accordance with R.S. 30:2180 et seq.

HISTORICAL NOTE: Promulgated by the Department of Environmental Quality, Office of Solid and Hazardous Waste, Hazardous Waste Division, LR 15:737 (September 1989), amended LR 16:220 (March 1990), LR 18:1375 (December 1992), LR 20:1000 (September 1994), amended by the Office of Environmental Assessment, Environmental Planning Division, LR 27:303 (March 2001).

Conrad State 20 Program (LAC 48:V. Chapter 119)

The Department of Health and Hospitals, Office of Management and Finance, Division of Research and Development is adopting the Louisiana Conrad State 20 Program on the basis of Section 220 of the Immigration and Nationality Technical Corrections Act of 1994 (Public Law 103-416). Participation in this program will assist some communities in improving access to essential health care by the placement of foreign medical graduates in locations with unmet health care needs at present.

Title 48

PUBLIC HEALTHC GENERAL

Part I. General Administration

Subpart 5. Health Planning

Chapter 119. Health Care Manpower

§11915 Introduction

The Louisiana State Department of Health and Hospitals (DHH) is committed to assuring that all Louisiana residents have access to quality, affordable health care. To assist residents in meeting this goal:

1. the Louisiana DHH has given the Office of Primary Care and Rural Health (OPCRH) the responsibility within the state of:

a. recommending and processing J-1 Visa Waiver requests for placement for the United States Information Agency's Conrad State 20 Program;

b. recommending J-1 Visa Waiver requests for placement through the United States Department of Agriculture's (USDA) Office of International Research Service J-1 Visa Waiver Office;

2. the primary purpose of the Louisiana J-1 Visa Waiver Program is to improve access to primary health care in physician shortage areas in Louisiana and secondarily, to limited needed specialty care, by sponsoring physicians holding J-1 Visas;

3. the State of Louisiana recognizes that the J-1 Visa Waiver Programs afford J-1 Visa holders the privilege of waiving their two-year return to the home country requirement in exchange for providing primary or specialty medical care as requested by an eligible employer/medical

facility in designated health professional shortage areas for a period of at least three years;

4. the operation of the Louisiana J-1 Visa Waiver Program through the USDA and the Conrad State 20 Program is designed to be consistent with other health care programs and policies of the State of Louisiana. Policy guidelines will be the same for rural sites seeking support for a J-1 Waiver applicant through the USDA J-1 Visa Waiver Office as for all sites, rural or urban, seeking support through the Conrad State 20 program;

5. the Louisiana J-1 Visa Waiver Program through the Conrad State 20 Program is a separate and distinct program from any other program and is an additional program to the USDA J-1 Waiver Program now operating within the State of Louisiana;

6. the Louisiana State Department of Health and Hospital's participation in the J-1 Visa Waiver Programs are completely discretionary, voluntary, and may be modified or terminated at any time. The submission of a complete waiver package to the LA DHH does not ensure an automatic waiver recommendation. In all instances, the Louisiana DHH reserves the right to recommend or deny any request for a waiver.

AUTHORITY NOTE: Promulgated in accordance with C.F.R. Section 220 of the Immigration and Nationality Technical Corrections Act of 1994 (Public Law 103-416).

HISTORICAL NOTE: Promulgated by the Department of Health and Hospitals, Office of the Secretary, LR 27:308 (March 2001).

§11917. Definitions

A. The following words and terms, when used in this Chapter shall have the following meanings, unless the context clearly indicates otherwise.

Health Professional Shortage Area (HPSA) Section 332 of the Public Health Service Act provides that the Secretary of Health and Human Services shall designate HPSAs based on criteria established by regulation. HPSAs are defined in section 322 to include

- a. urban and rural geographic areas;
- b. population groups; and
- c. facilities with shortages of primary health care and mental health providers.

Metropolitan Statistical Area (MSA) The U.S. Office of Management and Budget (OMB) defines metropolitan statistical areas according to published standards that are applied to U.S. Census Bureau data. MSAs are defined in terms of entire counties and must contain a place with a minimum population of 50,000 and may include outlying counties that have a high degree of economic and social integration with the population center.

Employer/Medical Facility A medical facility eligible to recruit and hire J-1 Visa physicians through the Program must be a facility that meets one of the following criteria:

- a. a public health facility, an ambulatory medical facility, a community health center, a community mental health center; and
- b. a hospital or state mental hospital. The medical facility must be located, as of the date of its application, in a geographical area designated by the United States Department of Health and Human Services as HPSA for primary medical care or mental health, in the case of the recruitment of psychiatrists. The facility must have a written policy in place accepting all patients regardless of their

ability to pay, a sliding fee schedule for patients below 200% of the poverty level, post a notice of sliding fee schedule in the waiting room and accept Medicare and Medicaid assignments. The facility may be asked to document the number of Medicaid patients, the number of uninsured patients, the number of uninsured patients that were eligible for reduced fees under application of the sliding fee scale and the total number of patients for a specific time period.

J-1 Visa Waiver Physician A foreign medical graduate (FMG) who came to the United States to complete a residency training program. The visa requires that the physician return to the home country for two years. The J-1 Visa Waiver eliminates this return home requirement and allows the physician to adjust visa status to H-1B (temporary work permit) and practice in a HPSA location for at least three years. It is important to note that the waiver of the two year return home requirement is not a visa and is only one step in a multi-part process.

AUTHORITY NOTE: Promulgated in accordance with C.F.R. Section 220 of the Immigration and Nationality Technical Corrections Act of 1994 (Public Law 103-416).

HISTORICAL NOTE: Promulgated by the Department of Health and Hospitals, Office of the Secretary, LR 27:309 (March 2001).

§11919. Guidelines

A. The health care site/facility interested in hiring a J-1 Visa Waiver physician must submit the request in writing to the Office of Primary Care and Rural Health for a predetermination of eligibility/availability of a J-1 Waiver allocation prior to or during the recruitment of a physician. This site approval should be obtained before advertising or interviewing for the position.

B. After a decision to hire has been made, the facility/employer should submit to DHH a completed packet to request a recommendation for a waiver or letter of support for the applicant physician. The packet should contain the documents required by current policy. The current policy is available through the DHH Office of Primary Care and Rural Health at (225) 342-4702.

C. All packets to request slots for J-1 Visa Waiver primary care physicians should be received by DHH between July 1 and October 31 of each calendar year for consideration for that federal fiscal year.

AUTHORITY NOTE: Promulgated in accordance with C.F.R. Section 220 of the Immigration and Nationality Technical Corrections Act of 1994 (Public Law 103-416).

HISTORICAL NOTE: Promulgated by the Department of Health and Hospitals, Office of the Secretary, LR 27:309 (March 2001).

§11921. Criteria for DHH Decision

A. DHH will review the site application and determine if a site/facility is eligible to hire a J-1 Visa Waiver physician using the following criteria:

1. priority will be given to individuals who agree to serve in HPSA's with the highest degree of shortage and whose service will have the greatest impact on underserved populations;
2. priority will be given to individuals who will be practicing in facilities participating in the DHH Primary Care Enhancement Plan;
3. priority will be given to individuals who agree to serve for longer periods of time;

4. consideration will be given to the number of other J-1 Waiver physicians and Louisiana State Loan Repayment or National Health Service Corp health care practitioners already practicing in the HPSA in determining the eligibility of the site/facility for a J-1 Waiver physician under either the USDA and Conrad State 20 Programs;

5. priority will be given to foreign medical graduates who have completed their three year residency in a Louisiana residency program; and

6. DHH will review annually the needs for health care providers in the state to determine the distribution of the 20 available positions.

RULE

Department of Health and Hospitals Office of the Secretary Bureau of Community Supports and Services

Home and Community Based Services Waiver Program Children's Choice Provider Requirements and Reimbursement Methodology

The Department of Health and Hospitals, Bureau of Community Supports and Services amended the following Rule under the Medical Assistance Program as authorized by R.S. 46:153 and pursuant to Title XIX of the Social Security Act. This Rule is amended in accordance with the Administrative Procedure Act, R.S. 49:950 et seq.

Rule

The Department of Health and Hospitals, Office of the Secretary, Bureau of Community Supports and Services amended the following provisions governing provider participation in Children's Choice.

General Requirements for Medicaid Enrollment

In order to participate in the Medicaid Program, a provider must meet all of the following requirements.

1. The provider must meet all the requirements for licensure as established by state laws and rules promulgated by the Department of Health and Hospitals (DHH) or the Department of Social Services (DSS).

2. The provider must agree to comply with all the terms and conditions for Medicaid enrollment as contained in the provider enrollment packet; the Medical Assistance Program Integrity Law (MAPIL), R.S. 46:437.1 - 440.3; the provider agreement; the standards for participation contained in the Children's Choice and Case Management Services provider manuals; and all other applicable federal and state laws, regulations and policies.

3. All services must be appropriately documented in the providers' records.

Children's Choice Enrollment Requirements

Both case management and direct services providers must comply with the following requirements in order to *Louisiana Register* Vol. 27, No. 03 March 20, 2001

participate as Children Choice providers. Agencies will not be added to the Freedom of Choice (FOC) list of available providers maintained by BCSS until they have received a Medicaid provider number.

1. Providers shall attend all mandated meetings and training sessions as directed by BCSS as a condition of enrollment and continued participation as waiver providers. For initial enrollment, providers shall attend the pre-application orientation conducted by BCSS prior to receiving a Provider Enrollment Packet.

2. A separate Provider Enrollment Packet must be completed for each site in each DHH Administrative Region where the agency will provide services.

3. Recipient case records and billing records shall be housed at the site in the DHH Administrative Region where the recipient resides.

4. Providers may not refuse to serve any waiver participant that chooses their agency to provide services.

5. Providers shall have available computer equipment and software necessary to participate in prior authorization and data collection as described in the Children's Choice provider manual.

6. Providers shall participate in initial training for prior authorization and data collection. This initial training and any DHH scheduled subsequent training addressing program changes is to be provided at no cost to the agency. Repeat training must be paid for by the requesting agency.

7. Providers shall develop a Quality Improvement Plan which must be submitted for approval within 60 days after the DHH training. Self assessments are due six months after approval of the plan and yearly thereafter.

8. The agency must not have been terminated or actively sanctioned by Medicaid, Medicare or other health related programs in Louisiana or any other state.

9. The agency must not have an outstanding Medicaid Program audit exception or other unresolved financial liability owed to the state.

10. Providers shall be certified for a period of one year. Re-certification must be completed no less than 60 days prior to the expiration of the certification period.

11. Waiver services are to be provided only to persons who are waiver participants, and strictly in accordance with the provisions of the approved comprehensive plan of care.

12. Changes in the following areas are to be reported to both BCSS and the Provider Enrollment Section in writing at least 10 days prior to any change: ownership, physical location, mailing address, telephone number, and account information affecting electronic funds transfer.

13. The provider must complete a new provider enrollment packet when a change in ownership of 5 percent to 50 percent of the controlling interest occurs, but may continue serving recipients. When 51 percent or more of the controlling interest is transferred, a complete re-certification process must occur and the agency shall not continue serving recipients until the re-certification process is complete.

Requirements for Case Management Providers

Case management providers must also comply with the following two requirements in order to participate as Children Choice providers.

1. Providers of case management services for the Children's Choice Program must have a contract with DHH to provide services to waiver participants.

2. Case management agencies must meet all requirements of their contract in addition to the requirements contained in the Children's Choice and Case Management Services provider manuals.

Requirements for Direct Service Providers

Direct service providers must also comply with the following requirements in order to participate as Children's Choice providers.

1. The provider must be licensed as a Personal Care Attendant Agency by the DSS Bureau of Licensing.
2. Direct service providers must provide, at a minimum, family support and crisis support services.
3. The following services may either be provided directly by the direct service provider or by written agreement (subcontract) with other agents. The actual provider of the service, whether it is the direct service provider or a subcontracted agent, shall meet the following licensure or other qualifications.
 - a. Center-based respite must be provided by a facility licensed by DSS Bureau of Licensing as a Center-based Respite Agency.
 - b. Family training must be provided at approved events.
 - c. Diapers must be provided by the enrolled direct service provider.
 - d. Environmental adaptations must be provided by an individual/agency deemed capable to perform the service by the recipient's family and the direct service provider agency. When required by state law, the person performing the service must meet applicable requirements for a professional license. When building code standards are applicable, modifications to the home shall meet such standards.

4. Providers shall maintain a 24-hour toll-free telephone number manned by a person and shall provide a written plan to the recipients, families and case managers that explains how workers can be contacted and the expected response time.

5. Providers shall develop and provide brochures to interested parties that documents the agency's experience, toll-free telephone number, BCSS information, Helpline, and other pertinent information. All brochures are subject to BCSS approval prior to distribution.

6. Agencies must provide services consistent with the personal outcomes identified by the child and his/her family.

7. All personnel who are at a supervisory level must have a minimum of one year verifiable work experience in planning and providing direct services to people with mental retardation or other developmental disabilities.

8. The agency shall document that their employees and the employees of subcontractors do not have a criminal record as defined in 42 CFR 441.404(b) which states: Providers of community supported living arrangements services:

- a. do not use individuals who have been convicted of child abuse, neglect, or mistreatment, or of a felony involving physical harm to an individual; and
- b. take all reasonable steps to determine whether applications for employment by the provider have histories indicating involvement in child or client abuse, neglect, or mistreatment, or a criminal record involving physical harm to an individual.

9. Direct service providers who contract with other agencies to provide waiver services shall maintain copies of such contracts signed by both agencies. Such contracts must state that the subcontractor may not refuse to serve any waiver participant referred to them by the enrolled direct service provider agency.

10. Direct service providers and subcontractors shall maintain written internal policy and procedure manuals that comply with the requirements contained in the Children's Choice provider manual.

11. Enrollment of direct service providers is contingent on the submission of a complete application packet, verified by a site visit conducted by BCSS staff as described in the Children's Choice provider manual.

12. Service delivery shall be documented with progress notes on recipient status, supports provided that address personal outcomes, recipient responses, etc. Progress notes shall be dated and signed in ink. Whiteout is not to be used in making corrections.

Reimbursement Methodology

Case management services shall be reimbursed at a flat monthly rate billed for each waiver participant served in accordance with the conditions and procedures contained in the Case Management Services provider manual.

Direct service providers shall be reimbursed according to the following reimbursement methodology. Actual rates will be published in the Children's Choice provider manual and will be subsequently amended by direct notification to the affected providers. For services provided by a subcontractor agency, the enrolled direct service provider shall reimburse the subcontractor according to the terms of the contract and retain the administrative costs.

1. Family support, crisis support and center-based respite services shall be reimbursed at a flat rate per half-hour unit of service, which covers both service provision and administrative costs.

2. Family training shall be reimbursed at cost plus a set administrative add-on per training session.

3. Environmental modifications shall be reimbursed at cost plus a set administrative add-on per project.

4. Diapers shall be reimbursed at cost plus a set monthly administrative add-on.

Subpart 3. Licensing

Chapter 97. Nursing Homes

Subchapter A. General Provisions

§9704. Alzheimer's Special Care Disclosure

A. Any provider offering a special program for persons with Alzheimer's disease or a related disorder must disclose the form of care or treatment that distinguishes it as being especially applicable to or suitable for such persons. For the purpose of this section, a related disorder means progressive, incurable dementia.

B. Prior to entering into any agreement to provide care, a provider must make the disclosure to:

1. any person seeking services within an Alzheimer's special care program; or

2. any person seeking such services on behalf of a person with Alzheimer's disease or a related disorder within an Alzheimer's special care program. A provider must make the disclosure upon characterizing programs or services as specially suited for persons with Alzheimer's disease or a related disorder. Additionally, a provider must give copies of current disclosure forms to all designees, representatives or sponsors of persons receiving treatment in an Alzheimer's special care program.

C. A provider must furnish the disclosure to the department when applying for a license, renewing an existing license, or changing an existing license. Additional disclosure may be made to the state ombudsman. During the licensure or renewal process, the department will examine all disclosures to verify the accuracy of the information. Failure to provide accurate or timely information constitutes non-compliance with this section and may subject the provider to standard administrative penalties or corrective actions. Distributing an inaccurate or misleading disclosure form constitutes deceptive advertising and may subject a provider to prosecution under LA R.S. 51:1401 et seq. In such instances, the department will refer the matter to the Attorney General's Division of Consumer Protection for investigation and possible prosecution.

D. Within seven working days of a significant change in the information submitted to the department, a provider must furnish an amended disclosure form reflecting the change to the following parties:

1. the department;
2. any clients with Alzheimer's disease or a related disorder currently residing in the nursing home;
3. any designee, representative or sponsor of any such client;
4. any person seeking services in an Alzheimer's special care program; and
5. any person seeking services on behalf of a person with Alzheimer's disease or a related disorder in an Alzheimer's special care program.

E. A provider must use the "Alzheimer's Special Care Disclosure Form" developed by the department. The disclosure form shall contain the following information:

1. a written statement of the overall philosophy and mission of the Alzheimer's special care program which reflects the needs of residents afflicted with dementia;

2. a description of the criteria and process for admission to, transfer, or discharge from the program;

3. a description of the process used to perform an assessment as well as to develop and implement the plan of care, including the responsiveness of the plan of care to changes in condition;

4. a description of staff training and continuing education practices;

5. a description of the physical environment and design features appropriate to support the functioning of cognitively impaired adult residents;

6. a description of the frequency and types of resident activities;

7. a statement of philosophy on the family's involvement in care and a statement on the availability of family support programs;

8. a list of the fees for care and any additional program fees.

Chapter 171. Bureau of Protective Services

§17101. Statement of Policy

A. ...

B. In pursuit of this commitment and in accordance with the provisions of R.S. 14:403.2, the Department of Health and Hospitals names the Bureau of Protective Services as the Protective Services Agency in order to provide protection to persons ages 18-59 with mental, physical, or developmental disabilities that substantially impair the person's ability to provide adequately for his/her own protection.

C. The primary function of the Bureau of Protective Services is to investigate and/or assess reports of abuse, neglect, exploitation, or extortion consistent with the criteria contained in R.S. 14:403.2 to determine if the situation and condition of the subject of the report warrant further action and, if so, to prepare and implement a plan aimed at remedying or improving the situation. Bureau of Protective Services staff will provide protective services to each individual in need of protection until that person's situation

has stabilized, or that person is no longer at risk from the situation described in the report, or that person, having demonstrated the capacity to do so, refuses assistance.

AUTHORITY NOTE: Promulgated in accordance with R.S. 14:403.2

§17103. Goals and Objectives

A. The primary goal of the Bureau of Protective Services is to prevent, remedy, halt, or hinder abuse, neglect, exploitation, or extortion of individuals in need of services as defined in this regulation and consistent with the provisions of R.S. 14:403.2. In order to achieve this goal, the Bureau of Protective Services shall pursue the following objectives:

1. - 2. ...

3. in concert with other community service and health service providers, to arrange and facilitate the process toward developing individual and family capacities to promote safe and caring environments for individuals in need of protection;

4. - 6. ...

AUTHORITY NOTE: Promulgated in accordance with R.S. 14:403.2

HISTORICAL NOTE: Promulgated by the Department of Health and Hospitals, Office of the Secretary, Bureau of Protective Services, LR 20: (April 1994), amended LR 27:313 (March 2001).

§17105. Definitions

A. For the purposes of this chapter, the following definitions shall apply.

Abuse—the infliction of physical or mental injury on an adult by other parties, including but not limited to such means as sexual abuse, abandonment, isolation, exploitation, or extortion of funds or other things of value, to such an extent that his/her health, self-determination, or emotional well-being is endangered. In determining whether an injury is sufficient to endanger the health, self-determination, or emotional well-being of the adult, the following criteria shall apply:

a. - b. ...

c. with respect to isolation, acts of isolation used in a manner where the individual is alone in a room/area from which he/she cannot leave, constitute behavior which has the potential to result in mental injury or unwarranted restriction of the adult's self-determination.

d. ...

Adult—any individual 18 years of age or older or an emancipated minor.

Bureau of Protective Services (BPS) or the Bureau—that agency determined by the Department of Health and Hospitals as the Protective Services Agency, pursuant to the provisions of R.S. 14:403.2, to provide protection to disabled adults as defined herein.

Capacity to Consent—the ability to understand and appreciate the nature and consequences of making decisions regarding one's person, including but not limited to provisions for health or mental health care, food, shelter, clothing, safety, or financial affairs.

Caregiver—any person or persons, either temporarily or permanently responsible for the care of a physically or mentally disabled individual. Caregiver includes but is not limited to adult children, parents, relatives, neighbors, day-

care personnel, adult foster home sponsors, providers of substitute family care, personnel of public and private institutions and facilities, adult congregate living facilities, and nursing homes which have voluntarily assumed the care of an individual, have assumed voluntary residence with an individual, or have assumed voluntary use or tutelage of an individual's assets, funds, or property, and specifically shall include city, parish, or state law enforcement agencies.

Disabled Person—a person with a mental, physical, or developmental disability that substantially impairs the person's ability to provide adequately for his/her own care or protection.

Emancipated Minor—a person under the age of 18 who administers his/her own affairs or who is relieved of the incapacities which normally attach to minority. Minors can be emancipated by notarial act, marriage, or judicial pronouncement.

Exploitation—the illegal or improper use or management of a disabled adult's funds, assets, or property, or the use of a disabled adult's power of attorney or guardianship for one's own profit or advantage.

Extortion—the acquisition of a thing of value from an unwilling or reluctant adult by physical force, intimidation, abuse, neglect, or official authority.

Neglect—the failure by the caregiver responsible for an adult's care or by other parties, to provide the proper or necessary support or medical, surgical, or any other care necessary for his well-being. No adult who is being provided treatment in accordance with a recognized religious method of healing in lieu of medical treatment shall, for that reason alone, be considered to be neglected or abused.

Individual or Individual In Need of Protection—any person ages 18 through 59 years of age or an emancipated minor, who because of mental, physical, or developmental disability, is substantially impaired in his/her ability to provide adequately for his/her own care or protection and is found, upon investigation or assessment to have suffered harm or to be at substantial risk of suffering harm from abuse, neglect, exploitation, or extortion.

Protective Services—those activities developed to assist individuals in need of protection. Protective services include but are not limited to: receiving and screening information on allegations of abuse, neglect, exploitation or extortion; conducting investigations and/or assessments of those allegations to determine if the situation and condition of the alleged victim warrants corrective or other action, preparing a plan using available community resources aimed at remedying or reducing the risk from abuse, neglect, exploitation or extortion, providing case management, as needed, to assure stabilization of the situation, and arranging of or making referrals for needed services and/or legal assistance to initiate any necessary remedial action.

Regional Coordinating Council—a regionally constituted committee composed of representatives of both public and private agencies which provide services to individuals in need of protection. These Regional Coordinating Councils are designed to maximize resources available to individuals in need of protection particular to that region by effecting a regionally individualized plan for the allocation or reallocation of available resources, expansion of programs, or redirection of current resource allocation.

Self-Neglect—the failure, either by the individual's action or inaction, to provide the proper or necessary support or medical/surgical or other care necessary for his/her well-being. No individual who is provided treatment in accordance with a recognized religious method of healing in lieu of medical treatment shall, for that reason alone, be considered to be self-neglected.

§17109. Eligibility for Services

A. The protection of this rule extends to all disabled persons 18-59 years of age or emancipated minors living in the community, either independently or with the help of others, in any situation that is not licensed by a governmental regulatory agency, and who are alleged to be abused, neglected, exploited, or extorted.

B. ...

HISTORICAL NOTE: Promulgated by the Department of health and Hospitals, Office of the Secretary, Bureau of Protective Services, LR 20: (April 1994), amended LR 27:314 (March 2001).

§17111. Reporting

A. ...

B. Intake. Incident reports received by the Bureau shall be screened to determine eligibility, and shall be assigned a Priority status for investigation as described in Section 17121 of this Chapter. When reports are not accepted by the Bureau, the reporter shall be advised why his/her report was rejected for investigation. Such reports will be referred to other social, medical, and law enforcement agencies, as deemed appropriate.

1. - 2. ...

C. Investigation. Reports accepted by the Bureau of Protective Services for investigation shall be prioritized according to Section 17121 of this rule. The subsequent investigation and assessment shall determine if the situation and condition of the adult requires further action and shall include determining the nature, extent, and cause of the abuse, neglect, exploitation, extortion, identifying the person or persons responsible for abuse, neglect, exploitation, or extortion, if known; if possible, interviewing the individual and visiting the individuals home or the location where the incident occurred. The investigation or assessment shall also include consultation with others having knowledge of the facts of the case. A report of the investigation shall be prepared, which contains an assessment of the individuals present condition/status.

D. - F. ...

G Right to Refuse Services. Protective Services may not be provided in cases of self-neglect to any individual who does not consent to such services or who, having consented, withdraws such consent. Nothing herein shall prohibit the Bureau of Protective Services, the district attorney, the coroner, or the judge from petitioning for interdiction pursuant to Civil Code, Articles 389-426 or petitioning for an order for protective custody or for judicial commitment pursuant to R.S. 28:50 et seq., seeking an order for emergency protective services pursuant to Subsection N of R.S. 14:403.2, or prohibit the district attorney from seeking

an order for involuntary protective services pursuant to Subparagraph F(1)(e) of R.S.14:403.2.

AUTHORITY NOTE: Promulgated in accordance with R.S. 14:403.2

HISTORICAL NOTE: Promulgated by the Department of Health and Hospitals, Office of the Secretary, Bureau of Protective Services, LR 20: (April 1994), amended LR 27:314 (March 2001).

§17113. Confidentiality

A. Information contained in the case records of the Bureau of Protective Services shall not be released without a written authorization from the involved individual or his/her legally authorized representative, except that the information may be released to law enforcement agencies pursuing enforcement of criminal statutes related to the abuse of the adult or the filing of false reports of abuse or neglect, or to social service agencies, licensed health care providers, and appropriate local or state agencies where indicated for the purpose of coordinating the provision of services or treatment necessary to reduce the risk to the adult from abuse, neglect, exploitation, or extortion.

B. The identity of any person who in good faith makes a report of abuse, neglect, exploitation, or extortion shall be confidential and shall not be released without the written authorization of the person making the report, except that the information may be released to law enforcement agencies pursuing enforcement of criminal statutes related to the abuse of the adult or to the filing of false reports of abuse or neglect.

C. Prior to releasing any information, except information released to law enforcement agencies as provided herein, the adult protection agency shall edit the released information to protect the confidentiality of the reporters identity and to protect any other individual whose safety or welfare may be endangered by disclosure.

RULE

Department of Labor Office of Workers' Compensation

Medical Reimbursement Schedule (LAC 40:I.5157)

In accordance with the provisions of R.S. 49:950, et seq., of the Louisiana Administrative Procedures Act, and under the authority of R.S. 23:1034.2 and 1291 (5), of Act 938 of the Regular Legislative Session, the Office of Workers'

Compensation has amended and updated the Current Procedural Terminology (CPT) codes for 2000. These updates allow healthcare providers to bill for medical services provided to workers suffering a job-related illness or disease.

The five-digit numeric codes and descriptions included in the Medical Reimbursement Schedule are obtained from the Physicians' Current Procedural Terminology, copyright 1999 by the American Medical Association (CPT). CPT is a listing of descriptive terms and numeric identifying codes and modifiers for reporting medical services and procedures performed by physicians and other health care providers.

This publication includes only CPT numeric identifying codes and modifiers for reporting medical services and procedures that were selected by the Louisiana Department of Labor, Office of Workers' Compensation. Any use of CPT outside the fee schedule should refer to the Physicians' Current Procedural Terminology, copyright 1999 American Medical Association and any update thereto. These CPT publications contain the complete and most current listing of CPT descriptive terms and numeric identifying codes and modifiers for reporting medical services and procedures.

No fee schedules, basic unit values, relative value guides, conversion factors or scales are included in any part of the Physicians' Current Procedural Terminology, copyright 1999, by the American Medical Association. All rights reserved.

RULE

Department of Public Safety and Corrections Corrections Services

Crime Victims Services Bureau
(LAC 22:I.Chapter 23)

In accordance with the Administrative Procedures Act, R.S. 49:950, et seq., the Department of Public Safety and Corrections, Corrections Services amended rules and regulations with regard to the operation of the Crime Victim Services Bureau.

Title 22 CORRECTIONS, CRIMINAL JUSTICE AND LAW ENFORCEMENT

Part I. Corrections

Chapter 23. Crime Victims Services Bureau

§2301. Purpose

A. To establish the primary functions of the Crime Victims Services Bureau (Program Summary attached) and the Department's broad response to victims, witnesses, and others directly injured by the criminal acts of persons under the state's authority.

AUTHORITY NOTE: Secretary of the Department of Public Safety and Corrections as contained in Chapter 9, Title 36.

HISTORICAL NOTE: Promulgated by the Department of Public Safety and Corrections, Corrections Services, LR 27:409 (March 2001).

§2303. Applicability

A. Deputy Secretary, Undersecretary, Assistant Secretaries, Director/Division of Probation and Parole, Director/Division of Youth Services, Board of Parole, Board of Pardons, and all Wardens.

AUTHORITY NOTE: Secretary of the Department of Public Safety and Corrections as contained in Chapter 9, Title 36.

HISTORICAL NOTE: Promulgated by the Department of Public Safety and Corrections, Corrections Services, LR 27:409 (March 2001).

§2305. Definitions

Designated Family Member—a family member or legal guardian of a minor victim, a homicide victim, or a person who is disabled—such designation usually made by local authorities.

Inmate—in this context, anyone committed to the custody of the Department whether as an adult or a juvenile.

Victim—a person against whom a felony offense or a felony-grade delinquent offense has been committed.

Victim's Family—spouse, parent, child, stepchild, sibling, or legal representative of the victim, except when the person is in custody for an offense or is the defendant.

Victim Notice and Registration Form—a form promulgated by the Louisiana Commission on Law Enforcement (LCLE) and provided by a judicial or law enforcement agency, or a form available from the Department, on which a person may indicate a request to be afforded the rights prescribed in law and/or policy for victims, witnesses, and other designated

persons. In the context of this regulation, the term also includes letters requesting notification about an inmate's movement through the system and can include victim requests identified in presentence, preparole, or other investigative reports prepared by the Division of Probation and Parole.

Witness—a person who has relevant information about a crime that was committed and who, consequently, could be or has been called as a witness for the prosecution.

AUTHORITY NOTE: Secretary of the Department of Public Safety and Corrections as contained in Chapter 9, Title 36.

HISTORICAL NOTE: Promulgated by the Department of Public Safety and Corrections, Corrections Services, LR 27:409 (March 2001).

§2307. Policy

A. The Crime Victims Services Bureau was created in the Office of the Secretary to facilitate access to information regarding victims' rights and responsibilities as participants in the criminal justice system. It is the Secretary's policy to ensure compliance with applicable laws concerning the rights of victims and witnesses, to facilitate access to information and appropriate assistance through the operations of the Crime Victims Services Bureau, and to encourage programming throughout the agency to enhance awareness of victim issues among staff and inmates.

AUTHORITY NOTE: Secretary of the Department of Public Safety and Corrections as contained in Chapter 9, Title 36.

HISTORICAL NOTE: Promulgated by the Department of Public Safety and Corrections, Corrections Services, LR 27:410 (March 2001).

§2309. General Procedures

A. The Department will maintain a toll-free telephone line as part of the Crime Victims Services Bureau to facilitate access to registration and information. The bureau will help persons register for notification and will answer questions about the Department's policies and programs and related laws. Referrals will be made, as appropriate, to other units within the agency, the Board of Parole, the Board of Pardons, the prosecuting district attorney, and/or other crime victim programs and agencies. Notifications will be handled by the field units.

B. When a victim notice and registration form is received in any unit of the Department, staff will respond timely and in a manner consistent with the requirements of the Crime Victims Services Bureau and department regulations governing release of information and victims' and witnesses' rights. However, the filing of a victim notice and registration form by an incarcerated adult or a juvenile in secure care shall not enable that individual to receive information about another individual incarcerated or in secure care under the Department's authority.

C. As provided by law, a victim or a designated family member must use the victim notice and registration form promulgated by LCLE to indicate their wish to review and comment on information in the postsentence report relating to the crime against the victim. The Division of Probation and Parole will oversee access to this information.

D. Additional assistance is available to employees who are victimized while on duty or on personal time, as described in Department Regulation A-02-024 "Critical Incident Stress Debriefing."

E. Persons receiving unsolicited communications by telephone or mail from inmates in state custody may contact

the Crime Victims Services Bureau for assistance in having the contacts stopped. The bureau will work with the appropriate Warden to see that reasonable and necessary steps are taken to address the situation. This may involve disciplinary action, including loss of good time.

AUTHORITY NOTE: Secretary of the Department of Public Safety and Corrections as contained in Chapter 9, Title 36.

HISTORICAL NOTE: Promulgated by the Department of Public Safety and Corrections, Corrections Services, LR 27:410 (March 2001).

§2311. Confidentiality

A. Both the information contained in a victim notice and registration form and the fact that a notification request has been made are confidential. Any questions from outside the Department about whether particular persons have requested notification or whether there has been a notification request for particular inmates should be referred to the Crime Victims Services Bureau.

AUTHORITY NOTE: Secretary of the Department of Public Safety and Corrections as contained in Chapter 9, Title 36.

HISTORICAL NOTE: Promulgated by the Department of Public Safety and Corrections, Corrections Services, LR 27:410 (March 2001).

§2313. Restitution

A. When restitution is required as a condition of probation, parole, or work release, such cash or service shall be monitored and/or collected by the Division of Probation and Parole or the Division of Youth Services, as appropriate.

AUTHORITY NOTE: Secretary of the Department of Public Safety and Corrections as contained in Chapter 9, Title 36.

HISTORICAL NOTE: Promulgated by the Department of Public Safety and Corrections, Corrections Services, LR 27:410 (March 2001).

§2315. Parole and Pardon Hearings and Related Matters

A. The Board of Parole and the Board of Pardons will comply with all laws regarding written notification prior to scheduled hearings, including the requirement that notice be given to persons who file a victim notice and registration form and to the appropriate district attorney. Notifications regarding pending hearings shall be made through action of the Division of Probation and Parole or directly, as appropriate.

B. When a hearing is scheduled by either board, the victim or victim's family shall be allowed to make written and oral statements concerning the impact of the crime and to rebut statements or evidence introduced by the inmate. The victim or victim's family, a representative of a victim advocacy group, and the district attorney or his representative may appear before the boards in person or by telephone from the district attorney's office.

C. As required by law, the Pardon Board will notify the Crime Victims Services Bureau before hearing an applicant.

D. Wherever Parole Board or Pardon Board hearings are held, all reasonable steps will be taken to see that victims and their family members and inmates and their family members do not have direct contact before or after the hearing. This practice should, where possible, begin at the entrance to the hearing site and include provision of a separate waiting area and access to separate restroom facilities.

E. Hearing sites are encouraged to provide victim access to a staff person who can explain the hearing process and answer other questions.

NOTE: Parole Board and Pardon Board procedures provide detailed information about each board's policies and practices.

AUTHORITY NOTE: Secretary of the Department of Public Safety and Corrections as contained in Chapter 9, Title 36.

HISTORICAL NOTE: Promulgated by the Department of Public Safety and Corrections, Corrections Services, LR 27:410 (March 2001).

§2317. Notifications Regarding Adult Inmates

A. When victim notice and registration form is received at an institution, it shall become part of the inmate's permanent record, and the Notes section of the stamp format shall be marked to indicate the existence of a notification request.

B. The Crime Victim Services Bureau will acknowledge receipt of each victim notice and registration form with a letter that includes the possible release dates of the inmate named on the form. If release dates have not been calculated at the time a form is received, the bureau will acknowledge the form, and the unit that calculates release dates will send them to the victim.

C.1. When the Department receives a victim notice and registration form for an inmate sentenced on or after August 15, 1997, the Department is required to provide the inmate's projected release dates to the victim and the sentencing court within 90 days from the inmate's commitment date.

2. If the dates are available when the bureau receives the form, the bureau will send the information to the victim and the sentencing court. Otherwise, staff who calculate release dates and maintain the inmate's file are responsible for providing the required information to the victim and the court.

3. If a mistaken calculation is discovered after projected release dates have been sent to a victim, corrected release dates should be sent by the unit that makes the correction. This provision does not include changes to an inmate's diminution of sentence date resulting from earning or losing good time credits. However, if educational good time is credited after letters have been sent to inform registered victims of an inmate's imminent release, a second letter should be sent to inform them of the new, closer release date. The second letter need not be certified.

D. In the event an inmate named on a victim notice and registration form makes a court appearance that subsequently affects sentence length or is approved for furlough, transferred to work release, or released from prison, persons who have filed a victim notice and registration form shall be notified by certified mail. Release from prison includes parole, diminution of sentence to parole supervision, diminution of sentence, full term, court ordered release (including release on appeal bond and release to another jurisdiction), and death while incarcerated.

1. Notice of transfer to work release should be mailed on the day of the inmate's transfer.

2. Notice of furlough and scheduled release from prison should be mailed prior to that event.

E.1. R.S. 15:574.4(B) requires the Department to notify the victim or the victim's family about the release of any inmate who is required to serve at least 85 percent of his sentence for a crime of violence committed on or after January 1, 1997. (The victim does not have to make this request or provide an address.)

2. If there is not a registered victim or sufficient information in the file to locate the victim, the probation and

parole district of the parish where the crime occurred will be contacted and asked to provide the name and address of the victim or of a family member, if the victim is a minor or deceased. The process of identifying victims should begin ninety days prior to the inmate's projected release on diminution of sentence as if on parole supervision whenever possible.

F. In the event that an inmate named on a victim notice and registration form escapes from institutional custody, the persons who filed the forms shall be notified immediately at the most current address or phone number on file by the most reasonable and expedient means possible. When the inmate is recaptured, written notice shall be sent within 48 hours of regaining custody. (Notifications required by Department Regulation No. C-02-001 "Reporting and Documenting Escapes" also apply.)

G Responsibility for notifications included in Subsections D.-F. above shall be as follows:

1. The Warden of the institution where the inmate is assigned.

2. The Warden of Elayn Hunt Correctional Center if the inmate is assigned to the State Police Barracks, a local detention facility (including their work release programs, a correctional institution in another jurisdiction, or a contract community rehabilitation center (CRC).

3. The Probation and Parole Director when an inmate is assigned to a non-contract bed in the Orleans Parish Prison work release program or in the Lafayette Community Corrections Center or City of Faith.

EXCEPTION: The Probation and Parole Director shall provide notice when any inmate is granted a furlough from Orleans Parish Prison Work Release, Rapides Parish Sheriff's Work Release, West Baton Rouge Parish Sheriff's Work Release, Lafayette Parish Sheriff's Work Release, St. Tammany Parish Sheriff's Work Release, CINQ-Lake Charles, and City of Faity.

H. In the event that an inmate is recommended for a regular or a medical furlough, medical parole, or work release, the Warden shall determine whether there is a victim notice and registration form on file and shall so note when submitting a recommendation to the Secretary for review. The Warden should indicate the city or town of residence of any registered victim.

I. If an inmate named in a victim notice and registration form was sentenced for a sex offense, the provisions of Department Regulation No. B-08-009 "Sex Offender Notification and Registration Requirements" also apply.

AUTHORITY NOTE: Secretary of the Department of Public Safety and Corrections as contained in Chapter 9, Title 36.

HISTORICAL NOTE: Promulgated by the Department of Public Safety and Corrections, Corrections Services, LR 27:411 (March 2001).

§2319. CAJUN II Procedures C Adult Inmates

A. Any addition of or modification to a victim record in CAJUN where a victim notice and registration form exists must be supported by written documentation filed with the Crime Victims Services Bureau and included in the inmate's institutional record or, if the inmate is under supervision when a new form or a revision is received, in the inmate's master record in the supervising district.

B. The unit or office that receives an initial victim notice and registration form or a revision shall be responsible for entering the victim information in CAJUN and for sending a copy of the form to the Crime Victims Services Bureau.

Forms received first by the Crime Victims Services Bureau or directed there from the Parole Board will be entered by the bureau and copied to the appropriate units.

C. Any victim notice and registration form, promulgated by LCLE and received by the bureau, will also be copied by the bureau to the probation and parole district serving the court in which the inmate was sentenced.

D. If a person who has previously filed a victim notice and registration form withdraws his request, he must do so in writing, after which his individual victim record in CAJUN will be modified so that CAJUN will not generate notification letters.

E. When there is a victim notice and registration form on record, the following applies.

1. The request will remain active until expiration of sentence.

2. If an inmate is released before FTD and subsequently returned to institutional custody, the victim will not be notified of the return but will be notified of subsequent changes as provided in Section 11. of this regulation.

NOTE: A blank instead of a "Y" in the CVNR field means that a victim's name and contact information have not been entered in CAJUN.

AUTHORITY NOTE: Secretary of the Department of Public Safety and Corrections as contained in Chapter 9, Title 36.

HISTORICAL NOTE: Promulgated by the Department of Public Safety and Corrections, Corrections Services, LR 27:411 (March 2001).

§2321. Rights of Victim's Family When an Inmate's Sentence is Death

A. At least ten days prior to an execution, the Secretary shall give written notice or verbal notice (followed by written notice placed in the United States mail within five days thereafter) of the time, date and place of the execution to the victim's parents or guardian, spouse, and any adult children who have indicated they desire notice. A minimum of two representatives of the victim's family shall have the right to be present.

B. A complete explanation of victims' rights and the Department's responsibilities in instances where an inmate has been sentenced to death appears in Department Regulation No.C-03-001 "Death Penalty."

AUTHORITY NOTE: Secretary of the Department of Public Safety and Corrections as contained in Chapter 9, Title 36.

HISTORICAL NOTE: Promulgated by the Department of Public Safety and Corrections, Corrections Services, LR 27:412 (March 2001).

§2323. Processing of Requests for Notification Regarding Juveniles

A. General

1. Victim notification laws apply only when a juvenile is in secure care.

2. A request for notice involving an inmate adjudicated as a juvenile must be filed using a victim notice and registration form promulgated by LCLE, in compliance with La. Ch. C. Art. 811.1 and La. R.S. 46:1842(8) and 1844(N)(2).

B. When the Crime Victims Services Bureau receives a victim notice and registration form regarding a juvenile, the bureau will retain a copy and forward the original to the Office of Youth Development (OYD). OYD will verify the offender information in the juvenile database tracking system (JIRMS), enter the victim request in JIRMS, and

forward the request to the juvenile institution where the inmate is housed.

C. When an institution receives a victim request involving a juvenile, staff will file it in the inmate's case file and track the case according to regulation and policy.

AUTHORITY NOTE: Secretary of the Department of Public Safety and Corrections as contained in Chapter 9, Title 36.

HISTORICAL NOTE: Promulgated by the Department of Public Safety and Corrections, Corrections Services, LR 27:412 (March 2001).

§2325. Notifications Concerning Juvenile Inmates in Secure Care

A. In the event of an escape, the assigned institution shall notify the registered victim immediately by the most reasonable and expedient means possible.

B. In the event of early release or discharge, the assigned institution shall notify the registered victim by certified mail.

C. The Warden of the institution where the inmate is assigned is responsible for required notifications.

AUTHORITY NOTE: Secretary of the Department of Public Safety and Corrections as contained in Chapter 9, Title 36.

HISTORICAL NOTE: Promulgated by the Department of Public Safety and Corrections, Corrections Services, LR 27:412 (March 2001).

Program Summary

The Crime Victims Services Bureau (CVSB) is a public service of the Department of Public Safety and Corrections, Corrections Services. It was established to offer victims and their families a central place to contact through which they can register for victim notice, ask questions about the correctional system and particular inmates in the system, and learn more about their rights and responsibilities as participants in the criminal justice system.

The CVSB provides information about the following: notification options available to victims and witnesses after an inmate has been sentenced to state custody; participation in the parole and pardon processes; location, release dates, and other facts allowed by law regarding specific inmates. The Bureau answers questions about the Department's policies and programs and the laws that govern them and makes referrals to other agencies and crime victims programs as appropriate. The bureau will assist persons who wish to stop unsolicited communications from inmates.

Where not prohibited by law, the Department will respond to notification requests made by letter and telephone or submitted on its own or on other jurisdictions' victim notice forms.

Due to confidentiality laws protecting juvenile records, the Department will notify a victim directly when a juvenile offender named on a crime victim notice form is discharged from institutional custody. The Department does not, however, have the authority to provide direct notice of a juvenile offender's escape, reassignment, or furlough; therefore, the Department will notify the prosecuting district attorney instead. Victims (or their families) should notify the district attorney of their wish to be notified of these matters.

The following are examples of issues within the scope of the Crime Victims Services Bureau:

1. Notification about an adult inmate's successful court appeal, furlough, release from custody, escape and/or recapture.

2. Information about parole and pardon eligibility and hearing processes.
3. Inquiries about the Crime Victims Reparations Fund and restitution, required as a condition of probation, parole, or work release.
4. Diminution of sentence ("good time") issues and their affect on sentence length.
5. Sex offender reporting and related requirements.
6. Requests from persons who wish to halt unsolicited communications from inmates in state custody.

The bureau maintains a toll-free telephone number: 888-342-6110. Using that number or, in the Baton Rouge calling area, 342-1056, callers can speak with someone about their concerns or make an appointment to come to the agency. The office is open during regular business hours, and voice mail enables callers to leave messages at any time.

As an individual affected by the criminal acts of another person, you have a right to participate in the criminal justice system. If the individual who committed the crime has been sentenced to state custody and you want information about his status or the Department's policies and programs or your rights and responsibilities, you may contact the Crime Victims Services Bureau.

If you would like to be notified in case (1) an adult inmate who committed the crime that involved you makes a successful court appeal, is furloughed, is released to the community, escapes, or is scheduled for a parole or pardon hearing or (2) a juvenile offender who committed the crime makes a successful court appeal or is discharged, paroled, or released, complete this form and mail it to the address below. (Please notify the Department of subsequent changes in address and telephone numbers.)

RULE

Department of Public Safety and Corrections Corrections Services

Disciplinary Rules and Procedures for Adult Inmates (LAC 22:I.341-365)

In accordance with the Administrative Procedure Act, R.S. 49:950, et seq., and in order to comply with the Louisiana Supreme Court Ruling in *Tony Giles v. Cain*, 1999-2328 (La. 6/2/00), 762 So.2d 1116, rehearing denied 1999-2328 (La. 8/31/00), 766 So.2d 1269, the Department of Public Safety and Corrections, Corrections Services, repeals in their

entirety LAC 22:I.341-365 and adopts new rules and regulations, all relative to the manual of Disciplinary Rules and Procedures of Adult Inmates.

Title 22

CORRECTIONS, CRIMINAL JUSTICE AND LAW ENFORCEMENT

Part I. Corrections

Subchapter B. Disciplinary Rules and Procedures for Adult Inmates

§341. Preface

A. This book of disciplinary rules and procedures constitutes clear and proper notice of same for each adult inmate sentenced to the Department of Public Safety and Corrections.

B. This book rescinds and supersedes the "Disciplinary Rules and Procedures for Adult Inmates" dated February 15, 1993 (as amended) and appeal decisions rendered pursuant to those rules and procedures.

AUTHORITY NOTE: Promulgated in accordance with R.S. 15:823, *Wolff v. McDonnell*, 94 S.Ct. 2963 (1974), *Ralph v. Dees*, C.A. 71-94, USDC (Md. La.) and *Sandin v. Conner*, 115 S.Ct. 2293 (1995).

HISTORICAL NOTE: Promulgated by the Department of Corrections, Office of Adult Services, LR 27:412 (March 2001).

§343. Forward

A. The "Disciplinary Rules and Procedures for Adult Inmates" are established to help provide structure and organization for the prisons, and a framework within which the inmate population can expect the disciplinary system to function. They must be followed at all adult and contract facilities.

B. These rules, regulations, and procedures may only be changed by the Secretary of the Department of Public Safety and Corrections.

C. An inmate is only entitled to a due process hearing or other application of these procedures when loss of good time is involved. Otherwise, utilization of these procedures does not constitute the granting of any enforceable right or privilege to any inmate.

D. There are certain classification or other actions which may be taken that effect an inmate's custody status, job classification, housing assignment, institutional assignment and/or ability to participate in institutional programs or activities for which an inmate may expect routine change during the course of his incarceration. Such changes may result from classification decision making activity to promote institutional security or other legitimate institutional goals, or the imposition of other disciplinary penalties. Such changes may not be disciplinary penalties in and of themselves. In addition, any similar changes which result from the action of other Department Regulations and institutional policies are not considered penalties in the context of the disciplinary process.

E. In the event of a genuine emergency, such as a serious disturbance disrupting normal operations or a natural disaster, the Secretary or his designee may suspend any and all disciplinary rules and procedures for the duration of the emergency. Full hearings must be held within a reasonable time after the end of the emergency for those inmates who were subject to loss of good time.

AUTHORITY NOTE: Promulgated in accordance with R.S. 15:823, *Wolff v. McDonnell*, 94 S.Ct. 2963 (1974), *Ralph v. Dees*, C.A. 71-94, USDC (Md. La.) and *Sandin v. Conner*, 115 S.Ct. 2293 (1995).

§345. Definitions

Administrative Segregation Ca temporary holding area, preferably a cell, where inmates are held whose continued presence in the general population poses a threat to life, property, self, staff, other inmates, the security or orderly running of the institution, or who are the subject of an investigation. In addition, inmates who are pending transfer to another institution or pending assignment or re-assignment within an institution may be held in *Administrative Segregation*. (Refer to section on "Disciplinary Procedures CAdministrative Segregation Guidelines.")

Appeal Ca request by an inmate for review of a disciplinary decision. (Refer to section on "Appeals.")

Attempt Cwhen an inmate has an intent to violate these disciplinary rules, whether or not he actually does something toward violating the rule.

Classification Ca process for determining the needs and requirements of those for whom confinement has been ordered and for assigning them to housing units, work assignments, and programs according to their needs and existing resources. Classification Board actions, even if resulting from an incident handled in the disciplinary process, are not disciplinary sanctions.

Confidential Informant Cperson whose identity is not revealed to the accused inmate but who provides an employee(s) with information concerning misbehavior or planned misbehavior.

Conspiracy Ctwo or more persons working in combination for the specific purpose of violating any disciplinary rule.

Counsel and Counsel Substitutes CCounsel is an Attorney at Law of the inmate's choice who must be retained by the inmate. Counsel Substitutes are persons not admitted to the practice of law, but inmates who aid and assist, without cost, an accused inmate in the preparation and presentation of his defense and/or appeal. Counsel Substitutes are only those inmates appointed by the Warden, or his designee. (Refer to section on "Disciplinary Procedures CCounsel Substitutes.")

Custody Cthe type of housing and the level of supervision required for an inmate. Custody assignments will reflect public safety as the first priority, staff and inmate safety within the institution as the second priority, and then institutional or inmate need.

Disciplinary Detention/Extended Lockdown Cmaximum security area for confining inmates. (Refer to section on "Disciplinary Procedures CDisciplinary Detention/Extended Lockdown.")

Disciplinary Detention/Isolation Ca punitive holding area where inmates are temporarily confined in a restricted situation after being so sentenced by the Disciplinary Board. (Refer to section on "Disciplinary Procedures CDisciplinary Detention/ Isolation.")

Disciplinary Report Ca report on the approved form filed by an employee who has reason to believe that an inmate(s) has violated one or more disciplinary rules. Disciplinary reports may be heard by the Disciplinary Officer or the Disciplinary Board.

Hearings Ca fair and impartial review conducted by the Disciplinary Officer or the Disciplinary Board.

Investigation Report Ca report submitted for disposition to the Disciplinary Board detailing the facts uncovered in an investigation.

Maximum Custody Cassignment of an inmate to a cell based upon the need to protect the inmate, other inmates, the public, staff, or the institution. This includes Administrative Segregation, Disciplinary Detention/Extended Lockdown and Working Cellblocks and may include Protective Custody/Extended Lockdown. Movements inside the secure perimeter of a facility by maximum custody inmates are closely monitored by staff and may include the utilization of restraints in accordance with institutional policy. Movement outside of a secure perimeter is accomplished only under armed supervision or when appropriately restrained or otherwise secured.

Medium Custody Cgenerally, assignment of an inmate to a dormitory housing area. Movement outside of a secure

perimeter is accomplished only under armed supervision or when appropriately restrained or otherwise secured. Institutional procedure governs internal movement controls.

Minimum Custody Generally, assignment of an inmate to a dormitory housing area. Movement outside of a secure perimeter is usually authorized without armed supervision or restraint. Institutional procedure governs the level of staff supervision when outside the secure perimeter, as well as internal movement controls.

Posted Policy As used herein, applies to policy memorandums detailing what behavior is required or forbidden of inmates and generally reflects the individual needs of the facility--such as, but not limited to, count procedure, off-limits areas and ID Card policy. Posted Policies must be distributed and posted in such a manner that inmates are placed on notice as to what behavior is required or forbidden, and the actions that may be taken should the policy be violated. (See Department Regulation No. C-01-006 "Institutional Policies/Procedures and Inmate Posted Policies.")

Protective Custody/Extended Lockdown A classification utilized when an inmate has a verifiable need for protection. (Refer to section on *Disciplinary Procedures* **Protective Custody/Extended Lockdown**.)

Sanction A disciplinary penalty.

Security The physical construction characteristics of the facility in terms of perimeter security, building construction type, and internal movement controls.

Segregation Generic term used to encompass Administrative Segregation, Protective Custody, and Disciplinary Detention.

Working Cellblock A form of maximum custody distinguished by access to work and other programs consistent with security restrictions and institutional procedures.

NOTE: The pronouns "he" and "his" as used herein are for convenience only and are not intended to discriminate against female employees or inmates. Additionally, "employee" as used herein refers not only to an employee of the Department of Public Safety and Corrections, but also to any individual having the authority to exercise supervision over an inmate (such as, but not limited to, a teacher, an employee of a contractor, etc.)

AUTHORITY NOTE: Promulgated in accordance with R.S. 15:823, *Wolff v. McDonnell*, 94 S.Ct. 2963 (1974), *Ralph v. Dees*, C.A. 71-94, USDC (Md. La.) and *Sandin v. Conner*, 115 S.Ct. 2293 (1995).

§347. Disciplinary Procedures

A. General Segregation Guidelines **Mental Health**. A mental health professional (as defined by the designated health care authority at the institution), must document a personal interview with any inmate who remains in Administrative Segregation, Protective Custody, or Disciplinary Detention for more than 30 consecutive days. A mental health assessment must be made at least every three months thereafter if confinement is continuous.

B. Administrative Segregation Guidelines. An inmate whose continued presence in the general population poses a threat to life, property, self, staff, other inmates, or to the security or orderly running of the institution, or who is the subject of an investigation, may (with the approval of the highest ranking supervisor on duty in the unit where the

incident occurred or the shift supervisor), be placed in Administrative Segregation until his appearance before the Disciplinary Board or Classification Board. The supervisor, before the conclusion of his tour of duty, will review documentation for completeness, correctness, and investigate as needed to confirm the reasonableness of the allegation or circumstances prompting placement.

1. Inmates pending possible transfer to another facility, or pending assignment or re-assignment within an institution, may be held in Administrative Segregation. Inmates in Administrative Segregation pending such transfer will be entitled only to privileges allowed other inmates in Administrative Segregation.

2. Upon the request of an inmate or after review by appropriate institutional staff, an inmate may be placed in Administrative Segregation for his protection and/or the protection of others until the Disciplinary Officer/Disciplinary Board or Classification Board can review the circumstances and recommend appropriate action.

3. Time spent in Administrative Segregation must be credited against Disciplinary Detention/Isolation or Extra Duty sentences even when the sentence is suspended. Credit will not be given for time spent in Administrative Segregation on a request for protection or while awaiting transfer to another area.

4. Inmates in Administrative Segregation shall be allowed to receive all correspondence and to originate correspondence. Inmates in Administrative Segregation will be allowed visits; clean clothing on a scheduled basis; toothbrush and toothpaste; sufficient heat; light; ventilation; toilet facilities; and the same meals as other inmates. The status of inmates in Administrative Segregation should be reviewed by an appropriate review board at least every seven days for the first two months and every 30 days thereafter.

C. Counsel Substitutes. Behavior of Counsel Substitutes and Legal Aid Office workers must be above reproach. A job change is mandatory following conviction of a serious offense. Counsel Substitutes are not required to file appeals but should inform the inmate who wants to appeal of the proper way to file. They may be removed from their positions if the Warden or his designee believes it appropriate. No inmate (Counsel Substitute or not) can sell or trade for value legal services of any sort. Inmates who are not Counsel Substitutes may not provide services to other inmates without the approval of the Warden or his designee.

D. Disciplinary Board. A properly composed board will consist of two people **A** duly authorized Chairman, and a duly authorized Member **Each** representing a different element (security, administration, or treatment.) The Chairman must be approved by the Secretary or his designee. The Member must be approved by the Warden or his designee. Decisions must be unanimous. If the decision is not unanimous, the case is automatically deferred for referral to a different Disciplinary Board. If the second decision is not unanimous, then a finding of Not Guilty is appropriate. Hearings shall be held within seven days of the date of the report, excluding weekends and holidays, for those inmates not placed in Administrative Segregation, unless the hearing is prevented by exceptional circumstances, unavoidable delays, or reasonable

postponements. Reasons for all delays should be documented.

E. Disciplinary Officer/Low Court Hearing. A ranking security officer (Lieutenant or above) or any supervisory level employee from administration or treatment appointed by the Warden who conducts hearings of minor violations and who may impose only minor sanctions. Any Disciplinary Officer directly involved in the incident or who is biased for or against the accused cannot hear the case unless the accused waives recusal. Performance of a routine administrative duty does not necessarily constitute "direct involvement" or "bias." At these hearings, the accused inmate represents himself and is given full opportunity to speak in his own behalf. The presence of Counsel Substitutes, witnesses, or the accusing employee is not permitted. These hearings are not taped. Hearings shall be held within seven days of the date of the report, excluding weekends and holidays, for those inmates not placed in Administrative Segregation, unless the hearing is prevented by exceptional circumstances, unavoidable delays, or reasonable postponements. Reasons for all delays should be documented. The Disciplinary Officer may also hear inmates who have signed written requests for protection and may recommend appropriate action.

F. Disciplinary Detention/Extended Lockdown

1. An indeterminate period of lockdown characterized by routine 90 day classification reviews to determine eligibility/suitability for release from this status. This type of segregation is used primarily after a Disciplinary Hearing for an inmate found guilty of violating one or more serious rules, or of being dangerous to himself or others, or of being a serious escape risk, or of posing a clear threat to the security of the facility. A Classification Board hearing is sufficient for an inmate who is initially classified as maximum custody.

2. Inmates in Disciplinary Detention/Extended Lockdown will be reviewed by an appropriate review board for possible release to a less restricted status approximately every 90 days.

G. Disciplinary Detention/Isolation

1. A determinate period of lockdown that is characterized by a limit of 10 consecutive days without a 24 hour break or no more than 20 days in a 30 day period. After 10 consecutive days in Disciplinary Detention/Isolation, the inmate must be released for a period of time not less than 24 hours. No inmate may be confined in Disciplinary Detention/Isolation except by action of the Disciplinary Board on the basis of a Disciplinary Report.

2. Inmates in Disciplinary Detention/Isolation shall be allowed to receive all correspondence and to originate correspondence. Inmates in Disciplinary Detention/Isolation will be allowed: visits; clean clothing on a scheduled basis; toothbrush and toothpaste; sufficient heat; light; ventilation; toilet facilities; and the same meals as other inmates.

H. Protective Custody/Extended Lockdown

1. Utilized for an inmate in need of protection. A Disciplinary Board or Classification Board hearing is not necessary when an inmate has signed a written request for protection and is transferred to Protective Custody/Extended Lockdown by the Disciplinary Officer/Disciplinary Board or Classification Board.

2. Inmates in Protective Custody/Extended Lockdown should be reviewed by an appropriate review board for

possible release to a less restricted status at least every 7 days for the first 2 months and every 30 days thereafter.

I. Working Cellblock. An indeterminate period of assignment to a maximum custody status characterized by access to work and other programs consistent with security restrictions and institutional procedures. Classification reviews are utilized to determine eligibility/suitability for release from this status. This type of assignment is used primarily after a Disciplinary Hearing for an inmate found guilty of violating one or more serious rules, or of being dangerous to himself or others, or of being a serious escape risk, or of being in need of protection, or of posing a clear threat to the security of the facility. A Classification Board hearing is sufficient for an inmate who is initially classified as maximum custody.

AUTHORITY NOTE: Promulgated in accordance with R.S. 15:823, Wolff v. McDonnell, 94 S.Ct. 2963 (1974), Ralph v. Dees, C.A. 71-94, USDC (Md. La.) and Sandin v. Conner, 115 S.Ct. 2293 (1995).

HISTORICAL NOTE: Promulgated by the Department of Corrections, Office of Adult Services, LR 27:415 (March 2001).

§349. Hearings

A. Disciplinary Board. Before the hearing can begin, accused inmates must acknowledge that they are familiar with their rights as follows:

1. the right to present evidence and witnesses in his behalf and to request cross-examination of the accuser, provided such requests are relevant, not repetitious, not unduly burdensome to the institution, or not unduly hazardous to staff or inmate safety. (The Board has the option of stipulating expected testimony from witnesses. In such a case, the Board should assign proper weight to such testimony as though the witness had actually appeared.) The accusing employee must be summoned when the report is based solely on information from Confidential Informants;

2. the right to Counsel Substitute for all alleged violations. The right to outside retained counsel only when the alleged violation is one for which the inmate could also be charged in a criminal court, e.g. possession of illegal drugs, rape, aggravated battery, etc.;

3. the right to not be compelled to incriminate himself;

4. the right to a written summary of the evidence and reasons for the judgment, including reasons for the sentence imposed, when the accused pled Not Guilty and was found Guilty. (This will usually appear on the finalized report.) The convicted inmate will automatically be given or sent a written summary;

5. the right to appeal consistent with the appeal procedure as outlined;

6. the right to a hearing within 72 hours of placement in Administrative Segregation. Official holidays, weekends, genuine emergencies, or good faith efforts by the administration to provide a timely hearing are the only exceptions. When it is not possible to provide a full hearing within 72 hours of placement in Administrative Segregation, the accused must be brought before the Board, informed of the reasons for the delay, and be remanded back to Administrative Segregation or released to his quarters after a date for a full hearing has been set;

7. the right to an unbiased hearing. Any Chairman/Member directly involved in the incident, who is biased for or against the accused, or who is in a therapeutic

relationship with the inmate that would be jeopardized by the therapist's presence on the Disciplinary Board, cannot hear the case unless the accused waives recusal. Performance of a routine administrative duty does not necessarily constitute "direct involvement" or "bias;" and

8. the right to be given a written copy of the Disciplinary Report at least 24 hours before the hearing begins which describes the charges against the inmate (unless waived by him in writing.)

B. Conduct Of The Hearing. All rights and procedural requirements must be followed unless waived by the accused. Disciplinary Board hearings must be tape-recorded in their entirety, and the tapes preserved indefinitely for subsequent judicial review. Hearings will generally be conducted as follows:

1. inmates who do not choose to be present can sign a waiver, which shall be read into the tape. Counsel Substitute shall represent him. The same applies to disruptive inmates who refuse to cooperate. If the inmate refuses to sign a waiver, one shall be prepared and his refusal noted with two witnesses. In either case, the Disciplinary Chairman should also sign the waiver;

2. the accused enters his name and number into the record (the tape) as does his Counsel or Counsel Substitute (if any) and confirms that he understands his rights. During the hearing, the accuser should only be present to testify. He may never be present during deliberations;

3. the Chairman reads the Disciplinary Report to the accused and asks for a plea. Available pleas are Not Guilty or Guilty. Should the accused attempt to enter an unavailable plea or refuse to enter a plea, the Chairman will enter a Not Guilty plea for him and proceed with the case;

4. preliminary motions, if any, by the defense should now be made. Such motions must be raised at the first opportunity or be considered waived and may include:

a. dismissal of the charge(s);

b. continuance (inmates are not entitled to a continuance to secure Counsel unless they are charged with a violation which is also a crime under state law. Only one continuance need be granted unless new information is produced. Therefore, all requests--to face accuser, call witness, etc.--must be made at once. A motion due to lack of 24-hour notice must be made at this time, including any challenge to the waiver of the 24-hour notice rule having not been made in writing.);

c. investigation;

d. any other appropriate motions.

5. the Board should rule on motions at the appropriate time and should give reasons for the ruling;

6. after entering his plea and motions, if any, the accused may present his defense. The Board may ask questions of the accused, his witnesses, and/or his accuser;

7. during deliberations, everyone except the Board, the Bailiff, and any official observers must leave the room, and the Board will decide the case on the basis of the evidence presented at the hearing. Official observers must not take part in the hearing or the deliberations. The Bailiff cannot participate in deciding the case or the sentence, and must not participate in the hearing at all when he is the accusing employee, unless he is summoned to testify under cross-examination. The accused's record may be examined to discover a pattern of similar misbehavior or a pending

suspended sentence. The record may be examined in order to determine an appropriate sentence; and

8. following the deliberations, the Chairman will announce the verdict. If the verdict is Guilty, the Chairman will then announce the sentence. The Board has full authority to suspend any sentence they impose for a period of up to 90 days.

AUTHORITY NOTE: Promulgated in accordance with R.S. 15:823, Wolff v. McDonnell, 94 S.Ct. 2963 (1974), Ralph v. Dees, C.A. 71-94, USDC (Md. La.) and Sandin v. Conner, 115 S.Ct. 2293 (1995).

§351. Correcting Disciplinary Reports

A. A reviewing employee may change the rule number to fit the description prior to the hearing, but should ensure that the accused gets a corrected copy of the report at least 24 hours before the hearing begins. Rule number(s) may be added if the offense is clearly described on the report. An incident may consist of several related events; however, each separate and distinct rule violation should be processed independently in the disciplinary system.

B. Before the hearing begins, the Board may change the rule number to match the description of alleged misbehavior, if necessary, and also may change the rule number at any point prior to the deliberations, but should offer the accused a continuance to prepare the defense. It is the description of the conduct and not the rule number which determines the offense. The continuance may be waived and does not necessarily need to be for 24 hours.

C. Evidence. The Disciplinary Board shall carefully evaluate all evidence presented or stipulated. When the Disciplinary Report is based solely on information from a Confidential Informant, or from an inmate whose identity is known, it must be corroborated by witnesses (who may be other Confidential Informants), the record, or other evidence. The only time the accusing employee must be summoned for cross-examination is when the report is based solely on information from Confidential Informants. In order for the accuser to attest to the reliability of the information received from a Confidential Informant, the informant must not have been unreliable in the past and must have legitimate knowledge of the present incident(s).

AUTHORITY NOTE: Promulgated in accordance with R.S. 15:823, Wolff v. McDonnell, 94 S.Ct. 2963 (1974), Ralph v. Dees, C.A. 71-94, USDC (Md. La.) and Sandin v. Conner, 115 S.Ct. 2293 (1995).

HISTORICAL NOTE: Promulgated by the Department of Corrections, Office of Adult Services, LR 27:417 (March 2001).

§355. Sanctions

A. Sentences must fit the offense and the offender. An inmate with a poor conduct record may receive a more severe sentence than an inmate with a good conduct record for the same offense. Even so, serious offenses call for serious penalties. An inmate who violates more than one rule or the same rule more than once during an incident may receive a permissible sanction for each violation. After a finding of guilt for a new violation, a previously suspended sentence may be imposed as well as a new sentence. State and federal criminal laws apply to inmates. In addition to being sanctioned by prison authorities, inmates may also be prosecuted in state or federal court for criminal conduct. Restitution imposed in accordance with Department

Regulation No. B-05-003 "Imposition of Restitution" is not a disciplinary penalty and may be assessed in addition to all other permissible penalties.

B. An inmate who has established a documented pattern of behavior indicating that he is dangerous to himself or others is a Habitual Offender. This includes an inmate who has been convicted of 3 major violations or a total of 5 violations in a 6 month period. Major violations are Schedule B offenses. A Habitual Offender may receive Schedule B penalties following conviction of a Schedule A offense when he has established a documented pattern of hostile or disruptive behavior as defined above.

AUTHORITY NOTE: Promulgated in accordance with R.S. 15:823, Wolff v. McDonnell, 94 S.Ct. 2963 (1974), Ralph v. Dees, C.A. 71-94, USDC (Md. La.) and Sandin v. Conner, 115 S.Ct. 2293 (1995).

HISTORICAL NOTE: Promulgated by the Department of Corrections, Office of Adult Services, LR 27:417 (March 2001).

§357. Penalty Schedule-Disciplinary Report (Heard by Disciplinary Officer)

A. After a finding of guilt, the Disciplinary Officer may impose one or two of the penalties below for each violation:

1. reprimand;
2. extra duty - up to four days for each violation;
3. loss of minor privilege for up to two weeks.

B. Extra Duty is defined as work to be performed in addition to the regular job assignment as specified by the proper authority. One day of Extra Duty is eight hours of work.

C. Minor Privileges are:

1. radio and/or TV;
2. recreation and yard activities;
3. telephone (except for emergencies and legal);
4. movies;
5. canteen;
6. any other similar privilege.

AUTHORITY NOTE: Promulgated in accordance with R.S. 15:823, Wolff v. McDonnell, 94 S.Ct. 2963 (1974), Ralph v. Dees, C.A. 71-94, USDC (Md. La.) and Sandin v. Conner, 115 S.Ct. 2293 (1995).

HISTORICAL NOTE: Promulgated by the Department of Corrections, Office of Adult Services, LR 27:418 (March 2001).

§359. Penalty Schedule-Disciplinary Report (Heard by Disciplinary Board)

A. After a finding of guilt, the Disciplinary Board may impose one or two of the penalties below:

1. Schedule A
 - a. reprimand;
 - b. loss of minor privilege for up to 4 weeks;
 - c. extra duty - up to 4 days for each violation;
 - d. disciplinary detention/Isolation - up to 5 days for each violation;
 - e. forfeiture of good time Cup to a maximum of 30 days for each violation;
 - f. quarters change;
 - g. job change;
 - h. confinement to room or cell for up to 14 days (this does not exclude participation in work, meals, medical or other essential call-outs).
2. Schedule B
 - a. reprimand;
 - b. loss of minor privilege for up to 12 weeks, unless violation involved abuse of that privilege, then up to - 24 weeks;

c. confinement to room or cell for up to 30 days (this does not exclude participation in work, meals, medical, or other essential call-outs);

d. extra duty Cup to 8 days for each violation;

e. disciplinary detention/isolation Cup to 10 days for each violation;

f. forfeiture of good time Cup to a maximum of 180 days for each violation;

g. quarters change;

h. job change;

i. loss of hobbycraft Cup to 12 months (at the discretion of the warden or his designee, based upon the length of the sentence, this penalty may include loss of the hobbycraft box assignment--in such cases, the inmate would not be eligible to apply for resumption of this privilege until after the sentence has been served.) Loss of hobbycraft privileges that result from custody status changes, classification actions, housing or institutional assignment changes, other changes that may routinely occur during the course of incarceration, or the imposition of other disciplinary penalties are not to be considered as a "loss of hobbycraft" sanction in the context of the disciplinary process;

j. custody change from minimum to medium custody status. (Imposition of this sanction may include transfer to another institution.) Any quarters change, job change, or other changes that may result from imposition of this sanction are not a separate penalty for purposes of this section unless expressly indicated as a sanction;

k. custody change from minimum or medium custody status to maximum custody status (working cellblock or disciplinary detention/extended lockdown.) (imposition of this sanction may include transfer to another institution.) Any quarters change, job change, or other changes that may result from imposition of this sanction are not a separate penalty for purposes of this section unless expressly indicated as a sanction;

l. loss of visiting, if the violation involves visiting, to be reviewed by the warden or his designee every 90 days; (restrictions relative to non-contact versus contact visiting are governed by Department Regulation No. C-02-008 "inmate visitation" and are not considered disciplinary penalties).

AUTHORITY NOTE: Promulgated in accordance with R.S. 15:823, Wolff v. McDonnell, 94 S.Ct. 2963 (1974), Ralph v. Dees, C.A. 71-94, USDC (Md. La.) and Sandin v. Conner, 115 S.Ct. 2293 (1995).

HISTORICAL NOTE: Promulgated by the Department of Corrections, Office of Adult Services, LR 27:418 (March 2001).

§361. Penalty Clarifications

A. Good Time. An inmate is presumed to have earned his good time for the month on the first day of the month and may forfeit such good time at any point during the month.

B. Suspended Sentences. The Disciplinary Officer or the Disciplinary Board may suspend any sentence they impose for a period of up to 90 days. The period of suspension begins on the date of sentence. When the time period has expired, the report itself remains a part of the record, although the sentence may no longer be imposed.

AUTHORITY NOTE: Promulgated in accordance with R.S. 15:823, Wolff v. McDonnell, 94 S.Ct. 2963 (1974), Ralph v. Dees, C.A. 71-94, USDC (Md. La.) and Sandin v. Conner, 115 S.Ct. 2293 (1995).

HISTORICAL NOTE: Promulgated by the Department of Corrections, Office of Adult Services, LR 27:418 (March 2001).

§363. Appeals

A. Appeals To The Disciplinary Board. An inmate who wants to appeal a case heard by the Disciplinary Officer ("Low Court") must appeal to the Disciplinary Board ("High Court.") As soon as the sentence is passed, the inmate who wants to appeal must clearly say so to the Disciplinary Officer who will then automatically suspend the sentence and schedule the case for the Disciplinary Board. The appeal hearing before the Disciplinary Board is a full hearing the same as any other hearing conducted by the Board. The Disciplinary Board cannot upgrade the sanction imposed by the Disciplinary Officer. The appeal to the Disciplinary Board will be the final appeal in a case heard by the Disciplinary Officer. No other appeals are allowed. The appeal from the Disciplinary Officer to the Disciplinary Board will constitute the final administrative remedy regarding the disciplinary decision. Decisions rendered by the Disciplinary Officer and appealed to the Disciplinary Board may not be appealed to the Warden or to the Secretary.

B. Appeals To The Warden

1. An inmate who wants to appeal a case heard by the Disciplinary Board ("High Court") must, in all cases, appeal to the Warden. The inmate may appeal himself or through Counsel or Counsel Substitute. In either case, the appeal must be received within 15 days of the hearing. The appeal should be clearly written or typed on form AF-1. If the form is not available, the appeal may be on plain paper but should contain the information called for on the form. The Warden will decide all appeals within 30 days of the date of receipt of the appeal and the inmate will be promptly notified in writing of the results (unless circumstances warrant an extension of that time period and the inmate is notified accordingly).

2. Lengthy appeals of disciplinary actions will not be accepted into the appeals process. It is necessary only that the inmate provide basic factual information regarding his case. Appeals that are too long will be returned to the inmate for summarization. The inmate will have five days from receipt to comply with the instructions and resubmit. It is important to remember that abuse of the system impairs our ability to respond to legitimate problems in a timely fashion.

C. Appeals to the Secretary

1. An inmate who wants to appeal the decision of the Warden to the Secretary will indicate that he is "not satisfied" in the appropriate box on the Warden's "Appeal Decision" (form AF-2) and submit it to the ARP Screening Officer, (or, in some units, the Warden's Office). The form must be submitted within 5 days of its receipt by the inmate. No supplement to the appeal will be considered. It is only necessary that the inmate check the box indicating "I am not satisfied," date, sign, and forward to the appropriate person. The inmate will receive an acknowledgment of receipt and date forwarded to the Secretary's office. The institution will provide a copy of the inmate's original appeal to be attached to the form AF-2 for submission to the Secretary.

2. The Secretary will only consider appeals from decisions of the Warden which resulted in an imposed or suspended sentence of one or more of the following penalties:

- a. disciplinary detention/isolation;
- b. loss of good time;
- c. custody change from minimum to medium only if it involves transfer to another institution;
- d. custody change to maximum custody.

3. In addition, all "restitution" assessments may be submitted to the Secretary for review.

4. The secretary will decide all appeals within 85 days of the date of receipt of the appeal and the inmate will be promptly notified in writing of the results (unless circumstances warrant an extension of that time period and the inmate is notified accordingly). Absent unusual circumstances, the Secretary will only consider review of the sentence of an inmate who pled guilty.

AUTHORITY NOTE: Promulgated in accordance with R.S. 15:823, *Wolff v. McDonnell*, 94 S.Ct. 2963 (1974), *Ralph v. Dees*, C.A. 71-94, USDC (Md. La.) and *Sandin v. Conner*, 115 S.Ct. 2293 (1995).

HISTORICAL NOTE: Promulgated by the Department of Corrections, Office of Adult Services, LR 27:419 (March 2001).

§365. Disciplinary Rules

A. An inmate found guilty of violating one or more of the rules defined below will be punished according to the penalty schedule designated in the rule and the type of hearing provided.

B. Contraband (Schedule B). No inmate shall have under his immediate control any drugs (such as, but not limited to, heroin, LSD, amphetamines, barbiturates, marijuana), unauthorized medication, alcoholic beverage, yeast, tattoo machine, or tattoo paraphernalia, syringe, weapon (such as, but not limited to, firearm, knife, iron pipe), or any other item not permitted by department regulation or institutional posted policy to be received or possessed, or any other item detrimental to the security of the facility, or smuggle or try to smuggle such items into or out of the facility. Money is contraband. The area of immediate control is an inmate's person, his locker(s), his cell, his room, his bed, his laundry bag, and his assigned job equipment (such as, but not limited to, his desk, his tool box, or his locker at the job), or the area under his bed on the floor unless the evidence clearly indicated that it belonged to another inmate. Contraband found in a cell shared by two or more inmates will be presumed to belong to all of them equally. Any inmate who is tested for and has a positive reading on a urinalysis or breathalyzer test will be considered in violation of this rule. An inmate who refuses to be tested or to cooperate in testing may also be found in violation of this rule, (including being unable to provide a urine specimen within 3 hours of being ordered to do so.) Any item not being used for the purpose for which it was intended will be considered contraband if it is being used in a manner that is clearly detrimental to the security of the facility.

C. Unauthorized Items (Schedule A). This distinguishes between contraband items that are detrimental to the security of the facility and those that are not authorized but clearly not detrimental to the safety and security of the facility.

D. Defiance (Schedule B). No inmate shall commit or threaten physically or verbally to commit bodily harm upon an employee, visitor, guest or their families. This includes throwing or attempting to throw any object, liquid, or substance, or spitting, or attempting to spit on an employee, visitor, guest or their families. No inmate shall curse or insult an employee, visitor, guest or their families. No

inmate shall threaten an employee, visitor, guest or their families in any manner, however, an inmate may advise an employee of planned legal redress even during a confrontational situation (although an inmate's behavior in such a situation shall not be disrespectful or violate any other disciplinary rule.) No inmate shall obstruct or resist an employee who is performing his proper duties. No inmate shall try to intimidate an employee to make the employee do as the inmate wants him to do. An employee, visitor, guest or their families shall not be subject to abusive conversation, correspondence, phone calls, or gestures. La. R.S. 15:571.4 and Department Regulation No. B-04-005 "Forfeiture of Good Time from Inmates who Escape or Commit Battery on an Employee" may provide for forfeiture of good time in addition to the provisions of these procedures.

E. Disobedience (Schedule A). Inmates must obey the Posted Policies for the facility in which they are confined. They must obey signs or other notices of restricted activities in certain areas, safety rules, or other general instructions. The only valid excuse for Disobedience or Aggravated Disobedience is when the immediate result of obedience would be bodily injury (this includes incapacity by virtue of a certified medical reason).

F. Disobedience, Aggravated (Schedule B). Inmates must obey direct verbal orders cooperatively and promptly; not debate, argue, or ignore them before obeying. When orders conflict, the last order received must be obeyed. Even orders the inmate believes improper must be obeyed; grievances must be pursued through proper channels. Sentences imposed by the Disciplinary Officer or the Disciplinary Board are to be carried out by the inmate. Violations of duty status will apply to this rule as will a violation of an order from the Disciplinary Board. The only valid excuse for Disobedience or Aggravated Disobedience is when the immediate result of obedience would be bodily injury (this includes incapacity by virtue of a certified medical reason).

G. Disorderly Conduct (Schedule A). All boisterous behavior is forbidden. This includes, but is not limited to, horseplay and/or disorderly conduct. Inmates shall not jump ahead or cut into lines at the store, movie, mess hall, or during group movements of inmates. Visitors and guests shall be treated courteously and not be subjected to disorderly or intrusive conduct. Inmates shall not communicate verbally into or out of cellblocks or other housing areas.

H. Disrespect (Schedule A). Employees, visitors, guests or their families shall not be subject to disrespectful conversation, correspondence, phone calls, actions or gestures. Inmates shall address employees, visitors, guests, or their families by proper title or by "Mr.," "Ms.," "Miss," or "Mrs." whichever is appropriate.

I. Escape (Schedule B). An escape or attempt to escape from the grounds of an institution or from the custody of an employee outside a facility, successful or not, or the failure to return from a furlough is a violation. La. R.S. 15:571.4 and Department Regulation No. B-04-005 "Forfeiture of Good Time from Inmates who Escape or Commit Battery on an Employee" may provide for forfeiture of good time for aggravated escape or simple escape in addition to the provisions of these procedures. (R.S. 14:110A.(2) provides for additional conditions under which an inmate in work release status may be charged under this rule.)

Louisiana Register Vol. 27, No. 03 March 20, 2001

J. Fighting (Schedule B)

1. Hostile physical contact or attempted physical contact is not permitted. This includes fist fighting, shoving, wrestling, kicking, and other such behavior. Contact does not necessarily have to be made for this rule to be violated. If an inmate is found guilty of this violation, restitution may be imposed in accordance with Department Regulation No. B-05-003 "Imposition of Restitution."

2. Self-Defense Clarification: Self-defense is a complete defense and can be established to the Board by demonstrating that his actions did not exceed those necessary to protect himself from injury.

K. Fighting, Aggravated (Schedule B)

1. Inmates shall not fight with each other using any object as a weapon (including any liquid or solid substances thrown or otherwise projected on or at another person). When two or more inmates attack another inmate without using weapons, the attackers are in violation of this rule, as are all participants in a group or "gang" fight. The use of teeth will also be sufficient to constitute a violation of this rule. No inmate shall intentionally inflict serious injury or death upon another inmate. Contact does not necessarily have to be made for this rule to be violated. If an inmate is found guilty of this violation, restitution may be imposed in accordance with Department Regulation No. B-05-003 "Imposition of Restitution."

2. Self-Defense Clarification. Self-defense is a complete defense and can be established to the Board by demonstrating that his actions did not exceed those necessary to protect himself from injury.

L. Gambling (Schedule B). No inmate shall operate or participate in any game of chance involving bets or wagers or goods or other valuables. Possession of one or more gambling tickets or stubs for football or any other sport is a violation. No inmate shall operate a book making scheme. Possession of gambling sheets with a list of names or codes, point spreads, how much owed, or how much wagered will be considered a violation.

M. Intoxication (Schedule B). No inmate shall be under the influence of any intoxicating substance at an institution or while in physical custody. Returning from a furlough under the influence of an intoxicating substance is a violation.

N. Malingering (Schedule B)

1. A qualified medical staff person (as defined by the institution's designated health care authority) determines that an inmate has made repeated and frequent complaints at sick call having little or no merit.

2. A qualified medical staff person (as defined by the institution's designated health care authority) determines that an inmate has sought emergency medical treatment not during scheduled sick call when there was no ailment or when there was a minor ailment that was or could have been properly handled at sick call.

3. If an inmate is found guilty of this violation, restitution may be imposed in accordance with Department Regulation No. B-05-003 "Imposition of Restitution."

O. Property Destruction (Schedule B). No inmate shall destroy the property of others or of the state. No inmate shall alter his own property when the result of such alteration is to render the article unsuitable according to property guidelines. Flooding an area and the shaking of doors ("racking down") are not permitted. Standing or sitting on

face bowls is a violation. Whether or not the inmate intended to destroy the property and/or the degree of negligence involved may be utilized in defense of the charge. If an inmate is found guilty of this violation, restitution may be imposed in accordance with Department Regulation No. B-05-003 "Imposition of Restitution."

P. Radio/Tape Player Abuse (Schedule A). Radios/tape players must be used in accordance with the Posted Policies of the facility. Violations of Posted Policies regarding radios/tape players may be processed under this rule. In addition to any sanction that may be imposed by the Disciplinary Officer or the Disciplinary Board, the ranking employee on duty may confiscate the radio/tape player for a period of up to 30 days. For repeated violations, the radio/tape player will be confiscated and disposed of in accordance with Department Regulation No. C-03-007 "Inmate Personal Property List, State Issued Items, etc." The inmate will not be permitted to have a similar item sent to him for one year.

Q. Self-Mutilation (Schedule B). No inmate shall deliberately inflict or attempt to inflict injury upon himself, upon a consenting inmate, or consent to have an injury inflicted upon himself. Tattoos, piercing of any parts of the body, and alterations to teeth are specifically included in this rule. Not included are obvious suicide attempts.

R. Sex Offenses, Aggravated (Schedule B). Carnal copulation by two or more inmates with each other, or by one or more inmates with an implement or animal(s), is not permitted. Two or more inmates who have obviously been interrupted immediately before or after carnal copulation are in violation. The same applies to one or more inmates with an implement or animal(s). Use of the genital organs of one of the inmates, regardless of sex, is sufficient to constitute the offense. Overt sexual activity is not permitted. Inmates may not participate in any sexual activity with each other. No inmate shall make sexual remarks, gestures, or sounds, or make sexual threats in conversation, or by correspondence or phone calls. No inmate shall deliberately expose the genital organs and/or masturbate in view of an employee, visitor, guest, or their families. No inmate shall sexually assault a person by force or threat of force.

S. Theft (Schedule B). No inmate shall steal from anyone. Forgery, a form of Theft, is the unauthorized altering or signing of a document(s) to secure material return and/or special favors or considerations. (The very act of the forgery will constitute proof of the crime. It need not have been successful in its conclusion.) Fraud, a form of Theft, is the deliberate misrepresentation of fact to secure material return and/or special favors or considerations. Any inmate who knowingly submits obviously false information to any employee within the Department of Public Safety and Corrections is guilty of this violation. Lying to the Secretary or Warden on appeal or in any other part of the Administrative Remedy Procedure or in correspondence will also be a violation. Those who file Administrative Remedy Requests that are frivolous or deliberately malicious may be disciplined under this Rule. No inmate shall have stolen items under his immediate control. No inmate shall have institutional property under his immediate control unless he has specific permission; this includes institutional foodstuffs. (Refer to Rule No. 1 for the definition of "area of immediate control.")

T. Unauthorized Area (Schedule A). An inmate must be in the area in which he is authorized to be at that particular time and date or he is in an unauthorized area. No inmate shall go into any housing unit other than that to which he is assigned - this includes standing in the doorway - unless he has permission.

U. Unsanitary Practices (Schedule A). Inmates must not spit or drop litter or cigarette butts anywhere but into a proper receptacle. Inmates must not smoke in unauthorized areas. Inmates must maintain themselves, their clothing, and their shoes in as presentable a condition as possible under prevailing circumstances. Each inmate is responsible for keeping his bed and bed area reasonably clean, neat, and sanitary. Beds will be made according to the approved Posted Policy at the facility. Inmates must wear shoes/boots and cannot wear shirts that leave the armpits exposed or shorts into the mess hall, or chew gum in the mess hall.

V. Work Offenses (Schedule A). Inmates must perform their assigned tasks with reasonable speed and efficiency. Though inmates have specific job assignments, it may be required that they do work other than what their job assignments require; this work shall also be done cooperatively and with reasonable speed and efficiency. Being present, but not answering at the proper time at work roll call is a violation. A school assignment is considered to be a work assignment for the purposes of this rule.

W. Work Offenses, Aggravated (Schedule B). An inmate who flatly refuses to work or to go out to work, or who asks to go to Administrative Segregation rather than work, is in violation of this rule, as is an inmate who disobeys repeated instructions as to how to perform his work assignment. Hiding out from work or leaving the work area without permission is a violation. Falling far short of fulfilling reasonable work quotas is not permitted. Being absent or late from work roll call without a valid excuse (such as No Duty or callout) is a violation, as is not reporting for Extra Duty assignment. Being late to work (includes being late to school assignment) is a violation. A school assignment is considered to be a work assignment for the purposes of this rule.

X. Disturbance (Schedule B). No inmate shall create or participate in a disturbance. No inmate shall incite any other person to create or participate in a disturbance. A disturbance is considered as 2 or more inmates involving acts of force or violence toward persons or property or acts of resistance to the lawful authority of correctional officers and/or other law enforcement officers under circumstances which present a threat of injury to persons, to property, or to the security and good order of the institution.

Y. General Prohibited Behaviors (Schedule B). The following behaviors which may impair or threaten the security or stability of the unit or well-being of an employee, visitor, guest, inmate or their families are prohibited:

1. strong arming or using threats of violence or perceived harm or reprisal to secure gain or favor for oneself or others;

2. directly or indirectly threatening harm to oneself, (except obvious suicide attempts), another inmate, an employee, visitor, guest or their families;

3. threatening, planning, conspiring, or attempting to commit a violation of the rules of behavior for adult inmates or state or federal laws. Aiding or abetting another inmate

involved in committing a violation of the rules, or state or federal laws;

4. engaging in non-professional relationships with an employee, visitor, or guest or other person the inmate may come in contact with while working on outside crews;

5. trafficking in drugs or alcohol, stolen goods, or sexual favors;

6. organizing or participating in a scam or similar behavior;

7. making unsolicited contact or attempted contact with the victims of one's criminal activity;

8. bribing, influencing, or coercing anyone to violate institutional policies, procedures, rules, or state or federal laws, or attempting to do so;

9. giving an employee anything of any value;

10. harassing behaviors conducted via telephone, correspondence, or other activities;

11. spreading rumors about an employee, visitor, guest, or inmate;

12. unapproved use of telephones;

13. purchasing or trading for inmate legal or other services. Performing legal work for another inmate or being in possession of another inmate's legal work when not assigned as a Counsel Substitute or when not approved by the Warden. (It is a violation for any inmate to give or receive anything of value relative to the provision of paralegal services.) An inmate may not perform or be in possession of staff legal work;

14. communicating or visiting with outsiders when not approved or communicating or visiting with any person after being given instructions not to communicate or visit with that person;

15. participating in a loud or boisterous argument or dispute even when a fight does not ensue;

16. participating in, organizing, or advocating a work stoppage;

17. making or attempting to make credit purchases;

18. abusing the Administrative Remedy Procedure;

19. belonging to a gang, advocating membership in a gang, or participating in any gang related activities, including any form of gang or group identification or signaling;

20. no inmate shall misrepresent himself to an employee, visitor, guest or the public;

21. starting or attempting to start a fire and/or attempting to heat substances utilizing electrical/mechanical devices or any other means;

22. failing to cooperate with an investigation;

23. any behavior not specifically enumerated herein that may impair or threaten the security or stability of the unit or well-being of an employee, visitor, guest, inmate or their families may still be the subject of a disciplinary report and all Schedule B penalties except for forfeiture of good time.

RULE

Department of Public Safety and Corrections Liquefied Petroleum Gas Commission

Expiration of Permit
(LAC 55:IX.121)

In accordance with the provisions of R.S. 49:950 et seq., the Administrative Procedure Act, and R.S. 40:1846 relative to the authority of the Liquefied Petroleum Gas Commission to make and enforce reasonable rules and regulations governing the storage, sale, and transportation of liquefied petroleum gases, the Commission amended its rules.

Title 55

PUBLIC SAFETY

Part IX. Liquefied Petroleum Gas

Chapter 1. General Requirements

Subchapter B. Dealers

§121. Expiration of Permit

A. All permits or registrations shall expire at midnight on the date of their expiration.

B. All permits or registrations renewed after their expiration date shall have an administrative penalty of 5 percent of the permit or registration fee due added for each month or fraction thereof, not to exceed 25 percent of the amount of the permit or registration fee due.

C. All permits or registrations renewed after their expiration date shall have administrative interest of 1 percent of the permit or registration fee due added for each month or fraction thereof to the amount of the permit or registration fee due.

D. After the expiration of a permit or registration fee renewal date, by five days, any dealer continuing in operation without the payment of the fee, any administrative penalty, and any administrative interest due, shall be considered as operating in violation of R.S. 40:1841-1853 of the Revised Statutes and the rules and regulations of the Liquefied Petroleum Gas Commission. Subchapter A. New Dealers

§1501. Requirements

* * *

H. All service and installation personnel, anhydrous ammonia transfer personnel and tank truck drivers must have a card of competency from the office of the director. All permit holders, except Class A-3X permit holders, must have at least one card of competency issued to their permit. A card of competency will be issued to an applicant upon receipt of a \$20 examination fee and successfully passing the competency test, providing the applicant holds some form of identification acceptable to the commission. The commission may accept as its own a reciprocal state's examination which contains substantially equivalent requirements. This must be evidenced by a letter from the issuing authority or a copy of a valid card issued by the reciprocal state. All applicable fees must be paid prior to issuing the card.

Subchapter B. Dealers

§1519. Expiration of Permit

A. All permits or registrations shall expire at midnight on the date of their expiration.

B. All permits or registrations renewed after their expiration date shall have an administrative penalty of 5 percent of the permit or registration fee due added for each month or fraction thereof, not to exceed 25 percent of the amount of the permit or registration fee due.

C. All permits or registrations renewed after their expiration date shall have administrative interest of 1 percent of the permit or registration fee due added for each month or fraction thereof to the amount of the permit or registration fee due.

D. After the expiration of a permit or registration fee renewal date, by five days, any dealer continuing in operation without the payment of the fee, any administrative penalty, and any administrative interest due, shall be considered as operating in violation of R.S. 3:1356(A) of the Revised Statutes and the rules and regulations of the Liquefied Petroleum Gas Commission. The commission may assess a civil penalty as provided in R.S. 3:1357 or may suspend, cancel or revoke said permit or registration.

§1531. Improper Installation

A. A dealer shall not serve any anhydrous ammonia system which the dealer knows is not installed pursuant to the Liquefied Petroleum Gas Commission regulations or is in a dangerous condition. All new installations or reinstallations must be checked by the dealer for tightness of lines, poor workmanship, use of unapproved pipe or equipment or use of poor piping design. All improper installations shall be corrected before the dealer services such installation or reinstallation with anhydrous ammonia for the first time. Any subsequent servicing dealer shall not be responsible for unauthorized changes in or failures of an existing system or connected equipment.

**Department of Public Safety and Corrections
Office of State Police**

Safety Devices for Trailers
(LAC 55:I.2323)

The Department of Public Safety and Corrections, Office of State Police, in accordance with R.S. 49:950 et seq. and R.S. 32:384(E) amends LAC 55, Part I Chapter 23, §2323, the rule creating the approval process by State Police of a safety device to be used in lieu of safety chains.

Title 55

PUBLIC SAFETY

Part I. State Police

Chapter 23. Weights And Standards

2323 Approval of Safety Devices

A. Pursuant to R.S. 32:384(D), every trailer and semi-trailer with a loaded gross weight capacity of up to 6,000 pounds shall be equipped with safety chains or another approved safety device. This statute requires that the safety device shall be securely attached to the towing vehicle when the trailer or semi-trailer is in motion, and shall be of sufficient strength to hold the trailer behind the towing vehicle in case the primary connection between the two vehicles detaches.

B. The above-mentioned safety device is to be approved by the department, as per R.S.32:384(E). In order to be approved, the device shall be produced, manufactured and/or constructed by a bonded and insured manufacturer of such equipment who carries product liability insurance and regularly produces safety devices of guaranteed quality. The manufacturer shall submit to the department certification from a bonded and insured reputable testing laboratory, regularly engaged in the testing of such equipment, indicating that the strength capacity of the device submitted for approval and all its components are not less than the manufacturer's indicated breakaway weight or ultimate strength.

C. The device submitted for approval shall meet the following requirements:

1. construction material to consist of steel or other alloy of equal or greater strength;
2. tensile strength of the unit and all components shall be greater than 6,000 pounds or the gross vehicle weight rating of the vehicle being towed, whichever is greater;
3. the method by which the safety device is attached from the towing vehicle to the towed vehicle shall be independent and not attached to the primary towing device. It should attach to the vehicle's main frame and/or receiver if equipped with a tow package and/or the bumper if the bumper is rated of sufficient strength to meet or exceed the tow rating for the safety device. At no time should the safety device be attached to the trailer hitch ball or shank;
4. the safety device shall meet or exceed the strength standards set by the Society of Automotive Engineers (S.A.E.) for the manufacture, use and application of safety chains, as they relate to the towing of vehicles or trailers.

D. The manufacturer of the submitted device shall:

1. have a certified bond of insurance in the amount of not less than \$1,000,000;

2. be a business in good standing, not delinquent on taxes or other fees;

3. assign a model designation to each variant or design and it shall be unique to the individual model. All changes or alterations to devices shall require a separate application being submitted by the manufacturer.

E. As a prerequisite to licensing, applicants shall submit the following to the department when seeking approval:

1. certificate of inspection from an insured and accredited scientific testing laboratory;
2. pictures and Schematics of the device;
3. certificate of insurance in the amount of not less than \$1,000,000;
4. articles of incorporation or other documents forming a legal company or business;
5. tax identification numbers.

F. The Commander of the Louisiana State Police Transportation and Environmental Safety Section, or his designee, shall have the authority and discretion to approve or deny any and all Safety Devices submitted for approval. The Louisiana State Police, may at its discretion, withdraw or repeal its approval, upon written notice, of any device that may later be determined unsafe or hazardous to the public or as a result of any actions by the manufacturer or its employees in violation of this section. All costs of testing, certification and other related costs shall be borne by the manufacturer/applicant.

AUTHORITY NOTE: Promulgated in accordance with R.S. 32:384.

HISTORICAL NOTE: Promulgated by the Department of Public Safety and Corrections, Office of State Police, LR 27:424 (March 2001).

RULE

**Department of Social Services
Office of Family Support**

**Wrap-Around Child Care Program
(LAC 67:III.Chapter 52)**

The Department of Social Services, Office of Family Support, has amended the Louisiana Administrative Code, Title 67, Part III, to add the Wrap-Around Child Care Program.

The purpose of this program is to provide very low income, working families with quality, full-day/full-year child care services. A second Emergency Rule extended the original Emergency Rule which established the program effective June 1, 20000.

Title 67

SOCIAL SERVICES

Part III. Office of Family Support

Subpart 12. Child Care Assistance

Chapter 52. Wrap-Around Child Care Program

§5201. Authority

A. The Wrap-Around Child Care Program is established effective June 1, 20000 and is administered under the authority of state and federal laws.

AUTHORITY NOTE: Promulgated in accordance with 42 U.S.C. 601 et seq., 36:474.

HISTORICAL NOTE: Promulgated by the Department of Social Services, Office of Family Support, LR 27:429 (March 2001).

§5202. Definitions

Head of HouseholdCThe individual who may apply for Wrap-Around Child Care services for a child who customarily resides more than half the time with him/her, that is, the child's parent or the adult with primary responsibility for the child's care and financial support if the child's parent is not living in the home or is living in the home but under age 18 and not emancipated by law.

HouseholdCA group of individuals who live together consisting of the head of household, the spouse of the head of household, and all children under the age of 18, including

the minor unmarried parent of any dependent children who need child care services (unless the minor unmarried parent has been emancipated by law).

Training and Employment Mandatory ParticipantCEach household member who is required to be employed, or in a combination of employment and attendance at a job training or educational program, including the head of household, spouse of head of household, and the minor unmarried parent of a child who needs Wrap-Around Child Care services.

AUTHORITY NOTE: Promulgated in accordance with 42 U.S.C. 601 et seq., 36:474.

HISTORICAL NOTE: Promulgated by the Department of Social Services, Office of Family Support, LR 27:429 (March 2001).

§5203. Conditions of Eligibility

A. A household must meet all of the following eligibility criteria:

1. all children receiving services must reside with a parent or adult head of household;

2. any child receiving Wrap-Around Child Care Program services must not be receiving assistance from the Family Independence Temporary Assistance Program (FITAP) or the Child Care Assistance Program (CCAP) to ensure that Wrap-Around services are not considered assistance according to 45 CFR 260.31 and that there will be no duplication of services;

3. the head of household, that person's spouse, or non-legal spouse (if the parent of a child in the household), including any minor unmarried parent who is not legally emancipated and whose child(ren) are in need of Wrap-Around Child Care services, must be;

a. employed a minimum average of 20 hours per week and all countable work hours must be paid at least at the federal minimum hourly wage; or

b. engaged in a combination of employment, which is paid at least at the federal minimum hourly wage, and job training or an educational program, for a combined average of at least 20 hours per week;

4. each parent and/or adult household member must be working, or engaged in a combination of working and attending a job training or educational program, during the hours that child care is needed, that is, child care will only be provided during hours that parents and/or adult household members are actually at work, job training, an educational program, or commuting to, or from, these activities;

5. the household must include at least one child with a need for Wrap-Around Child Care services defined as full-day/full-year child care, that is, full-time (30 or more hours per week) or part-time (less than 30 hours per week) and holiday care provided in conjunction with part-time care during the school year, who is:

a. under age 13; or

b. age 13 through age 17, with a physical, mental, or emotional disability rendering him incapable of caring for himself, as verified by a physician or licensed psychologist;

6. the child needing care must customarily reside more than half of the time with the head of household who is applying for child care services, ensuring that only one household can receive child care service for that child;

7. the head of household or another adult household member must be responsible for the payment of child care costs for a child who lives in the household. A need for child

care services does not exist if child care costs will be paid by a third party who is not a household member. However, this will not apply if a third party, not legally obligated to make child care payments, is temporarily doing so until payments begin; and

8. there must be a current need for child care at the time of application.

B. The household must qualify under the income guidelines set forth in §5205, based on the following income sources:

1. gross earnings from all sources of employment and the profit from self-employment; and
2. any unearned income, such as child support, alimony, retirement and disability benefits, Social Security, SSI, unemployment compensation benefits, adoption subsidy, or veteran's benefits, that is received by any household member.

C. A slot must be available with the selected Head Start grantee.

D. The child in need of care must be either a citizen or a qualified alien. Program policy on qualified aliens is the same as policy defined in LAC 67:III.1223.

E. The household must provide the information and verification necessary for determining eligibility and payment amount. Required verification includes:

1. proof of social security numbers for all household members;
2. birth or baptismal certificates for all children in need of care;
3. proof of all countable household income;
4. proof of the hours of all employment; and
5. proof of hours at a job training or educational program, as well as anticipated date of program completion.

F. Eligible cases may be assigned a certification period of up to 12 months.

G. The household is required to report any changes that could affect eligibility or payment amount within 10 days of the change. Failure to report a change that affects eligibility or payment amount may result in action to recover any ineligible payment.

AUTHORITY NOTE: Promulgated in accordance with 42 U.S.C. 601 et seq., 36:474.

HISTORICAL NOTE: Promulgated by the Department of Social Services, Office of Family Support, LR 27:429 (March 2001).

§5205. Income Limits

A. A household must have total countable income of no greater than 130 percent of the Federal poverty level. These amounts are updated annually.

AUTHORITY NOTE: Promulgated in accordance with 42 U.S.C. 601 et seq., 36:474.

HISTORICAL NOTE: Promulgated by the Department of Social Services, Office of Family Support, LR 27:430 (March 2001).

§5207. Rights and Responsibilities

A. The head of the household applying for, or receiving, Wrap-Around Child Care services shall have certain rights and responsibilities.

1. Information provided by the household will not be released without written consent, except to agencies and officials as allowed by law (LAC 67:III.101-103).

2. The household is entitled to receive timely, written notification of action taken on applications or reported changes in household circumstances.

3. The head of household is responsible for reporting the following within 10 days of the change:

- a. termination of employment or attendance at a job training or educational program;
- b. reduction to less than an average of 20 hours per week of employment or a combination of employment and job training or educational program;
- c. an eligible child moves out of the home;
- d. household composition;
- e. earned and unearned income; and
- f. number of days or hours that a child is in care.

4. Any applicant or recipient who has been denied services under the program may appeal the denial by filing a written request within 10 days of receipt of the written notice of denial. The request must contain a copy of the notice of denial and must state the reason(s) the applicant believes services were wrongfully denied. Notice of denial is deemed received on the seventh calendar day after it is mailed to the applicant or recipient with correct postage paid at the address listed on his most recent application.

AUTHORITY NOTE: Promulgated in accordance with 42 U.S.C. 601 et seq., 36:474.

HISTORICAL NOTE: Promulgated by the Department of Social Services, Office of Family Support, LR 27:430 (March 2001).

§5209. Head Start Grantees

A. The agency will provide services to eligible individuals through contracts with some Head Start Program grantees for a designated number of slots. Available slots will be filled on a first-come, first-served basis.

B. The contracted Head Start grantee will establish a child care program that consists of full-day/full-year child care, that is, full-time (30 or more hours per week) or part-time (less than 30 hours per week) and holiday care provided in conjunction with part-time care during the school year.

C. The center shall maintain the following child/staff ratios:

1. 4:1 up to age 12 months;
2. 6:1 from age 12 months to age 24 months;
3. 8:1 from age 24 months to age 36 months;
4. 10:1 from age 36 months to age 60 months;
5. 16:1 from age 5 years to age 12 years;
6. children with disabilities will have a child/staff ratio sufficient to provide adequate care but under no circumstances shall the child/staff ratio exceed 16:1.

D. Each group/class shall consist of two staff members for the appropriate number of children. In mixed-age groups, the ratio and group size for the youngest child shall be used.

E. Each group/class shall be supervised by one teacher and one aide, or by two teachers. All teachers at each facility must have at least a CDA (Child Development Associate credential) for the appropriate age of children.

F. The grantee shall ensure that procedures are in place to prevent, identify, and report suspected abuse or neglect of children as required by Children's Code Articles 601-610 and 45 CFR 1301.31.

AUTHORITY NOTE: Promulgated in accordance with 42 U.S.C. 601 et seq., 36:474.

HISTORICAL NOTE: Promulgated by the Department of Social Services, Office of Family Support, LR 27:430 (March 2001).

§5211. Payment

A. The Head Start grantee will be paid a weekly rate of \$85 per week (\$17 per day) per child for full-day, full-time child care.

B. The Head Start grantee will be paid \$2.12 per hour per child for part-time care.

C. The Head Start grantee will be paid \$2.12 per hour for up to a maximum of eight hours per child (\$17 per day) for allowable holiday care provided in conjunction with part-time care during the school year.

D. Payment will not be made for a child who is absent from day care more than five days in a calendar month or for an extended closure by a provider of more than five consecutive days in a calendar month.

AUTHORITY NOTE: Promulgated in accordance with 42 U.S.C. 601 et seq., 36:474.

Timber Harvesting and Receiving Records
(LAC 7:XXXIX.1501, 1503, and 1507)

In accordance with provisions of the Administrative Procedure Act, R.S. 49:950 et seq., the Department of Agriculture and Forestry, Office of Forestry, proposes to amend rules and regulations regarding procedures and information relating to the harvesting and transportation of forest products.

This regulation was established as a rule in the January 20, 2001 issue of the *Louisiana Register*. However, due to some editing errors that were not corrected previously, this rule is being resubmitted to correct those errors.

These rules comply with and are enabled by R.S. 3:4303.

Family Impact Statement

The proposed amendment to LAC 7:XXXIX.Chapter 15, regarding timber harvesting and receiving records, should not have any known or foreseeable impact on any family as defined by R.S. 49:972(D) or on family formation, stability and autonomy. Specifically, there should be no known or foreseeable effect on:

1. the stability of the family;
2. the authority and rights of parents regarding the education and supervision of their children;
3. the functioning of the family;
4. family earnings and family budget;
5. the behavior and personal responsibility of children;
6. the ability of the family or a local government to perform the function as contained in the proposed rule.

Interested persons should submit written comments on the proposed rules to Tom Trahan through the close of business on April 25, 2001 at Box 1628, Baton Rouge, LA 70821 (5825 Florida Boulevard, Baton Rouge). No preamble regarding these rules is necessary.

FISCAL AND ECONOMIC IMPACT STATEMENT FOR ADMINISTRATIVE RULES

RULE TITLE: Timber Harvesting and Receiving Records

I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO STATE OR LOCAL GOVERNMENT UNITS (Summary)

There will be no implementation costs or savings to state or local governmental units. The proposed rule establishes procedures for the recording of important information related to the harvest and transportation of forest products. This rule will result in mandatory record-keeping by harvesters of forest products and by facilities that receive forest products that will aid in the investigation of timber theft cases.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS OF STATE OR LOCAL GOVERNMENTAL UNITS (Summary)

There will be no effect on revenue collections of state or local governmental units as a result of this action.

III. ESTIMATED COSTS AND/OR ECONOMIC BENEFITS TO DIRECTLY AFFECTED PERSONS OR NONGOVERNMENTAL GROUPS (Summary)

Owners of forest products being harvested will benefit from this action because it will create a verifiable record of the harvest process that will deter theft of the products and enable law enforcement personnel to investigate, locate, and prosecute the theft of forest products.

IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT (Summary)

Since all harvesters and wood receiving facilities in the state would be required to comply with this rule, no impact on competition should occur. The rule will deter and help to

eliminate illegal sales of forest products, which will benefit legitimate harvesters and wood-receiving facilities.

(LAC 28:I.901)

In accordance with R.S. 49:950 et seq., the Administrative Procedure Act, notice is hereby given that the Board of Elementary and Secondary Education approved for advertisement an amendment to Bulletin 741, referenced in LAC 28:I.901.A, promulgated by the Board of Elementary and Secondary Education in LR 1:483 (November 1975). Act 478 of the 1997 Regular Legislative Session called for the development of an accountability system for the purpose of implementing fundamental changes in classroom teaching by helping schools and communities focus on improved student achievement. The State's accountability system is an evolving system with different components. The proposed changes more clearly explain and refine existing policy as follows: 1) clarification in the assignment and calculation of School Performance Scores; and 2) change in the growth formula for Limited English Proficiency (LEP) students.

The Louisiana School and District Accountability System C Indicators for School Performance Scores

2.006.01 A school's School Performance Score shall be determined using a weighted composite index derived from three or four indicators: criterion-referenced tests (CRT), norm-referenced tests (NRT), student attendance for grades K-12, dropout rates for grades 7-12.

Each school shall receive one School Performance Score under one sitecode regardless of its grade structure.

- K-9 schools (excluding grades 10 and 11) shall follow K-8 Accountability Policy
- Schools with grades 10 and/or 11 shall follow 9-12 SPS calculation policy

Growth Targets

Each school shall receive a Growth Target that represents the amount of progress it must make every two years to reach the state 10- and 20-Year Goals.

In establishing each school's Growth Target, the SPS inclusive of students with disabilities shall be used as the baseline. However, the percentage of students with disabilities varies significantly across schools and the rate of growth for such students, when compared to regular education students, may be different. Therefore, the proportion of students with disabilities eligible to participate in the CRT or NRT in each school will be a factor in determining the Growth Target for each school.

Growth Targets

During the first ten years, the formula is the following:
[PropRE * (100 - SPS)/N] + [PropSE * (100 - SPS)/(N + 5)] + [PropLEP * (100-SPS/(N+5))], or 5 points, *whichever is greater*

where

PropSE = the number of special education students in the school who are eligible to participate in the NRT or CRT, divided by the total number of students in the school who are eligible to participate in the NRT or CRT. For purposes of this calculation, gifted, talented, speech or language impaired, and 504 students shall not be counted as special education students, but shall be included in the calculations as regular education students.

PropRE = 1 - PropSE. PropRE is the proportion of students not in special education.

SPS = School Performance Score

N = Number of remaining accountability cycles in the 10-Year Goal period

During the second ten years, the formula is the following:

[PropRE * (150 - SPS)/N] + [PropSE * (150 - SPS)/(N + 5)], or 5 points, *whichever is greater*

Growth Targets for New or Reconfigured Schools

Once a baseline for the new or reconfigured school has been established, a Growth Target shall be set based on the number of cycles remaining until 2009 (K-8) and 2011 (9-12), with a maximum Growth Target of 20 points.

For example, suppose an elementary school enters the Accountability System in 2003 and establishes a baseline SPS of 50 in 2005. Normally, the school's Growth Target would be (100-50)/2 = 25. Under this rule, the school's Growth Target shall be 20, the maximum.

Growth Targets for Reconstituted Schools

Until 2009 (for K-8 schools) and 2011 (for 9-12 schools), the reconstituted school's Growth Target shall be equal to 100 minus the SPS divided by 5 minus the number of cycles since reconstitution.

For example, suppose a school is reconstituted in 2005 and has an SPS of 50 (based on previous years data), the school's Growth Target for the first cycle after reconstitution shall be 10 points [(100-50)/5].

Interested persons may submit written comments until 4:30 p.m., May 9, 2001, to Nina A. Ford, Board of Elementary and Secondary Education, Box 94064, Capitol Station, Baton Rouge, LA 70804-9064

Bulletin 1566C Guidelines for Pupil Progression
Regular Placement and LEAP High Stakes Testing Policy
(LAC 28:XXXIX.503 and 1301)

In accordance with the Administrative Procedure Act, R.S. 49:950 et seq., notice is hereby given that the state Board of Elementary and Secondary Education approved for advertisement an amendment to Bulletin 1566, Guidelines for Pupil Progression, referenced in LAC 28:I.907.A. The Guidelines for Pupil Progression incorporate the High Stakes Testing Policy that was approved by the Board of Elementary and Secondary Education in January 1999 and revised in January 2001 as well as other policies related to the promotion and retention of students. The revisions changed current policy by extending the waiver for students with disabilities under IDEA for one additional year, adding an exemption for Limited English Proficient (LEP) students, adding a section on state-granted waivers, adding a section regarding extenuating circumstances, revising wording on the policy for students with disabilities to allow the School Building Level Committee (SBLC) to make promotion

decisions for the 2000-2001 school year, revising the fourth grade retention limit policy, adding an eighth grade retention limit, and the creation of a Pre-GED/Skills Program (Option 3).

Title 28

EDUCATION

Part XXXIX. Bulletin 1566C Guidelines for

Pupil Progression

Chapter 5. Place Policies; State Requirements

§503. Regular Placement¹

A. - A.1b.ii.(a). ...

(ii). Retention Limit (Fourth Grade). The decision to retain a student in the fourth grade more than once as a result of failure to score at or above the Approaching Basis achievement level in English Language Arts and/or Mathematics on the LEAP 21 shall be made by the LEA in accordance with the local Pupil Progression Plan. These students may be either retained again in the fourth grade or promoted to the fifth grade. Students retained in the fourth grade shall retake all four components of the LEAP 21. For promotional purposes, a student must score at or above the Approaching Basic achievement level on the English language arts and mathematics components of the LEAP 21 only one time.

(iii). Retention Limit (Eighth Grade). The decision to retain an eighth grade student more than once as a result of his/her failure to score at or above the Approaching Basic achievement level in English Language Arts and/or Mathematics on LEAP 21 shall be made by the LEA in accordance with the local Pupil Progression Plan which shall include the following: Beginning with the 2001-2002 school year, an eighth grade student who has repeated the entire grade (Option 1) may be either retained again in the eighth grade; promoted to the ninth grade provided that the student has passed either the English Language Arts or Mathematics component of LEAP 21, has attended at least one LEAP 21 summer remediation program and taken the summer retest, and will enroll in a remedial high school course (English or Mathematics) in which an unsatisfactory achievement level was attained; or placed in a Pre-GED/Skills Program (Option 3). An eighth grade student attending class on a high school campus and earning some Carnegie credit(s) (Option 2) may be either promoted or retained in accordance with the local Pupil Progression Plan, or placed in a Pre-GED/Skills Program (Option 3). Pre-GED/Skills Program (Option 3) shall be available to students who meet criteria as outlined in *Bulletin 741C Louisiana Handbook for School Administrators*, standard 1.151.05.

(iv). Waiver for students with disabilities eligible under the Individuals with Disabilities Education Act (IDEA). For the 2000-2001 school year only if a student with disabilities (excluding students with only a Speech or Language Impairment) participates in on-level testing, the SBLC may consider a waiver only if the student has participated in the summer remediation program and retest offered by the LEA. If a student with disabilities (excluding students with only a Speech or Language Impairment) participates in out-of-level testing, promotion decisions shall be determined by the SBLC. If a student with disabilities participates in an alternative assessment, promotion decisions shall be determined by the SBLC for

the 2001 school year and beyond. Students with disabilities will be promoted in grades four and eight in accordance with SBESE adopted policies.

(v). Exemption for Limited English Proficient (LEP) Student. LEP Students shall begin participation in statewide assessment upon completion of one academic year in an English-speaking school. However, once a LEP student participates in the statewide assessment, the SBLC shall be granted the authority to waive the State's grade promotion policy for a LEP student. A LEP student who was granted a waiver at the fourth grade level is ineligible for a waiver at the eighth grade level. Preliterate LEP students and LEP student who have had no formal schooling or who have has an extended interruption in schooling may request a State-granted waiver for approval from the State Department of Education. Exemption from participation in statewide assessment will be decided on a case by case basis. Once a LEP student participates in statewide assessment, the SBLC shall be granted the authority to waive the State's grade promotion policy for a LEP student. A LEP student who was granted waiver at the fourth grade level is ineligible for a waiver at the eighth grade level. (Refer to Appendix B.)

(vi). Appeals Process. A school system, through its superintendent, may grant an appeal on behalf of individual fourth and eighth grade students who have not scored above the "unsatisfactory" level on the English Language Arts and/or Mathematics after retesting provided that certain criteria are met. (Refer to Appendix B.)

(vii) Waiver for Extenuating Circumstances. A school system through its superintendent may grant a waiver on behalf of individual students who are unable to participate in LEAP 21 testing or unable to attend LEAP 21 summer remediation because of one or more of the following extenuating circumstances as verified through appropriate documentation: a physical illness or injury that is acute or catastrophic in nature, a chronic physical condition that is in an acute phase or court ordered custody issues. (Refer to Appendix.)

(viii). State Granted Exceptions. A local school superintendent, a parent or guardian, or the State Department of Education may initiate a request for a State-granted waiver from the state superintendent of education on behalf of individual students who are not eligible for promotion because of LEA error or other unique situations not covered under extenuating circumstances. The Department of Education will provide to the state Board of Elementary and Secondary Education detailing state-granted waivers. (Refer to Appendix B.)

iii. - iii.c. ...

iv. Summer remediation programs and end-of-summer retests must be offered by school systems at no costs to students who did not take the Spring LEAP 21 tests or who score at the "unsatisfactory" level on LEAP 21.

iv.(a) - v.(a).(iii). ...

(b). Option 2 Students. Students in Option 2 will participate in a transitional program on the high school campus. Students in Option 2 will retake the eighth grade components of the LEAP 21 previously failed (English and/or Mathematics) and all parts of the Iowa Tests at the ninth grade level. For promotional purposes, a student must score at or above the Approaching Basic achievement level

on the English Language Arts and Mathematics components of LEAP 21 only one time. In order to be considered for placement in to Option 2, a student must:

(i). pass at the Approaching Basic or above achievement level either the English Language Arts or Mathematics components of LEAP 21; and

(ii). participate in both the summer remediation program offered by the LEA and the summer testing. All Option 2 Students:

[a]. shall take remedial courses in the component (English language arts and/or mathematics) of the Grade 8 LEAP 21 in which an unsatisfactory achievement level was attained.

[b]. may earn a maximum of one Carnegie unit of remedial elective credit toward graduation provided the student passes a specially designed remediation elective and scores at or above the Basic achievement level on the component of the eighth grade LEAP 21 that is retaken. For these specially designed remediation courses, the LEA shall record a grade of Pass or Fail (P/F) on the students transcript.

[c]. shall not enroll in or earn Carnegie credit in content areas (English language arts and/or mathematics) in which the student has scored at the unsatisfactory achievement level on the Grade eight LEAP 21.

[d]. may earn Carnegie credit in other content areas.

vi. Exceptional students participating in LEAP 21 must be provided with significant accommodations as noted in the students IEP.

vii. The aforementioned policies will be in effect from spring 2000 through spring 2003. Beginning in spring 2004, the policies will also apply to students scoring at the Approaching Basic level.

viii. Other Requirements

(a). Each plan shall include the function of the school building level committee/student assistance team as it relates to student promotion. Refer to Appendix B for complete text of the High Stakes Testing Policy.

A.1.c. - D.1. ...

AUTHORITY NOTE: Promulgated in accordance with R.S. 17.7.

Chapter 13. Appendix B

§1301. LEAP for the 21st Century, High Stakes Testing Policy

A. Grade 4

1. A parent/student/school compact that outlines the responsibilities of each party will be required for students in grade 3 and grade 4 who have been determined to be at risk of scoring at the unsatisfactory level in English language arts and/or mathematics on the fourth grade LEAP for the 21st Century (LEAP 21), as well as for students who were retained in grade 4.

2. A student may not be promoted to the fifth grade until he or she has scored at or above the Approaching Basic level on the English Language Arts and Mathematics components of the fourth grade LEAP 21. For promotional purposes, however, a student shall score at or above the

Approaching Basic achievement level on the English Language Arts and Mathematics components of LEAP 21 only one time

3. LEAs shall offer summer remediation and retest opportunities in English language arts and mathematics at no cost to students who did not take the spring LEAP 21 tests or who score at the unsatisfactory level on the spring tests.

a. A student who scores at the unsatisfactory achievement level is not required to attend the LEA-offered LEAP 21 summer remediation program in order to be eligible for the summer retest.

b. All students with disabilities who participate in on-level testing should receive services along with regular education students in summer remediation programs, with special supports provided as needed.

c. Students with disabilities who participate in out-of-level testing and alternate assessment are not eligible to attend the LEAP 21 summer remediation programs.

d. LEAs are encouraged to offer remediation services to students who score at the Approaching Basic level.

4. In order to move students toward grade level performance, LEAs shall design and implement additional instructional program options for those fourth grade students being retained. The purpose of the additional instructional options is to move the students to grade level proficiency by providing the following focused instruction in the subject area(s) on which they scored at the unsatisfactory level on LEAP 21, and ongoing instruction using locally-developed curricula based on State-level content standards for the core subject areas. Examples of instructional options may include alternative learning settings, individual tutoring, transitional classes, or other instructional options appropriate to the students' needs. LEAs are also encouraged to design and implement additional instructional options for students in grades 3 and 4 who have been determined to be at risk of scoring at the unsatisfactory level on LEAP 21.

5. Retention Limit

a. The decision to retain a student in the fourth grade more than once as a result of his/her failure to score at or above the Approaching Basic achievement level in English Language Arts and/or Mathematics on LEAP 21 shall be made by the LEA in accordance with the local Pupil Progression Plan. These students may be either retained again in the fourth grade or promoted to the fifth grade.

i. Students retained in the fourth grade shall retake all four components of LEAP 21.

ii. For promotional purposes, however, a student shall score at or above the Approaching Basic achievement level on the English Language Arts and Mathematics components of LEAP 21 only one time.

6. Exceptions to the High Stakes Testing policy may include:

a. Policy Override

i. The local school system (LEA) may override the State policy for students scoring at the unsatisfactory level in English language arts or mathematics if the student scores at the Proficient or Advanced level in the other provided that:

(a). the decision is made in accordance with the local Pupil Progression Plan, which may include a referral to the School Building Level Committee (SBLC);

(b). the student has participated in both the spring and summer administrations of LEAP 21 and has attended the summer remediation program offered by the LEA (The student shall participate in the summer retest only on the subject area(s) that he/she scored at the unsatisfactory achievement level during the spring test administration; and

(c). parental consent is granted.

b. Waiver for Students with Disabilities Eligible under the Individuals with Disabilities Education Act (IDEA)

i. For the 2000-2001 school year only, the SBLC shall be granted the authority to waive the State's grade promotion policy for students with disabilities (excluding students with only a speech or language impairment).

(a). Students Participating in On-Level Testing

(i). A student with a disability must participate in both the summer remediation program offered by the LEA and the summer retesting to be considered for a waiver.

(b). Students Participating in Out-of-Level Testing

(i). Students with disabilities who participate in out-of-level testing shall have promotion decisions determined by the SBLC.

(c). Students Participating in Alternate Assessment

(i). Students with disabilities who participate in the alternate assessment shall have promotion decisions determined by the SBLC.

c. Exemption for Limited English Proficient (LEP) Students

i. LEP students shall begin participation in statewide assessment upon completion of one academic year in an English-speaking school. However, once a LEP student participates in the statewide assessment, the SBLC shall be granted the authority to waive the State's grade promotion policy for a LEP student. A LEP student who was granted a waiver at the fourth grade level is ineligible for a waiver at the eighth grade level.

ii. Preliterate LEP students and LEP students who have had no formal schooling or who have had an extended interruption in schooling may request a State-granted waiver for approval from the State Department of Education. Exemption from participation in statewide assessment will be decided on a case by case basis. Once a LEP student participates in statewide assessment, the SBLC shall be granted the authority to waive the State's grade promotion policy for a LEP student. A LEP student who was granted a waiver at the fourth grade level is ineligible for a waiver at the eighth grade level.

d. Appeals Process

i. A school system, through its superintendent, may grant an appeal on behalf of individual students provided that all of the following criteria have been met.

(a). The student's highest score in English language arts and/or mathematics on either the spring or summer LEAP 21 must fall within 20 scaled score points of the cutoff score for Approaching Basic.

(b). The student shall have a 3.0 grade point average on a 4.0 scale in the subject(s) on which he/she scored unsatisfactory on LEAP 21.

(c). The student must have attended the LEAP 21 summer remediation program.

(d). The student must have taken the LEAP 21 retest given after the LEAP 21 summer remediation program has been concluded.

(e). The student must have met State-mandated attendance regulations during the regular school year and any locally mandated regulations during the summer remediation program.

(f). The principal and the School Building Level Committee (SBLC) must review student work samples and attest that the student exhibits the ability of performing at or above the Approaching Basic achievement level in English Language Arts and/or Mathematics.

e. Waiver for Extenuating Circumstances

i. A school system through its superintendent may grant a waiver on behalf of individual students who are unable to participate in LEAP 21 testing or unable to attend LEAP 21 summer remediation because of one or more of the following extenuating circumstances as verified through appropriate documentation:

(a). a physical illness or injury that is acute or catastrophic in nature;

(b). a chronic physical condition that is in an acute phase; or

(c). court ordered custody issues.

(i). Documentation: Physical Illness.

Appropriate documentation must include verification that the student is under the medical care of a licensed physician for illness, injury, or a chronic physical condition that is acute or catastrophic in nature. Documentation must include a statement verifying that the illness, injury, or chronic physical condition exists to the extent that the student is unable to participate in testing and/or remediation. Custody Issues: Certified copies of the court ordered custody agreements must be submitted to the LEA at least 10 school days prior to summer remediation or retesting.

ii. Student Eligibility/Retest Requirements

(a). Students who meet the criteria for extenuating circumstances under the physical illness, chronic physical condition, or court ordered custody category related to LEAP 21; and

(i). who are unable to participate in both the spring and the summer administration of LEAP 21, or who score at the unsatisfactory achievement level on the spring administration of LEAP 21 mathematics and/or English language arts tests and are unable to participate in LEAP 21 summer retest, shall take the Iowa Tests for grade placement within 10 school days of returning to school, which may include hospital/homebound instruction, in order to ensure the appropriate level of instruction; must score at or above the cutoff score on the selected form of The Iowa Tests for grade placement to be promoted to the fifth grade; and are not eligible for a retest. These students may be eligible for the policy override, appeals process, or waiver (for students with disabilities under IDEA) in accordance with the local Pupil Progression Plan.

iii. Students who meet the criteria for extenuating circumstances under the physical illness, chronic physical condition, or court ordered custody category related to LEAP 21; and

(a). who are unable to participate in the spring testing and/or summer remediation including the provision of remediation through hospital/homebound instruction;

(b). are required to take the LEAP 21 summer retest. These students may be eligible for the policy override, appeals process or waiver (for students with disabilities under IDEA) in accordance with the local Pupil Progression Plan.

f. State-Granted Exceptions

i. A local school superintendent, a parent or guardian, or the state Department of Education may initiate a request for a state-granted waiver from the state superintendent of education on behalf of individual students who are not eligible for promotion because of LEA error or other unique situations not covered under extenuating circumstances.

(a). The Department of Education will provide a report to the state Board of Elementary and Secondary Education detailing state-granted waivers.

(i). Documentation: LEA Error. The LEA superintendent or parent must provide the state superintendent of education with school and student level documentation detailing the error, how the error occurred, and how the error will be corrected so that it will not occur again in the future. Other Unique Situations: Documentation must be provided to the state superintendent of education detailing the unique situation and justifying why a waiver should be granted.

ii. Testing/Promotion Decisions

(a). The Department of Education will communicate to the LEAs the means for establishing promotional decisions for those students who have received a state-granted waiver.

6. The promotion policies outlined above are in effect from spring 2000 through spring 2003; beginning in spring 2004, these policies will also apply to students scoring at the Approaching Basic level on LEAP 21 in English language arts and/or mathematics.

B. Grade Eight

1. A parent/student/school compact that outlines the responsibilities of each party will be required for students in grade 7 and grade 8 who have been determined to be at risk of scoring at the unsatisfactory level in English language arts and/or mathematics on the eighth grade LEAP 21, as well as for students who were retained in grade eight.

2. A student may not be promoted to the ninth grade until he or she has scored at or above the Approaching Basic level on the English Language Arts and Mathematics components of the eighth grade LEAP 21. For promotional purposes, however, a student shall score at or above the Approaching Basic level on the English Language Arts and Mathematics components of LEAP 21 only one time.

3. LEAs shall offer summer remediation and retest opportunities in English language arts and mathematics at no cost to students who did not take the spring LEAP 21 tests or who score at the unsatisfactory level on the spring tests.

a. A student who scores at the unsatisfactory achievement level is not required to attend the LEA-offered LEAP 21 summer remediation program in order to be eligible for the summer retest. All students with disabilities who participate in on-level testing should receive services

along with regular education students in summer remediation programs, with special supports provided as needed.

b. Students with disabilities who participate in out-of-level testing and alternate assessment are not eligible to attend the LEAP 21 summer remediation programs.

c. LEAs are encouraged to offer remediation services to students who score at the Approaching Basic level.

4. In order to move students toward grade level performance, LEAs shall design and implement additional instructional program options for those eighth grade students being retained. The purpose of the additional instructional options is to move the students to grade level proficiency by providing the following: focused instruction in the subject area(s) on which they scored at the unsatisfactory level on LEAP 21, and ongoing instruction using locally-developed curricula based on state-level content standards for the core subject areas. Examples of instructional options may include alternative learning settings, individual tutoring, transitional classes, or other instructional options appropriate to the students' needs. LEAs are also encouraged to design and implement additional instructional options for students in grades 7 and 8 who have been determined to be at risk of scoring at the unsatisfactory level on the LEAP 21.

a. School systems shall develop non-discriminatory criteria for the placement of those eighth grade students who score at the unsatisfactory achievement level on the English Language Arts and/or the Mathematics component(s) of the LEAP 21 in either Option I or Option 2.

i. Students in Option I will repeat grade 8. Students in Option I will retake all four components of LEAP 21.

ii. Students in Option 2 will participate in a transitional program on the high school campus. Students in Option 2 will retake the eighth grade components of LEAP 21 previously failed (English and/or Mathematics) and all parts of the Iowa Tests at the ninth grade level.

iii. For promotional purposes, a student must score at or above the Approaching Basic achievement level on the English Language Arts and Mathematics components of the LEAP 21 only one time.

b. In order to be considered for placement into Option 2, a student must:

i. pass at the Approaching Basic or above achievement level either the English Language Arts or Mathematics component of LEAP 21; and

ii. participate in both the summer remediation program offered by the LEA and the summer testing.

5. In accordance with the local Pupil Progression Plan, Option I students:

a. may earn Carnegie units in accordance with the policy regarding high school credit for elementary students as found in *Bulletin 741 Louisiana Handbook for School Administration*;

b. may earn a maximum of one Carnegie unit of remedial elective credit toward graduation provided the students pass a specially designed remediation elective and score at or above the Basic achievement level on the component of the eighth grade LEAP 21 that is retaken. The LEAP 21 shall be in lieu of a required credit examination. For these specially designed remediation courses, the LEA

shall record a grade of Pass or Fail (P/F) on the student's transcript;

c. shall not enroll in or earn Carnegie credit in content areas (English language arts and/or mathematics) in which the student has scored at the unsatisfactory achievement level on the Grade 8 LEAP 21.

6. All Option 2 students:

a. shall take remedial courses in the component (English language arts and/or mathematics) of the Grade 8 LEAP 21 in which an unsatisfactory achievement level was attained;

b. may earn a maximum of one Carnegie unit of remedial elective credit toward graduation provided the students pass a specially designed remediation elective and score at or above the Basic achievement level on the component of the eighth grade LEAP 21 that is retaken. For these specially designed remediation courses, the LEA shall record a grade of Pass or Fail (P/F) on the student's transcript;

c. shall not enroll in or earn Carnegie credit in content areas (English language arts and/or mathematics) in which the student has scored at the unsatisfactory achievement level on the Grade 8 LEAP 21;

d. may earn Carnegie credit in other content areas.

7. Retention Limit

a. The decision to retain an eighth grade student more than once as a result of his/her failure to score at or above the Approaching Basic achievement level in English Language Arts and/or Mathematics on LEAP 21 shall be made by the LEA in accordance with the local Pupil Progression Plan which shall include the following.

i. Beginning with the 2001-2002 school year, an eighth grade student who has repeated the entire grade (Option 1) may be either retained again in the eighth grade; promoted to the ninth grade provided that the student has passed either the English Language Arts or Mathematics component of LEAP 21, has attended at least one LEAP 21 summer remediation program and taken the summer retest, and will enroll in a remedial high school course (English or mathematics) in which an unsatisfactory achievement level was attained; or placed in a Pre-GED/Skills Program (Option 3).

ii. An eighth grade student attending class on a high school campus and earning some Carnegie credit(s) (Option 2) may be either promoted or retained in accordance with the local Pupil Progression Plan, or placed in a Pre-GED/Skills Program (Option 3).

b. Pre-GED/Skills Program (Option 3) shall be available to students who meet criteria as outlined in *Bulletin 741 Louisiana Handbook for School Administrators*, standard 1.151.05.

8. Exceptions to the High Stakes Testing policy may include:

a. Policy Override

i. The local school system (LEA) may override the state policy for students scoring at the unsatisfactory level in English or mathematics if the student scores at the Proficient or Advanced level in the other provided that:

ii. the decision is made in accordance with the local Pupil Progression Plan, which may include a referral to the School Building Level Committee (SBLC);

iii. the student has participated in both the spring and summer administrations of the LEAP 21 and has attended the summer remediation program offered by the LEA (The student shall participate in the summer retest only on the subject that he/she scored at the unsatisfactory achievement level during the spring test administration); and

iv. parental consent is granted.

b. Waiver for Students with Disabilities Eligible under the Individuals with Disabilities Education Act (IDEA)

i. For the 2000-2001 school year only, the SBLC shall be granted the authority to waive the state's grade promotion policy for students with disabilities (excluding students with only a speech or language impairment).

(a). Students Participating in On-Level Testing

(i). A student with a disability must participate in both the summer remediation program offered by the LEA and the summer retesting in order to be considered for a waiver.

(b). Students Participating in Out-of-Level Testing

(i). Students with disabilities who participate in out-of-level testing shall have promotion decisions determined by the SBLC.

(c). Students Participating in Alternate Assessment

(i). Students with disabilities who participate in the alternate assessment shall have promotion decisions determined by the SBLC.

c. Exemption for Limited English Proficient (LEP) Students

i. LEP students shall begin participation in statewide assessment upon completion of one academic year in an English-speaking school. However, once a LEP student participates in the statewide assessment, the SBLC shall be granted the authority to waive the state's grade promotion policy for a LEP student. A LEP student who was granted a waiver at the fourth grade level is ineligible for a waiver at the eighth grade level.

ii. Preliterate LEP students and LEP students who have had no formal schooling or who have had an extended interruption in schooling may request a state-granted waiver for approval from the state Department of Education. Exemption from participation in statewide assessment will be decided on a case by case basis. Once a LEP student participates in statewide assessment, the SBLC shall be granted the authority to waive the state's grade promotion policy for a LEP student. A LEP student who was granted a waiver at the fourth grade level is ineligible for a waiver at the eighth grade level.

d. Appeals Process

i. A school system, through its superintendent, may grant an appeal on behalf of individual students provided that all of the following criteria have been met.

(a). The student's highest score in English language arts and/or mathematics on either the spring or summer LEAP 21 must fall within 20 scaled score points of the cutoff score for Approaching Basic.

(b). The student shall have a 3.0 grade point average on a 4.0 scale in the subject(s) on which he/she scored unsatisfactory on LEAP 21.

(c). The student must have attended the LEAP 21 summer remediation program.

(d). The student must have taken the LEAP 21 retest given after the LEAP 21 summer remediation program has been concluded.

(e). The student must have met state-mandated attendance regulations during the regular school year and any locally mandated regulations during the summer remediation program.

(f). The principal and the School Building Level Committee (SBLC) must review student work samples and attest that the student exhibits the ability of performing at or above the Approaching Basic achievement level in English Language Arts and/or Mathematics.

e. Waiver for Extenuating Circumstances

i. A school system through its superintendent may grant a waiver on behalf of individual students who are unable to participate in LEAP 21 testing or unable to attend LEAP 21 summer remediation because of one or more of the following extenuating circumstances as verified through appropriate documentation:

(a). a physical illness or injury that is acute or catastrophic in nature;

(b). a chronic physical condition that is in an acute phase; or

(c). court ordered custody issues.

(i). Documentation: Physical Illness. Appropriate documentation must include verification that the student is under the medical care of a licensed physician for illness, injury, or a chronic physical condition that is acute or catastrophic in nature. Documentation must include a statement verifying that the illness, injury, or chronic physical condition exists to the extent that the student is unable to participate in testing and/or remediation. Custody Issues: Certified copies of the court ordered custody agreements must be submitted to the LEA at least 10 school days prior to summer remediation or retesting.

ii. Student Eligibility/Retest Requirements

(a). Students who meet the criteria for extenuating circumstances under the physical illness, chronic physical condition, or court ordered custody category related to LEAP 21 and:

(i). who are unable to participate in both the spring and the summer administration of LEAP 21; or

(ii). who score at the unsatisfactory achievement level on the spring administration of LEAP 21 mathematics and/or English language arts tests and are unable to participate in LEAP 21 summer retest shall take the Iowa Tests for grade placement within 10 school days of returning to school, which may include hospital/homebound instruction, in order to ensure the appropriate level of instruction; must score at or above the cutoff score on the selected form of The Iowa Tests for grade placement to be promoted to the ninth grade; and are not eligible for a retest. These students may be eligible for the policy override, appeals process, or waiver (for students with disabilities under IDEA) in accordance with the local Pupil Progression Plan.

iii. Students who meet the criteria for extenuating circumstances under the physical illness, chronic physical condition, or court ordered custody category related to LEAP 21; and

iv. who are unable to participate in the spring testing and/or summer remediation including the provision of remediation through hospital/homebound instruction;

(a). are required to take the LEAP 21 summer retest. These students may be eligible for the policy override, appeals process or waiver (for students with disabilities under IDEA) in accordance with the local Pupil Progression Plan.

f. State-Granted Exceptions

i. A local school superintendent, a parent or guardian, or the state Department of Education may initiate a request for a state-granted waiver from the state superintendent of education on behalf of individual students who are not eligible for promotion because of LEA error or other unique situations not covered under extenuating circumstances.

(a). The Department of Education will provide a report to the state Board of Elementary and Secondary Education detailing state-granted waivers. Documentation:

(i). LEA Error. The LEA superintendent or parent must provide the state superintendent of education with school and student level documentation detailing the error, how the error occurred, and how the error will be corrected so that it will not occur again in the future. Other Unique Situations: Documentation must be provided to the state superintendent of education detailing the unique situation and justifying why a waiver should be granted.

(ii). Testing/Promotion Decisions. The Department of Education will communicate to the LEAs the means for establishing promotional decisions for those students who have received a state-granted waiver.

9. The promotion policies outlined above are in effect from spring 2000 through spring 2003; beginning in spring 2004, these policies will also apply to students scoring at the Approaching Basic level.

AUTHORITY NOTE: Promulgated in accordance with R.S. 17.7.

HISTORICAL NOTE: Promulgated by the Board of Elementary and Secondary Education, LR 27:

Interested persons may submit comments until 4:30 p.m., May 9, 2001, to Nina A. Ford, Board of Elementary and Secondary Education, Box 94064, Capitol Station, Baton Rouge, LA 70804-9064.

Board of Elementary and Secondary Education

Rules Governing Discussion
(LAC 28:I.307)

In accordance with R.S. 49:950 et seq., the Administrative Procedure Act, the Board of Elementary and Secondary Education approved for advertisement the following revision to its Rules to Order. The revision to LAC 28:I.307.J, Rules Governing Discussion, will allow the board to conduct business in an orderly and efficient manner.

**Title 28
EDUCATION**

Part I. Board of Elementary and Secondary Education

Chapter 3. Rules of Procedure

§307. Rules of Order

A. - I. ...

J. Rules Governing Discussion

1. Board members and staff should be on time for meetings, especially the first meeting each day. It is difficult to make up lost time with such a heavy schedule of committee meetings.

2. There will be no discussion on a motion until it is seconded. The discussion shall be limited to the merits of the pending question. The order of discussion shall be left solely to the discretion of the chair. No board member will speak without first receiving recognition of the chairman.

3. Each member of the board shall be allowed to speak no more than twice on the same motion, unless he requests permission of the chair to be allowed to answer something of a personal nature or to correct a gross mistake. This shall in no way be interpreted to supersede the personal privilege prerogative of each member of the board.

4. Committee chairpersons should be cognizant of time allotted for committee work and attempt to conduct business within the time allotted. The chair shall have the right to limit, in time, the length of discussion on each motion, if time is of a critical nature.

5. The maker of the motion will be given the first opportunity to speak and to close on the motion if they so desire. It is recommended that each member, in discussing an issue before the board, attempt to:

- a. confine his remarks to the merits of the pending question;
- b. refrain from attacking a members motives;
- c. address all remarks through the chair;

d. refrain from speaking on a prior action unless it is reconsidered by the board or committee;

e. read reports, quotations, etc., only without objection;

f. refrain from disturbing the board meeting, if possible; and

g. limit response so everyone who wishes to comment on a motion can do so.

6. It is the responsibility of the president or chairperson of a committee to direct the orderly meeting discussion. The chair, as an individual member of the board, has the same right to discussion as any other member, but the impartiality required of the chair in a discussion precludes his exercising these rights while he is presiding. If the chairperson wishes to make lengthy discussion comments they should relinquish the chair to the vice-chair, secure recognition, and participate as a normal member. It is requested that any remarks which the chair wishes to make concerning an issue should be made after all other members have been recognized.

7. There will be no more than two amendments to a motion that is before the body. If one of these two is removed, another may be added.

8. A motion to close debate requires a 2/3 vote of those present and voting.

9. Only those motions which are included in the agenda and are germane will be considered.

10. State department personnel should condense all presentations as much as possible and only in special instances should these presentations exceed 30 minutes.

11. An individual board member may request from the department any public document which has already been prepared or is in readily available form.

12. A board member may not request new research, records or reports not available and which requires compilation or research without a motion adopted by a majority of the board.

13. Only the board executive secretary, staff person assigned to the committee or the deputy superintendents are allowed to come up on the dais while business is being conducted.

14. The chairperson should ask all presenters to identify themselves for the record.

15. A quorum is required at full board meetings to conduct business and six votes are required to pass a motion. Two board members present and voting are required to conduct business at a committee meeting.

16. If a board member or the superintendent want to have a lengthy private discussion with another board member or members, they should not do this in front of the audience (i.e. Go to one of the side rooms.) Audience is asked to go outside the meeting room for their personal discussions.

17. It is suggested that ceremonial acknowledgments on Thursday board meetings should be made by the president and the local board member only. (In behalf of all board members.)

18. Board members are asked to remain seated when local school personnel are making presentations to the board as it is always an honor to be recognized by state-level officials.

19. Cell phones and beepers should be turned off or taken to the side rooms for conversations when activated.

20. At the full board meeting when approving committee minutes, any board member can request that a motion be addressed without being on the prevailing side.

21. All other rules and procedures not modified by these guidelines shall be governed by Robert's Rules of Order, revised edition.

22. In order to carry on its business in an orderly and efficient manner, the board utilizes 10 standing committees of the whole. Full discussion of board business usually occurs at the committee level, and public comment should ideally be at that time and not after a recommendation is forwarded to the board. Opportunity to comment publicly on a committee or board agenda item may be provided to a representative number of proponents and opponents according to the following procedures.

a. Persons desiring to address the committee/board should notify the chair prior to the beginning of the meeting and identify the issue or item to be addressed. Other members of the public may be recognized at the discretion of the chair.

b. All speakers will conduct themselves in a decorous manner.

c. The chair shall have the right to limit, in time, the length of discussion on each motion, if time is of a critical matter.

d. The order of discussion shall be left solely to the discretion of the chair.

e. Persons addressing the committee/board shall confine remarks to the merits a specific agenda item before the board/committee; refrain from attacking a board member's motives; address all remarks through the chair; refrain from speaking adversely on a prior action not pending; read reports only without objection; and refrain from disturbing the meeting.

f. Public comments should be limited to three minutes per person.

g. Persons making a public comment shall identify themselves and the group they represent, if any.

h. Groups and/or organizations should designate one spokesperson.

i. The chair shall have discretion to manage situations not addressed in these procedures.

COMMENT: It should be noted that BESE meetings while open to the public are not public hearing forums and therefore public comments allowed will be at board/committee discretion.

K. - O. ...

AUTHORITY NOTE: Promulgated in accordance with R.S. 17:3(A-E).

HISTORICAL NOTE: Promulgated by the Board of Elementary and Secondary Education in LR 16:297 (April 1990), LR 27:

Waste Tire Clarifications
(LAC 33:VII.Chapter 105)(SW030)

Under the authority of the Environmental Quality Act, R.S. 30:2001 et seq., and in accordance with the provisions of the Administrative Procedure Act, R.S. 49:950 et seq., the secretary gives notice that rulemaking procedures have been initiated to amend the Solid Waste regulations, LAC 33:VII.Chapter 105 (Log #SW030).

This Rule clarifies the notification and submittal processes for the waste tire regulations. Prior to this Rule, all submittal notices and notifications were referenced to the department or referenced to the Solid Waste Division, which has been reorganized through departmental reengineering. This Rule will give specific instructions as to where the general public should submit all documents pertinent to the waste tire chapter of the solid waste regulations, making the submittal process easier for both the general public and the department. This Rule also eliminates obsolete wording that was mistakenly left in the waste tire regulations. Departmental reengineering has necessitated the clarification of all submittal and notification processes for all regulations promulgated by the department. Without these clarifications, the general public would not be able to submit pertinent information in an easy and timely manner. The basis and rationale for this rule are to clarify the submittal and notification process for the general public and to remove all mention of incorrect division references.

This proposed Rule meets an exception listed in R.S. 30:2019(D)(3) and R.S.49:953(G)(3); therefore, no report

regarding environmental/health benefits and social/economic costs is required. This proposed Rule has no known impact on family formation, stability, and autonomy as described in R.S. 49:972.

§10519. Standards and Responsibilities of Generators of Waste Tires

A. Within 30 days of commencement of business operations, generators of waste tires shall notify the Office of Environmental Services, Permits Division of their existence and obtain a generator identification number prior to initiating a waste tire manifest. Notification shall be on a form provided by the Office of Environmental Services, Permits Division.

[See Prior Text in B-C]

D. All tire dealers shall remit the waste tire fee, as specified in LAC 33:VII.10535.B and C, to the department on a monthly basis on or before the twentieth day following the month covered. The fee shall be submitted to the Office of Management and Finance, Financial Services Division, along with the Monthly Waste Tire Fee Report Form WT01 obtained from the Office of Management and Finance, Financial Services Division. Until December 31, 2001, the fee shall be reported on Form WT01 in the following tire categories: passenger/light truck, medium truck, and off-road. On January 1, 2002, the fee shall be reported on Form WT02 and shall include all categories of tires listed in Appendix C. Every tire dealer required to make a report and remit the fee imposed by this Section shall keep and preserve records as may be necessary to readily determine the amount of fee due. Each dealer shall maintain a complete record of the quantity of tires sold, together with tire sales invoices, purchase invoices, inventory records, and copies of each Monthly Waste Tire Fee Report for a period of no less than three years. These records shall be open for inspection by the administrative authority at all reasonable hours.

E. Tire dealers must provide notification to the public sector via signs, made available by the Office of Management and Finance, Financial Services Division, indicating that:

[See Prior Text in E.1-K]

L. A generator who ceases the sale of tires at the registered location shall notify the Office of Environmental Services, Permits Division within 10 days of the date of the close or relocation of the business. This notice shall include information regarding the location and accessibility of the tire sale and monthly report records.

State of incorporation:

Surety: [name and business address]

[site identification number, site name, facility name, and current closure amount for each facility guaranteed by this bond]

Total penal sum of bond: \$

Surety's bond number:

Know All Persons By These Presents, That we, the Principal and Surety hereto, are firmly bound to the Louisiana Department of Environmental Quality Waste Tire Management Fund in the above penal sum for the payment of which we bind ourselves, our heirs, executors, administrators, successors, and assigns jointly and severally; provided that, where Sureties are corporations acting as cosureties, we the sureties bind ourselves in such sum "jointly and severally" only for the purpose of allowing a joint action or actions against any or all of us, and for all other purposes each Surety binds itself, jointly and severally with the Principal, for the payment of such sum only as is set forth opposite the name of such Surety, but if no limit or liability is indicated, the limit of liability shall be the full amount of the penal sum.

WHEREAS, said Principal is required, under the Resource Conservation and Recovery Act as amended (RCRA) and the Louisiana Environmental Quality Act, R.S. 30:2001, et seq., to have a permit in order to own or operate the waste tire facility identified above; and

WHEREAS, the Principal is required by law to provide financial assurance for closure care, as a condition of the permit;

NOW THEREFORE, if the Principal shall provide alternate financial assurance as specified in LAC 33.VII.10525.D.12-14 and obtain written approval from the Office of Management and Finance, Financial Services Division of such assurance, within 90 days after the date of notice of cancellation is received by both the Principal and the administrative authority from the Surety, then this obligation shall be null and void; otherwise it is to remain in full force and effect.

The Surety shall become liable on this bond obligation only when the Principal has failed to fulfill the conditions described above. Upon notification by the administrative authority that the Principal has failed to perform closure in accordance with the closure plan and permit requirements as guaranteed by this bond, the Surety shall place funds in the amount guaranteed for the facility into the Waste Tire Management Fund as directed by the administrative authority.

The Surety hereby waives notification of amendments to closure plans, permits, applicable laws, statutes, rules, and regulations, and agrees that no such amendment shall in any way alleviate its obligation on this bond.

The liability of the Surety shall not be discharged by any payment or succession of payments hereunder, unless and until such payment or payments shall amount in the aggregate to the penal sum of the bond, but in no event shall the obligation of the Surety hereunder exceed the amount of the penal sum.

The Surety may cancel the bond by sending notice of cancellation by certified mail to the Principal and to the Office of Management and Finance, Financial Services Division. Cancellation shall not occur before 120 days have elapsed beginning on the date that both the Principal and the administrative authority received the notice of cancellation, as evidenced by the return receipts.

The Principal may terminate this bond by sending written notice to the Surety and to the Office of Management and Finance, Financial Services Division, provided, however, that no such notice shall become effective until the Surety receives written authorization for termination of the bond by the administrative authority.

The Principal and Surety hereby agree that no portion of the penal sum may be expended without prior written approval of the administrative authority.

IN WITNESS WHEREOF, the Principal and the Surety have executed this FINANCIAL GUARANTEE BOND and have affixed their seals on the date set forth above.

Those persons whose signatures appear below hereby certify that they are authorized to execute this FINANCIAL GUARANTEE BOND on behalf of the Principal and Surety, that each Surety hereto is authorized to do business in the state of Louisiana and that the wording of this surety bond is identical to the wording specified in the Louisiana Department of Environmental Quality's Waste Tire Regulations, LAC 33:VII.Chapter 105. Total penal sum of bond: \$
Surety's bond number:

Know All Persons By These Presents, That we, the Principal and Surety hereto, are firmly bound to the Louisiana Department of Environmental Quality, Waste Tire Management Fund, in the above penal sum for the payment of which we bind ourselves, our heirs, executors, administrators, successors, and assigns jointly and severally; provided that, where Sureties are corporations acting as cosureties, we, the sureties, bind ourselves in such sum "jointly and severally" only for the purpose of allowing a joint action or actions against any or all of us, and for all other purposes each Surety binds itself, jointly and severally with the Principal, for the payment of such sum only as is set forth opposite the name of such Surety, but if no limit of liability is indicated, the limit of liability shall be the full amount of the penal sum.

WHEREAS, said Principal is required, under the Resource Conservation and Recovery Act as amended (RCRA) and the Louisiana Environmental Quality Act, R.S. 30:2001, et seq., to have a permit in order to own or operate the waste tire facility identified above; and

WHEREAS, the Principal is required by law to provide financial assurance for closure care, as a condition of the permit;

THEREFORE, the conditions of this obligation are such that if the Principal shall faithfully perform closure, whenever required to do so, of the facility for which this bond

guarantees closure, in accordance with the closure plan and other requirements of the permit as such plan and permit may be amended, pursuant to all applicable laws, statutes, rules, and regulations, as such laws, statutes, rules, and regulations may be amended;

OR, if the Principal shall provide financial assurance as specified in LAC 33.VII.10525.D.12-14 and obtain written approval of the Office of Management and Finance, Financial Services Division of such assurance, within 90 days after the date of notice of cancellation is received by both the Principal and the administrative authority, then this obligation shall be null and void; otherwise it is to remain in full force and effect.

The Surety shall become liable on this bond obligation only when the Principal has failed to fulfill the conditions described hereinabove.

Upon notification by the administrative authority that the Principal has been found in violation of the closure requirements of the *Louisiana Administrative Code*, Title 33, Part VII, or of its permit, for the facility for which this bond guarantees performances of closure, the Surety shall either perform closure, in accordance with the closure plan and other permit requirements, or place the closure amount guaranteed for the facility into the Waste Tire Management Fund as directed by the administrative authority.

Upon notification by the administrative authority that the Principal has failed to provide alternate financial assurance as specified in LAC 33.VII.10525.D.12-14 and obtain written approval of such assurance from the Office of Management and Finance, Financial Services Division during the 90 days following receipt by both the Principal and the administrative authority of a notice of cancellation of the bond, the surety shall place funds in the amount guaranteed for the facility into the Waste Tire Management Fund as directed by the administrative authority.

The Surety hereby waives notification of amendments to closure plans, permits, applicable laws, statutes, rules, and regulations, and agrees that no such amendment shall in any way alleviate its obligation on this bond.

The liability of the Surety(ies) shall not be discharged by any payment or succession of payments hereunder, unless and until such payment or payments shall amount in the aggregate to the penal sum of the bond, but in no event shall the obligation of the Surety hereunder exceed the amount of the penal sum.

The Surety may cancel the bond by sending notice of cancellation by certified mail to the Principal and to the Office of Management and Finance, Financial Services Division. Cancellation shall not occur before 120 days have elapsed beginning on the date that both the Principal and the administrative authority received the notice of cancellation, as evidenced by the return receipts.

The Principal may terminate this bond by sending written notice to the Surety and to the administrative authority, provided, however, that no such notice shall become effective until the Surety receives written authorization for termination of the bond by the administrative authority.

The Principal and Surety hereby agree that no portion of the penal sum may be expended without prior written approval of the administrative authority.

IN WITNESS WHEREOF, the Principal and the Surety have executed this PERFORMANCE BOND and have affixed their seals on the date set forth above.

Those persons whose signatures appear below hereby certify that they are authorized to execute this surety bond on behalf of the Principal and Surety, that each Surety hereto is authorized to do business in the state of Louisiana and that the wording of this surety bond is identical to the wording specified by the Louisiana Department of Environmental Quality's Waste Tire Regulations, LAC 33:VII.Chapter 105.Appendix A dated August 4, 1994, effective on the date this bond was executed.

WASTE TIRE FACILITY IRREVOCABLE LETTER OF CREDIT

Secretary
Louisiana Department of Environmental Quality
Post Office Box 82231
Baton Rouge, Louisiana 70884-2231

Dear Sir:

We hereby establish our Irrevocable Standby Letter of Credit Number [number] in favor of the Department of Environmental Quality of the State of Louisiana at the request and for the account of [permit holder's or applicant's name and address] for the closure fund for its [list site identification number, site name, and facility name] at [location], Louisiana for any sum or sums up to the aggregate amount of U.S. dollars \$ [number] upon presentation of:

(1) A sight draft, bearing reference to the Letter of Credit Number [number] drawn by the administrative authority together with;

(2) A statement signed by the administrative authority, declaring that the operator has failed to perform closure in accordance with the closure plan and permit requirements and that the amount of the draft is payable into the Waste Tire Management Fund.

The Letter of Credit is effective as of [date] and will expire on [date], but such expiration date will be automatically extended for a period of at least one year on the above expiration date, and on each successive expiration date thereof, unless, at least 120 days before the then current expiration date, we notify both the Office of Management and Finance, Financial Services Division and the [name of

permit holder or applicant] by certified mail that we have decided not to extend this Letter of Credit beyond the then current expiration date. In the event we give such notification, any unused portion of this Letter of Credit shall be available upon presentation of your sight draft for 120 days after the date of receipt by both the Department of Environmental Quality and [name of permit holder/applicant] as shown on the signed return receipts.

Whenever this Letter of Credit is drawn under and in compliance with the terms of this credit, we shall duly honor such draft upon presentation to us, and we shall deposit the amount of the draft to the Department of Environmental Quality for deposit into the Waste Tire Management Fund in the name of [name of permit holder or applicant] in accordance with the administrative authority's instructions.

Except as otherwise expressly agreed upon, this credit is subject to the uniform Customs and Practice for Documentary Credits (1983 Revision), International Chamber of Commerce Publication Number 400, or any revision thereof effective on the date of issue of this credit.

We certify that the wording of this Letter of Credit is identical to the wording specified in the Louisiana Department of Environmental Quality's Waste Tire Regulations, LAC 33:VII.Chapter 105.Appendix A dated August 4, 1994, effective on the date shown immediately below.

NOTICE OF INTENT

Department of Health and Hospitals Office for Citizens with Developmental Disabilities

Programmatic Standards
(LAC 48:IX.107)

The Department of Health and Hospitals, Office for Citizens with Developmental Disabilities is proposing to amend provisions of LAC 48:IX.107, Programmatic Standards. These proposed revisions concern current licensing requirements of the U.S. Department of Labor's Wage and Hour Division for re-certification of special minimum wage contracts for contracted vocational and habilitative service settings. In addition, a revision of Chapter 1's existing provision regarding Louisiana Workers' Compensation regulations is proposed. These proposed actions are under the authority of R.S. 28:380 et seq. and the Administrative Procedure Act, R.S. 49:950 et seq.

This Notice of Intent proposes to repeal two provisions, §107.E.5 and E.7, concerning U.S. Department of Labor's Wage and Hour Division regulations. Proposed changes to §107.E.4 incorporates the updated language concerning current Wage and Hour Division requirements and includes the proposed change concerning the division's timelines for re-certification of special minimum wage certificates. The U.S. Department of Labor Wage and Hour Division no longer requires licensed providers to be re-certified annually for a special minimum wage contract, but rather "... for a period to be designated by the Administrator." Specifically, this period depends on the type of company to which a certificate is issued. For Work Centers (previously known as Sheltered Workshops) and Patient Workers, the re-certification period is once every two years. For Competitive Employment or Work Experience through Schools, re-

certification must be done annually (U.S. Dept. of Labor CFR, Title 29, Chapter V, Part 525, Section 525.12, *Terms and Conditions of Special Minimum Wage Certificates*). In addition, changes to the §107.E.13 requiring all consumers receiving wages to be provided with workers' compensation insurance or its equivalent are proposed in order to cover any future revisions in Louisiana state law regarding workers' compensation.

Promulgation of these rule changes is required to update these provisions of Chapter 1 to be consistent with current federal and state standards for contracted vocational and habilitative services. Implementation of this rule with the repeal of §107.E.5 and E.7 will reduce the number of requirements from 21 to 19. The provisions in §107 are being renumbered.

Title 48

PUBLIC HEALTH GENERAL

Part IX. Mental Retardation/Developmental Disabilities Services

Chapter 1. Contracted Vocational and Habilitative Services

§107. Programmatic Standards

A. - D.3. ...

E. Work

1. - 3. ...

4. (MS) All agencies receiving funding under this contract will comply with United States Department of Labor's Fair Labor Standards Act, whether or not the work performed is covered by the Department of Labor regulations, and, where applicable, by the United State Department of Labor's Wage and Hour Regulations, Part 525, *Employment of Workers with Disabilities under Special Certificates*. By contracting to provide vocational and habilitative services all agencies receiving funding under this contract acknowledge familiarity with, and will abide by, all applicable state and federal regulations pertinent to employment of workers with disabilities under special certificates, including but not limited to U.S. Department of Labor, Part 525.

5. (MS) The agency prepares a handbook, which is reviewed annually, updated as needed and distributed to all consumers, stating:

- a. the conditions, benefits and responsibilities of the organization and the persons served;
- b. fringe benefits;
- c. wage payment practices;
- d. work rules;
- e. nondiscrimination provisions;
- f. grievance and appeal procedures for consumers;
- g. an explanation of the means used by the organization to preserve human rights and the mechanism by which the person has access to that system;
- h. the availability of community-based job training and placement services.

6. (MS) Wage payments are based on a system of individual performance rather than pooled and/or group wage payments.

7. (MS) Wage payments are monetary in nature, paid by check in the individual's name and not payments in-kind.

8. (MS) The pay period does not exceed 31 calendar days.

9. (MS) Each person receives a written statement for each pay period indicating gross pay, hours worked, deductions, and net pay.

10. (MS) Wages may not be withheld or delayed for disciplinary reasons or because they are contingent upon subsequent sales or payments to the organization.

11. (MS) Contractors providing employment shall comply with R.S. 23:1168, *Ways of Securing Compensation to Employees*. By contracting to provide vocational and habilitative services all agencies receiving funding under this contract acknowledge familiarity with, and will abide by, all applicable state and federal regulations pertinent to providing workers compensation or similar insurance to employees, including but not limited to R.S. 23:1168.

12. (QI) All consumers have equal opportunity to use equipment within the provisions of safety standards, production schedules and the physical abilities of the individual. (This applies to facility-based services only.)

13. (MS) Provisions for meeting safety standards apply uniformly to all persons employed by the agency.

14. (QI) As a part of reasonable accommodation, modified equipment, fixtures, and other techniques are used as necessary to increase the individual's productivity rate.

15. (MS) The agency accesses funding from Louisiana Rehabilitation Services for job development, placement, intensive training, and job modifications and adaptations at the job site.

16. (MS) The resources/supports available from parents, friends, co-workers, guardians, advocates, case managers, residential providers (i.e., supported living, SFC parents) and others, as determined by the consumer are considered in the coordination of supported employment services.

17. (MS) There are provisions for extended services which include:

a. a minimum of two visits per month at the job site to assess the individual's job performance both by direct observation and discussion with the consumer's co-workers and supervisors. In the case where the consumer and/or the job coach believes it is more appropriate to meet the consumer off the job site to assess the employment situation, the job coach must still contact the employment site to assess job performance;

b. periodic retraining;

c. job modifications needed to maintain employment, when not available through LRS; and

d. provision or identification of other supports needed to maintain employment.

18. (MS) When an Interdisciplinary Team determines that formal (agency-provided) extended services are not necessary for the continued maintenance of a consumer's employment, the agency shall:

a. initiate separation from OCDD services per the discharge policy;

b. provide a written description of the employer and/or generic supports that are available to the individual.

19. (MS) A separation report is completed when a person receiving agency provided extended services leaves any community job. The report documents:

a. date of separation;

b. reason(s) for separation; and

c. recommendations for future employment or other services.

AUTHORITY NOTE: Promulgated in accordance with R.S. 28:380 et seq.

HISTORICAL NOTE: Promulgated by the Department of Health and Human Resources, Office of Mental Retardation/Developmental Disabilities, LR 13:246 (April 1987), amended by the Department of Health and Hospitals, Office for Citizens with Developmental Disabilities, LR 21:691 (July 1995), LR 27:

Family Impact

These proposed changes will have no effect on the stability, functioning, behavior and personal responsibility of recipient families and children. There will be no difference in the earnings and budget of such families and children, other than what is already in effect regarding special minimum wage payments to program participants. It will have no effect on the authority and rights of parents regarding supervision and education of their children. In addition, the proposed rule changes have no effect on the ability of local governments to perform its functions.

The Department of Health and Hospitals will conduct a public hearing at 9:30 a.m. on Tuesday, April 24, 2001 in the Auditorium of the Department of Transportation and Development, 1201 Capitol Access Road, Baton Rouge, LA 70802. All interested persons are invited to attend and present data, views, comments, or arguments, orally and in writing. In addition, all interested persons are invited to submit written comments on this proposed rule. Such comments must be received no later than April 19, 2001 by the close of business, 4:30 p.m., and should be submitted to Raymond A. Jetson, Assistant Secretary, Office for Citizens with Developmental Disabilities, Department of Health and Hospitals, Box 3117, Baton Rouge, LA 70802-3117 or faxed to (225) 342-8823.

FISCAL AND ECONOMIC IMPACT STATEMENT FOR ADMINISTRATIVE RULES RULE TITLE: Programmatic Standards

I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO STATE OR LOCAL GOVERNMENT UNITS (Summary)

The only costs for implementing this proposed rule are the estimated administrative costs of \$250.00, which are based on the projected expenditures for publishing this Notice of Intent and subsequent Rule in the *Louisiana Register*.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS OF STATE OR LOCAL GOVERNMENTAL UNITS (Summary)

There is no estimated effect on revenue collections of state or local governmental units because these proposed changes will not result in an increase or decrease in revenue collections.

III. ESTIMATED COSTS AND/OR ECONOMIC BENEFITS TO DIRECTLY AFFECTED PERSONS OR NONGOVERNMENTAL GROUPS (Summary)

There are no estimated costs and/or economic benefits to directly affected persons as this proposed rule includes provisions which are consistent with current federal and state laws and regulations for special minimum wage payments. Non-governmental groups are expected to experience a positive outcome as the federal re-certification requirement has been changed from annually to once every two years.

IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT (Summary)

These proposed changes to the regulations of the Mental Retardation/Developmental Disabilities Services System will have no estimated effect on competition and employment. This proposed rule change is consistent with current federal and state laws and regulations for contracted vocational and habilitative services.

NOTICE OF INTENT

Department of Health and Hospitals Office of Public Health

Sanitary Code Commercial Seafood Inspection Program (Chapter IX)

Notice is hereby given in accordance with the Administrative Procedure Act, R.S. 49:950 et seq., the Department of Health and Hospitals, Office of Public Health, pursuant to the authority in R.S. 40:5, intends to amend and revise Chapter IX, Section 9:052-1-C, 9:052-2-B, 9:052-2-C and 9:052-3-E of the Louisiana State Sanitary Code.

The first proposed rule change (9:052-1-C) is needed in order for this state to comply with the latest recommendations of the National Shellfish Sanitation Program as required by R.S. 40:5.3. The proposed change increases the time from harvest to refrigeration from 6 hours to 10 hours for half shell oysters (raw consumption) when the water temperature in the harvest areas is above 84°F as indicated by the time/temperature matrix used for *Vibrio vulnificus* control.

The second set of proposed rule change, 9:052-2-B, 9:052-2-C and 9:052-3-E, are needed so as to provide enforcement capabilities for the time/temperature harvest matrix located in 9:052 of the State Sanitary Code. Specifically, the requirement will be for the harvester and first certified dealer to complete the log sheet for all months January through December, not only for the months of April through October.

The proposed revisions to Chapter IX are as follows.

9:052-1 Refrigeration Requirements for Shell Stock Harvested for Raw Consumption During the Months of April through October

C. Water Temperature: >84°F Shell-stock shall be placed under mechanical refrigeration at an air temperature not to exceed 45°F within 10 hours from the time harvesting begins.

Delete the following paragraph.

A Harvester-Dealer Time/Temperature Log Sheet shall be completed by both the harvester and first certified dealer to document compliance with time to refrigeration requirements during the April through October time period. log sheets shall be maintained for a period of one year and made readily available for inspection by agents of the Department of Health and Hospitals, Department of Wildlife

and Fisheries and the U.S. Food and Drug Administration. Log sheets for the current and previous 15 days shall be kept aboard the harvest vessel for immediate examination.

9:052-2 Refrigeration Requirements for Shell Stock Harvested for Shucking by a Certified Dealer During the Months of April through October

B. Delete section in its entirety.
Re-number item C to B and retain the same language.
Amend 9:052-3-E, as follows.

E. A Harvester-Dealer Time/Temperature Log Sheet shall be completed by both the harvester and first certified dealer to document compliance with time to refrigeration requirements during the months January through December. Log sheets shall be maintained for a period of one year and made readily available for inspection by agents of the Department of Health and Hospitals, Department of Wildlife and Fisheries and the U.S. Food and Drug Administration. Log sheets for the current and previous 15 days shall be kept aboard the harvest vessel for immediate examination.

The requirement for a Harvest-Dealer Time/Temperature Log Sheet will not apply to the West Cove Conditional Management Area or the Lower Calcasieu Lake Conditional Management Area which are located in Cameron Parish.

Alternate designs for the Harvester-Dealer Time/Temperature Log Sheet as depicted in Table I may be submitted for consideration and approval to the Office of Public Health.

A public hearing on the adoption by reference will be held on Friday, April 27, 2001 at 1:30 p.m. at 6867 Bluebonnet Boulevard, Room 230, Baton Rouge, LA. All interested persons will be afforded an opportunity to submit data, views or arguments, orally or in writing, at said hearing.

Interested persons may also submit written comments to: David Guilbeau, Sanitarian Program Administrator, Commercial Seafood Program, 6867 Bluebonnet Boulevard, Baton Rouge, LA 70810 by the close of business on April 30, 2001. He is responsible for responding to inquiries regarding this proposed rule adoption.

FISCAL AND ECONOMIC IMPACT STATEMENT FOR ADMINISTRATIVE RULES

**RULE TITLE: Sanitary Code
Commercial Seafood Inspection Program**

I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO STATE OR LOCAL GOVERNMENT UNITS (Summary)

There will be no savings or cost to local units. In Fiscal Year 2000/2001 the agency will incur a one-time fee of approximately \$120 for publication in the *State Register*.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS OF STATE OR LOCAL GOVERNMENTAL UNITS (Summary)

There will be no effect on revenue collections of state or local governmental units.

III. ESTIMATED COSTS AND/OR ECONOMIC BENEFITS TO DIRECTLY AFFECTED PERSONS OR NONGOVERNMENTAL GROUPS (Summary)

Oyster harvesters and shippers would be directly affected by the new rule due to the minuscule amount of additional paper work involved in the revised record keeping requirements. However, there should be no significant cost

increases to oyster harvesters or shippers as a result of this rule change.

IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT (Summary)

There will be no effect on competition or employment.

7. operation, management and performance of functions for pre-admission screening and resident review process for nursing home reform;

8. operation, management and performance of functions for enrollment and monitoring of Medicaid targeted case management;

9. DHH, will share with CAHSD information regarding but not limited to program data, statistical data, and planning documents that pertain to the CAHSD. Statewide information provided on a regional basis to providers, consumers, and advocates, shall either include accurate data for CAHSD, as confirmed by CAHSD or shall include a statement that information for Region 2 (CAHSD) is available on request. This is necessary to make community stakeholders aware that CAHSD is participating in the submission of the same data reports as are required of the other regions;

10. DHH is to communicate any planned amendments to current law establishing CAHSD, or new legislation that is primarily directed to impacting CAHSD funding or administration or programs, prior to submission to the governor's office or to a legislative author;

11. all reports of statewide performance or comparisons, which are circulated outside of the DHH program offices, which include data submitted directly by CAHSD, or which are generated from data transmission program in which CAHSD participants will be provided to CAHSD;

12. all DHH facilities shall provide fair and equal access to all appropriately referred citizens residing in the parishes served by CAHSD;

13. the CAHSD CSRM shall be invited to all OCDD meetings that include the CSRM's of the eight regions under OCDD administration;

14. DHH will meet with CAHSD to discuss and plan for any necessary upgrades in hardware, software or other devices necessary for the electronic submission of data which is required of CAHSD;

15. CAHSD's executive director shall be included in discussions that specifically relate to adverse changes in

CAHSD program or financing, prior to final decision-making;

16. OPH shall maintain at least the same level of HIV Prevention services in the seven-parish area served by CAHSD as in existence at the time of resumption of the Region II HIV Prevention Program by OPH, providing federal and State funding remains level or increases, and also that the level of HIV incidence warrants same level of funding. Further, until such time as OPH finalizes contracts with CBOs providing services in Region II, OPH shall support and require compliance with the terms of the contracts negotiated between CAHSD and CBOs. [contracts will have succession language];

17. the CAHSD shall, in general, plan, manage and deliver services funded under this agreement as required in order to be consistent with the priorities, policies and strategic plans of DHH, its program offices, and related local initiatives. DHH shall include the CAHSD as appropriate in the development of these plans and priorities;

18. budget request for new and expanded programs or request for additional funding for existing programs will be discussed with the appropriate assistant secretary in order to determine that the request is consistent with DHH policies.

C. Joint responsibilities:

1. to determine if community-based mental health, developmental disabilities, addictive disorders, and public health services are delivered at least at the same level by CAHSD as the state provides for similar programs in other areas, performance indicators shall be established. Such indicators will measure extensiveness of services, accessibility of services, availability of services and, most important, quality of services. The CAHSD will not be required to meet performance indicators which are not mandated for state-operated programs in these service areas;

2. CAHSD's progress toward achieving outcomes which meet or exceed those realized by DHH-operated programs in the affected geographic region shall be measured by comparing the CAHSD data on results to baseline statistics reported by Regional DHH programs for the year prior to July 1, 1997. Specific outcome measurements/performance indicators to be compared will be jointly agreed upon by CAHSD and DHH;

3. the CAHSD shall work closely with the OCDD in transitioning individuals from all developmental centers to the district ensuring individualized planning, the implementation of chosen life activities and needed supports, and the development of circles of support for the individual to ensure relationship building and community participation. CAHSD shall follow OCDD policies and procedures governing health, safety and crisis issues for persons who have transitioned from OCDD developmental centers and adheres to requirements outlined in the OCDD transition manual;

4. CAHSD will work with the Office for Addictive Disorders to assure the key performance indicators sent to the DOA are the same for CAHSD and Office for Addictive Disorders;

5. CAHSD will work with the Office for Addictive Disorders to assure there is a clear audit trail for linking alcohol and drug abuse funding and staffing to alcohol and drug abuse services;

6. CAHSD will collaborate with Region II OPH managers to assist them to perform community-based functions which provide services and continuity of care for education, prevention, detection, treatment, rehabilitation and follow up care related to personal health;

7. the CAHSD shall notify the DHH Bureau of Legal Services and relative program office in a timely manner to assure proper representation in all judicial commitments and court events involving placement in DHH programs. The CAHSD shall also provide program staff as representatives to assist DHH in all judicial commitments and court events involving placement in DHH programs. DHH will provide legal support and representation in judicial commitments to the department;

8. CAHSD shall be included as a member on all statewide work groups established by DHH program offices for the development of policies, procedures, organizational arrangements, etc., which will directly impact services utilized by citizens in the parishes served by CAHSD.

AUTHORITY NOTE: Promulgated in accordance with R.S. 46:2661.

§2713. Reallocation of Resources/Staff and Financial Agreements

A. For FY 00-01, DHH agrees to transfer financial resources, as described in Attachment A, to the direction and management of the CAHSD. Data in Attachment A will be adjusted based upon the final appropriation for the CAHSD.

B. The CAHSD will submit to DHH an annual budget request for funding of the cost for providing the services and programs for which the CAHSD is responsible. The format for such request shall be consistent with that required by the Division of Administration and DHH. The request shall conform with the time frame established by DHH. CAHSD executive director will meet with the Office of the Secretary to discuss all new and expanded program request prior to presentation to DOA.

C. The CAHSD shall operate within its budget allocation and report budget expenditures to the DHH.

D. Revisions of the budget may be made upon written consent between the CAHSD and DHH and, as appropriate, through the Legislative Budget Committee's BA-7 process. In the event any additional funding is appropriated and received by DHH that affects any budget categories for the direction, operation, and management of the programs of mental health, mental retardation/developmental disabilities, addictive disorders services, and public health, and related activities for any other such DHH entities or regions, the CAHSD will receive additional funds on the same basis as other program offices.

E. CAHSD shall bill DHH agencies for services they provide in a timely manner.

F. CAHSD shall not bill any DHH agency more than is shown in Attachment 1.

G. In the event of a budget reduction, CAHSD will receive a proportionate reduction in its budget.

H. The CAHSD shall assume all financial assets and/or liabilities associated with the programs transferred.

I. CAHSD shall be responsible for repayment of any funds received which are determined ineligible and subsequently disallowed.

J. DHH shall continue to provide to CAHSD certain support services from the Office of the Secretary and from the Office of Management and Finance which are available to the regional program offices of OCDD, OMH, OAD, and OPH. The services CAHSD will continue to receive, at the level provided to other regions are: Communications and Inquiry, Internal Audit, Fiscal Management, Information Services, Facility Management, Lease Management ,and Research and Development and Appeals.

K. CAHSD will participate in the planning and ongoing updates to the development of a resource allocation formula for OAD funding.

L. CAHSD will comply with the resource allocation formula and adjustments in the funding for CAHSD may be made according to this formula.

M. In the event of mandatory reduction in state or federal funds CAHSD will share in that reduction consistent with corresponding OAD regions.

AUTHORITY NOTE: Promulgated in accordance with R.S. 46:2661.

§2715. Joint Training and Meetings

A. CAHSD, through its staff, will participate in DHH and other programmatic training, meetings and other activities as agreed upon by CAHSD and DHH. In a reciprocal manner, CAHSD will provide meetings, training sessions, and other activities that will be available for participation by DHH staff as mutually agreed upon by the CAHSD and the DHH.

AUTHORITY NOTE: Promulgated in accordance with R.S. 46:2661.

HISTORICAL NOTE: Promulgated by the Department of Health and Hospitals, Office of the Secretary, LR 24:950 (May 1998), amended 25:669 (April 1999), LR 27:

§2717. Special Provisions

A. The CAHSD agrees to abide by all applicable federal, state, and parish laws regarding nondiscrimination in service delivery and/or employment of individuals because of race, color, religion, sex, age, national origin, handicap, political beliefs, disabled veteran, veteran status, or any other non-merit factor.

B. The CAHSD shall maintain a property control system of all movable property in the possession of the CAHSD that was formally under the control of DHH, and of all additional property acquired.

C. For purposes of purchasing, travel reimbursement, and securing of social service/professional contracts, the CAHSD shall utilize established written bid/RFP policies and procedures. Such policies and procedures shall be developed in adherence to applicable statutory and administrative requirements. The CAHSD shall provide informational copies of such policies and procedures to DHH as requested.

D. The CAHSD shall abide by all court rulings and orders that affect DHH and impact entities under the CAHSD's control, and shall make reports to DHH's Bureau of Protective Services of all applicable cases of alleged abuse, neglect, exploitation, or extortion of individuals in need of protection in a format prescribed by DHH.

E. CAHSD shall be responsible for providing services to citizens of East and West Feliciana Parishes at a level at least

equal to services rendered by DHH Region II prior to July 1, 1998. This will also include any new services provided and funded by CAHSD through DHH subsequent to July 1998.

F. If OAD is successful in establishing an inpatient gambling program, this will not be managed by CAHSD since this is a statewide program.

G. In the event of a departmental budget reduction in state general funds, or federal funds equivalent, CAHSD shall share in that reduction consistent with other DHH agencies. If reductions occur through executive order, DOA, or legislative action in the appropriation schedule 09, and CAHSD is included in these reductions, then these same reductions shall not be reassessed to CAHSD by DHH agencies.

H. CAHSD shall be given the opportunity to comment on all pay proposals generated by DHH, which affect employees paid by CAHSD, prior to submission to Civil Service. CAHSD will not independently initiate any proposals to Civil Service that will impact the pay of DHH employees.

I. CAHSD shall have membership on the Region II Planning Group and the Statewide Planning Group for the HIV/AIDS Prevention Program. CAHSD shall be a voting member of the Region II Planning Group (RPG). CAHSD shall be a non-voting member of the Statewide Planning Group (SPG) unless the CAHSD member is also elected by the Region II RPG as its official delegate to the SPG. In such case, the CAHSD representative shall vote as the representative of the Region II RPG.

J. CAHSD shall be a member of all review and recommendation panels for award of funding to organizations which will provide HIV/AIDS prevention in the parishes served by CAHSD.

K. CAHSD can obtain a copy of all Region II contracts negotiated by OPH for the delivery of HIV/AIDS prevention services by CBOs in the seven parish area served by CAHSD.

L. CAHSD can obtain a copy of all requests for funding, solicitation of offers, notices of funding availability and other such comparable documents sent out by OPH relative to community-based HIV Prevention and Treatment Services for Region II as well as any such notices received by OPH and not chosen for application by them.

This proposed rule is adopted in accordance with the Administrative Procedure Act, R.S. 49:950 et seq.

The Department of Health and Hospitals, Office of the Secretary, Bureau of Health Services Financing provides coverage for augmentative and alternative communication (AAC) devices under the Durable Medical Equipment Program. The criteria for prior authorization of augmentative and alternative communication devices were promulgated by reference in a rule that adopted the state and federal policy and procedures governing the determination of Medicaid eligibility as contained in the Medicaid Eligibility Manual.

However, only recipients under the age of 21 were eligible to receive these devices (*Louisiana Register*, Volume 22, Number 5). The May 1996 rule was subsequently amended to remove the age restriction for authorization of augmentative and alternative communication devices and expand the criteria for consideration of these devices for prior authorization (*Louisiana Register*, Volume 26, Number 8). The bureau now proposes to amend the August 20, 2000 rule to provide clarification of the recipient and prior authorization criteria for AAC devices.

In compliance with Act 1183 of the 1999 Regular Session of the Louisiana Legislature, the impact of this proposed rule on the family has been considered. This proposed rule has no known impact on family functioning, stability, or autonomy as described in R.S. 49:972.

Proposed Rule

The Department of Health and Hospitals, Office of the Secretary, Bureau of Health Services Financing amends the August 20, 2000 Rule to provide the following clarifications for recipient criteria and prior authorization of augmentative and alternative communication devices.

- I. ...
- II. Recipient Criteria

A.1. - 2. ...

B.1. An assessment, or evaluation, of the individuals functioning and communication limitations that preclude or interfere with meaningful participation in current and projected daily activities must be completed by a speech-language pathologist with input from other health professionals, (e.g., occupational therapists and rehabilitation engineers) based on the recommendation of the speech language pathologist and a physician's prescription, as appropriate.

NOTE: Medicaid provides reimbursement for AAC assessments/evaluations.

B.2. - D. 2 ...

D.3.a. whether there have been any significant changes in the sensory status (e.g., vision, hearing, tactile); postural, mobility or motor status; speech, language, and expressive communication status; or any other communication need or limitation of the recipient as described in B.3.b - g, and j; and

D.3.b. - E.1. ...

E.1.a. requests for modification or replacement of AAC devices and/or accessories may be considered for coverage after the expiration of three or more years from the date of purchase of the current device and accessories in use, except as stated in II.E.1.d and II.E.1.e.i.

E.1.b. - E.1.f. ...

- III. Prior Authorization

A. ...

B. Medicaid will not consider purchase of an AAC device when an alternative means of funding through another agency or other source (e.g., Louisiana Rehabilitation Services, school systems, private insurance, etc.) is available for the recipient. All requests should indicate the availability, or lack of availability, of purchase through other funding sources.

NOTE: AAC devices may be covered through the Durable Medical Equipment (DME) Program with prior authorization for Medicaid recipients residing in nursing homes (ICF I, II & SNF).

C. - C.b.ii. ...

Interested persons may submit written comments to Ben A. Bearden, Bureau of Health Services Financing, Box 91030, Baton Rouge, LA 70821-9030. He is responsible for responding to inquiries regarding this proposed rule. A public hearing on this proposed rule is scheduled for Thursday, April 26, 2001 at 9:30 a.m. in the Department of Transportation and Development Auditorium, First Floor, 1201 Capitol Access Road, Baton Rouge, Louisiana. At that time all interested persons will be afforded an opportunity to submit data, views or arguments either orally or in writing. The deadline for the receipt of all written comments is 4:30 p.m. on the next business day following the public hearing.

NOTICE OF INTENT

Department of Health and Hospitals Office of the Secretary Bureau of Health Services Financing

Inpatient Hospital Services Extensions and Retrospective
Reviews of Length of Stay

The Department of Health and Hospitals, Office of the Secretary, Bureau of Health Services Financing proposes to adopt the following rule under the Medical Assistance Program as authorized by R.S. 46:153 and pursuant to Title XIX of the Social Security Act. This proposed rule is adopted in accordance with the Administrative Procedure Act, R.S. 49:950 et seq.

The Department of Health and Hospitals, Bureau of Health Services Financing adopted a rule amending the reimbursement methodology for inpatient hospital services by establishing the requirements for registration or pre-admission certification and length of stay assignment for all admissions to acute care and rehabilitation hospitals as well as long term hospitals and distinct part psychiatric/substance abuse units of acute care general hospitals (*Louisiana Register*, Volume 20, Number 6). In addition, the bureau established provisions for extensions of the initial length of stay assignment and retrospective reviews of inpatient admission of Medicaid recipients. Extensions of length of stay must be requested no later than the last authorized day or the last business day before the last authorized day. A hospital can request a retrospective review for Medicaid reimbursement when the recipient's Medicaid coverage was unknown at the time of admission or when a recipient had no coverage or pending coverage at the time of admission. The bureau now proposes to adopt a rule to clarify the provisions for extensions of length of stay and retrospective reviews of inpatient hospital admissions.

In compliance with Act 1183 of the 1999 Regular Session of the Louisiana Legislature, the impact of this proposed rule on the family has been considered. This proposed rule has no known impact on family functioning, stability, or autonomy as described in R.S. 49:972.

Proposed Rule

The Department of Health and Hospitals, Office of the Secretary, Bureau of Health Services Financing amends the June 20, 1994 Rule to clarify the time frame for requesting an extension of the length of stay. In addition, the bureau amends the rule to clarify the criteria and time frame requirements for requesting a retrospective review for admission certification and length of stay assignment. An extension must be requested no later than the expected day of discharge. A hospital may request a retrospective review for Medicaid reimbursement of inpatient hospital services in only two situations: 1) retroactive eligibility of the recipient, and 2) a dually eligible recipient has exhausted his/her Medicare Part A benefits. In the case of a recipient's retroactive eligibility, providers have up to one year from the date that the recipient was added to the eligibility file to request a retrospective review. In the case where a recipient's Medicare Part A benefits have been exhausted, providers have up to 60 days from the date of the Medicare Explanation of Benefits (EOB) verifying that Medicare Part A benefits have been exhausted to request retrospective review. The two year timely filing requirement for filing claims is still applicable for retrospective reviews.

Interested persons may submit written comments to: Ben A. Bearden, Bureau of Health Services Financing, Box 91030, Baton Rouge, LA 70821-9030. He is responsible for responding to inquiries regarding this proposed rule. A public hearing on this proposed rule is scheduled for Thursday, April 26, 2001 at 9:30 a.m. in the Department of Transportation and Development Auditorium, First Floor, 1201 Capitol Access Road, Baton Rouge, Louisiana. At that time all interested persons will be afforded an opportunity to submit data, views or arguments either orally or in writing.

The deadline for the receipt of all written comments is 4:30 p.m. on the next business day following the public hearing.

Mental Health Rehabilitation Program Staffing Definitions

The Department of Health and Hospitals, Office of the Secretary, Bureau of Health Services Financing proposes to adopt the following rule under the Medical Assistance Program as authorized by R.S. 46:153 and pursuant to Title XIX of the Social Security Act. This proposed rule is adopted in accordance with the Administrative Procedure Act, R.S. 49:950 et seq.

The Department of Health and Hospitals, Office of the Secretary, Bureau of Health Services Financing adopted a Rule that restructured the Mental Health Rehabilitation Program and established provisions governing recipient eligibility, service delivery requirements, and reimbursement methodology (*Louisiana Register*, Volume 22, Number 6). A subsequent Rule was promulgated to amend the provisions governing administrative requirements by adding staffing

definitions and training requirements (*Louisiana Register*, Volume 24, Number 2). The bureau now proposes to amend the February 20, 1998 Rule to revise the administrative requirements for Clinical Managers and staffing definitions for Licensed Professional Counselors, Mental Health Specialists and Mental Health Assistants.

In compliance with Act 1183 of the 1999 Regular Session of the Louisiana Legislature, the impact of this proposed rule on the family has been considered. This proposed rule has no known impact on family functioning, stability, or autonomy as described in R.S. 49:972.

Proposed Rule

The Department of Health and Hospitals, Office of the Secretary, Bureau of Health Services Financing amends the February 20, 1998 Rule to revise the administrative requirements for clinical managers and the staffing requirements for licensed professional counselors, mental health specialists and mental health assistants.

Penalty Waiver (LAC 61:III.2101)

Under the authority of R.S. 47:1603 and in accordance with the provisions of the Administrative Procedure Act, R.S. 49:950 et seq., the Department of Revenue, Office of the Secretary, proposes to adopt LAC 61:III.2101 pertaining to a penalty waiver for delinquent filing or delinquent payment.

The purpose of this rule is to inform the public of the documentation required when submitting requests for waiver of delinquent filing or late payment penalty and of factors that will be considered by the Department of Revenue in evaluating waiver requests. Title 47 Section 1603 provides that if the failure to file on time or the failure to timely remit the full amount due is not due to the negligence of the taxpayer, but is due to other causes set forth in written form and considered reasonable, the secretary may waive the penalty in whole or in part. When the penalty exceeds \$5,000, the waiver must be approved by the Board of Tax Appeals.

Title 61

REVENUE AND TAXATION

Part III. Department of Revenue; Administrative Provisions and Miscellaneous

Chapter 21. Interest and Penalties

§2101. Penalty Waiver

A. The secretary may waive a penalty in whole or in part for the failure to file a return on time or the failure to timely remit the full amount due when the failure is not due to the taxpayer's negligence and is considered reasonable. All penalty waiver requests must be in writing and be accompanied by supporting documentation. If the combined penalties for a tax period exceed one hundred dollars, all of the facts alleged as a basis for reasonable cause must be fully disclosed in an affidavit sworn before a notary public in the presence of two witnesses and accompanied by any supporting documentation. The affidavit must be signed by the taxpayer, or in the case of a corporation, by an officer of the corporation. Where the taxpayer or officer does not have personal knowledge of such facts, the sworn affidavit may be signed on the taxpayer's or officer's behalf by a responsible individual with personal knowledge of such facts.

B. Before a taxpayer's request for penalty waiver will be considered, the taxpayer must be current in filing all tax returns and all tax, penalties not being considered for waiver,

fees and interest due for any taxes/fees administered by the Department of Revenue must be paid.

C. In determining whether or not to waive the penalty in whole or in part, the department will take in account both the facts submitted by the taxpayer and the taxpayer's previous compliance record with respect to all of the taxes/fees administered by the Department of Revenue. Prior penalty waivers will be a significant factor in assessing the taxpayer's compliance record. Each waiver request submitted by the taxpayer will be considered on an individual basis. Each tax period or audit liability will be considered separately in determining whether the penalty amount mandates approval of the waiver by the Board of Tax Appeals. The delinquent filing and delinquent payment penalties will also be considered at separately in making this determination.

AUTHORITY NOTE: Promulgated in accordance with R.S. 47:1603.

HISTORICAL NOTE: Promulgated by the Department of Revenue, Office of the Secretary, LR 27:

**Department of Revenue

**Sales and Use Tax Definition of Person
(LAC 61:I.4301)**

Under the authority of R.S. 47:301 and in accordance with the provisions of the Administrative Procedure Act, R.S. 47:950 et seq., the Department of Revenue, Policy Services Division, proposes to amend LAC 61:I.4301 relative to the definition of *person* for sales tax purposes.

These amendments provide guidance concerning the exclusion from the definition of *person* for all or some of the purchases made by the entities listed in R.S. 47:301(8). These entities include governmental agencies, the Society of the Little Sisters of the Poor, independent institutions of higher education, and churches and synagogues. While the first two entities are excluded from the definition of *person* for all of their purchases, independent institutions of higher education and churches and synagogues have a limited exclusion from the definition of *person*. Independent institutions of higher education are excluded from the definition for their purchases directly related to the educational mission of the institution while churches and synagogues are excluded from the definition only for their purchases of bibles, song books, and religious instruction literature.

In some instances, the entities specified in R.S. 47:301(8) making the types of purchases which qualify them for the exclusion from the definition of *person* may act through an agent or employee in making the purchase. Two common situations when this occurs are purchases made by government contractors and the renting of hotel rooms to

government employees. The amendments to this rule list the circumstances under which purchases by real property contractors and the renting of hotel rooms by employees are equivalent to direct acquisitions by the entity excluded from the definition of *person*.

REVENUE AND TAXATION

**Part I. Taxes Collected and Administered by the
Secretary of Revenue**

Chapter 43. Sales and Use Tax

§4301. Definitions

A. - C. ...

* * *

Person

a. The term *person* as used in this Chapter includes:

i. natural persons; and

ii. artificial persons, including, but not limited to, corporations, limited liability companies, estates, trusts, business trusts, syndicates, cities and parishes, parishes, municipalities, this state, any district or political subdivision, department or division thereof, any board, agency, or other instrumentality thereof, acting unilaterally or as a group or combination, as well as receivers, referees in bankruptcy, agricultural associations, labor unions, firms, copartnerships, partnerships in commendam, registered limited liability partnerships, joint ventures, associations, singularly or in the plural, who have the legal right or duty, whether explicit, implied or assumed, to perform any of the transactions described in this Chapter.

b. A natural or artificial person's classification as exempt under any other tax statute has no effect on that person's status under the sales tax law. For example, a religious, charitable, educational, scientific, civic, social or fraternal organization, including hospitals and similar institutions, may be statutorily exempted from other taxes but remain classified as *persons* for sales tax purposes.

c. R.S. 47:301(8) provides exclusions from the definition of person for purchases made by the entities listed in R.S. 47:301(8). Although these entities are not responsible for paying state and local sales and use taxes on some or all of their purchases, they must collect and remit sales tax on their taxable sales transactions.

i. The two entities granted exclusions from paying state and local sales and use taxes for all of their purchases are:

(a) the state of Louisiana, its parishes, its municipalities, its special districts, its political subdivisions, and any other agencies, boards, commissions, or instrumentalities of the state or its political subdivisions;

(b) the Society of the Little Sisters of the Poor. Before claiming exemptions, the Society must obtain a certificate of authorization from the Sales Tax Division of the Department of Revenue.

ii. The two entities granted exclusions from paying state and local sales and use taxes on some of their purchases are:

(a) regionally accredited independent institutions of higher education that are members of the Louisiana Association of Independent Colleges and Universities. Purchases, leases, or rentals of tangible personal property or purchases of taxable services by these institutions that are directly related to the educational

missions of eligible institutions are excluded from state sales and use tax. Purchases, leases, and rentals directly related to the educational mission of the eligible institution are interpreted broadly to include those transactions required to construct, maintain, or supply classrooms, libraries, laboratories, dormitories, athletic facilities, and administrative facilities. Examples include purchases of supplies, equipment, utilities, leases or rentals of equipment, and repair services to university property;

(b). churches and synagogues exempt under Internal Revenue Code Section 501(c)(3) are excluded from paying state and local sales and use taxes on purchases of bibles, songbooks, or literature used for religious instruction classes. Eligible institutions must obtain certificates of authorization from the Sales Tax Division of the Department of Revenue.

d. The exclusion from the definition of *person* is granted only for purchases made by these entities on their own behalf. Representatives of these entities making purchases for the entity may also be excluded from the definition of *person* when their purchases are deemed the equivalent of an acquisition by the entity itself. The most common examples of representatives purchasing on behalf of these entities are:

i. mandataries (agents) purchasing materials or leasing or renting equipment for real property construction contracts; and

ii. employees purchasing lodging services while traveling on official business of the entity.

e. The following five elements establish a real property contractor's purchases as the legal equivalent of a R.S. 47:301(8) entity's purchases so as to exclude the transactions from state and local tax. Additionally, due to the federal government's immunity from state taxation under The Supremacy Clause, U.S. Const. Art. VI, §2, federal contractors satisfying the following criteria are also entitled to the exclusion from the definition of *person*. As most real property contractors with an agency agreement are for federal, state, or local government projects, the following criteria assumes that the R.S. 47:301(8) entity is an excluded government department or agency.

i. The contractor must make purchases for the contract in the name of the government department or agency.

ii. The government department or agency must hold title to the property at the time of purchase, must bear risk of loss for the property, and must be able to directly claim or exercise any rights or warranties available to the purchaser.

iii. The government department or agency must be directly liable to the suppliers for payment of the purchase price. Purchase agreements must stipulate that suppliers can proceed directly against the government in the case of nonpayment.

iv. Payments to vendors must be made:

(a). directly by the government department or agency from public funds;

(b). from the designated contractor's remittance drawn directly from public funds; or

(c). from the contractor's funds accounted to the government and directly reimbursed from public funds.

v. There must be a signed agreement authorizing the contractor to act as purchasing agent for the entity. The department's form, Designation of Construction Contractor as Agent of a Governmental Entity, may be used for this purpose, or a custom agreement may be substituted if it includes all terms and conditions listed in the form prepared by the department. The form is available at any department office and through the department's web site at: www.rev.state.la.us. Copies of the signed agreement must be made available to the Department of Revenue, local tax authorities, and vendors upon request. Purchases by the designated agent will be recognized as those of the government entity if all parties to the contract strictly follow the terms of the agreement.

f. The following elements establish when the renting of a hotel room to an employee of a R.S. 47:301(8) entity is legally equivalent to the entity itself purchasing the service so as to exclude the transactions from state and local tax. Additionally, due to the federal government's immunity from state taxation under The Supremacy Clause, U.S. Const. Art. VI, §2, federal employees are also entitled to the exclusion from the definition of *person* when renting hotel rooms in the state. Since most purchases of lodging services for *persons* excluded by R.S. 47:301(8) are made by federal, state, or local government employees, the following criteria are drafted from the perspective of those entities:

i. Renting a hotel room to an employee of the United States government, the state of Louisiana, or a political subdivision of the state of Louisiana who is traveling on official business is considered a sale of a service to the government employer regardless of the form of payment to the hotel, provided the lodging services are obtained by the employee at the direction of the employer and accounted to and reimbursed by the government agency.

ii. The exemption must be documented in one of the following two ways:

(a). with a copy of the employee's written travel orders certifying that the government employer will reimburse the actual lodging expenses incurred. The travel orders must be on government letterhead or forms and signed by an authorized representative of the government entity other than the employee engaging the hotel services. The orders must state that the employee is authorized to secure a room for a specific time period at a specific hotel or at a hotel within a defined travel area;

(b). if written travel orders are unavailable or if the travel orders are incomplete or insufficient to satisfy all of the requirements in §4301.C.Person.f.ii.(a), an exemption certificate signed by the employee and the authorized agent of the governmental agency other than the employee will certify the transaction's exempt status. The hotel can accept the department's certificate entitled Certificate of Governmental Exemption from the Payment of Hotel Lodging Taxes or one used by federal agencies, provided the form states that the employee's expenses are reimbursed by the employer in the actual amount incurred.

iii. Hotels must retain this documentation to support a sales tax deduction for room rentals to government employees on official business. Failure to do so will cause the deduction to be disallowed unless the hotel can provide competent independent evidence to certify the exemption's validity. The exemption will also be disallowed if it is

determined that the documentation was obtained fraudulently or that the hotel knew the documentation was invalid when the employee presented it.

iv. This exclusion is not allowed on hotel room charges incurred by other nations, other states and their political subdivisions, or their employees.

FITAPC Vehicle Exclusion (LAC 67.III.1235)

The Department of Social Services, Office of Family Support, proposes to amend the Louisiana Administrative Code, Title 67, Part III, Subpart 2, the Family Independence Temporary Assistance Program (FITAP).

Public Law 106-387, the Agriculture Appropriations Act, signed into law on October 28, 2000, gives states an important new option to improve their treatment of vehicles when determining whether a household is eligible for food stamps. Specifically, the new option allows states to apply a more liberal method for valuing vehicles that the state has established under part IV-A of the Social Security Act. This provision was inspired in part by most states' decision to liberalize the treatment of vehicles in their Temporary Assistance to Needy Families (TANF) programs. Although Louisiana was not one of these states, the agency has considered this option because vehicles have historically been barriers to food stamp eligibility. This option will also enable the agency to align Family Independence Temporary Assistance Program (FITAP) and Food Stamp Program regulations on vehicles. Therefore, beginning July 1, 2001, both FITAP and Food Stamp program regulations will be changed pursuant to this Public Law and the authority granted to the Department by the Louisiana Temporary Assistance to Needy Families (TANF) Block Grant: the value of vehicles (other than recreational vehicles) will not be considered as a resource.

Family Impact Statement

1. What effect will this rule have on the stability of the family? This rule should have no effect on family stability.

2. What effect will this have on the authority and rights of persons regarding the education and supervision of their children? This rule will have no effect on the authority and rights of persons regarding the education and supervision of their children.

3. What effect will this have on the functioning of the family? This rule could improve the functioning of the family by making some households eligible which previously would have been denied FITAP assistance.

4. What effect will this have on family earnings and family budget? This rule may result in a slight increase in the number of households newly-eligible for benefits as a result of excluding vehicles other than recreational vehicles from FITAP resource calculations. This assistance may benefit families in financial distress.

5. What effect will this have on the behavior and personal responsibility of children? This rule should have no effect on the behavior and personal responsibility of children.

6. Is the family or local government able to perform the function as contained in this proposed rule? No, this program is strictly an agency function.

RULE TITLE: FITAPC Vehicle Exclusions**

I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO STATE OR LOCAL GOVERNMENT UNITS (Summary)

The amended resource exclusion at §1235 will increase state costs by making more applicants eligible. There is no available data on this specific resource area; however, the number of assistance units affected would be expected to be very low and any associated Family Independence Temporary Assistance Program (FITAP) benefits would be paid from the Louisiana Temporary Assistance for Needy Families (TANF) Block Grant which is federally funded. The minimal cost of publishing the rule and printing policy changes is routinely included in the agency's annual budget.

There will be no costs to local governmental units.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS OF STATE OR LOCAL GOVERNMENTAL UNITS (Summary)

There will be no impact on revenue collections for state or local governmental units.

III. ESTIMATED COSTS AND/OR ECONOMIC BENEFITS TO DIRECTLY AFFECTED PERSONS OR NONGOVERNMENTAL GROUPS (Summary)

A small number of applicants will become eligible for FITAP benefits as a result of the vehicle exclusion. There is no available data on which to project numbers of affected cases or the amount of FITAP benefits which could be involved. There are no costs to any persons or non-governmental groups.

IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT (Summary)

The proposed rule will have no impact on competition and employment.

Food Stamp ProgramC Semi-Annual
Reporting and Other Eligibility Factors
(LAC 67:III.1947, 1949, 1983, 1987, 2013, and 2015)

The Department of Social Services, Office of Family Support, proposes to amend the Louisiana Administrative Code, Title 67, Part III, Subpart 3, Food Stamps.

Pursuant to Public Law 104-193, the Personal Responsibility and Work Opportunity Reconciliation Act and subsequent amendments thereof, and to Public Law 106-387, the Agriculture Appropriations Act signed into law on October 28, 2000, the agency proposes to amend §1947 and §1949 to exclude vehicles (other than recreational vehicles) as a countable resource in determining eligibility for food stamp benefits. This proposed change is an option given to the state by the federal government and it will align Food Stamp and the Family Independence Temporary Assistance

Program (FITAP) regulations. The agency is required to amend §1983 by increasing the maximum allowable amount of the excess shelter expense deduction. This change in the shelter "cap" is federally mandated to begin March 1, 2001 and was effected by an emergency rule. The agency will amend §1987 by eliminating the certification of categorically eligible households of three or more members whose net income exceeds the level at which benefits are issued. Finally, the agency proposes to implement semi-annual reporting for households with earned income. A waiver allowed the Food Stamp Program in Louisiana to begin a quarterly reporting system beginning September 2000. However, because semi-annual reporting will now be a regulated option, the agency will begin the transition from quarterly to semi-annual reporting.

§2013. Semi-Annual Reporting

A. All households with earned income shall submit a reporting form to the agency on a semi-annual basis with the following exceptions:

1. migrant or seasonal farm worker households;
2. households in which all members are homeless.

B. Households subject to semi-annual reporting will be required to report only changes in gross monthly income which exceed 130 percent of the monthly poverty income guideline for the household size.

C. Households required to semi-annually report will be assigned a certification period of 12 months.

D. All households in semi-annual reporting are required to:

1. timely provide a completed semi-annual report form and all necessary verification; and
2. report current household circumstances and changes which the household knows will occur.

E. Failure to provide a complete semi-annual report form and verification will result in case closure.

F. Benefits will be determined prospectively based on verified circumstances.

G. Any change in benefits as a result of semi-annual reporting will be effective the month following the month in which the semi-annual report was required.

H. Other changes that will result in a decrease in benefits will not be acted upon unless:

1. the household has voluntarily requested that its case be closed in accordance with Sec. 273.13(b)(12);
2. the state agency has information about the household's circumstances considered verified upon receipt; or

FISCAL AND ECONOMIC IMPACT STATEMENT FOR ADMINISTRATIVE RULES

RULE TITLE: Food Stamp ProgramC Semi-Annual Reporting and Other Eligibility Factors

I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO STATE OR LOCAL GOVERNMENT UNITS (Summary)

Since the Food Stamp Program currently requires quarterly reporting, the proposed change to semi-annual reporting is expected to save the state \$150,192 in administrative costs each fiscal year beginning FY 01/02. (50 percent of this is federally funded.) Other proposed changes will increase food stamp benefits, but all benefits are paid from federal funds. The immediate implementation cost to state government is the cost of publishing the rule, programming changes, and printing policy and forms revisions. Such expenditures are on-going and funds are included in the program's annual budget. There is no effect on local governmental units.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS OF STATE OR LOCAL GOVERNMENTAL UNITS (Summary)

Fifty percent, or \$75,096 per fiscal year, will no longer be collected from the federal government; this is one-half of the savings in administrative costs for implementing semi-annual reporting. There is no effect on local governmental units.

III. ESTIMATED COSTS AND/OR ECONOMIC BENEFITS TO DIRECTLY AFFECTED PERSONS OR NONGOVERNMENTAL GROUPS (Summary)

The proposed changes will be effected with no cost to any persons or non-governmental groups but will improve the economic situation of many households. A small number of households, previously not eligible, will become eligible for food stamp benefits as a result of the proposed vehicle and shelter deduction regulations; there is no available data to project the actual amount of benefits. Many households will realize an increase in benefits from the increased shelter deduction. (Federal regulations require the shelter change be effected March 1 for all newly-certified or recertified cases, and an emergency rule has been signed and published.)

IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT (Summary)

The proposed rule will have no impact on competition and employment.

A. Hunting Seasons and Wildlife Management Area Regulations

1. The rules and regulations contained within this digest have been officially approved and adopted by the Wildlife and Fisheries Commission under authority vested by Sections 115 and 116 of Title 56 of the Louisiana Revised Statutes of 1950 and are in full force and effect in conjunction with all applicable statutory laws. The secretary of the Department of Wildlife and Fisheries has the authority to close or alter seasons in emergency situations in order to protect fish and wildlife resources.

2. Pursuant to Section 40.1 of Title 56 of the Louisiana Revised Statutes of 1950, the Wildlife and Fisheries Commission has adopted monetary values which are assigned to all illegally taken, possessed, injured or destroyed fish, wild birds, wild quadrupeds and other wildlife and aquatic life. Anyone taking, possessing, injuring or destroying fish, wild birds, wild quadrupeds and other wildlife and aquatic life shall be required to reimburse the Department of Wildlife and Fisheries a sum of money equal to the value of the wildlife illegally taken, possessed, injured or destroyed. This monetary reimbursement shall be in addition to any and all criminal penalties imposed for the illegal act.

B. Resident Game Birds and Animals

1. Shooting hours: one-half hour before sunrise to one-half hour after sunset.

C. Other Season Dates

1. Turkey. Please refer to separate pamphlet.

2. Raccoon and Opossum. No closed season. Raccoon and opossum can be taken at night by one or more licensed hunters with one or more dogs and one .22 rimfire firearm. A licensed hunter may take raccoon or opossum with .22 rimfire, muzzleloader rifle .36 caliber or smaller or shotgun during daylight hours during the open rabbit season. Hunting from boats or motor vehicles is prohibited. No bag limit for nighttime or daytime raccoon or opossum hunting during the open trapping season except on certain WMAs as listed. The remainder of the year, the raccoon and opossum bag limit for daytime or nighttime is one per person per day or night. No one who hunts raccoons or opossums as prescribed above shall pelt during the closed trapping season nor sell skins or carcasses of raccoons and opossums taken during the open trapping season unless he is the holder of a valid trapping license which shall be required in addition to his basic hunting license. Pelting or selling carcasses is illegal during closed trapping season.

3. Blackbirds and crows. All blackbirds, cowbirds, grackles and crows are considered crop depredators in Louisiana and may therefore be taken year round during legal shooting hours with no limit. Shooting hours are 30 minutes before sunrise to sunset.

4. Pheasant. Closed.

5. Falconry. Special permit required. Resident and migratory game species except turkeys may be taken. Seasons and bag limits are the same as for statewide and WMA regulations except squirrels may be taken by licensed falconers until the last day of February. Refer to LAC 76:V.301 for specific Falconry Rules.

6. Licensed Hunting Preserve. October 1 - April 30. Pen-raised birds only. No limit entire season. Refer to LAC 76:V.305 for specific Hunting Preserve Rules.

7. Deer Management Assistance Program (DMAP). Land enrolled in the voluntary program will be assessed a \$25 registration fee and 54/acre fee. Deer management assistance tags must be in the possession of the hunter and attached and locked to antlerless deer (including those taken on either-sex days and those taken with bow and muzzleloader) through the hock in a manner that it cannot be removed before the deer is moved from the site of the kill. Failure to do so is a violation of R.S. 56:115. Failing to follow DMAP rules and regulations may result in immediate cancellation of the program on those lands involved. Refer to LAC 76:V.111 for specific DMAP Rules.

8. Farm Raised White-tailed Deer and Exotics on Licensed Supplemented Shooting Preserves

a. Definitions

Exotics for purposes of this rule means any animal of the family Bovidae (except the Tribe Bovini [cattle]) or Cervidae which is not indigenous to Louisiana and which is confined on a Supplemented Hunting Preserve. Exotics shall include, but are not limited to, fallow deer, red deer, elk, sika deer, axis deer, and black buck antelope.

Hunting in its different tenses and for purposes of this rule means to take or attempt to take, in accordance with R.S. 56:8.

Same as Outside for purposes of this rule means hunting on a Supplemented Hunting Preserve must conform to applicable statutes and rules governing hunting and deer hunting, as provided for in Title 56 of the Louisiana

Revised Statutes and as established annually by the Wildlife and Fisheries Commission (LWFC).

Supplemented Hunting Preserve for purposes of this rule means any enclosure for which a current Farm-Raising License has been issued by the Department of Agriculture and Forestry (LDAF) with concurrence of the Department of Wildlife and Fisheries (LDWF) and is authorized in writing by the LDAF and LDWF to permit hunting.

White-tailed Deer for purposes of this rule means any animal of the species *Odocoileus virginianus* which is confined on a Supplemented Hunting Preserve.

b. Seasons

i. Farm-Raised White-tailed Deer: Consult the regulations pamphlet.

ii. Exotics: year round.

c. Methods of Take

i. White-tailed Deer: Same as outside.

ii. Exotics: Exotics may be taken with longbow (including compound bow) and arrow; shotguns not larger than 10 gauge, loaded with buckshot or rifled slug; handguns and rifles no smaller than .22 caliber centerfire; or muzzleloading rifles or pistols, .44 caliber minimum, or shotguns 10 gauge or smaller, all of which must load exclusively from the muzzle or cap and ball cylinder, using black powder or an approved substitute only, and using ball or bullet projectile, including sabot bullets only.

d. Shooting Hours

i. White-tailed Deer: Same as outside.

ii. Exotics: one-half hour before sunrise to one-half hour after sunset.

e. Bag Limit

i. Farm-Raised White-tailed Deer: Same as outside.

ii. Exotics: No limit.

f. Hunting Licenses

i. White-tailed Deer: Same as outside.

ii. Exotics: No person shall hunt any exotic without possessing a valid basic and big game hunting license.

g. Tagging. White-tailed Deer and Exotics: Each animal shall be tagged in the left ear or left antler immediately upon being killed and before being moved from the site of the kill with a tag provided by the LDAF. The tag shall remain with the carcass at all times.

D. Hunting-General Provisions

1. A basic resident or non-resident hunting license is required of all persons to hunt, take, possess or cause to be transported by any other person any wild bird or quadruped. See information below for exceptions.

2. No person born on or after September 1, 1969 shall hunt with a firearm unless that person has first been issued a certificate of satisfactory completion of a firearm and hunter education course taught or approved by the Department of Wildlife and Fisheries. However, a person younger than 16 years of age may hunt without such certificate if he is accompanied by and is under the direct and immediate supervision of a person 18 years of age or older.

3. A big game license is required in addition to the basic hunting license to hunt, take, possess or cause to be transported any deer or turkey. A separate wild turkey stamp

is required in addition to the basic hunting license and the big game license to hunt, take, possess or cause to be transported any turkey.

4. Taking game quadrupeds or birds from aircraft or participating in the taking of deer with the aid of aircraft or from automobiles or other moving land vehicles is prohibited.

5. Methods of Taking Resident Game Birds and Quadrupeds

a. Use of a longbow (including compound bow) and arrow or a shotgun not larger than a 10 gauge fired from the shoulder without a rest shall be legal for taking all resident game birds and quadrupeds. Also, the use of a handgun, rifle and falconry (special permit required) shall be legal for taking all game species except turkey and migratory game birds. It shall be illegal to hunt or take squirrels or rabbits at any time with a breech-loaded rifle or handgun larger than a .22 caliber rimfire or a muzzleloader rifle larger than .36 caliber. During closed deer gun season, it shall be illegal to possess shotgun shells loaded with slugs or shot larger than BB lead or F steel shot while small game hunting.

b. Still hunting is defined as stalking or stationary stand hunting without the use of dog(s). Pursuing, driving or hunting deer with dogs is prohibited when or where a still hunting season or area is designated, and will be strictly enforced. Shotguns larger than 10 gauge or capable of holding more than three shells shall be prohibited. Plugs used in shotguns must be incapable of being removed without disassembly. Refer to game schedules contained within these regulations for specific restrictions on the use of firearms and other devices.

6. Nuisance Animals. Landowners or their designees may remove beaver and nutria causing damage to their property without a special permit. Water set traps and firearms may be used to remove beaver; nutria may be removed by any means except that nutria cannot be taken by the use of headlight and gun between the hours of sunset and sunrise. With a special permit issued by the department, beavers may be taken between one-half hour after official sunset to one-half hour before official sunrise for a period of three consecutive calendar evenings from the effective date of the permit. For specific details contact a regional office near you. Any nuisance beaver or nutria trapped or shot outside open trapping season cannot be pelted or sold. A trapping license is required to possess, sell or pelt nuisance beavers or nutria taken during open trapping season. Squirrels found destroying commercial crops of pecans may be taken year-round by permit issued by the department. This permit shall be valid for 30 days from the date of issuance. Contact the local regional office for details.

7. Threatened and Endangered Species. Louisiana black bear, Louisiana pearl shell (mussel), sea turtles, gopher tortoise, ringed sawback turtle, brown pelican, bald eagle, peregrine falcon, whooping crane, Eskimo curlew, piping plover, interior least tern, ivory-billed woodpecker, red-cockaded woodpecker, Bachman's warbler, West Indian manatee, Florida panther, pallid sturgeon, Gulf sturgeon, Attwaters greater prairie chicken, whales and red wolf. Taking or harassment of any of these species is a violation of state and federal laws.

8. Unregulated Quadrupeds. Holders of a legal hunting license may take coyotes, unmarked hogs where

legal, and armadillos year round during legal daylight shooting hours. The running of coyotes with dogs is prohibited in all turkey hunting areas during the open turkey season. Coyote hunting is restricted to A chase only@during still hunting segments of the firearm and archery only season for deer. Foxes and bobcats are protected quadrupeds and may be taken only with traps by licensed trappers during the trapping season. Remainder of the year "chase only" permitted by licensed hunters.

9. Hunting and/or Discharging Firearms on Public Roads. Hunting, standing, loitering or shooting game quadrupeds or game birds with a gun during open season while on a public highway or public road right-of-way is prohibited. Hunting or the discharge of firearms on roads or highways located on public levees or within 100 feet from the centerline of such levee roads or highways is prohibited. Spot lighting or shining from public roads is prohibited by state law. Hunting from all public roads and rights-of-way is prohibited and these provisions will be strictly enforced.

10. Tags. Any part of the deer or wild turkey divided shall have affixed thereto the name, date, address and big game license number of the person killing the deer or wild turkey and the sex of that animal. This information shall be legibly written in pen or pencil, on any piece of paper or cardboard or any material, which is attached or secured to or enclosing the part or parts. On lands enrolled in DMAP, deer management assistance tags must be attached and locked through the hock of antlerless deer, (including those taken with bow and muzzleloader and those antlerless deer taken on either-sex days) in a manner that it cannot be removed, before the deer is moved from the site of the kill.

11. Sex Identification. Positive evidence of sex identification, including the head, shall remain on any deer taken or killed within the State of Louisiana, or on all turkeys taken or killed during any special gobbler season when killing of turkey hens is prohibited, so long as such deer or turkey is kept in camp or field, or is en route to the domicile of its possessor, or until such deer or turkey has been stored at the domicile of its possessor or divided at a cold storage facility and has become identifiable as food rather than as wild game.

E. General Deer Hunting Regulations

1. One antlered and one antlerless (when legal on private lands) deer per day except on Wildlife Management Areas, Federal Refuges and National Forest Lands where the daily limit shall be one deer per day. Six per season (all segments included) by all methods of take.

2. A legal buck is a deer with visible antler of hardened bony material, broken naturally through the skin. Killing bucks without at least one visible antler as described above and killing does is prohibited except where specifically allowed.

3. Deer hunting restricted to legal bucks only, except where otherwise allowed.

4. Either-sex deer is defined as male or female deer. Taking or possessing spotted fawns is prohibited.

5. It is illegal to hunt or shoot deer with firearms smaller than .22 caliber centerfire or a shotgun loaded with anything other than buckshot or rifled slug. Handguns may be used for hunting.

6. Taking game quadrupeds or birds from aircraft, participating in the taking of deer with the aid of aircraft or

from automobiles or other moving land vehicles is prohibited.

7. Still hunting is defined as stalking or stationary stand hunting without the use of dog(s). Pursuing, driving or hunting deer with dogs or moving vehicles, including ATVs, when or where a still hunting season or area is designated, is prohibited and will be strictly enforced. The training of deer dogs is prohibited in all still hunting areas during the gun still hunting and archery only season. Deer hunting with dogs is allowed in all other areas having open deer seasons that are not specifically designated as still hunting only. Use of dogs to trail wounded deer is expressly prohibited in still hunting areas.

8. Areas not specifically designated as open are closed.

9. Muzzleloader Segment: (Special license and muzzleloader firearms specifications apply only to the special state, WMA, National Forest and Preserves, and Federal Refuge seasons.) Still hunt only. Specific WMAs will also be open, check WMA schedule for specific details. Muzzleloader license required for resident hunters between the ages of 16 and 59 inclusive and non-residents 16 years of age and older. Either sex deer may be taken in all deer hunting areas except Area 5 and as specified on Public Areas. It is unlawful to carry a gun, other than a muzzleloader, including those powered by air or other means, while hunting during the special muzzleloader segment. Except, it is lawful to carry a .22 caliber rimfire pistol loaded with #12 shot (ratshot only).

a. Legal Muzzleloader Firearms For Special Season: Rifles or pistols, .44 caliber minimum, or shotguns 10 gauge or smaller, all of which must load exclusively from the muzzle or cap and ball cylinder, use black powder or approved substitute only, take ball or bullet projectile only, including sabot bullets and be fitted only with iron sights or non-magnifying scopes except persons 60 years of age or older may use magnified scopes. This includes those muzzleloaders known as "inline" muzzleloaders.

10. Archery Segment. Consult regulations pamphlet. WMA seasons are the same as outside except as noted below. Archery license required for resident bow hunters between the ages of 16 and 59 inclusive and non-residents 16 years of age and older. Residents 60 years of age and older may use a crossbow without a special permit or license. Either sex deer may be taken in all areas open for deer hunting except when a bucks only season is in progress for gun hunting, archer's must conform to the bucks only regulations. Either sex deer may be taken on WMAs at anytime during archery season except when bucks only seasons are in progress on the respective WMA. Also, archery season restricted on Atchafalaya Delta, Salvador, Pass-a-Loutre and Point-au-Chien WMAs (see schedule).

a. Bow and arrow regulations: Hunting arrows for deer must have well-sharpened metal broadhead blades not less than 7/8 inch in width. Bow and arrow fishermen must have a sport fishing license and not carry any arrows with broadhead points unless a big game season is in progress.

i. It is unlawful:

(a). to carry a gun, including those powered by air or other means, while hunting with bow and arrow during the special bow and arrow deer season except it is lawful to

carry a .22 caliber rimfire pistol loaded with #12 shot (ratshot) only;

(b). to have in possession or use any poisoned or drugged arrow, arrows with explosive tips, or any bow drawn, held or released by mechanical means except that hand held releases are lawful;

(c). to hunt deer with a bow having a pull less than 30 pounds;

(d). to hunt with a bow or crossbow fitted with an infrared or laser sight.

11. Hunter Orange. Any person hunting deer shall display on his head, chest and/or back a total of not less than 400 square inches of "hunter orange" during the open deer gun season including muzzleloader season. Persons hunting on privately owned, legally posted land may wear a hunter orange cap or hat in lieu of the 400 square inches. These provisions shall not apply to persons hunting deer from elevated stands on property that is privately owned and legally posted or to archery deer hunters hunting on legally posted lands where firearm hunting is not allowed by agreement of the landowner or lessee. Warning: deer hunters are cautioned to watch for persons hunting other game or engaged in activities not requiring "hunter orange".

12. Special Handicapped Either-Sex Deer Season on Private Land. See regulations pamphlet for dates. Restricted to individuals with Physically Challenged Hunter Permit.

13. Special Youth Deer Hunt. See regulations pamphlet for dates.

G Wildlife Management Area Regulations

1. General

a. The following rules and regulations concerning the management, protection and harvest of wildlife have been officially approved and adopted by the Wildlife and Fisheries Commission in accordance with the authority provided in Louisiana Revised Statutes of 1950, Section 109 of Title 56. Failure to comply with these regulations will subject individual to citation and/or expulsion from the management area.

b. Citizens are cautioned that by entering upon a WMA managed by the LDWF they may be subjecting themselves and/or their vehicles to game and/or license checks, inspections and searches.

c. Wildlife management area seasons may be altered or closed anytime by the department secretary in emergency situations (floods, fire or other critical circumstances).

d. Hunters may enter the WMA no earlier than 3 a.m. unless otherwise specified. On days when Daily permits are required, permit stations will open two hours before legal shooting hours. Hunters must check out and exit the WMA no later than two hours after sunset unless otherwise specified.

e. Lands within WMA boundaries will have the same seasons and regulations pertaining to baiting and use of dogs as the WMA within which the lands are enclosed; however, with respect to private lands enclosed within a

WMA, the owner or lessee may elect to hunt according to the regular season dates applicable to the geographic area in which the lands are located, provided that the lands are first enrolled in DMAP. Interested parties should contact the nearest LDWF regional office for additional information.

f. Dumping garbage or trash on WMAs except in designated locations is prohibited.

g. Disorderly conduct or hunting under influence of alcoholic beverages, chemicals and other similar substances is prohibited.

h. Commercial activities prohibited without prior approval or unless otherwise specified.

i. Damage to or removal of trees, shrubs, hard mast (acorn, pecans, etc.) and wild plants is prohibited without prior approval. Gathering and/or removal of soft fruits and berries shall be limited to five gallons per person per day. Persons engaged in commercial activities must obtain a permit from the region office.

j. Burning of marshes is prohibited except by permit. Permits may be obtained from the Fur and Refuge Division.

k. Nature Trails. Access to trails shall be limited to pedestrians only. No vehicles, ATVs, horses, mules, bicycles, etc. allowed. Removal of vegetation (standing or down) or other natural material prohibited.

l. Deer seasons are for legal buck deer unless otherwise specified.

m. Small game, when listed under the WMA regulations may include both resident game animals and game birds as well as migratory species of birds.

n. Oysters may not be harvested from any WMA, except that oysters may be harvested from private oyster leases and state seed grounds located within a WMA, when authorized by the Wildlife and Fisheries Commission and upon approval by the Department of Health and Hospitals.

2. Permits

a. Daily. Daily permits when required shall be obtained at permit stations on or near each WMA. Hunters must retain permit in possession while hunting. Hunters may enter the area no earlier than two hours before legal shooting time unless otherwise specified. Hunters must checkout daily and exit the area not later than two hours after sunset unless otherwise specified.

b. Self Clearing Permits. On WMAs where Self Clearing Permits are required, all persons must obtain a WMA Self Clearing Permit from an Information Station. The check in portion must be completed and put in a permit box before each day's activities on the day of the activity. The check out portion must be carried by each person while on the WMA and must be completed and put in a permit box after each day's activities on the day of the activity unless otherwise specified. A vehicle tag will also be associated with the Self Clearing Permit and must be displayed in the vehicle used to enter the WMA while on the WMA. Self-clearing permits are not required for persons only traveling through the WMA provided that the most direct route is taken and no activities or stop takes place.

c. Wild Louisiana Stamp. Persons using WMAs or other department administered lands for purposes other than hunting and fishing, such as camping, shooting on rifle ranges, berry picking, hiking, photography, bird-watching and the like, shall be required to possess one of the

following: a Wild Louisiana stamp, a valid Louisiana fishing license, or a valid Louisiana hunting license. Persons younger than 16 or older than 60 years of age are exempt from this requirement.

3. Special Seasons

a. Youth Deer Hunt. Only youths younger than 16 years of age may hunt. All other seasons are closed except handicapped seasons. Youths must possess a hunter safety certification or proof of successful completion of a hunter safety course. Each youth must be accompanied by one adult 18 years of age or older. Adults may not possess a firearm. Youths may possess only one firearm while hunting. Legal firearms are the same as described for deer hunting. The supervising adult shall maintain visual and voice contact with the youth at all times. An adult may supervise only one youth during this special hunt. Contact the appropriate region office for special check station locations when daily permits are required and maps of specific hunting areas. Either-sex deer may be taken on WMAs with youth hunts. Consult the regulations pamphlet for WMAs offering youth hunts.

b. Handicapped Season. For hunters possessing a Physically Challenged Hunter Permit only. Participants must possess a Physically Challenged Hunter Permit. Contact region office for permit application and map of specific hunting area. Consult the regulations pamphlet for WMAs offering Handicapped Seasons. Pointe-au-Chien will have an experimental Lottery Handicapped waterfowl hunt. Contact New Orleans Office, Fur and Refuge Division for details.

c. Deer Lottery Hunts. Hunts restricted to those persons selected as a result of the pre-application lottery. Consult the regulations pamphlet for deadlines. A non-refundable application fee must be sent with application. Contact region offices for applications. Consult regulations pamphlet for WMAs offering lottery hunts.

d. Turkey Lottery Hunts. Hunts restricted to those persons selected by lottery. Consult the regulations pamphlet for deadlines. All turkeys must be reported at Self Clearing station. Contact Region Offices for more details. Consult separate Turkey Hunting Regulations pamphlet for WMAs offering lottery hunts.

e. Trapping. Permits to take fur bearers from WMAs may be obtained at appropriate offices when required. Consult Annual Trapping Regulations for specific dates. All traps must be run daily. Traps with teeth are illegal. On WMAs where permits are required, each trapper must submit an annual trapping report to the Region Office where his permit was obtained. Non-compliance will result in forfeiture of trapping privileges on the WMAs. Permits may be obtained only between hours of 8 a.m. to 4:30 p.m. on normal working days at region offices. Hunter orange required when a deer gun season is in progress. A permit is required to carry a firearm outside of the normal hunting season and is available at the region office.

f. Raccoon Hunting. A licensed hunter may take raccoon or opossum, one per person per day, during daylight hours only, during the open rabbit season on WMAs. Nighttime Experimental Season dates for specific WMAs are for nighttime raccoon hunting and permits may be required. There will be no bag limit for raccoons at night unless specified in the annual regulations pamphlet. Raccoon hunters with dogs must submit an annual report of their kill

to the region office for WMAs where permits are required. Non-compliance will result in forfeiture of raccoon or all hunting privileges on WMAs. Permits, when required, may be obtained at region offices only between hours of 8 a.m. to 4:30 p.m. on normal working days.

g. Commercial Fishing. Permits are required of all commercial fishermen using Grassy Lake, Pomme de Terre and Spring Bayou WMAs. Drag seines (except minnow and bait seines) are prohibited except experimental bait seines permitted on Dewey Wills WMA north of La. 28 in Diversion Canal. Commercial fishing is prohibited during regular waterfowl seasons on Grand Bay, Silver Lake and Lower Sunk Lake on Three Rivers WMA. Commercial fishing is prohibited on Salvador/Timken, Ouachita and Pointe-Au-Chien WMAs except shrimping allowed on Pointe-Au-Chien in Cut Off Canal and Wonder Lake during daytime only. Non-compliance with permit regulations will result in revocation of commercial fishing privileges for the period the license is issued and one year thereafter. Commercial fishing is allowed on Pass-a-Loutre and Atchafalaya Delta WMAs. See Pass-a-Loutre for additional commercial fishing regulations on mullet.

h. Sport Fishing. Sport fishing, crawfishing and frogging are permitted on WMAs when in compliance with current laws and regulations except nighttime frogging prohibited on Salvador/Timken and Pointe-Au-Chien.

i. Additional Department Lands. The department manages additional lands that are included in the WMA system and available for public recreation. Small tracts are located in Rapides, Vernon, Evangeline and St. Helena parishes. These small tracts have been acquired from the Farmers Home Administration or other sources for conservation purposes. Contact the appropriate Wildlife and Fisheries Region Office for specific information and any additional season dates.

4. Firearms

a. Firearms having live ammunition in the chamber, magazine, cylinder or clip when attached to firearms are not allowed in or on vehicles, boats under power, motorcycles, ATVs, ATCs or in camping areas on WMAs. Firearms may not be carried on any area before or after allowed hours except in authorized camping areas.

b. Firearms and bows and arrows are not allowed on WMAs during closed hunting seasons except on designated shooting ranges or as allowed for trapping. Bows and broadhead arrows are not allowed on WMAs except during regular deer archery season, turkey season or except as allowed for bowfishing.

c. Encased or broken down firearms and any game harvested may be transported through the areas by the most direct route provided that no other route exists except as specified under Wildlife Management Area listing.

d. Loaded firearms are not allowed near WMA check stations.

e. Centerfire rifles and handguns, arms larger than .22 caliber rimfire, shotgun slugs or shot larger than BB lead or F steel shot cannot be carried onto any WMA except during modern firearm deer season.

f. Target shooting and other forms of practice shooting are prohibited on WMAs except as otherwise specified.

g. Discharging of firearms on or hunting from designated roads, ATV trails or their rights-of-way is prohibited during the modern firearm and muzzleloader deer season.

5. Methods of Taking Game

a. Moving deer or hogs on a WMA with organized drivers and standers, drivers or making use of noises or noise-making devices is prohibited.

b. On Wildlife Management Areas, Federal Refuges and National Forest Lands where the daily limit shall be one deer per day, six per season (all segments included) by all methods of take.

c. Baiting or hunting over bait is prohibited on all WMAs (hogs included). Unmarked hogs may be taken on some WMAs by properly licensed hunters and only with guns or bow and arrow legal for specified seasons in progress. Consult the specific WMA for additional information. Proper licenses and permits are required for hunting.

d. Hunters who kill deer on WMAs that require daily permits must have deer checked at the check station on same day of kill.

e. Deer hunting on WMAs is restricted to still hunting only. No WMA will be open for deer during early still hunt season unless specified in the regulation pamphlet.

f. Construction of and/or hunting from permanent tree stands or permanent blinds on WMAs is prohibited. Any permanent stand or permanent blind will be removed and destroyed.

g. On Wildlife Management Areas and Refuges, all deer stands must be removed from the area no later than two hours after the end of legal shooting hours each day. Hunting from utility poles, high tension power lines, oil and gas exploration facilities or platforms is prohibited.

h. A permanent blind is any blind using non-natural materials or having a frame which is not dismantled within two hours after the end of legal shooting hours each day. Blinds with frames of wood, plastic, metal, poles, wire, mesh, webbing or any materials may be used but must be removed from the WMA within two hours after the end of legal shooting time each day. Blinds made solely of natural vegetation and not held together by nails or other metallic fasteners may be left in place but cannot be used to reserve hunting locations. All decoys must be removed from the WMA daily.

i. It is illegal to save or reserve hunting locations using permanent stands or blinds. Stands or blinds attached to trees with screws, nails, spikes, etc. are illegal.

j. Tree climbing spurs, spikes or screw-in steps are also prohibited.

k. Unattended decoys will be confiscated and forfeited to the Department of Wildlife and Fisheries and disposed of by the department. This action is necessary to prevent preemption of hunting space.

l. Hunters shall not hunt, take or pursue birds or animals from moving vehicles on any WMA. No person shall take birds or animals from or by any motor boat or sail boat unless the motor has been completely shut off and/or the sail furled and its progress therefrom has ceased.

m. Spot lighting (shining) from vehicles is prohibited on all WMAs.

n. Horses and mules may be ridden on Wildlife Managements Areas except where prohibited and except during gun seasons for deer and turkey. Riding is restricted to designated roads and trails. Hunting and trapping from horses and mules is prohibited except for quail hunting or as otherwise specified.

o. All hunters except waterfowl hunters and dove hunters (including archers and small game hunters) on WMAs must display 400 square inches of "hunter orange" and wear a "hunter orange" cap during open gun season for deer. Quail hunters, woodcock hunters and archers (while on the ground) as well as hunters participating in special dog seasons for rabbit and squirrel are required to wear a minimum of a "hunter orange" cap, also all persons afield during hunting seasons are encouraged to display "hunter orange".

p. Archery season for deer. The archery season on WMAs is the same as outside and is open to either sex deer except as otherwise specified on individual WMAs. Archery season restricted or closed on certain WMAs when special seasons for youth or handicapped hunters are in progress. Consult regulations pamphlet for specific seasons.

q. Either sex deer may be taken on WMAs at any time during archery season except when bucks only seasons are in progress on the respective WMAs. Archers must abide by bucks only regulations and other restrictions when such seasons are in progress.

r. Muzzleloader season for deer. See WMA deer schedule.

6. Camping

a. Camping on WMAs, including trailers, houseboats, recreational vehicles and tents, is allowed only in designated areas and for a period not to exceed 16 consecutive days, regardless if the camp is attended or unattended. Houseboats shall not impede navigation. At the end of the 16 day period, camps must be removed from the area for at least 48 hours. Camping area use limited exclusively to outdoor recreational activities.

b. Houseboats are prohibited from overnight mooring within WMAs except on stream banks adjacent to Department-owned designated camping areas. Overnight mooring of vessels that provide lodging for hire are prohibited on WMAs. On Atchafalaya Delta WMA and Pass-a-Loutre, houseboats may be moored in specially designated areas throughout the hunting season. At all other times of the year, mooring period is limited to a period not to exceed 16 consecutive days. Permits are required for camping and overnight mooring of houseboats on Pass-a-Loutre and can be obtained from the WMA headquarters. Houseboat mooring permits are required for Atchafalaya Delta Wildlife Management Area. Permits may be obtained from headquarters on respective WMAs or from the New Iberia office for Atchafalaya Delta WMA.

c. Discharge of human waste onto lands or waters of any WMA is strictly prohibited by State and Federal law. In the event public restroom facilities are not available at a WMA, the following is required. Anyone camping on a WMA in a camper, trailer, or other unit (other than a houseboat or tent) shall have and shall utilize an operational disposal system attached to the unit. Tent campers shall have and shall utilize portable waste disposal units and shall remove all human waste from the WMA upon leaving.

Houseboats moored on a WMA shall have a permit or letter of certification from the health unit (Department of Health and Hospitals) of the parish within which the WMA occurs verifying that it has an approved sewerage disposal system on board. Further, that system shall be utilized by occupants of the houseboats when on the WMA.

d. No refuse or garbage may be dumped from these boats.

e. Firearms may not be kept loaded or discharged in a camping area.

f. Campsites must be cleaned by occupants prior to leaving and all refuse placed in designated locations when provided or carried off by campers.

g. Non-compliance with camping regulations will subject occupant to immediate expulsion and/or citation, including restitution for damages.

h. Swimming prohibited within 100 yards of boat launching ramps.

7. Restricted Areas

a. All oil and gas production facilities (wells, pumping stations and storage facilities) are off limits.

b. No unauthorized entry or hunting in restricted areas or refuges.

8. Dogs. All use of dogs on WMAs, except for bird hunting and duck hunting, is experimental as required by law. except for nighttime experimental raccoon hunting, squirrel hunting, rabbit hunting, bird hunting, duck hunting and bird dog training when allowed, having or using dogs on any WMA is prohibited. Dogs running at large are prohibited on WMAs. The owner or handler of said dogs shall be held liable. Only recognizable breeds of bird dogs and retrievers are allowed for quail and migratory bird hunting. Only beagle hounds which do not exceed 15 inches at the front shoulders and which have recognizable characteristics of the breed may be used on WMAs having experimental rabbit seasons.

9. Vehicles

a. Vehicles having wheels with a wheel-tire combination having a radius of 17 inches or more from the center of the hub (measured horizontal to ground) are prohibited.

b. The testing, racing, speeding or unusual maneuvering of any type of vehicle is prohibited within wildlife management areas due to property damages resulting in high maintenance costs, disturbance of wildlife and destruction of forest reproduction.

c. Tractor implement tires with farm tread designs R1, R2 and R4 known commonly as spade or lug grip types are prohibited on all vehicles. ATV tires are restricted to those with a maximum one inch lug height and a maximum allowable tire pressure of 7 psi, as indicated on the tire by the manufacturer.

d. Airboats, aircraft, personal water craft and hover craft are prohibited on all WMAs and refuges. Personal water craft are defined as a vessel which uses an inboard motor powering a water jet pump as its primary source of propulsion and is designed to be operated by a person sitting, standing or kneeling on the vessel rather than in the conventional manner of sitting or standing inside the vessel. Personal water craft allowed on designated areas of Alexander State Forest WMA.

e. No internal combustion engines allowed in certain Greentree reservoirs.

f. Driving or parking vehicles on food or cover plots and strips is prohibited.

g. Blocking the entrance to roads and trails is prohibited.

FISCAL AND ECONOMIC IMPACT STATEMENT FOR ADMINISTRATIVE RULES

RULE TITLE: General and WMA Hunting

I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO STATE OR LOCAL GOVERNMENT UNITS (Summary)

This rule amends permanent rules and regulations for the state at large as well as Wildlife Management Areas. Establishment of hunting regulations is an annual process. The cost of implementing the proposed rules, aside from staff time, is the production of the regulation pamphlet. Cost of printing the 2000-2001 state hunting pamphlet was \$12,850 and no major increase in expenditures is anticipated. Local government units will not be impacted.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS OF STATE OR LOCAL GOVERNMENTAL UNITS (Summary)

Projected hunting license fee collections are between 4.0 and 5.0 million dollars, annually. Additionally, hunting and related activities generate approximately \$25 million in state sales tax and \$5.6 million in state income tax (Southwick and Assoc., 1997). Based upon the Southwick and Associates survey and a statewide weighted local sales tax rate of 3.6%, these activities would generate approximately \$22.5 million in local sales tax revenue. Failure to adopt rule changes would result in no hunting season being established and a potential loss of some of these revenues.

III. ESTIMATED COSTS AND/OR ECONOMIC BENEFITS TO DIRECTLY AFFECTED PERSONS OR NONGOVERNMENTAL GROUPS (Summary)

Hunting in Louisiana generates in excess of \$596,000,000 annually through the sale of outdoor related equipment, associated items and other economic benefits. Figures are based on the national surveys by Southwick and Associates for the IAFWA.

IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT (Summary)

Hunting in Louisiana provides 15,271 jobs (Southwick and Assoc., 1997). Not establishing hunting seasons might have a negative and direct impact on these jobs.

**FISCAL AND ECONOMIC IMPACT STATEMENT
FOR ADMINISTRATIVE RULES
RULE TITLE: Resident Game Hunting
Season C 2001-2002**

I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO STATE OR LOCAL GOVERNMENT UNITS (Summary)

Establishment of hunting regulations is an annual process. The cost of implementing the proposed rules, aside from staff time, is the production of the regulation pamphlet. Cost of printing the 2000-2001 state hunting pamphlet was \$12,850 and no major increase in expenditures is anticipated. Local government units will not be impacted.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS OF STATE OR LOCAL GOVERNMENTAL UNITS (Summary)

Projected hunting license fee collections are between 4.0 and 5.0 million dollars, annually. Additional hunting and related activities generate approximately \$25 million in state sales tax and \$5.6 million in state income tax (Southwick and Assoc., 1997). Based upon the Southwick and Associates survey and a statewide weighted local sales tax rate of 3.6%, these activities would generate approximately \$22.5 million in local sales tax revenue. Failure to adopt rule changes would result in no hunting season being established and a potential loss of some of these revenues.

III. ESTIMATED COSTS AND/OR ECONOMIC BENEFITS TO DIRECTLY AFFECTED PERSONS OR NONGOVERNMENTAL GROUPS (Summary)

Hunting in Louisiana generates in excess of \$596,000,000 annually through the sale of outdoor related equipment, associated items and other economic benefits. Figures are based on the national surveys by Southwick and Associates for the IAFWA.

IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT (Summary)

Hunting in Louisiana provides 15,271 jobs (Southwick and Assoc., 1997). Not establishing hunting seasons might have a negative and direct impact on these jobs.

§319. Waterfowl Hunting Zones

A. The state shall be divided into East and West Waterfowl Hunting Zones by the following boundary: Beginning at the Arkansas-Louisiana border on La. 3; thence south along La. 3 to Bossier City; thence east along I-20 to Minden; thence south along La. 7 to Ringgold; thence east along La. 4 to Jonesboro; thence south along U.S. 167 to Lafayette; thence southeast along U.S. 90 to the Mississippi state line.

AUTHORITY NOTE: Promulgated in accordance with R.S. 56:115.

HISTORICAL NOTE: Promulgated by the Department of Wildlife and Fisheries, Wildlife and Fisheries Commission, LR 27:

The secretary of the Department of Wildlife and Fisheries is authorized to take any and all necessary steps on behalf of the commission to promulgate and effectuate this Notice of Intent and the final Rule, including but not limited to, the filing of the Fiscal and Economic Impact Statement, the filing of the Notice of Intent and final Rule and the preparation of reports and correspondence to other agencies of government.

Family Impact Statement

In accordance with Act 1183 of 1999, the Department of Wildlife and Fisheries/Wildlife and Fisheries Commission hereby issues its Family Impact Statement in connection

with the preceding Notice of Intent: This Notice of Intent will have no impact on the six criteria set out at R.S. 49:972(B).

Interested persons may comment on the proposed rule in writing to Tommy Prickett, Wildlife Division, Department of Wildlife and Fisheries, Box 98000, Baton Rouge, LA 70898-9000 prior to 4:30 p.m., May 6, 2001.

RULE TITLE: Waterfowl Hunting Zones

I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO STATE OR LOCAL GOVERNMENT UNITS (Summary)

There will be no implementation costs or savings to state or local governmental units as a result of the proposed rule change.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS OF STATE OR LOCAL GOVERNMENTAL UNITS (Summary)

There will be no effect on revenue collections of state or local governmental units.

III. ESTIMATED COSTS AND/OR ECONOMIC BENEFITS TO DIRECTLY AFFECTED PERSONS OR NONGOVERNMENTAL GROUPS (Summary)

The proposed rule will simply change the boundary line between the two waterfowl hunting zones within the state. No additional costs or economic benefits are anticipated to occur.

IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT (Summary)

There will be no effect on competition and employment.

STATE OF LOUISIANA
PARISH OF JEFFERSON

BE IT KNOWN, by these presents, effective as of the _____ day of _____ in the year of our Lord, Two Thousand and One (the "Effective Date"), upon execution by all signatory parties indicated below (the "Parties");

BEFORE US, the undersigned Notaries Public duly commissioned and qualified in and for the Parishes stated hereinbelow, State of Louisiana, and in the presence of the witnesses hereinafter named and undersigned:

PERSONALLY CAME AND APPEARED:

Rigolets Limited Partnership ("Rigolets"), herein represented by TT&W, Inc., herein represented by Robert S. Thomson, Jr., President of TT&W, Inc. ("TT&W"),

Jack C. Caldwell, Secretary of the Department of Natural Resources, State of Louisiana ("DNR") and

Mark C. Drennen, Commissioner of Administration, State of Louisiana, who recited that:

WHEREAS, Rigolets holds record title to lands in all or parts of Township 17 South, Range 23 East, Sections 14, 15, 21, 22, 23, 27, 28, and 29, Jefferson Parish, Louisiana, (hereinafter, collectively referred to as "Rigolets lands"), as illustrated on plat attached as Exhibit "A", hereto and made a part hereof;

WHEREAS, as the owner of Rigolets lands, Rigolets, pursuant to Louisiana Constitution Article IX, Section 3 and La. R.S. 41:1702 has the right to reclaim and recover any portion thereof lost through erosion, compaction, subsidence or sea level rise occurring on or after July 1, 1921;

WHEREAS, in recognition of the benefits to be derived by the citizens of the State of Louisiana by virtue of protection of the greatest practicable amount of wetlands acreage, and resulting from Rigolets forfeiting its right to reclaim and recover certain portions of Rigolets lands that have been lost through said erosion, compaction, subsidence or sea level rise; the State desires to enter into this agreement with Rigolets;

WHEREAS, the State of Louisiana ("State") acknowledges the potential loss of a claim to subsurface mineral rights relating to state owned waters which may accrue to Rigolets as a result of this Agreement, but deems the benefits of maintaining the existence of the greatest practicable amount of wetlands acreage to be an overriding concern balancing and offsetting any risk of loss;

WHEREAS, pursuant to La. R.S. 41:1702, and to facilitate the development, design, and implementation of the Barataria Basin Land Bridge Shoreline Protection Project, Phases 1, 2, and 3 ("the Project"), the State desires to evidence its understanding with Rigolets with respect to Rigolets lands;

NOW THEREFORE, to permit implementation of the Project, Rigolets and the State, through their undersigned representatives, in consideration of the premises, hereby make the following agreements upon, and subject to, the terms and conditions hereinafter set forth:

1. Four lines shall be established in a manner which allows depiction on a map or plat (scale 1 inch = 1,000 feet or larger).

A. "Line 1A" shall begin at the northern boundary of the Rigolets lands as generally depicted on Exhibit B, meander south and southwest and end at a point on the former east bank of Harvey Cutoff. "Line 1B" shall begin at a point on the former west bank of Harvey Cutoff, meander northwest, southwest, south, southwest, and west and end at the southern boundary of Section 29, T17S-R23E.

B. Lines 1A and 1B shall be a reasonably "smooth", reasonably depicting a boundary between Bayou Rigolettes and broken marsh or between Bayou Perot and broken marsh.

C. Line 2A shall have the same beginning and end points as Line 1A. Line 2B shall have the same beginning and end points as Line 1B.

D. Lines 2A and 2B shall depict the alignment of the shoreline protection feature to be constructed as part of the Project.

E. Said lines shall be based on aerial imagery taken in the Fall subsequent to completion of each construction contract or engineering surveys performed within sixty (60) days after completion of each construction contract, shall be agreed upon by all parties to this Agreement, and shall be depicted by an Exhibit C to be made part of this Agreement by amendment within one year after construction of the entire Project.

F. Based on 1998 aerial imagery, Exhibit B illustrates the concept of how Lines 1A, 1B, 2A, and 2B would be depicted, but the parties to this Agreement acknowledge that said Lines are likely to change in shape and shift landward due to continued erosion from 1998 until project construction is complete and due to engineering considerations.

2. Those lands that will be located on the landward side of Lines 1A and 1B shall hereinafter be referred to as "Landward-side Lands." Those lands that will be located on the bayou side of Lines 2A and 2B shall hereinafter be referred to as "Bayou-side Lands." Those lands that will be located between Line 1A and Line 2A, and between Line 1B and Line 2B shall hereinafter be referred to as "Intervening Lands."

3. The State agrees and acknowledges that Rigolets has the right to reclaim and recover the Intervening Lands and the Bayou-side Lands, up to the 1956 Shoreline depicted on Exhibit B, under the laws of the State of Louisiana. For and in consideration of the benefits granted to it under this Agreement, Rigolets agrees to and does hereby compromise, relinquish and forfeit this right to reclaim and recover the Intervening Lands and the Bayou-side Lands. Rigolets further agrees that Rigolets shall allow its existing property to be utilized in connection with the Project to the extent deemed reasonably necessary by the Secretary of the DNR. In consideration of the relinquishment and forfeiture by Rigolets and the benefits to be granted to the State, the State and Rigolets agree, as of the Effective Date, as follows:

A. Rigolets shall own 50% of the subsurface minerals and related rights, including oil and gas, relating to the Intervening Lands, including but not limited to the emergent lands that emerge from water bottoms in the Intervening Lands, which ownership shall be perpetual and transferable. The State shall own the other 50% thereof.

B. To exercise its ownership set forth above, Rigolets shall have the right to use the Intervening Lands for locating, accessing, extracting and transporting any subsurface minerals, subject to acquiring appropriate State and State Agency permissions, approvals and permits.

C. In the event subsequent erosion should cause all of the Intervening Lands to become part of the bayou, ownership of all mineral rights and mineral production therefrom shall be vested in the State.

D. If production is established prior to the aforesaid subsequent erosion, it will continue to be shared equally between Rigolets and the State for as long as production continues.

4. The State does by these presents acknowledge and agree that Rigolets shall retain all of its right, title and interest in and to all Landward-side Lands, regardless of the success or failure of the Project for as long as any portion of said Landward-side Lands remains. The State further recognizes that Rigolets has and shall have the perpetual, transferrable ownership of all subsurface mineral rights to the Landward-side Lands including any part thereof which may erode and become a part of the bayou. However, in the event said Landward-side Lands completely erodes, compacts, subsides, or becomes a part of the bayou, ownership shall vest in the State. In the event production is established prior to the aforesaid erosion, it will continue to be owned 100% by Rigolets for as long as production continues.

5. Nothing herein shall prevent the State from exercising its rights to Bayou-side Lands through the granting, for a lawful purpose, of any right-of-way or servitude, or any mineral, geothermal, geopressure, or any other lease. Any lease or grant by the State shall not be affected by this Agreement and Rigolets shall have no claim for compensation out of the proceeds of the grant or lease.

6. All references to "State" herein mean the State of Louisiana acting through its appropriate executive officers, departments and/or agencies who are signatories to this Agreement.

7. This Agreement shall be binding upon, and inure to the benefit of the Parties hereto and their successors in interest and assigns.

8. This Agreement shall be submitted for review and approval of the House and Senate committees on Natural Resources. In the event said approval is not granted, this Agreement shall be null and void.

2001-2002 Weatherization Assistance Public Hearing

The Department of Social Services, Office of Community Services is submitting a state plan to the U.S. Department of Energy (DOE) for funding of the 2001-2002 Weatherization Assistance Program. Pursuant to federal regulations (10 CFR 440), a public hearing is required prior to DOE's approval of the plan.

The Weatherization Assistance Program provides services to low-income households, and in particular, households in which elderly, handicapped and/or children reside. The purposes of weatherization activities are:

1. to reduce home heating and cooling costs of low income households;

2. to provide a more comfortable and safe home environment for low-income residents; and

3. to help reduce the consumption of fossil fuels.

The public hearing is scheduled for Wednesday April 11, 2001, at 1:30 p.m., in Room 732, 333 Laurel Street, Baton Rouge, LA. Louisiana's grant for the 2001-2002 program year is \$1,165,702. Any additional Department of Energy funds which may become available during the 2001-2002 program year will be expended according to the approved State Plan.

Copies of the plan can be obtained prior to the hearing by contacting the Department of Social Services, Office of Community Services at (225) 342-2288 or by writing to Box 3318, Baton Rouge, LA 70821. Written comments will be accepted through April 13, 2001.

Public Review of the Title XX
Social Service Block Grant

The Louisiana Department of Social Services (DSS) announces opportunities for public review of the States pre-expenditure report on intended uses of Title XX Social Services Block Grant (SSBG) funds for the State Fiscal Year (SFY) beginning July 1, 2001, and ending June 30, 2002. The DSS Office of Community Services will utilize SSBG funds to provide comprehensive social services on behalf of children and families in fulfillment of legislative mandates for child protection and child welfare programs. The proposed FY 2001-2002 SSBG Intended Use Report has been developed in compliance with the requirements of Section 2004 of the Social Security Act, as amended, and includes information on the types of activities to be supported and the categories or characteristics of individuals to be served through use of the States allocation of SSBG funds. Section 2004 of the Social Security Act further requires that the SSBG pre-expenditure report shall be made public within the State in such manner as to facilitate comment by any person. The Department of Social Services (DSS) as the designated State Services Agency will continue to administer programs funded under the Social Services Block Grant in accordance with applicable statutory requirements and federal regulations. The DSS/Office of Community Services (OCS) will be responsible for provision of social services, by direct delivery and vendor purchase, through use of federal SSBG funds. Estimated SSBG expenditures for FY 2001-2002 total \$27,726,474.

These mandated services and certain other essential social services are provided without regard to income (WRI) to individuals in need. Individuals to be served also include low-income persons as defined in the Intended Use Report who meet eligibility criteria for services provided through SSBG funding.

Services designated for provision through SSBG funding for State Fiscal Year 2001-2002 are:

A. Adoption (pre-placement to termination of parental rights)

B. Child Protection (investigation of child abuse/neglect reports, assessment, evaluation, social work intervention, shelter care, counseling, referrals, and follow-up)

C. Family Services (social work intervention subsequent to validation of a report of child abuse/neglect, counseling to high risk groups)

D. Foster Care/Residential Habilitation Services (foster, residential care and treatment on a 24-hour basis)

Definitions for the proposed services are set forth in the Intended Use Report.

Persons eligible for SSBG funded services include:

A. Persons without regard to income, who are in need of Adoption Services, Child Protection, Family Services, and Foster Care/Residential Habilitation services.

B. Individuals without regard to income who are recipients of Title IV-E Adoption Assistance.

C. Recipients of Supplemental Security Income (SSI) and recipients of Temporary Assistance for Needy Families (TANF) and those persons whose needs were taken into account in determining the needs of TANF recipients.

D. Low-income persons (income eligibles) whose gross monthly income is not more than 125 percent of the poverty level. A family of four with gross monthly income of not more than \$1838 would qualify as income eligible for services.

E. Persons receiving Title XIX (Medicaid) benefits and certain Medicaid applicants identified in the proposed plan as group eligibles.

The proposed SSBG Intended Use Report for FY 2001-2002 is available for public review at OCS parish and regional offices Monday through Friday from 8:30 a.m. to 4 p.m. Copies are available without charge by telephone request to (225) 342-2416 or by writing the Assistant Secretary, Office of Community Services, Box 3318, Baton Rouge, LA 70821. Inquiries and comments on the proposed plan may be submitted until May 14, 2001, to the Assistant Secretary, OCS, at the above address.

A public hearing on the proposed SSBG Intended Use Report for FY 2001-2002 is scheduled for 10 a.m. on Tuesday, May 1, 2001, at the Office of Community Services, Conference Room 732, Commerce Building, 333 Laurel Street, Baton Rouge.

At the public hearing all interested persons will have the opportunity to provide recommendations on the proposed SSBG plan, orally or in writing. Written comments will be accepted through May 14, 2001.

Post-expenditure reports for the SSBG program for state fiscal years 1998-99 and 1999-2000 are included in the SSBG Intended Use Report for FY 2001-2002 and are available for public review at the Office of Community Services, 333 Laurel Street, Room 645, Baton Rouge.

Temporary Assistance to Needy Families Caseload Reduction Report

The Department of Social Services, Office of Family Support, hereby gives notice that, in accordance with federal regulations at 45 CFR 261.40, the Temporary Assistance to Needy Families (TANF) Caseload Reduction Report for Louisiana is now available to the public for review and comment.

In order to receive a caseload reduction credit for minimum participation rates, the agency must submit a report based on data from the Family Independence Temporary Assistance Program (FITAP) and Family Independence Work Program (FIND Work) containing the following information:

1. a listing of, and implementation dates for, all state and federal eligibility changes, as defined at §261.42, made by the state since the beginning of FY 1995;
2. a numerical estimate of the positive or negative impact on the applicable caseload of each eligibility change (based, as appropriate, on application denials, case closures, or other analyses);
3. an overall estimate of the total net positive or negative impact on the applicable caseload as a result of all such eligibility changes;
4. an estimate of the state's caseload reduction credit;
5. the number of application denials and case closures for fiscal year 1995 and the prior fiscal year;
6. the distribution of such denials and case closures, by reason, for fiscal year 1995 and the prior fiscal year;
7. a description of the methodology and the supporting data that it used to calculate its caseload reduction estimates;
8. a certification that it has provided the public an appropriate opportunity to comment on the estimates and methodology, considered their comments, and incorporated all net reductions resulting from federal and state eligibility changes; and
9. a summary of all public comments.

Copies of the TANF Caseload Reduction Report may be obtained by writing Sammy Guillory, Department of Social Services, Office of Family Support, P.O. Box 94065, Baton Rouge, LA 70804-9065, by telephone at (225) 342-6824, or via E-mail at sguillor@dss.state.la.us.

Written comments regarding the report should also be directed to Mr. Guillory. These must be received by close of business on April 30, 2001.
