In addition, the requestor shall inform the department as to the format (i.e., hard copy, electronic copy, USB drive, CD, tape, etc.) to use when submitting the documents to the requestor. In addition, he must stipulate the delivery method (U.S postal service, express mail, electronic delivery, in-person, or fax) that will be used to submit documents to requestor.

E. After the department processes the request, an estimate of the costs will be submitted to the requestor utilizing the costs specified in §401 above plus the cost of delivery. All payments can be made utilizing a credit card (see §401.B.2 above for convenience fee), check, or money order. ## **Chapter 7. Implementation of Electronic Signatures in Global and National Commerce Act—P.L. 106-229**

### **§701. Short Title**

A. These procedures are in response to the Federal "Electronic Signatures in Global and National Commerce Act" (e-sign) effective October 1, 2000. E-sign applies only to the use of electronic records and signatures in interstate or foreign commerce. These rules may be referred to as the "E-Sign Rules."

**AUTHORITY NOTE:** Promulgated in accordance with R.S. 39:4(c).

**HISTORICAL NOTE:** Promulgated by the Office of the Governor, Division of Administration, LR 27:524 (April 2001).

### **§703. Exemptions**

A. State agency transactions that are not governed by the Electronic Signatures in Global and National Commerce Act, PL 106-229, hereinafter referred to as the "e-sign," are not subject to these procedures.

B. State agency transactions that have electronic record and signature technology procedures that have been established by statutory and/or regulatory authority approval and do not conflict with e-sign, shall remain in effect.

C. State agency transactions that have electronic record and signature technology procedures that have been established by statutory and/or regulatory authority approval with sections that are in conflict with e-sign, shall have all Sections of these procedures remain in effect that are not in conflict with e-sign.

**AUTHORITY NOTE:** Promulgated in accordance with R.S. 39:4(c).

**HISTORICAL NOTE:** Promulgated by the Office of the Governor, Division of Administration, LR 27:524 (April 2001).

### **§705. General**

A. This Section applies to all written electronic communications which are sent to a state agency over the Internet or other electronic network or by another means that is acceptable to the state agency, for which the identity of the sender or the contents of the message must be authenticated, and for which no prior agreement between the sender and the receiving state agency regarding message authentication existed as of the effective date of this Section. This Section does not apply to or supersede the use and expansion of existing systems which are not in conflict with the Federal "Electronic Signatures in Global and National Commerce Act":

1. for the receipt of electronically filed documents pursuant to applicable Louisiana statutory law and promulgated rules and regulations, where the purpose of the written electronic communication is to comply with statutory filing requirements and the receiving state agency or local government is not a party to the underlying transaction which is the subject of the communication; or

## ADMINISTRATION

2. for the electronic approval of payment vouchers under rules adopted by the State Treasurer pursuant to applicable law.

B. Prior to accepting a digital signature, a state agency shall ensure that the level of security used to identify the signer of a message and to transmit the signature is sufficient for the transaction being conducted. A state agency that accepts digital signatures may not effectively discourage the use of digital signatures by imposing unreasonable or burdensome requirements on persons wishing to use digital signatures to authenticate written electronic communications sent to the state agency.

C. A state agency that accepts digital signatures shall not be required to accept a digital signature that has been created by means of a particular acceptable technology described in Subsection D of this Section if the state agency:

1. determines that the expense that would necessarily be incurred by the state agency in accepting such a digital signature is excessive and unreasonable;

2. provides reasonable notice to all interested persons of the fact that such digital signatures will not be accepted, and of the basis for the determination that the cost of acceptance is excessive and unreasonable; and

3. files an electronic copy (in html format) of the notice with the Division of Administration. The Division of Administration shall make a copy of such notice available to the general public via the World Wide Web.

D. A state agency shall ensure that all written electronic communications received by the state agency and authenticated by means of a digital signature in accordance with this Section, as well as any information resources necessary to permit access to the written electronic communications, are retained by the state agency as necessary to comply with applicable law pertaining to audit and records retention requirements.

E. Guidelines Agencies Should Use in Adopting an Electronic Signature Technology

1. An agency's determination of which technology is appropriate for a given transaction must include a risk assessment, and an evaluation of targeted customer or user needs. The initial use of the risk assessment is to identify and mitigate risks in the context of available technologies and their relative total costs and effects on the program being analyzed. The assessment also should be used to develop baselines and verifiable performance measures that track the agency's mission, strategic plans, and performance objectives. Agencies must strike a balance, recognizing that achieving absolute security is likely to be in most cases highly improbable and prohibitively expensive.

2. The identity of participants to a transaction may not need to be authenticated. If authentication is required, several options are available: ID and passwords for a web-based transaction may be sufficient, however the user login session should be encrypted using either Secured Sockets Layer (SSL) or Virtual Private Networks (VPN) or an equivalent encryption technology.

3. Digital Signatures/Certificates may offer increased security (positive ID), however this will vary depending on:

a. who issues the certificates;

b. what is the identity-proofing process (e.g., are you using Social Security number, photo IDs, biometrics); and

c. is the certificate issued remotely via software or mail, or is "in person" identification required?

4. In determining whether an electronic signature is required or is sufficiently reliable for a particular purpose, agencies should consider the relationships between the parties, the value of the transaction, and the likely need for accessible, persuasive information regarding the transaction at some later date (e.g., audit or legal evidence). The types of transactions may require different security control measures, based on security risks and legal obligations:

a. transactions involving the transfer of funds;

b. transactions where the parties commit to actions or contracts that may give rise to financial or legal liability;

c. transactions involving information protected under state or federal law or other agency-specific statutes obliging that access to the information be restricted;

d. transactions where the party is fulfilling a legal responsibility which, if not performed, creates a legal liability (criminal or civil);

e. transactions where no funds are transferred, no financial or legal liability is involved and no privacy or confidentiality issues are involved.

5. Agency transactions fall into five general categories, each of which may be vulnerable to different security risks:

a. intra-agency transactions;

b. inter-agency transactions (i.e., those between state agencies);

c. transactions between a state agency and federal or local government agencies;

d. transactions between a state agency and a private organization-contractor, non-profit organization, or other entity;

e. transactions between an agency and a member of the general public.

6. Agencies should follow several privacy tenets:

a. electronic authentication should only be required where needed. Many transactions do not need, and should not require, detailed information about the individual;

b. when electronic authentication is required for a transaction, do not collect more information from the user than is required for the application;

c. the entity initiating a transaction with a state agency should be able to decide the scope of their electronic means of authentication.

7. When agencies evaluate the retention requirements for specific records, they should consider the following if the record was signed with an electronic signature.

a. *Low Risk*—simple electronic signature (e.g., typed name on an e-mail message).

b. *High Risk*—digitally-signed communication, a message that has been processed by a computer in such a manner that ties the message to the individual that signed the message. The digital signature must be linked to the message of the document in such a way that it would be computationally infeasible to change the data in the message or the digital signature without invalidating the digital signature.

8. If the record contains a digital signature, the following additional documents may be required:

a. a copy of the *Public Key*;

b. a copy of the Certificate Revocation List (CRL) showing the validity period of the certificate or a copy of the On-line Certificate Status Protocol (OCSP) results;

c. Certification Practice Statement (CPS).

AUTHORITY NOTE: Promulgated in accordance with R.S. 39:4(c).

HISTORICAL NOTE: Promulgated by the Office of the Governor, Division of Administration, LR 27:525 (April 2001).

AUTHORITY NOTE: Promulgated in accordance with R.S. 39:4(c).

HISTORICAL NOTE: Promulgated by the Office of the Governor, Division of Administration, LR 27:526 (April 2001).

**§709. Digital Signatures Must Be Created by an Acceptable Technology**

A. For a digital signature to be valid for use by a state agency, it must be created by a technology that is accepted for use by the Division of Administration pursuant to guidelines listed in §711 of this document.

AUTHORITY NOTE: Promulgated in accordance with R.S. 39:4(c).

HISTORICAL NOTE: Promulgated by the Office of the Governor, Division of Administration, LR 27:526 (April 2001).

**§711. Acceptable Technology**

A. The technology known as Public Key Cryptography is an acceptable technology for use by state agencies, provided

that the digital signature is created consistent with the following.

1. A public key-based digital signature must be unique to the person using it. Such a signature may be considered unique to the person using it if:

a. the private key used to create the signature on the message is known only to the signer or, in the case of a role-based key, known only to the signer and an escrow agent acceptable to the signer and the state agency; and

b. the digital signature is created when a person runs a message through a one-way function, creating a message digest, then encrypting the resulting message digest using an asymmetric cryptosystem and the signer's private key; and

c. although not all digitally signed communications will require the signer to obtain a certificate, the signer is capable of being issued a certificate to certify that he or she controls the key pair used to create the signature; and

d. it is computationally infeasible to derive the private key from knowledge of the public key.

2. A public key based digital signature must be capable of independent verification. Such a signature may be considered capable of independent verification if:

a. the relying party can verify the message was digitally signed by using the signer's public key to decrypt the message; and

b. if a certificate is a required component of a transaction with a state agency, the issuing PKI service provider, either through a certification practice statement, certificate policy, or through the content of the certificate itself, has identified what, if any, proof of identification it required of the signer prior to issuing the certificate.

3. The private key of public key based digital signature must remain under the sole control of the person using it, or in the case of a role-based key, that person and an escrow agent acceptable to that person and the state agency. Whether a signature is accompanied by a certificate or not, the person who holds the key pair, or the subscriber identified in the certificate, must exercise reasonable care to retain control of the private key and prevent its disclosure to any person not authorized to create the subscriber's digital signature.

4. The digital signature must be linked to the message of the document in such a way that it would be computationally infeasible to change the data in the message or the digital signature without invalidating the digital signature.

5. Acceptable PKI Service Providers

a. The Division of Administration shall maintain an "Approved List of PKI Service Providers" authorized to issue certificates for digitally signed communications sent to state agencies or otherwise provide services in connection with the issuance of certificates. The list may include, but shall not necessarily be limited to, certification authorities,

certificate manufacturers, registrars, and/or other PKI service providers accepted and approved for use in connection with electronic messages transmitted to other state or federal governmental entities. A copy of such list may be obtained directly from the Division of Administration, or may be obtained electronically via the World Wide Web.

b. State agencies shall only accept certificates from PKI service providers that appear on the "Approved List of PKI Service Providers."

c. The Division of Administration shall place a PKI service provider on the "Approved List of PKI Service Providers" after the PKI service provider provides the Division of Administration with a copy of its current certification practice statement, if any, and a copy of an unqualified performance audit performed in accordance with standards set in the American Institute of Certified Public Accountants (AICPA) Statement on Auditing Standards No. 70 (S.A.S. 70) to ensure that the PKI service provider's practices and policies are consistent with the requirements of the PKI service provider's certification practice statement, if any, and the requirements of this Section.

d. In order to be placed on the "Approved List of PKI Service Providers" a PKI service provider that has been in operation for one year or less shall undergo a SAS 70 Type One audit—A Report of Policies and Procedures Placed in Operation, receiving an unqualified opinion.

e. In order to be placed on the "Approved List of PKI Service Providers" a PKI service provider that has been in operation for longer than one year shall undergo a SAS 70 Type Two audit—A Report of Policies and Procedures Placed in Operation and Test of Operating Effectiveness, receiving an unqualified opinion.

f. In lieu of the audit requirements of Subparagraphs d and e above, a PKI service provider may be placed on the "Approved List of PKI Service Providers" upon providing the Division of Administration with documentation issued by a person independent of the PKI service provider that is indicative of the security policies and procedures actually employed by the PKI service provider and that is acceptable to the Division of Administration in its sole discretion. The Division of Administration may request additional documentation relating to policies and practices employed by the PKI service provider indicating the trustworthiness of the technology employed and compliance with applicable guidelines published by the Division of Administration.

g. To remain on the "Approved List of PKI Service Providers" a certification authority must provide proof of compliance with the audit requirements or other acceptable documentation to the Division of Administration every two years after initially being placed on the list. In addition, a certification authority must provide a copy of any changes to its certification practice statement to the Division of

Administration promptly following the adoption by the certification authority of such changes.

h. If the Division of Administration is informed that a PKI service provider has received a qualified or otherwise unacceptable opinion following a required audit or if the Division of Administration obtains credible information that the technology employed by the PKI service provider can no longer reasonably be relied upon, or if the PKI service provider's certification practice statement is substantially amended in a manner that causes the PKI service provider to become no longer in compliance with the audit requirements of this Section, the PKI service provider may be removed from the "Approved List of PKI Service Providers" by the Division of Administration. The effect of the removal of a PKI service provider from the "Approved List of PKI Service Providers" shall be to prohibit state agencies from thereafter accepting digital signatures for which the PKI service provider issued a certificate or provided services in connection with such issuance for so long as the PKI service provider is removed from the list. The removal of a PKI service provider from the "Approved List of PKI Service Providers" shall not, in and of itself, invalidate a digital signature for which a PKI service provider issued the certificate prior to its removal from the list.

B. The state may elect to enact or adopt the Federal Uniform Electronic Transactions Act.

If the Division of Administration determines that the technology is acceptable for use by state agencies, the Division of Administration shall draft proposed administrative rules which would add the proposed technology to the list of acceptable technologies in §711 of this rule.

B. The Division of Administration has 90 days from the date of the request to review the petition and either accept or deny it. If the Division of Administration does not approve the request within 90 days, the petitioner's request shall be considered denied. If the Division of Administration denies the petition, it shall notify the petitioner in writing of the reasons for denial.

- Column 7. Title or Position to be Replaced
- Column 8. Organizational Unit (Functional Section or Unit)

C. A separate Form BA-8 must be completed for each and every request submitted for the commissioner's approval and must also indicate whether the position affected is classified (C) or unclassified (U).

D. It must be emphasized that the approval of a classification substitution in no manner changes the numerical position of the control. Approval of a substitution automatically cancels and eliminates the substituted position from the authorized personnel position control in the executive budget and replaces it with the approved change. Under no circumstance will the substituted position be retained on the adjusted control. Also, the approval of a new position automatically advances the numerical position of the control.

E. The personnel position control block must be completed before approval can be granted. In the column "number" the agency must designate the current personnel control by incumbents and vacancies. This will include all previously authorized changes.

F. If the request for change represents a new position, the total adjusted personnel control will show a numerical increase of one position. If the request represents a substitution of a previously budgeted position, the adjusted personnel control will remain the same. In all cases the control block must be completed.

G. In the second block headed "funds—pro rata—amount," the agency will disclose the source of funds intended to defray the additional salary expense. If the cost is to be borne by a joint state-federal participation, indicate the pro rata cost of each source. If the funds are derived from other sources, e.g., self-generating, etc., explain in detail on the reverse side of the form.

H. This memorandum supersedes Policy and Procedure Memorandum Number 3, and all memoranda and manuals in conflict herewith are superseded.

I. Form BA-8 should be duplicated by your agency as future needs arise (see form below).

a. advisors, consultants, contractors, and other persons who are called upon to contribute time and service

CBA accounts are controlled through an authorized approver to provide a means to purchase airfare, registration, lodging, rental vehicles, pre-paid shuttle service, and any other allowable charges outlined in the State of Louisiana Travel and CBA Policy. Each department head determines the extent of the account's use.

*Corporate Travel Card*—credit cards issued in a state of Louisiana employee's name used for specific, high cost travel expenses. Corporate Travel Cards are State liability cards paid by each agency.

## §1503. General Specifications

### A. General Travel Policies

1. Department heads may establish travel regulations within their respective agencies, but agency regulations shall not exceed the maximum limitations set by the Commissioner of Administration. A final draft and a draft highlighting any deviations from PPM 49 must be submitted via email to StateTravel@LA.Gov for prior review and approval by the Commissioner of Administration.

2. Department heads will take actions necessary to minimize all travel in order to carry on the department's mission.

3. Agencies must place all high-cost expenditures on the LaCarte Purchasing Card, Travel Card, or agency CBA account unless prior approval is granted by the Commissioner of Administration.

4. Department heads or their designee must submit fiscal year exemption requests annually. No exemption requests are granted on a permanent basis.

5. Grant Funds- Any agency that receives grant funds must follow PPM 49 rules and regulations and any travel regulations contained in the grant. Sub recipients that are not classified as a state agency are not subject to PPM49.

EXAMPLE: DOTD receives a federal grant and the City of New Orleans is a sub recipient of that grant, the City of New Orleans is not required to follow PPM49 but must follow their established policies and any regulations contained in the grant.

6. Travel Scholarships. If any scholarship for travel is received by a state traveler, it is the agency's and employee's responsibility to comply with all ethics laws and requirements.

7. Contracted Travel Services. The state has a mandatory travel agency contract to book airfare unless prior exemptions have been granted by the Office of State Travel before the airfare purchase. The contracted travel agency has an online booking system which should be used by all travelers to book airfare. Use of the online booking systems can drastically reduce the State's agent fee paid per transaction for airfare purchases.

8. Contracted Hotel Services. The state has a contract for hotel booking services with HotelPlanner. Travelers are encouraged to use HotelPlanner. Travelers are responsible for adhering to the hotel's cancellation policy when booking through HotelPlanner. If a traveler does not cancel a hotel stay within the cancellation period set by the hotel, the traveler will be responsible for payment or reimbursing the agency. Any exceptions for hotel rates or cancellation reimbursements must be approved by the Commissioner of Administration. Use of HotelPlanner does not exempt a traveler from adhering to U.S. General Services Administration (GSA) lodging rates, U.S. Department of State rates, or rates within PPM49 for the applicable travel location.

## ADMINISTRATION

9. Contracted Vehicles Rentals. The state has mandatory contracts for all in-state and out-of-state business travel through Enterprise, National, and Hertz. These contracts are applicable to all authorized travelers and contractors.

10. When a state agency enters into a contract with an out-of-state government entity, the out-of-state government entity may have the authority to conduct any related travel in accordance with their published travel regulations.

### 11. Authorization to Travel

a. All non-routine travel must be authorized with prior approvals, in writing, by the department head or his/her designee, from whose funds the traveler is paid. Agencies must maintain a file on all approved travel authorizations. Electronic files and approvals are acceptable using certified electronic signatures.

b. Annual travel authorizations for routine travel are allowed if determined to be in your agency's best interest. If annual travel authorizations are used, prior approved travel authorizations are still required for non-routine meetings, conferences, and out-of-state travel. Annual travel authorizations cannot be used for non-routine meetings, conferences, and out-of-state travel.

c. The Commissioner of Administration must sign all authorizations for travel and expenses for the Governor of Louisiana.

12. A department head or his/her designee may approve a traveler's reimbursement request for a communicable disease test if the employee will be traveling on official state business. Receipts are required to be reimbursed. Hotel, meals, and internet expenses are allowed to be reimbursed per the published rates when quarantine is required for a certain period.

### B. Funds for Travel Expenses

1. State Issued Credit Cards and CBA Accounts. All high cost travel expenditures must be placed on the LaCarte Purchasing Card, Travel Card, or agency CBA account unless prior approval is granted from the Commissioner of Administration. The State Travel Office maintains the contract for the State's corporate card program to establish one source of payment for travel expenditures. If a supervisor recommends an employee be issued a state travel card, the employee should make the request through their agency travel program administrator.

a. The employee's corporate travel card is for official state business travel only. Personal use on the travel card shall result in disciplinary action.

b. If a vendor does not accept credit card payment for registration or lodging expenses, the department head may approve for payment(s) to be made by other means. Travelers must submit supporting documentation from the vendor stating they do not accept credit card payments. The supporting documentation must be kept with the travel expense form.

2. Persons traveling on official state business will provide themselves with sufficient funds for all travel expenses that are not covered by the Corporate Travel Card, LaCarte Purchasing Card, and/or agency's CBA account.

3. For agencies participating in the LaCarte, Travel, and/or CBA card programs, group/athletic travel must be placed on one of the card programs. This does not eliminate any approvals that must be granted from the Commissioner of Administration and/or the Office of State Travel.

4. Advance of funds for travel shall only be made in extraordinary circumstances and any excess funds should be promptly repaid upon return. Cash advances meeting the exception requirement(s) listed below must have an original and itemized receipt to support all expenditures in which a cash advance was given, including meals. At the Agency's discretion, cash advances may be allowed for:

a. state traveler whose salary is less than \$30,000/year;

b. state travelers who accompany and/or are responsible for students or athletes for group travel. For group travel advancements, a roster with signatures of each group member along with the amount of funds received by each group member may be substituted for individual receipts;

c. state travelers who accompany and/or are responsible for client travel;

d. new employee who has not had time to apply for and receive the state's corporate travel card;

e. employees traveling for extended periods, defined as a period exceeding 30 or more consecutive days;

f. employees traveling to remote destinations in foreign countries;

g. lodging costs if the hotel(s) will not allow direct bill or charges to agency's CBA and the traveler's salary is less than \$30,000/year;

h. registration for seminars, conferences, and conventions.

5. Sponsored or Scholarship Travel- Travel expenses paid by a sponsor or scholarship are considered a gift per R.S. 42:1115 and requires completion of Ethics Disclosure Form 413. It is the traveler's responsibility to properly complete and submit to the Board of Ethics in the time required. The form can be downloaded at: <http://ethics.la.gov/pub/CampFinan/Forms/Form413f.pdf?20190402>

a. Reimbursements are not allowed when the traveler does not incur any expense. This includes, but is not limited to, reimbursements for any lodging or meals provided at a state institution or agency or provided by any other party at no cost to the traveler.

6. Travel expenses shall be limited to the necessary expenses incurred by a traveler and must be within the limitations set by PPM 49.

### C. Requests for Reimbursement

1. Official domicile/temporary assignment. Travelers are eligible to receive reimbursement for travel only when they are away from their “official domicile” or on a temporary assignment unless exemption is granted in accordance with these regulations. Temporary assignments will end after a period of thirty consecutive calendar days. After thirty days, the place of assignment shall be deemed his/her official domicile. The traveler shall not be allowed travel and subsistence reimbursement unless permission to extend the 30-day period has been previously approved by the Commissioner of Administration.

a. Travelers cannot be reimbursed while traveling within their official domicile.

b. Travelers cannot be reimbursed when traveling to/from their residence when their residence location is different from their official domicile.

c. At the discretion of the department head or his/her designee, an exception may be allowed for mileage to/from airports as stated in §1504.E.3.

d. The department head or his/her designee may approve an authorization for routine travel for an employee who must travel to perform his/her regular job duties. This may include traveling within the employee’s official domicile if it is a regular and necessary part of the employee’s duties. Attending infrequent/irregular meetings and conferences within their official domicile are not reimbursable.

2. All claims for travel reimbursement shall be submitted on the State’s Travel Expense Form, BA-12, or in your agency’s travel expense management system. Travel Expense Forms must include all travel details and be signed by the person claiming reimbursement and approved by his/her immediate supervisor. In all cases, the date and hour of departure and return to domicile must be shown along with each final destination throughout the trip clearly defined on the form. Agencies must get an exemption from the Commissioner of Administration to use a Travel Expense form other than the BA-12. For every travel authorization request, the purpose of the trip for travel must be stated in the space provided on the front of the form. The second page of the BA-12 must be completed with the breakdown of the travel expenses. This is required for every trip. Form BA-12 can be found at: <https://www.doa.la.gov/media/apro1q2x/travelexpense.docx>

3. Air transportation, registration, lodging, rental vehicles, shuttle service, and all other allowable charges outlined in section II(F)(4) of the State of Louisiana State Liability Travel and CBA policy should be invoiced directly to the agency, or charged to a state liability card. The traveler must provide receipts for all items charged or billed directly to the agency.

4. Cost of meals shall be paid by the traveler and claimed on the travel expense form for reimbursement.

5. Travel Expense Forms must include all expenses related to the trip, which includes expenses paid by the agency and reimbursable expenses paid by the traveler. Expenses paid by the agency must be noted on the Travel Expense Form or marked “prepaid” on the LaGov expense statement and these expenses must be excluded from the traveler’s reimbursable costs.

6. Travelers should submit claims within 30 days of the travelers’ return date. If a travel reimbursement is less than \$25, it is recommended that the traveler wait until a minimum of \$25 is reimbursable to submit the request unless there is no travel scheduled for the traveler in the future. Department heads may make the 30-day submittal mandatory on a department wide basis.

7. Any person who submits a claim pursuant to these regulations and who willfully makes any claim which he/she does not believe to be true and correct or who willfully aids, procures, counsels, or advises the preparation of a false or fraudulent claim, shall be guilty of official misconduct. If a traveler receives an allowance or reimbursement by means of a false or fraudulent claim, the traveler(s) involved shall be subject to disciplinary actions as well as being criminally and civilly liable within the provisions of state law.

8. Agencies shall review travel reimbursements to verify the documentation and complete processing within 30 days of receiving the final reimbursement submission.

### §1504. Methods of Transportation

The most cost-effective method of transportation that will accomplish the purpose of the travel shall be selected. Official state travelers must use the most direct travel route. Among the factors to be considered are the length of travel time, vehicle operation cost, and cost/availability of common carrier services. Common carriers shall be used for out-of-state travel unless it is documented that utilization of another method of travel is more cost efficient or practical and approved in accordance with these regulations.

#### A. Air Travel

## ADMINISTRATION

1. Privately Owned or Charter Planes. Prior approval is required by the department head when traveling by privately-owned or chartered aircraft. The traveler must certify:

1. at least two hours of working time will be saved by such travel; and

2. no other form of transportation such as commercial air travel or a state plane will serve the same purpose.

a. Chartering a privately owned aircraft must be in accordance with the Procurement Code.

b. Reimbursement for using a chartered or un-chartered privately owned aircraft under the above guidelines will be made per the published GSA rate or the cost of coach economy airfare, whichever is the lesser. GSA Airplane mileage rate: <https://www.gsa.gov/travel/plan-book/transportation-airfare-pov-etc/privately-owned-vehicle-pov-mileage-reimbursement-rates>

c. If there are extenuating circumstances requiring reimbursement not listed above, approval must be granted by the Commissioner of Administration.

d. When common carrier services are unavailable and time is at a premium, travel via state aircraft shall be requested and if a state aircraft is not available, the file shall be documented to show non-availability of a common carrier and state aircraft. The documentation shall be readily available in the department's travel reimbursement files.

### 2. Commercial Airlines

a. All state travelers are to purchase commercial airline tickets through the state contracted travel agency. This requirement is mandatory unless approval is granted from the Office of State Travel. In the event travelers seek approval to book without using the state's travel agency, the traveler shall submit their request through their agency's travel program administrator, who will determine if the request should be submitted to the Office of State Travel.

b. State contractors are not required to use the state's contracted travel agency when purchasing airfare, but it is the agency's responsibility to monitor costs to ensure the contractors are purchasing the lowest, most logical airfare.

c. The State supports purchasing the lowest logical ticket. Once all rates are received, the traveler must compare costs and options to determine which fare will be the best value ticket for their trip. To make this determination, the traveler must consider whether or not there is a likelihood the itinerary will change or be cancelled. Depending on this assessment, the traveler must determine if the additional costs associated with changing a non-refundable ticket alters the determination of the lowest logical ticket.

d. Travelers should advise the agent of their flexibility with dates and/or time of travel to ensure the most cost-effective rate.

e. Travelers are to seek airfare allowing a sufficient amount of lead-time prior to departure date. The lead-time

should be no less than 10 to 14 days in advance of travel dates to ensure the lowest fares are available.

f. Commercial air travel will not be reimbursed in excess of the lowest logical airfare. Receipts are required for reimbursement for commercial air travel. Upgrades above economy at the expense of the State are not permitted without prior approval from the Commissioner of Administration or in accordance with Subparagraph h of this Subsection. If an upgrade is not approved prior to the travel date and the traveler chooses to upgrade, the cost associated with the upgrade must be paid separately by the traveler. If space is not available in economy in enough time to carry out the purpose of the travel, the traveler must obtain a statement from the airline or contracted travel agency with this information. The certification is required for travel reimbursement.

g. The state will pay for the airfare and/or penalty incurred for a change in plans or cancellation when the change or cancellation is required by the State or there are unavoidable circumstances approved by the agency's department head. Justification for the change or cancellation by the traveler's department head is required on the travel expense form.

h. When an international flight segment is more than 10 hours in duration, the state will allow the business class rate provided it does not exceed the economy rate by more than 10 percent. The traveler's itinerary, provided by the travel agency, must document the flight segment as more than 10 hours and must be attached to the travel expense form.

i. Travelers may retain frequent flyer miles earned on official state travel unless an agency deems the points as property of the state. If a traveler makes travel arrangements that favor a preferred airline/supplier to receive these reward points and this circumvents purchasing the lowest logical airfare, they are in violation of this travel policy. Any costs in excess of the lowest logical airfare resulting from this violation are not reimbursable.

### B. Unused Tickets

1. A lost or unused airline ticket is the responsibility of the person to whom the ticket was issued. Unused tickets should always be monitored by the traveler and the agency. Travelers should ensure that any unused ticket is considered when planning future travel arrangements. Some airlines have a policy that will allow for a name change to another traveler within the agency. A view of the latest airline policies regarding unused tickets are available at the Office of State Travel's website: <https://www.doa.la.gov/doa/ost/transportation/airfare-airport/>

2. Upon initial notification, it is the traveler's responsibility to determine if the ticket will be used in the future. Unused tickets are to be monitored every 30 days. If it is determined that the ticket will not be used prior to expiration and there is a possibility to transfer the ticket, the traveler must immediately advise the agency's travel administrator that the ticket is available for use by another

traveler, section, or agency. The travel administrator should attempt to use the ticket for another traveler within the agency.

3. Department heads must review all unused airfare and the traveler's justification to determine if reimbursement from the traveler must be made to the agency for the cost of the unused ticket. All files must be properly documented.

4. Monitoring unused tickets can be accomplished with the unused ticket report sent to the agency's program administrator each month from the contracted travel agency. This report, in conjunction with traveler notifications while booking other flights and traveler email notifications every 120, 90, 60, 30 and 14 days prior to ticket expiration should be sufficient to reduce the loss of unused airfare.

### C. Motor Vehicle

1. No vehicle may be operated in violation of state or local laws. No traveler may operate a vehicle without having a valid U.S. driver's license in his/her possession. All occupants must use safety restraints. Accidents, major or minor, shall be reported first to the local police department or appropriate law enforcement agency. An accident report form, available from the Division of Administration's Office of Risk Management (ORM), should be completed as soon as possible and must be returned to ORM with names, addresses, and phone numbers of principals and witnesses. Contact ORM with questions regarding this report.

2. Operating a state-owned, non-state owned, state-rented, or state leased vehicle for business while intoxicated, as set forth in R.S. 14:98 and 14:98.1, is strictly prohibited, unauthorized, and expressly violates the terms and conditions of use. In the event such operation results in the traveler being convicted of, pleading nolo contendere to, or pleading guilty to driving while intoxicated under R.S. 14:98 or 14:98.1, would constitute evidence of the traveler:

- a. violating the terms and conditions of use of the vehicle
- b. violating the direction of his/her employer, and
- c. acting beyond the course and scope of his/her employment with the State of Louisiana.

3. A person should not be authorized to operate or travel in a state-owned or state-rented vehicle unless the person is an employee of the State of Louisiana or deemed an authorized traveler. All authorized traveler approvals must be kept on file at the agency.

4. Students and non-state employees are not authorized to drive state-owned or state-rented vehicle unless deemed an "authorized traveler" on behalf of the State by the department head or his/her designee. Authorized travelers can be reimbursed for their travel expenses. Anyone who is not an employee of the State of Louisiana must sign the Acknowledgement of Non-State Employees Utilizing State Vehicles form, located on the Office of State Travel's website, <https://www.doa.la.gov/media/jcfji2il/nse-acknowledgement.pdf>, prior to riding in or driving a state-owned or state-rented vehicle. Each agency is responsible

for ensuring that this form and any other necessary requirements are completed and made part of the travel file prior to travel dates.

5. Persons operating a state-owned, state-rented, or personal vehicle on official state business are responsible for all traffic, driving, and parking violations. This does not include vehicle violations for registration or inspection sticker for state-owned or state rented-vehicles, as the State and/or rental company would be liable for any cost associated with these types of violations.

6. For official in-state business, travelers must use the options below in sequential order:

- a. first: a traveler should utilize a state vehicle when available;
- b. second: a traveler should rent a vehicle from the State's in-state contracts with Enterprise, National, or Hertz for travel over 99 miles;
- c. third: a traveler must receive prior approval from their department head to use his/her personal vehicle and be reimbursed more than 99 miles. Reimbursements must be based on the GSA rate for mileage rounded down to the penny. The current GSA mileage rate can be found here: <https://www.gsa.gov/travel/plan-book/transportation-airfare-pov-etc/privately-owned-vehicle-pov-mileage-reimbursement-rates>

7. Motorcycles/bicycles/mopeds/motorized scooters (including e-scooters) shall not be used for official State travel. No passengers may be transported, at any time on official State Travel, on motorcycles/bicycles/mopeds/motorized scooters (including e-scooters).

### D. State-Owned Vehicles

1. Travelers in state-owned automobiles who purchase fuel, repairs, and equipment needed while in travel status shall make use of the Statewide Fleet Fuel and Repair/Maintenance and bulk fuel contracts, when applicable. Purchases require receipts and only the lowest manufacturer recommended fuel should be reimbursed.

2. Department heads must give prior approval for State-owned vehicles to be used for out-of-state travel. If a state-owned vehicle is used to travel to a destination more than 500 miles from its usual location, documentation that this is the most cost-effective means of travel must be kept in the department's travel reimbursement files. When the use of a state-owned vehicle has been approved by the department head for out-of-state travel for the traveler's convenience, the traveler is personally responsible for any other expense en route to and from their destination, which includes meals and lodging.

3. If a state vehicle is needed or requested to be kept at the home of a state traveler overnight, the agency and traveler should ensure it is in accordance with requirements outlined in R.S. 39:361-364.

### E. Personally Owned Vehicles

## ADMINISTRATION

1. Personal vehicle mileage is reimbursed at the published GSA rate for mileage rounded down to the penny. Personal vehicle mileage reimbursements should be based on actual physical addresses and require an odometer reading or website mileage calculator. The current GSA mileage rate can be found here: <https://www.gsa.gov/travel/plan-book/transportation-airfare-pov-etc/privately-owned-vehicle-pov-mileage-reimbursement-rates>.

2. When two or more persons travel in the same personally owned vehicle, only one reimbursement is allowed for the expense of the vehicle. The person claiming reimbursement shall report the names of the other passengers on the travel expense form.

3. At the discretion of the department head or his/her designee, mileage to and from airport(s) may be allowed while on official state business. This approval may include reimbursement for a traveler who is being dropped off and/or picked up from the airport.

4. Mileage reimbursements must not exceed the cost of the lowest logical airfare for the same trip. Travelers are personally responsible for any other expenses en route to and from the destination, which includes meals and lodging.

5. If a traveler is requested to take his/her personally owned vehicle out-of- state for a purpose that will benefit the agency, then the department head may, on a case- by-case basis, determine to pay a traveler for all or part of en route travel expenses (for example – lodging, meals, and mileage). Documentation must be kept on file to show cost savings or justification as to why personal vehicle mileage, lodging, and meals while in transit were approved for out-of-state travel exceeding 99 miles.

6. A traveler shall never receive any benefits or reimbursements because his/her residence is different from his/her official domicile. A traveler may be reimbursed mileage when starting travel from his/her residence if the mileage is less than starting travel in the traveler's official domicile. If a traveler is leaving on a non-work day or leaving before or after work hours, the department head may determine to pay the actual mileage from the traveler's residence.

7. When a traveler is required to regularly use his/her personally owned vehicle for agency activities, the agency head may request prior authorization from the Commissioner of Administration for a vehicle allowance. Requests for vehicle allowances must contain a detailed account of routine travel listing exact mileage for each route and justification as to why a rental vehicle is not feasible. Justifications should include a three-month travel history with a complete mileage log for all travel incurred, showing all points traveled to/from and the exact mileage. Requests for vehicle allowances are granted for one fiscal year and must be requested again each fiscal year if there is still a need. A centralized file must be kept containing all approvals.

a. If an employee is granted a vehicle allowance then mileage, fuel, and rental vehicle reimbursements or

charges are not allowed for that employee. Rental vehicles are allowed for these employees when traveling out-of-state.

8. Travelers are required to pay all operating expenses for his/her personal vehicle including fuel, repairs, and insurance.

### F. State-Rented Vehicles

1. The state has mandatory contracts for in-state and out-of-state vehicle rentals for business travel with Enterprise, National, and Hertz. These contracts also apply to all authorized travelers and contractors. The state does not have international vehicle rental contracts.

2. Employees receiving a vehicle allowance are only allowed to rent a vehicle when traveling out-of-state.

#### 3. In-State and Out-of-State Vehicle Rentals

a. A rental vehicle should be used if a state owned vehicle is not available for all travel over 99 miles. In the event that an agency or traveler chooses to use a personal vehicle, refer to §150.E, of this policy, Personally Owned Vehicles.

b. All state contractors who have entered into a contract with the State of Louisiana on or after March 1, 2013, and whose contracts are required to follow PPM 49 for travel reimbursements, must use the state's mandatory contracts while conducting business on behalf of the State.

c. In-state rental vehicle reservations shall not be made at an airport location for daily routine travel unless prior approval is granted by the department head. Airport rental locations charge extra fees that will add unnecessary costs to your rental charges.

d. Charges added to the vehicle rental price must be in accordance with the mandatory rental vehicle contracts.

4. Payments. Rentals through the vehicle rental contracts shall be made using the "LaCarte" purchasing card, an agency's CBA account, an employee's state corporate travel card, or through direct bill to the agency. Agencies may decide which of these forms of payment to be used.

5. Approvals. Travel authorization forms must be approved by the department head or his/her designee prior to renting a vehicle. Agencies are allowed to approve rental vehicles on an annual basis if the travel is routine and a regular part of an employee's job duties.

#### 6. Vehicle Rental Size

a. Only the cost of an economy, compact, intermediate, or standard vehicle is reimbursable, unless:

i. non-availability is documented; or

ii. the vehicle will be used to transport more than two persons.

iii. if a larger vehicle is necessary to carry equipment or multiple passengers, the vehicle shall be upgraded only to the next smallest size and lowest price necessary to accommodate the need. The file must include a

justification approved by the department head or his/her designee.

b. A department head or his/her designee may authorize a larger vehicle on a case-by-case basis and provide detailed justification in the file. Justification could include, but is not limited to, specific medical requirements when supported by a doctor's recommendation or traveling with equipment.

7. Personal use of a State-rented vehicle is not allowed.

#### 8. Fuel

a. Fuel should be placed on an agency's fuel card for rental vehicles. If your agency does not have a fuel card, reimbursements require an original receipt. If you are not able to obtain a receipt from the pump or cashier, a time stamped photo of the pump showing the number of gallons purchased and total price will suffice.

b. A traveler must purchase fuel with the State's Fuel Card, other approved credit card, or with personal funds at reasonable cost from a fuel station prior to returning the rental. Pre-paid fuel options or replacement of gasoline from the rental company is not allowed. If a traveler purchases any fuel options or programs allowing the rental vehicle company to replace gasoline without justification and prior approval from the department head, the traveler must reimburse the agency. Each agency shall familiarize itself with the Statewide Fleet Fuel and Repair/Maintenance and bulk fuel contracts. Agencies and travelers should review the terms, conditions, and locations of vendors for each contract.

9. Insurance for Vehicle Rentals within the United States

a. State rental contracts include Collision and Damage Waiver (CDW) insurance and \$1,000,000 Liability Protection Coverage. Additional insurance billed by car rental companies is not reimbursable and must not be billed to an agency.

b. Should a collision occur while on official state business, the accident should immediately be reported to the Office of Risk Management and the rental company. Any damage involving a third party must be reported to the appropriate law enforcement agency to obtain a police report.

c. Lost keys and unlocking services for rental vehicles are not covered under the damage waiver policy and can be costly. Agencies should establish an internal procedure regarding the liability of these costs.

10. Insurance for Vehicle Rentals Outside of the United States

a. The Office of Risk Management (ORM) recommends the appropriate insurance (liability and physical damage) provided through the car rental companies be purchased when the traveler is renting a vehicle outside of the United States. With the approval of the department head or his/her designee, required insurance costs must have

receipts and may be reimbursed for travel outside of the United States only.

b. The following insurance packages are available by rental vehicle companies which are reimbursable:

i. collision damage waiver (CDW), should a collision occur while on official state business, the cost of the deductible should be paid by the traveler and submit a reimbursement claim on a travel expense form. The accident must also be reported to the Office of Risk Management;

ii. loss damage waiver (LDW);

iii. auto tow protection (ATP);

iv. supplementary liability insurance (SLI);

v. theft and/or super theft protection (coverage of contents lost during a theft or fire);

vi. vehicle coverage for attempted theft or partial damage due to fire by the car rental company.

c. The following are examples of insurance packages available by rental vehicle companies that are not reimbursable:

i. personal accident coverage insurance (PAC);

ii. emergency sickness protection (ESP).

d. Insurance is only allowed to be charged or reimbursed when renting outside of the United States.

11. Navigation Equipment (GPS System). Must be rented, not purchased, from a rental car company and may only be reimbursed if the traveler justifies the need for such equipment. Prior approval from the department head or his/her designee must be obtained and included with the travel file.

#### G. Ground Transportation

1. The cost of public ground transportation such as buses, subways, airport shuttles/limousines, ferries, tolls, and taxis are reimbursable when the expenses are incurred as part of approved State travel. Credit card fees charged by these services are reimbursable.

2. Public transportation to and from the airport may be reimbursed with a receipt while on official state business.

3. If utilizing Uber or Lyft type services, only a standard size vehicle is reimbursable with an itemized receipt. Premium or larger vehicles are not reimbursable. Agencies may reimburse tolls, surcharges, and fees (excluding wait time fees) when it is determined that these services are the most cost effective option. Wait time fees are not a reimbursable expense. Travelers should try to utilize the most economic ground transportation without incurring additional fees or surge pricing.

a. Uber Black, Uber Black XL, and Uber Premier are not reimbursable

b. Lyft Lux, Lyft Lux Black, and Lyft Lux Black XL are not reimbursable

4. When travelers utilize a free shuttle service, a \$5 tip may be allowed (no receipt is required).

5. Airport shuttles, taxis, and all other public transportation require a receipt for reimbursement. A driver's tip may be given and the tip must not exceed 20 percent of the total charge. The tip amount must be included on the receipt received from the driver/company.

6. All other forms of public ground transportation other than those listed above are limited to \$10 per day when a receipt is not possible. Claims in excess of \$10 per day require a receipt. At an agency's discretion, the department head may implement an agency policy requiring receipts for all public transportation requests less than \$10 per day.

7. To assist agencies with verification of taxi fares, you may contact the taxi company for an estimate or visit an online taxi fare estimator. A traveler should obtain prior approval if multiple taxis will be used during a trip (not just to and from an airport). It may be in the agency's best interest to rent a vehicle rather than reimbursing multiple taxi expenses.

H. Parking and Related Parking Expenses

1. Baton Rouge Airport. The State has contracted rates for parking in the indoor parking garage and the outside fenced parking lot at the Baton Rouge Airport. The airport parking certificate and State Employee ID must be presented to receive the contract price. If the agency does not issue a State ID, the traveler will need a business card and a driver's license along with the certificate to be eligible for the state contracted rate. Receipts are required for reimbursement of the contracted rates listed in the resource section. The airport certificate may be found on the State Travel Office's website at: <https://www.doa.la.gov/oa/ost/parking/>

2. New Orleans Airport Parking. Travelers have the option to park at New Orleans Airport in the Surface Lot or the Airline Economy Garage. Receipts are required for reimbursement for the allowable rates listed in the resource section.

3. Travelers using motor vehicles on official state business may be reimbursed for all other parking, including airport parking except as listed in A and B above, ferry fares, and road/bridge tolls. For each transaction over \$5, a receipt is required.

**§1505. Lodging**  
**(Formerly §1506)**

A. General Lodging Information

1. Lodging rates for the 48 contiguous states are based on the GSA lodging rates for the applicable location. The GSA lodging rates can be found at <https://www.gsa.gov/travel/plan-book/per-diem-rates>.

2. Alaska, Hawaii, and U.S. Territories shall follow the rate below:

a. Lodging Rate- \$175 per night

3. The State has contracted with HotelPlanner for hotel booking (use is not mandatory). Lodging rate, plus tax (other than Louisiana Sales Tax) and any mandatory surcharges are allowed.

4. When traveling in-state on official state business and expenses are being charged to an employee's State Corporate Travel Card, State's LaCarte Card, or the agency's CBA account, it is the employee's responsibility to ensure state sales taxes are not charged.

5. When two or more employees, on official state business, share a lodging room, the State will allow the actual cost of the room; subject to a maximum amount allowed for an individual traveler multiplied by the number of employees per room.

B. Conference Lodging Allowance

1. Travelers may be allowed the conference lodging rates, plus tax (other than Louisiana Sales Tax) and any mandatory surcharge. Receipts are required along with documentation showing the actual conference rate. Department heads or his/her designee have the authority to approve the actual cost of conference lodging for a single occupancy or standard room when the traveler is staying at the designated conference hotel. If there are multiple designated conference hotels, the lower cost conference hotel should be booked, if available. In the event the designated conference hotel(s) have no room availability, a department head or his/her designee may approve to pay the actual hotel cost not to exceed the conference lodging rates for other hotels in the immediate vicinity of the conference hotel. Rates exceeding the Conference Lodging Rate must be approved by the Commissioner of Administration. This allowance does not include Agency Hosted Conference Lodging Allowances. Documentation required is a formal agenda, program, letter of invitation, or registration fee. Participation as an exhibiting vendor in an exhibit /trade show also qualifies as a conference. For a hotel to qualify for conference rate lodging, it requires that the hotel is hosting or is in conjunction with hosting the meeting.

2. Training courses held over several consecutive days and have a designated hotel and rate, could be considered a "conference hotel."

3. If staying at a designated conference hotel or an overflow hotel(s), you may not rent a vehicle unless prior approval is granted from the department head. Rental vehicles must be for official state business needs and supporting documentation must be maintained in the file.

4. No reimbursements are allowed for functions not related to a conference. Examples include tours, dances, and golf tournaments.

#### C. Extended Stays

1. For travel assignments approved by the Commissioner of Administration involving duty for extended periods (30 or more consecutive days) at a fixed location, the reimbursement rates indicated should be adjusted downward whenever possible. Claims for meals and lodging may be reimbursed on a per diem basis supported by a lodging receipt.

2. The only exemptions which do not require the Commissioner of Administration's approval when traveling 30 days or more are students, professors, or other state travelers which are traveling on a grant, scholarship, studying aboard or any other occasion where funds utilized are not state funds. Department head approval is required for these travelers.

#### D. Lodging Fees

1. Non-Conference Related Fees. Many hotels charge mandatory fees variously termed *resort fees*, *amenity fees*, *urban destination fees*, *facilities fees* and *daily destination fees*, among others. Agencies should review these fees and see what they include before authorizing reimbursement, as they can vary from simply covering internet access to including items that may be considered gifts, like tours or tickets. If the fees do not include an item that can be considered a gift, these fees are reimbursable but should not exceed the applicable lodging rate when combined with the daily room rate. These fees require department head approval if the additional cost is less than a 50 percent increase of the daily lodging rate. Increases above 50 percent require prior approval from the Commissioner of Administration.

2. Added value charges which include, but are not limited to, early check-in fees, additional person fees, mini-bar/snack fees, gym fees, and spa fees are not reimbursable.

3. Tax recovery charges are not allowed when booking through companies other than the State of Louisiana's travel agency or its affiliated company.

#### E. Louisiana Sales Tax

1. Travelers are responsible for reimbursing the agency for any Louisiana sales taxes when the agency's tax exemption form is not presented at time of check-in at hotel. Contractors are subject to Louisiana sales tax and can be reimbursed for this expense.

2. Travelers should use the tax-exempt form located on the State Travel Office website for all in-state lodging:

<https://www.doa.la.gov/media/er0b2lwj/travelexemption-travelexpense.pdf>

#### F. Lodging with Relative or Friends

1. May not be reimbursed unless the host can substantiate costs for accommodating the traveler. The reimbursement will be at the actual cost of lodging but must not exceed the lodging rate for the applicable area. The host must show proof of the added costs for water, electricity, and other expenses.

#### G. Hotel Reward Points

1. Travelers may retain hotel reward points earned on official state travel unless an agency deems the points as property of the state.

#### H. Lodging Exceptions

1. Non-Conference Lodging Overage Allowances. Department head or his/her designee has the authority to approve actual costs for routine lodging on a case by case basis, but shall not exceed 50 percent over the lodging rate for the applicable travel location. (This authority is for routine lodging only and not for conference lodging or any other area of PPM 49). Receipts, justification, and approval must be maintained in the file to show that attempts were made with hotels in the area to receive the best rate.

a. Travelers are responsible for reimbursing the agency for lodging rates that exceed the published lodging rates for the travel location unless prior approval is granted by the Commissioner of Administration.

2. In areas where the Governor has declared an emergency, a department head or his/her designee has the authority to approve actual routine lodging provisions on a case-by-case basis, but shall not exceed 75 percent over the lodging rate for the applicable travel location. Each case must be documented to justify necessity (e.g. proximity to meeting place) and cost effectiveness. Documentation, including receipts, must be readily available in the agency's travel reimbursement files and kept in accordance with record retention policies.

3. Lodging overages in excess of 1 and 2 of this Section require approval from the Commissioner of Administration prior to being paid or reimbursed by the agency. Requests for approval must contain justification and estimated costs. If prior approval is not obtained, overages must be repaid to the agency by the traveler.

4. Actual expenses for Elected Officials, Board Members (if allowed by the Board), State Officers, persons authorized by statute, or any individual with a preapproved exception will be reimbursed on an actual expense basis, for meals and lodging only, while in travel status, except in cases where other provisions for reimbursement have been made by statute. Itemized receipts are required for reimbursement. Requests must be reasonable in relation to the purpose of travel. Travelers entitled to actual expense reimbursement are only exempt from meals and lodging rates; they are subject to all other requirements as listed in these travel regulations.

### **§1506. Meals and Incidentals (M and IE)**

#### **A. Meals and Incidentals While In Travel Status**

1. Meal and incidental rates based on the GSA meal rates for the 48 contiguous states. The GSA meal and incidental rates can be found at <https://www.gsa.gov/travel/plan-book/per-diem-rates>

2. Alaska, Hawaii, and U.S. Territories shall follow the rates below.

- a. Meals—Breakfast \$17, Lunch \$18, Dinner \$34.
- b. Incidentals— \$5 per day.
- c. First and Last day meal and incidental reimbursements shall not exceed \$55.50.

3. Meal rates include taxes and tips, travelers cannot be reimbursed separately for those items. Receipts are not required for meals within these rates unless a cash advance was received.

4. Meal and Incidental Reimbursement for Single Day Travel. Meals are not eligible for reimbursement on single day travel. When an authorized traveler of the State is in travel status where no overnight stay is required, meals are not eligible for reimbursement. However, the department head is allowed to authorize single day meal reimbursements on a case-by-case basis or by types(s) of single day travel when it is determined to be in the best interest of the agency. In those cases, the agency must keep the approvals in the travel file and agencies are responsible for reporting the reimbursement as taxable wages to the traveler. Each department head or his/her designee is to determine whether the travel is best suited for single day or overnight.

a. If a department head or his/her designee determines that single day meals will be reimbursed, they must adhere to the following allowances: To receive meal reimbursements on single day travel, a traveler must be in travel status for more than 12 but less than 24 hours. Reimbursements for single day travel must not exceed 75 percent of the total M and IE rate for the applicable travel location meal rates. This rate is listed as the first and last day

of travel on the M and IE rates page of the applicable location.

#### **5. Meal and Incidental Reimbursement for Travel with Over Night Stay**

a. On the first and last travel day, employees are only eligible for 75 percent of the total M and IE rate for the applicable travel location. The Meals and Incidental Expense breakdown page has a table showing the calculated amount for the "First and Last Day of Travel."

b. Student group trips (including athletic travel) are eligible for the full M and IE rate on the first and last day of travel for the applicable travel location when travel begins prior to 8:00am and ends beyond 8:00pm.

c. Incidental expenses are limited to \$5 per day for domestic travel. Domestic incidental expenses include tips for valet, porters, baggage carriers, and hotel staff.

6. Reimbursement for alcohol is prohibited.

7. If meals are included in a conference schedule and are part of the registration fee, the traveler cannot request/receive additional reimbursement for that meal. If a traveler has dietary restrictions, agencies may allow the traveler to claim reimbursements for any meals provided at a conference, meeting, or other work function that may pose a health risk to the traveler if consumed.

8. Meals provided by relatives and/or friends may not be reimbursed unless the host can substantiate costs for providing meals to the traveler. The reimbursement amount for the traveler's portion of the meal must be reimbursed at the actual cost but shall not exceed the published meal rate for the applicable travel location. The traveler must provide documentation and obtain approval from the department head.

#### **B. Special Meals**

1. Special meal needs are infrequent, extraordinary, and/or emergency situations when state employees are required by their supervisor to work more than a twelve-hour weekday or six-hours on a weekend. Special meals also includes meals provided during working meetings of department staff. Special meals do not include normal visits, meetings, or reviews.

**§4115. Evaluation Tests for Exclusion from Taxable Compensation**

A. The general rules of evaluation to be used in determining if and when a fringe benefit is exempt from inclusion as taxable compensation are as follows.

## 1. Meals

a. The value of meals furnished to an employee by and on behalf of the state will be excludable from the employee's gross compensation if two tests are met:

i. the meals are furnished on the premises of the employer; and

ii. the meals are furnished for the convenience of the employer.

b. Meals furnished by the state without charge will be considered furnished for the convenience of the employer if the meals are furnished for substantial noncompensatory business reasons of the state rather than as a means of providing additional compensation to the employee.

c. On the premises will be interpreted to mean either:

i. quarters that constitute an integral part of the business property; or

ii. premises on which the entity carries on some of its business activities.

## 2. Lodging

a. The value of lodging furnished to an employee by or on behalf of the state will be excluded from the employee's gross income, if three tests are met:

i. the lodging is furnished on the business premises of the employer;

ii. the lodging is furnished for the convenience of the employer; and

iii. the employee is required to accept such lodging as a condition of his employment. The third requirement means that the employee must be required to accept the lodging on the business premises in order to enable him to properly perform the duties of his employment, which in turn will mean that the lodging is furnished because the employee is required to be available for duty at all times or because the employee could not perform the services required of him unless he was furnished such lodging.

b. On the business premises will be interpreted to mean either:

i. living quarters that constitute an integral part of the business property; or

ii. premises on which the entity carries on some of its business activities.

c. Ownership or control by the state of the premises furnished is not a test criteria.

d. Lodging includes utilities and associated related items such as lawn maintenance, maid service, etc. The value of utilities, etc., furnished to the employee for the convenience of the state is excludable, unless the employee contracts directly with the utility, etc., for the service.

3. Transportation

a. The value of personal use of a state vehicle must be included as taxable compensation.

b. The value for use of a state vehicle for commuting purposes shall be a flat \$1.50 per one way commute trip (\$3 per day for round trip) if the following conditions are met:

i. the vehicle is owned or leased by the state and is provided for and used for state business;

ii. for bona fide noncompensatory business reasons the state requires the employee to commute to and from work in the vehicle;

iii. the department, agency, etc., has a written policy which disallows personal use of the vehicle by the employee, or any individual whose use would be taxable to the employee, except for de minimus personal use such as a lunch stop between business meetings;

iv. neither the employee nor any individual whose use would be taxable to the employee uses the vehicle for any personal purpose other than commuting and de minimus personal use; and

v. the employee using the vehicle is not a control employee as defined in Temporary Regulation Section 1.61-2T(f)(5),(6).

c. For valuation of personal use of a vehicle for those employees who use a state vehicle to commute, but do not meet the conditions enumerated above, and those employees who have personal use of other modes of transportation, alternative valuation methods are available in the Internal Revenue Code and Regulations.

d. the alternative valuation methods, including the cents-per-mile rule or lease valuation method, may be utilized only upon prior approval of the Commissioner of Administration.

AUTHORITY NOTE: Promulgated in accordance with R.S. 39:78 and Executive Order Number 85-52.

HISTORICAL NOTE: Promulgated by Office of the Governor, Division of Administration, LR 15:529 (July 1989), repromulgated LR 20:375 (April 1994), amended LR 25:1406 (August 1999).

**§4117. Parking—Taxable Benefits**

A. The Energy Policy Act of 1992 amended the Internal Revenue Code provisions on taxing employer provided transportation benefits. Under these provisions, employer provided parking in a public parking facility valued up to \$175 per month may be excluded from taxable income. Any amounts of \$175 or higher must be considered taxable

fringes and are to be included in taxable income, unless the employee pays amounts in excess of the \$175 per month.

B. The value of the parking cost is to be based on the cost an employee would incur in an arm's-length transaction to obtain parking at the same site. If this cost cannot be determined, value should be based on the cost incurred in an arm's-length transaction to obtain other space in the same lot or a comparable lot in the same general area.

B. 1. Attachment to all Attorney Contracts. These case handling guidelines and billing procedures supplement, but do not replace, an agency's existing attorney case handling and billing procedures, and shall not supersede any rules or regulations in effect for legal contracts. To the extent that these requirements are more stringent than an agency's existing requirements, they shall supersede those requirements.

2. Attorney Rates. Unless justification is provided and approval is received, all attorney billing rates shall conform to the standard rates set by the attorney general.

3. Billing Management. Each contracting agency shall designate in writing the employee authorized to approve work and travel performed pursuant to the contract, and who is responsible for ensuring that attorney case handling guidelines and billing procedures are followed.

4. Budgeting. Within 60 days of entering into a contract for attorney services, the contracting attorney shall prepare a legal budget after assessing the underlying case. If it is anticipated that the budget will exceed the maximum value of the contract, then the agency shall immediately take the necessary steps to increase the contract's maximum value. An agency shall prepare a report when 80 percent of the established budget has been expended which shall

project the final cost of the attorney services expected to be provided under the contract.

5. Clerical Work. Clerical work, including work performed by law clerks, paralegals and secretaries shall not be billed unless written justification is submitted and approved.

6. Depositions/Inspections/Hearings on Motions. Unless approved in advance by the contracting agency, only one attorney shall attend and bill for depositions, inspections and hearings on motions.

Advanced court costs by state agencies is not required under the law in most situations. Payment of advanced court costs will not be reimbursed until a lawsuit is completed unless preapproval for the payment of same is obtained.

8. Dual or Overlapping Billing. Billing for work for other clients or for unrelated state matters simultaneously while performing work under the billed contract shall be prohibited. Billing by two approved attorneys simultaneously should be avoided unless or approved by the agency in advance.

9. Duplication of Work. Duplication or repetition of effort among attorneys shall be avoided.

10. Maximum Amount. All contracts for attorney services entered into shall provide for a maximum value which shall not be exceeded through addendum, amendment, or renewal without the contractor and the agency documenting the justification in writing.

11. Minimum Billing Increments. All billing items shall be billed at increments of .10 (six minute increments). No block billing shall be accepted.

12. Non-Conforming Bills. Any bill which does not conform to these billing requirements shall not be paid until such time as it is determined that the non-conforming items have been corrected. Any payment dispute under a contract for attorney services shall be administratively determined pursuant to Chapter 17, Title 39 of the *Louisiana Revised Statutes*.

13. Office Overhead; Copying, Phone Charges, etc. All office overhead, including costs for copying, facsimile, email, internet or phone charges shall not be billed unless an agency has agreed in advance under the terms and conditions of its contract approved by the Office of State Procurement (OSP) to reimburse the actual cost of these items.

14. Record Retention. Daily time sheets maintained by attorney name, caption, and case number shall be utilized. Attorneys are required to maintain any and all bills and supporting documentation, including daily time sheets, for five years. Billing records are subject to audit by DOA, the Inspector General and the Legislative Auditor.

A contracting agency shall not pay for any time charged for preparation of reporting forms or status reports other than those specifically requested or specifically required under the terms and conditions of the contract. Any report that does not contain significant new information or developments with a clear explanation of the impact on the case should not be requested or required by the contracting agency. Automatic periodic reporting in increments of less than three months should be avoided.

16. Research. Legal research per contract shall not exceed five hours without additional approval by the using agency.

17. Routine Matters. Routine scheduling, mail handling, new file set up, calendar maintenance, transcribing, copying, faxing, data entry enclosure letters, simple letters to clerks of court, and other similar routine matters are non-billable.

18. Staffing. Only those attorneys who are directly contracted, and approved staff, may work under the contract. Any staffing changes must be discussed and approved prior to engaging in billable work.

19. Task and Item Billing. Specific task and item billing must occur under every contract for attorney services, even where an attorney is retained by an agency to provide general legal services and advice. Billing for attorney services shall occur, at a minimum, monthly. All billing statements shall reference the contract number under which it is being submitted.

20. Term of Contract. No contract for attorney services shall be longer than three years. Prior to such a contract entering into the third year of its term, however, the attorney and the contracting agency shall provide written justification to continue the contract into the third year. Failure to provide written justification to extend a contract may result in cancellation of the contract.

21. Travel. Travel time shall be preapproved and shall be billed at one-half the agreed upon attorney pay rate. Travel time for a specific task shall not be approved to exceed eight hours per day without written justification. All related travel expenses shall also be preapproved and will be reimbursed in accordance with PPM 49, Louisiana State Travel Rules and Regulations.

### §1305. Intrastate Funding Formula

A. Intrastate Funding Formula

1. The following is a descriptive summary of the current Intrastate Funding Formula's assumptions and goals, and the application of the definitions of greatest economic or social need and a demonstration of the allocation of funds, pursuant to the formula, to each PSA.

2. Descriptive Statement

a. The current intrastate funding formula for the distribution of Older Americans Act Title III funds in Louisiana provides for a base allocation by parish. The following factors are considered in the distribution of funds remaining after base allocations are made: population aged 60 and over; population aged 60 and over below the Bureau of the Census poverty threshold; population aged 75 and over; and land area in square miles. Each of these factors is derived by dividing the planning and service area total by the state total.

b. Population aged 60 and over, and land area in square miles is assigned weights of one each. Population aged 60 and over below the Bureau of the Census poverty threshold is assigned a weight of nine-tenths. Population aged 75 and over is assigned a weight of one-tenth. The sum of these four factors is three.

c. Those elderly in greatest economic need are defined as persons aged 60 and older whose incomes are at or below the poverty threshold established by the Bureau of the Census. Those elderly in greatest social need are defined as persons aged 60 and over who have needs based on noneconomic factors such as social isolation caused by living in remote areas, or who are especially vulnerable due to the heightened possibility of frailty among elderly aged 75 and older. Other social needs are those, which restrict an elderly individual's ability to perform normal daily tasks, or which restrict his or her ability to live independently; they can be caused by racial or ethnic status, or language barriers. The intrastate funding formula accounts for these individuals by not allocating funds solely on the basis of population. The land area in square miles factor is included to compensate area agencies serving predominantly rural areas for the special problems encountered by sparse populations who may be spread over large geographical areas. The four funding factors combine to meet the special needs of socially and economically needy elderly, urban elderly and rural elderly.

d. The base funding allocation of \$12,000 per parish is established on the assumption that this amount represents a minimum allocation for the administration of Older Americans Act programs. There is an increasing need to provide a continuum of care for the very old (aged 75 and older) as this segment of the population gets larger each year. Funding limitations dictate that this group is given special emphasis.

3. Numerical Statement of the Intrastate Funding Formula

- a. Base Allocation per PSA: \$12,000 per parish.
- b. Formula Allocation per PSA:

Factors	Weight
PSA 60+ Population	
State 60+ Population	1.0
PSA 60+ Below Poverty Threshold	
State 60+ Population Below Poverty Threshold	0.9
PSA Land Mass in Square Miles	
State Land Mass in Square Miles	1.0
PSA 75+ Population	
State 75+ Population	0.1
Sum	3.0

4.  $PSA\ FORMULA = (i) \times 1 + (ii) \times 0.9 + (iii) \times 1 + (iv) \times 0.1$

## Subchapter A. Teen Parent Center

### §1701. Fee Schedule for the Teen Parent Center Program

A.1. The Department of Health and Human Resources, Women's Advocacy Bureau, has adopted a fee schedule for the Teen Parent Center program, as mandated by federal regulations, as published in the *Federal Register*, Vol. 47, Number 40, Monday March 1, 1982, pg. 8682.

2. In accordance with Title XX of the Public Health Services Act (42 U.S.C. 3002) administered through United States Government, Department of Health and Human Services, Office of Adolescent Pregnancy Programs, all Teen Parent Center clients must be charged a fee for services provided. In accordance with the act, the following policy is being adopted. The policy and fee schedule are as follows.

B. Fee Policy. All persons receiving services from the Teen Parent Center shall be assessed a fee for each service received. The intake and initial assessment are not considered services. The fee for each service is based on the actual cost to the program incurred in the provision of that service.

#### C. Fee Adjustment Schedule

1. The fee adjustment schedule is designed to provide for proportional payment for each service based on the family's ability to pay. Three variable figures are utilized in figuring the schedule:

- a. state median income as promulgated annually by the Secretary of the United States Department of Health and Human Services;
- b. family size;
- c. cost of service provided.

2. Persons whose gross family income is less than one-half the current state median income adjusted for family size will not be responsible for payment of services. Persons whose gross family income is more than 150 percent of the current state median income adjusted for family size will be charged the full cost of services provided. Between these two levels, fees will be adjusted in accordance with the following formula.

Gross Family Income as a Percent of Median Income Adjusted for Family Size	Fees as a Percent of Cost
50-55 percent	4 percent
55-60 percent	5 percent
60-65 percent	6 percent
65	8 percent
70	10 percent
75	12 percent
80	14 percent
85	17 percent
90	20 percent
95	23 percent
100	26 percent
105	30 percent
110	35 percent
115	40 percent
120	45 percent
125	52 percent
130	60 percent
135	70 percent
140	80 percent
145	90 percent
150	100 percent

**D. Program Services**

1. Program services are divided into two general categories: (a) Basic Services, and (b) Employment Services. Each of the two large groups are subdivided into the individual services that may be provided to clients. The following is a listing of the groupings and the codes assigned to each service for recording purposes.

Basic Services	Codes
Individual Counseling/referrals	100
Group Counseling/referrals	1002
Family Counseling/referrals	1003
Educational Workshop Sessions	1004

Employment Services	Codes
Job Preparation Workshop Sessions	2001

Employment Services	Codes
Employment Counseling	2002
Employment Referrals (beyond first five)	2003
Job Placement	2004

**E. Determination of Fees/Income Verification**

1. All clients whose gross family income is above the minimum indicated on the fee adjustment schedule shall pay a fee for each service provided. The determination of fees will be made during the intake procedures or as soon as verification of income information is obtained. In the case of clients who are unemancipated minors, the income information is to be obtained (or verified if provided by minor) from the parents or legal guardian. This can be done by telephone; however, the record should reflect the name of the person providing the information. If income information cannot be obtained by telephone, the Income Verification Form is given to the applicant, completed by the parents or legal guardian, and returned to the center. The intake worker will use the fee adjustment schedule to determine the fee once this information is received. The parents will then be informed of the fee by the intake worker. The completed intake form and/or the income verification form will become a part of the permanent record, and a ledger card will be given to the secretary/fee clerk, noting the fee rate.

**F. Collection of Fees**

1. During the intake procedure the client and the parent or guardian of the client will be informed that fees will be paid upon delivery of service. In the case of an emancipated minor who is responsible for his own debts, only the client will be informed of the fee collection. The clients will be instructed to see the secretary/fee clerk prior to leaving the center. The secretary/fee clerk will note payment on the client's ledger card or bill the client in the event that payment is not received. Billing will occur on a monthly basis.

2. All fees collected will be held by the secretary/fee clerk in a locked box until delivery to the Women's Advocacy Bureau accountant. This shall be the first working day of the month or when \$50 is accumulated, whichever comes first.

**G. Waiver of Fees**

1.a. It is imperative that clients understand that no services will be refused due to inability to pay. The following circumstances warrant fee waiver:

- i. lack of income over last three months;
- ii. payment of unusually high medical bills; or
- iii. death of income provider.

b. This information will be obtained during the intake and noted on the Fee Determination Form and on the client's ledger card.

2. In the event that the client refused to pay or is unable to pay, the Payment Agreement Form is completed. The ledger card will reflect the client's ability or willingness to pay. If no payment can be collected, no billing will be necessary. For clients whose circumstances provided for them to pay less than the required amount, they will be billed for the full amount with all payments received recorded on the ledger card.

H. Changes in Fees. The client is to be informed that the secretary should be notified of any change which may later occur in income, employment, or family composition which might result in a change in the adjusted fee. The secretary shall also conduct a periodic check every 90 days with each client to determine any change in factors, including cost changes, which would cause change in the fee and adjusted fee. The counselor assigned to the case is also responsible for notifying the secretary of such changes as they occur. The secretary is to adjust the fee appropriately in accordance with the fee adjustment schedule. The adjusted fee must be approved by the center director and is indicated by her initial on the ledger card.

### **Subchapter B. Family Violence Program Minimum Standards**

#### **§1720. Policy and Governance**

A. Basic Considerations. These standards emphasize the role of the governing body in setting policy, identifying need, developing a strategy to address needs and evaluating the effectiveness and efficiency of the organization. The role of the governing body and the executive director are clearly differentiated; staff do not govern and the governing body does not administer the day-to-day activities. The governing

body establishes policies and the staff, at the direction of the executive director, implements programs reflecting those policies. A clear governance structure is in place.

#### **B. Standards**

1. The purpose of the program is clearly stated and compatible with the philosophy of the OWS/LCADV.

2. The program functions in accordance with its stated purpose.

3. The program has a designated governing authority.

4. The governing authority is accountable for the program. It ensures the program's compliance with the charter and with relevant federal, state and local laws and regulations.

5. Members of the governing authority and any advisory body to the governing authority are chosen in a manner that assures a broad base of knowledge and participation in the governance of the program. There is a rotation mechanism to ensure a balance of new members and seasoned members.

6. The governing authority and any advisory body operate in accordance with acceptable practice.

a. The governing authority designates a person to act as executive director and delegates sufficient authority to this person to manage the program. An annual performance evaluation is conducted by the governing authority.

7. The governing authority establishes policies for the efficient and effective operation of the program.

8. The program takes a leadership role in identifying and addressing needs of family violence survivors and their children.

9. The program sets goals and objectives for its management; service delivery; and systems change functions, developing plans to achieve them.

10. The program evaluates the effectiveness and efficiency of its management, service delivery and systems change functions.

11. The program has documentation of its authority to operate under state law. There will be either a charter, partnership agreement, constitution, articles of association, or by-laws.

12. The program has documents identifying the governing body's addresses; their terms of membership; officers; and officers' terms.

13. The program has written minutes of formal meetings of the governing body and by-laws specifying frequency of meetings and quorum requirements.

14. The program informs designated representatives of the Office of Women's Services prior to initiating any substantial changes in the program, services or physical plant.

AUTHORITY NOTE: Promulgated in accordance with R.S. 46:2122B and R.S. 46:2127B1.

HISTORICAL NOTE: Promulgated by the Office of the Governor, Office of Women's Services, LR 27:528 (April 2001).

**§1721. Contract Requirements**

A. Basic Considerations. These standards emphasize legal and contractual issues which the program is required to meet and are identified in the contract. These standards are not inclusive of all the requirements under the contract. It should be noted that the contract contains an over-arching provision which specifies that compliance with the OWS quality assurance standards is required.

B. Standards

1. The program is legally authorized to contract.
2. The program provides services required in the contract. These services include but are not limited to emergency shelter or referrals, 24-hour hot line; crisis, advocacy, support and group counseling; and support services.
3. The program services comply with the OWS program philosophy.
4. The program does not accept reimbursement from clients unless their grant specifically authorizes them to do so.
5. The program submits accurate and timely reports and budget revisions in the required manner.
6. The program retains books, records or other documents relevant to their contract for five years after final payment.
7. The program obtains an annual audit within six months of ending of fiscal year and submits same to OWS.
8. The program agrees to abide by the requirements of the following as applicable: Title VI and VII of the Civil Rights Act of 1964, as amended by the Equal Opportunity Act of 1972, Federal Executive Order 11246, the Federal

Rehabilitation Act of 1973, as amended, the Vietnam Era Veteran's Readjustment Assistance Act of 1974; Title IX of the Education Amendments of 1972; the Age Act of 1972; and the contractor agrees to abide by the requirements of the Americans with Disabilities Act of 1990.

9. The program acknowledges OWS as a funding agent on its program stationery, written material and when providing information about the program.

10. The program informs applicants or recipients of service of their right to a fair hearing in the event of denial, reduction, or termination of a service or the program's failure to act upon a request for service within a reasonable period of time.

11. The program restricts the use or disclosure of information concerning services, applicants or recipients obtained in connection with the performance of the contract to purposes which provide a benefit to survivors. The survivor is informed of any request for information and signs a voluntary consent before the information is made available.

12. The program does not use funds as direct payment to survivors or dependents.

13. The program imposes no income eligibility standards on individuals receiving assistance.

14. The program has procedures in place to insure confidentiality of records.

AUTHORITY NOTE: Promulgated in accordance with R.S. 46:2122B and R.S. 46:2127B1.

HISTORICAL NOTE: Promulgated by the Office of the Governor, Office of Women's Services, LR 27:529 (April 2001).

**§1722. Social Change**

A. Basic Considerations. These standards address the program's education and advocacy efforts to ensure that survivors, their children, and those at risk of family violence, are protected and treated compassionately. The overall goal is to create an effective response system in the community and to change cultural attitudes and institutional practices that perpetuate violence. It is important to remember, however, that standards can only address the issues for which the organization can be accountable. The program cannot be held accountable for whether a social change occurs. The program can be held accountable for their efforts to educate and advocate in the hope that change will result.

B. Standards

1. The program identifies those systems and organizations throughout its service area which affect the prevention and treatment of family violence.
2. The program evaluates the practices of those systems and organizations to determine which are harmful or ineffective.
3. The program prioritizes the community systems, organizations and institutions which need to be impacted first and develops a plan which defines strategies to change harmful or ineffective practices, reinforce helpful practices,

and intervene where there are no established practices or policies. The plan is adopted by the board on an annual basis and is updated as necessary. The plan could be developed in collaboration with a local coordinating council or task force.

4. The program conducts public education sessions targeted to personnel employed by community systems organizations.

5. The program works collaboratively with those community systems used by family violence survivors which may include establishing safe and independent lives. The goal is to change institutional practices that place survivors at risk.

AUTHORITY NOTE: Promulgated in accordance with R.S. 46:2122B and R.S. 46:2127B1.

HISTORICAL NOTE: Promulgated by the Office of the Governor, Office of Women's Services, LR 27:529 (April 2001).

**§1723. Foundational**

A. Basic Considerations. These standards address the issues and concerns which apply across all areas of the organization and program implementation. They provide basic guidelines to assure the highest ethical standards with regard to behaviors of staff, volunteers (including boards of directors and advisory boards), and the guarantee of confidentiality. These standards ensure that informed and skillful assistance is provided to family violence survivors in an empowering, non-victim blaming way, determining the extent of danger and proper ways to prepare for future safety.

B. Standards

1. Ethics

a. Family violence programs abide by an accepted code of ethics that ensures excellence in service delivery and professionalism among family violence advocates when working with survivors and representing the program.

b. Programs are equal opportunity employers. No person is discriminated against seeking employment, or while employed, on the basis of age, sex, race, color, disability, national origin, religion, veteran status, marital status, sexual orientation, abuse status (i.e., battered or formerly battered), or parenthood.

c. Program employees do not discriminate in the provision of services or use of volunteers on the basis of any status described above. No program discriminates or retaliates against any employee who exercises her/his rights under any federal or state anti-discrimination law.

2. Confidentiality

a. Confidentiality of Facilities

i. When it is the policy of a family violence program to keep the location of their shelter or other facilities confidential, the program employees and volunteers are prohibited from disclosing information regarding the location of those facilities except in the following specific cases:

(a). to medical, fire, police personnel or agencies, when their presence is necessary to preserve the health and safety of survivors, employees, or volunteers at the facility;

(b). to vendors and others with whom programs have business relationships on a need-to-know basis. The executive director or designee ensures that written agreements are executed by representatives of such businesses pledging to keep the location of the facility confidential;

(c). to any other person when necessary to maintain the safety and health standards in the facility. The executive director or designee may disclose the location of the confidential facility for the purpose of official fire inspections, health department inspections, and other inspections and maintenance activities necessary to assure safe operation of the facility;

(d). to supportive individuals of a shelter resident who have been approved as a part of case management, who have been prescreened by staff, and who have signed an agreement to keep the address and location of the facility confidential. Staff ensures that the individual's presence at the facility does not violate the confidentiality of other shelter residents at the facility;

(e). confidential, written records of services provided by staff members, and/or volunteers are maintained. These records indicate the types of services provided; the individual or family to whom services were provided, the dates of service provision, the content and outcome of the interaction(s); the staff and/or volunteer providing the service(s); and provisions for future or on-going services.

b. Confidentiality of Survivor Information

i. Information received by family violence programs about survivors is confidential. Records on survivors are kept in locked files to assure confidentiality. Employees and volunteers are prohibited from disclosing survivor information except in very limited circumstances. Employees and volunteers are prohibited from releasing information about survivors to other employees and volunteers of the same family violence program except in the event of a specific need-to-know. A staff member or volunteer is considered to have a need to know when their work relates directly to the survivor for whom information is available.

ii. Confidential information may be released after a survivor signs a statement authorizing the release. The survivor should be informed about:

(a). to whom the information will be released (name of person or agency);

(b). a date by which the information will be forwarded to the person or entity to whom it will be released;

(c). the purpose for which this information is being released to this person or entity;

(d). the specific information that will be released;  
and

(e). the right to withdraw permission at any time.

iii. Staff and volunteers report information about any suspected abuse or neglect of a child or dependent adult according to the Louisiana Child and Adult Protection statutes.

(a). Regardless of a person's status as a family violence survivor, staff and volunteers are required to report suspected abuse of a child or dependent adult.

(b). After the filing of a program initiated abuse report, family violence staff must cooperate with the Child or Adult Protective Services regarding the investigation of the abuse report. This includes assisting the protective services staff in gaining access to the survivor and child(ren) in a manner that maintains the confidentiality of the non-reported survivor receiving services from the family violence program. This, however, does not compel the following:

(i). violating the confidentiality of survivor/children who are not named in the abuse report as a victim or perpetrator of the abuse reported;

(ii). releasing information not directly relevant to the reported abuse.

c. Medical Emergency

i. Program staff and volunteers can release confidential information about a survivor during a medical emergency.

(a). Released information is relevant to the preservation of the health of an adult survivor or such a survivor's minor child in the event the survivor is not able to authorize the release or the survivor cannot be found in a timely manner.

(b). Released information is limited to the medical emergency.

(c). Released information is limited to the medical personnel or institution treating the adult survivor or minor child.

d. Fire Emergency

i. Where a fire exists, information that would otherwise be confidential may be disclosed to fire fighting personnel if such disclosure is necessary to preserve the health and safety of survivors, employees, or volunteers of the family violence program.

(a). Released information is limited to the fire emergency.

(b). Released information is limited to emergency fire and safety personnel treating the adult survivor or minor child.

e. Threats of Harm

i. Any form of firearm or weapon in the facility is prohibited even when locked in a locker at the facility. Program staff will include in their assessment for services appropriate questions to identify those survivors who possess firearms or other weapons and assist them in making arrangements for someone else to keep them while they are receiving services.

ii. Should a survivor pose a risk of harm to self or others, this information can be reported to an appropriate agency/individual. Program personnel will competently assess whether this disclosure is appropriate and necessary. Disclosure of this otherwise confidential information can be made to:

(a). licensed medical or mental health personnel or facilities, law enforcement personnel;

(b). identified, intended victim(s);

(c). the parent(s) of minor children making the threat.

Information released must be limited to that which is directly pertinent to the threatening situation.

f. Violence, Threatened Violence, or Other Crime by Survivor

i. In the event a survivor engages in or threatens to commit a violent act or other crime on the premises of a family violence program facility, such may be reported to law enforcement personnel. Program personnel will competently assess the circumstances and will disclose information only if deemed appropriate and necessary. Released information must be pertinent to the threatening situation.

g. Search and Arrest Warrants Meeting Specific Criteria

i. Family violence program employees and volunteers release otherwise confidential information in specific circumstances:

(a). when law enforcement personnel present a criminal arrest warrant which names the individual and alleges that the individual is located at the program, or its street address;

(b). when law enforcement present a search warrant that specifies the individual or the object of the search and alleges that the individual or object of the search is located at the program, or its street address.

h. Subpoenas

i. The executive director or designee of each family violence program is the only person authorized to respond to subpoenas for the program, employee, former employee, or volunteer. Should a process server present him/herself at the family violence program, he/she is directed to the administrative offices where the executive director or designee may be found. Identity of the shelter location cannot be confirmed to the process server.

## ADMINISTRATION

ii. Regardless of what type of subpoena and regardless of whether the subpoena is for an appearance for a deposition or for an appearance at court, the executive director or her designee should advise whoever issued the subpoena of the provisions of the R.S. 46:2124.1 which is the privileged communications and records statute for family violence programs.

iii. If a survivor who is residing in the shelter has not given written permission for the program staff or volunteers to acknowledge that she is in fact a resident of that shelter, the person shall advise the process server that the identity of shelter residents is confidential but that in an effort to be of assistance that they:

(a). obtain the name of the person to whom the document is directed;

(b). document the type of subpoena being served, i.e., subpoena for deposition, subpoena duces tecum, subpoena to appear at a court hearing, etc.;

(c). obtain the name and telephone number of person requesting the subpoena (attorney, judge);

(d). obtain the date, time, and where to appear;

(e). obtain the name and telephone number of process server; and

(f). refer above information to the survivor (if known) or to the executive director or her designee or other appropriate person as dictated by policy of program.

i. Civil Child Custody Orders, Custody Papers, "Child Pick-up" Orders, Service of Process and Other Law Enforcement Documents

i. These documents do not in and of themselves present grounds for violation of survivor confidentiality. As described above, any such order or document must be accompanied by a criminal arrest warrant or a search warrant designating the program as the location to be searched and a description of who or what the search is authorized to produce. The executive director or designee is the only person authorized to respond to civil child custody orders, custody papers, "child pick-up" orders, service of process and other law enforcement documents.

j. Involuntary Commitment Orders

i. The statutorily protected privilege of confidentiality belongs to survivors, who have a right to know if legal documents have been issued that are addressed to or about them. Staff does not reveal that a survivor is in shelter or otherwise receiving program services. In the event of the attempted enforcement of a civil involuntary commitment order, staff, while maintaining privilege, makes every attempt to identify the name of the person trying to serve the order and any other relevant information. Staff then notifies the named survivor(s), when possible, of the order and the additional information.

k. Confidentiality Regarding Deceased Persons

i. Family violence programs maintain confidentiality of records after the person is deceased. Records of the deceased person belong to the family

violence program and programs are under no legal obligation to release them. Further, programs have no legal authority to release records unless ordered by a judge or if the deceased person has signed a release prior to her death. If, however, breaching confidentiality would assist in the prosecution of the perpetrator of violence, the executive director or a designee shall seek the counsel of an attorney prior to releasing information.

l. Confidentiality of Minors

i. Except for the reporting of suspected child abuse and neglect or when a child is assessed to be of danger to her/himself or others, program staff is under no legal obligation to violate the confidence of a child.

m. Religious Activities

i. Organized religious activities by an outside group or individual or staff within a shelter or non residential domestic violence program are prohibited. Survivor-directed initiatives for religious activities shall not be prohibited but must not take place in common, community shelter or program areas. However, staff who work directly with survivors are encouraged to be aware of the survivor as a whole person. Such staff will include the survivor's spiritual as well as physical, mental and emotional well being as a necessary part of their work with the survivor.

Survivors are not prohibited from considering their rabbi, priest, pastor, shaman, or any other member of an organized religion, as an ally who may visit the survivor under the same guidelines as any other ally.

3. Safety Planning

a. Family violence programs provide 24 hour per day staff to assist survivors of family violence with determining levels of danger/lethality and assist them to develop a personalized plan for safety.

b. Safety planning includes a danger/lethality assessment to determine the survivor's immediate level of danger, completed by trained advocates and documented in case notes or on a standardized form developed for the purpose of danger assessment.

c. Interim assessments are made during the shelter stay or nonresidential service.

d. Assessments screen for stalking and contain planning alternatives for stalking.

e. Safety planning meets the needs of the caller, i.e., a survivor wanting to leave, a survivor intending to stay, survivor with children and pets.

f. Safety planning is a continued process during a shelter stay or advocacy participation, especially at periods of increased risks, i.e., filing of court documents, court hearings, or any strategic move by the survivor or perpetrator.

g. Safety plans are survivor-directed, and staff facilitated/guided.

h. Safety plans are produced in a manner that allows for customization for individuals' specialized needs.

i. Safety planning contains emergency response protocols for use during in-progress emergency and in anticipation of an impending emergency. Minimum steps to assist survivors in determining existing options are provided to plan for the following:

- i. getting help or getting away;
- ii. accessing transportation;
- iii. accessing a linkage to outside helpers;
- iv. protocols for the safety of children and pets;
- v. securing belongings;
- vi. determining a safe, alternative escape location;
- vii. getting assistance from the family violence program.

j. Documentation of safety planning includes but is not limited to:

- i. a logged note indicating that safety planning was offered during hotline calls;
- ii. case notes or a standardized form indicating safety planning was offered during initial residential and outreach intake services;
- iii. case notes or a standardized form indicating safety planning was offered on a regular basis and especially during changes in a survivor's plans or in event of a significant occurrence affecting the survivor, survivor's children or the batterer. Examples: the survivor's court appearances, resumption of or beginning new job, an order for visitation of children by the batterer, a batterer being served stay away orders or being released from jail after an arrest involving the survivor and/or children.

5. Comprehensive performance evaluations are conducted to measure the efficiency and effectiveness of staff and volunteer administration.

6. The program promulgates personnel policies that attract and retain qualified personnel.

7. A comprehensive manual containing all personnel policies is maintained, kept current, and made available to all staff.

8. The personnel policies provide for hours, leave and benefits that are designed to attract and retain qualified staff.

9. The program establishes written qualifications for all positions and employs persons who meet or exceed those qualifications.

10. Acceptable practices are followed for recruiting, hiring and assigning staff. Responsibility for hiring is clearly defined.

11. A written employee grievance policy is provided.

## ADMINISTRATION

12. Acceptable screening practices which serve to protect the program and its clientele are clearly defined and followed. Employers, staff, or others responsible for the actions of one or more persons who have been given or have applied to be considered for a position of supervisory or disciplinary authority over children, with the permission of said person, will have a criminal history records check conducted (R.S. 15:587.1).

13. The program recruits a diverse staff which is reflective of the community and geographic area in which the program is located.

14. Acceptable practices are followed for orientation, development and training of staff. Training content is compatible with OWS and LCADV's statement of philosophy. Forty hours of family-violence related training is required for staff. Sixteen hours of orientation for new staff is required plus 20 hours of training in the first year. Experienced staff accompany new employees at all times and they are not given sole responsibility for working with survivors until orientation is complete.

15. Acceptable practices are followed in supervising and evaluating staff. Clear times of supervision and reporting are established.

16. Acceptable practices are followed in terminating employment of staff. Responsibility for terminating employment is clearly defined.

17. A job classification system and salary ranges are maintained to attract and retain qualified personnel.

18. Comprehensive and current job descriptions are available for all staff positions.

19. A comprehensive confidential personnel record is maintained for each staff member.

20. Staff providing direct services are provided opportunities for debriefing to prevent burnout in an on-going forum, such as weekly staffing, maintenance or supervision meetings.

21. The program determines the need for volunteer services and utilizes the services of volunteers as appropriate.

22. The program adopts policies that attract and retain qualified volunteers.

23. A comprehensive volunteer manual containing all volunteer policies and practices is maintained, kept current and made available to volunteers. This manual includes policies and procedures regarding recruitment, screening, training, supervision and/or dismissal of volunteers used to provide both direct and non-direct services. The manual clarifies the roles and contributions of volunteers to the program's provision of service, with specific detail addressing how, when, where and the frequency with which volunteers will be used.

24. Comprehensive and current job descriptions are available for volunteer positions.

25. A comprehensive, confidential personnel record is maintained for each volunteer which includes, but is not limited to a signed confidentiality statement and a record of trainings completed by the volunteer.

26. The volunteer policies provide for hours, benefits and recognition that are designed to attract and retain qualified volunteers.

27. Acceptable practices are followed in recruiting, screening and assigning volunteers. Screening practices serve to protect the program and its clients.

28. Acceptable practices are followed in the orientation and training of volunteers. The organization must provide volunteers with 20 hours of training. Training content is compatible with OWS and LCADV's statements of philosophy.

29. Acceptable practices are followed in the supervision, evaluation and termination of the participation of volunteers.

30. Volunteers are qualified for their responsibilities.

### §1728. Eligibility

A. Basic Considerations. These standards assure equal provision of services to family violence survivors and their dependents.

#### B. Standards

1. Persons eligible for the services of family violence programs include, but are not limited to family violence survivors, their legal dependents, and those that are or have been in danger of being emotionally, physically or sexually abused and meet the following criteria:

a. adults, legally emancipated minors, or minors granted permission for services by a parent, guardian, judge's order or caretakers of eligible persons;

b. in the event of non-emancipated minors seeking services for themselves, programs shall acquire parental permission prior to providing applicable services;

c. those eligible under the above definition who are/have been abused, or who believe they are in imminent danger of being abused, by their current or former intimate partner;

d. those eligible above who have no safe place to go;

e. those eligible above who willingly agree to abide by program guidelines;

f. those with the ability to take primary care of themselves and their dependents within a communal living facility.

2. Programs provide services regardless of race, religion, color, national origin, gender, age (within above

guidelines), mental or physical disability, sexual orientation, citizenship, immigration status, marital status or language spoken.

3. Programs provide services to male survivors who are eligible through collaboration with other organizations.

4. No minor dependent males or females with their parent or guardian are denied access to services on site. Survivors and their dependents may become ineligible if there is evidence that supports a history of violence and the refusal to follow safety guidelines either for themselves or others to cause the environment to become unsafe. Programs may apply to OWS for exemptions because of facility restrictions. Limited exemptions may be given on a case by case basis on presentation of a workable plan.

C. Special Needs and Circumstances

1. Alcohol or Drug Abuse and Addictions. Family violence programs do not withhold services to persons using alcohol or drugs, off the program property, solely based upon the use of the alcohol or substance. Programs provide a written policy demonstrating how repetitive substance/ alcohol use, or the demonstration of behaviors incongruent with community living, may affect continued stay in a facility or the limitations of other services available.

2. In cases where survivors require assisted living, eligibility is not withheld, but services made available through coordinated efforts between family violence program staff and other identified service providers.

D. Length of Stay (Emergency Shelter/Safe Home)

1. Programs offer safe shelter for a minimum of six weeks. Survivors are informed of the minimum length of stay and any criteria which may impact or shorten this stay.

2. Extensions of length of stay are contingent upon the survivor's progress toward meeting self-identified goals.

3. Reasons for denial of extensions requested by a survivor are documented in the case file and shared with the survivor in sufficient time for her to make other safe arrangements if necessary.

E. Repetitive Admissions

1. No program shall place a limit on the number of admissions to shelter without the presence of at least one of the ineligibility criteria.

F. Ineligibility

1. In some instances, applicants and current survivors may be denied services. Programs inform survivors seeking residential services of these instances as soon as possible in order for them to make a more enlightened decision about choosing to come to shelter, instead of waiting until intake when they have already risked leaving their abuser.

G. Criteria

1. The extent to which these criteria affect the long-term or future eligibility for services must be evaluated and documented on a case-by-case basis:

- a. not an adult or emancipated minor, or granted permission;
- b. active suicidal or homicidal behaviors;
- c. previously been disqualified from services.

2. In the event the program cannot admit new survivors due to capacity, every effort is made to secure and facilitate admission to safe alternate accommodations. This placement may include, but not be limited to hotel/motels, safe homes, LCADV/OWS sister shelters, homeless shelters, or other facilities which can be safely and confidentially provided.

3. If, prior to admission, a person is determined ineligible for shelter services, information and referrals are made for other appropriate services.

4. If, after admission, a person is determined to be ineligible for services, program staff:

- a. refers the person(s) to appropriate services elsewhere;
- b. assists the person(s) with accessing transportation, if possible, to receive the services.

5. Programs maintain written protocols outlining the location(s) and methods by which shelter, advocacy/ counseling, and other services are delivered to eligible adult and minor male survivors needing services.

AUTHORITY NOTE: Promulgated in accordance with R.S. 46:2122B and R.S. 46:2127B1.

HISTORICAL NOTE: Promulgated by the Office of the Governor, Office of Women's Services, LR 27:535 (April 2001).

**§1729. Residential Services**

A. Basic Considerations. These standards assure family violence programs provide appropriate and quality services to survivors of family violence and their children in an empowering, non-blaming way.

B. Standards

1. General

a. Family violence shelters provide access, admittance and residence in temporary shelter for survivors of family violence and their children 24 hours a day, every day of the year.

b. Shift coverage provides on-site staff coverage 24 hours a day, seven days a week when a survivor is in residence at the shelter and/or when the hotline is answered at the shelter facility.

c. Regardless of the shift requirements, the first priority of the staff is to be responsive and accessible to a resident or hotline caller.

d. A family violence program provides a back up system for use during emergencies. A supervisor or designee is available "on call" by way of pager or in some manner of contact that allows for immediate response. Each program establishes a protocol that defines criteria and steps for using the back-up system.

e. Family violence programs provide a record of individual and group supervision for shelter employees. Supervision is implemented no less than monthly for

## ADMINISTRATION

part-time employees (20 or less in a week) and biweekly for full-time employees. Documentation of supervision for volunteers is recorded and implemented as if they were part time employees.

f. Documentation of staff/volunteer supervision reflects the fact that the supervision took place and a listing of general subject(s) covered in the session is in the personnel or volunteer's file. In the event of problems related to staff performance, documentation is performed according to the program's personnel policies.

g. Procedures for adequate staff communication to provide continuity of service for survivors, including a regular review of any problem areas to resolve, will be developed and implemented.

### 2. Shelter Services

#### a. Every survivor is provided:

i. emergency shelter which is structurally safe and accommodates the particular security concerns of family violence survivors. The method of providing this security needs to be documented and this knowledge made available to survivors;

ii. confidentiality of stay at shelter. This is documented in a form and signed by the survivor during intake;

iii. emergency food, clothing, and hygiene items free of charge to adult survivors and their children. When medical services are needed the program helps survivors access services.

b. Advocacy/intervention services, including safety planning for the shelter stay and travel outside the shelter, are available and offered 24 hours a day, every day of the year, with trained advocates on site to provide face-to-face emergency services.

c. Family violence shelters ensure that staff members:

i. have immediate face-to-face contact with a new survivor admitted to shelter to help determine emergency needs, orient them to the shelter facility and procedures;

ii. conduct a formal face-to-face intake process with a new survivor upon admission to shelter and answer any questions the survivor may have. During this time the staff gives the survivor a copy of shelter guidelines and education material on family violence, being very sensitive to the survivor's ability to read and understand. The staff person doing the intake is trained on discipline guidelines for children in the shelter and how to assist the mother on following these guidelines through appropriate discipline techniques;

iii. sign a written agreement with each survivor about services to be provided by the shelter, which include but are not limited to:

- (a). program services, its staff and volunteers;

(b). confidentiality agreements, including records;

(c). house guidelines, rights and privacy matters;

d. House guidelines are written in positive and respectful language, including those guidelines posted throughout the house. The purpose of the guideline is for protection, safety or health. Guidelines are limited to the most crucial of situations and reflect the intent to show that the shelter facility is the survivor's home. (OWS with the assistance of LCADV will review program guidelines and offer suggestions.) House guidelines include only those items under the following three categories.

#### i. Safety

(a). around confidentiality issues (confidentiality of staff and survivors and program locations, etc.);

(b). around security issues (possession of weapons, locked doors, etc.); and

(c). around physical safety (threats or acts of violence including discipline of children, etc.).

#### ii. Group Living

(a). programs encourage cooperation between survivors in communal living;

(b). programs make every reasonable effort to keep a survivor eligible for services regardless of her ability or willingness to participate in daily upkeep of the shelter facility and to adhere to the health and safety guidelines.

iii. Respect for Self and Others. Demerit and warning systems are not used.

iv. Survivors constitutional right to privacy in their person, property, communications, papers and effects is respected at all times by programs. Survivors are not under any circumstances subjected to unwarranted or unreasonable searches conducted by shelter staff of the survivors person, room, or property. However, circumstances may arise at a shelter where some sort of search may be necessary to protect the health or safety of other survivors or staff.

e. All survivors residing in the shelter for more than 72 hours are provided with an individualized service plan. The survivor plan reflects assistance to survivor's needs. Programs design service plans to facilitate revision in the event circumstances change. This plan includes:

i. release of information agreements;

ii. an individual or family plan of self-defined goals and actions to address needed services to maintain safety and create self-sufficiency;

iii. list of guidelines for children in the shelter;

iv. length of stay polices.

f. A protocol is developed by each program for safe travel of all survivors. All protocols contain a provision for survivor travel to the shelter for intake. Further, the protocol

reflects survivors need for local travel whether provided by themselves, the program or public/private carriers.

### 3. Discharge of Survivors

a. Family violence shelters establish a length of stay policy that is flexible and that balances the needs of survivors and the program's ability to meet those needs. Length of stay policy cannot be shorter than six weeks.

b. Shelters document the attempt to provide an exit interview with each survivor prior to their departure. Minimum categories of exit interview include, but are not limited to, an assessment of program services, treatment by staff (respectful, helpful, available), knowledge of staff in the areas of dynamics of family violence, children's services, safety planning, and goal planning. This is to be completed by survivor through use of a survivor friendly survey. The exit interview provides for a revision of the survivor's safety plan (inclusive of children's safety issues) and linkage to outreach and/or follow up services provided by the program and other community resources. These items are listed in detail on an exit interview form. The exit interview survey and form must be approved by OWS and LCADV.

c. Involuntary Discharge. Shelters must make every effort to work with a survivor in order for them to remain in shelter, except for situations which compromise the safety of others such as:

- i. the use of violence or threats of violence;
- ii. the use of behavior that repeatedly disrupts the ability of other survivors/children to receive safe and effective services;
- iii. possession of illegal substances;
- iv. possession of firearms, stun-guns, knives or any other weapon that may be used or by accident to threaten a life;
- v. active suicidal or homicidal behaviors;
- vi. violating the confidentiality of another resident.

d. An individual service plan/contract is developed with the survivor and appropriate documentation placed in the survivor's file which demonstrates attempts to assist the survivor and/or her children with problematic/disruptive behaviors.

i. Example A. A survivor is drinking alcohol and returning to the shelter intoxicated. Once sobriety is established, the program staff addresses this problem with the survivor and offer to develop a contract or service plan regarding this situation, such as requiring the survivor to attend AA meetings and assisting the survivor to those meetings. If the contract is not followed or the situation reoccurs, then steps to find other resources for the survivor are offered. If this is not accepted, the survivor may be asked to leave. The contract and service plan are documented in survivor's file to reflect the process of offering assistance.

ii. Example B. A survivor's child's behavior is repeatedly disruptive or destructive. A worker addresses this problem with the survivor/parent and offers suggestions to remedy this by developing a plan which may include alternate resources such as a parental support group or referrals to other appropriate child service providers in the community.

e. Survivors may be asked to leave under the following circumstances:

- i. credible threats to others, with intent to harm;
- ii. unresolved disruptive or abusive behavior; or
- iii. if the safety of the shelter is compromised by their continued presence.

### 4. Re-Entry

a. Shelters do not discriminate against a survivor by limiting the number of times of re-entry or by requiring a time limit between re-entry. Programs do not maintain a "no re-admit" list; however, it is permissible to "not admit at this time" if a survivor is not currently appropriate. This information is documented in survivor's file. Reentry status reflects the survivor's need and behaviors at the current time and is not based on past situations.

### §1730. Intervention Services

A. Basic Considerations. These standards assure quality intervention services provided within family violence programs.

#### B. Standards

##### 1. General

a. The first priority of the staff is immediate response and accessibility for a hotline caller.

b. A family violence program provides a back up system for use during emergencies. A supervisor or designee is available "on call" by way of pager or in some manner of contact that allows for immediate response. Each program establishes a protocol that defines criteria and steps for using the back-up system.

c. Family violence programs keep a record of individual and group supervision for shelter employees. Supervision is implemented no less than monthly for part-time employees (20 or less in a week) and biweekly for full-time employees. Documentation of supervision for volunteers is recorded and implemented as if they were part time employees.

d. Documentation of staff/volunteer supervision reflects the fact that the supervision took place and a listing of general subject(s) covered in the session in the personnel or volunteer's file. In the event of problems related to staff performance, documentation is performed according to the program's personnel policies.

## ADMINISTRATION

e. A protocol is developed by each program for safe travel of survivors. Protocols contain a provision for survivor travel to the shelter for intake. Further, the protocol reflects survivors need for local travel whether provided by themselves, the program or public/private carriers.

f. Programs document the attempt to provide an exit interview with each survivor prior to their departure. Minimum categories of exit interview include, but are not limited to, an assessment of programs, services, treatment by staff (respectful, helpful, available), knowledge of staff in the areas of dynamics of family violence, children's services, safety planning, and goal planning. This is completed by the survivor through use of a survivor friendly survey. The exit interview provides for a revision of the survivor's safety plan (inclusive of children's safety issues) and linkage to outreach and/or follow up services provided by the family violence program and other community resources. These items are listed in detail on an exit interview form. The exit interview survey and form is approved by OWS and LCADV.

g. Advocacy, case management and counseling services of family violence programs are empowerment-based and survivor directed. Empowerment-based intervention refers to survivor-directed interventions or services in which the survivor or recipient of services receives the support and assistance of trained staff who provide safety planning, assistance with meeting physical and emotional needs, education regarding the dynamics of domestic violence and living skills based on a case by case assessment. Empowerment also means allowing the survivor to make her own life choices within the basic eligibility guidelines of the program without coercion or threat of loss of services provided by the program.

h. Participation in intervention services shall be voluntary.

### i. Methodology

i. Intervention services are provided in a manner best suited for individual survivors.

ii. The methods selected is provided only with approval of survivors.

iii. Family violence shelters/nonresidential services and outreach services include individual and group intervention services.

iv. Sessions are provided, as appropriate, to individual survivors.

v. Shelter residents are notified in writing that they have at least one hour per day, five days per week of individual sessions available to them at their request. Such sessions are provided by staff trained in techniques of individual, one-on-one intervention and focus on issues of safety planning for the survivor and dependents, physical and emotional needs assessment, planning for meeting those needs, education on the dynamics of family violence and knowledge of community resources with phone numbers provided and available for survivors and children.

vi. Group sessions for survivors and their dependents (separately) are provided, as appropriate, no less than once a week.

vii. Shelters provide developmentally appropriate, multi-age play groups for children on a daily basis during the week. Child care is provided during the parent's initial intake and individual and group sessions if play groups are not available during that time.

### j. Restricted Methods

i. Couples counseling, in any form, is not provided by family violence programs.

ii. Family counseling that includes the presence of an alleged batterer is not provided by a family violence program.

iii. Mediation services are not provided or accommodated by family violence programs.

iv. Batterer Intervention Services are not allowed to take place on or near the premises of the family violence program. Furthermore, individual staff is not allowed to work with both survivors and batterers. Job descriptions for individual family violence program staff working with survivors and their dependents do not include work with the abusers. No staff whose responsibility it is to provide direct services to survivors, or to supervise or direct programs for survivors, is allowed to participate in or lead batterer intervention program services. These two programs remain entirely separate so that it is apparent to survivors that there is no conflict of interest within the program or staff. This does not, however, preclude staff from overseeing, for the purposes of holding accountable, batterer intervention program services.

### k. Types of Intervention Services

i. Advocacy is defined as the performance of direct intervention in behalf of and with the permission of survivors, to further goals and objectives initiated by the survivor.

(a). Advocacy contacts addressed to individuals or groups not directly employed by the family violence program are not initiated without the survivor's direct permission. Proof of permission is provided by program staff by the recording of such on an approved Release of Confidential Information Form.

(b). Advocates provide only information necessary to achieve the goal of each individual advocacy contact.

ii. Counseling is defined as any individual or group interaction facilitated by program staff for the purpose of addressing emotional needs of adult or child users of services.

(a). Crisis Counseling

(b). Peer Counseling

(c). Supportive Counseling

(d). Educational Counseling

iii. Case Management is defined as any individual or group interaction facilitated by program staff for the purpose of assisting survivors with assessing needs, setting priorities, goal setting, implementing objectives, locating resources, or performing any activities pertaining to the accomplishment of goals. Case management is based upon survivor-identified goals and not a standardized or 'cookie cutter' formula. Case management shall reflect, at least the following:

- (a). identify and prioritize survivor's needs, including safety planning;
- (b). identify resources available to survivors;
- (c). develop goals and objectives specific to the survivors' own goals and record these in a program-approved service plan;
- (d). staff internal and external referrals to assist in goal/objective achievement;
- (e). correlation with survivor's length of stay, if in a shelter;
- (f). progression toward completion of survivor's goals and objectives;
- (g). adaptation to survivor's changing needs, as appropriate.

#### 1. Provision of Services

i. Each survivor in a shelter will be assigned a resident-advocate/counselor. This staff person is available to meet with the survivor daily, Monday through Friday. Daily face-to-face interaction with the survivor is made available to her in order to check on her safety and other needs and to offer to schedule a meeting time. If the survivor works, the survivor's advocate/counselor may contact survivor via telephone or visiting at workplace if this is desirable and chosen by the survivor.

ii. In the event that a advocate/counselor is sick or on vacation, it is that advocate/counselor's responsibility to make sure that another staff member meets with the survivor on that day. This is documented in the survivor's file.

iii. Empowerment advocacy does not mean the advocate/counselor sits and waits for the survivor to come to her office. Many times survivors of family violence need assistance to ask for the things they need and need to have this modeled for them. This is the advocate/counselor's responsibility to daily offer and model empowerment to survivors.

#### m. Appointments and Availability of Services

i. Intervention staff, whether shelter or nonresidential, is provided during times when most survivors need to access and receive services. Survivors are informed of the process by which they may gain access, informally and by appointment, to advocates within the program in which they are receiving services.

ii. At the time appointments are made, staff assists individual survivors in developing a safety plan, as necessary, for traveling to and from appointments.

#### 2. Documentation

a. Documentation for Advocacy, Counseling and Case Management contains at least:

- i. demographic data;
- ii. lethality assessment;
- iii. history of abuse;
- iv. safety plan;
- v. description of the abuser;
- vi. individualized service plan;
- vii. children's assessment (if children in the family);
- viii. notification of exceptions to confidentiality, advising survivors of advocate's duty to release confidential information in the following circumstances:
  - (a). report child abuse;
  - (b). protect against danger to self or others;
  - (c). summon emergency services;
  - (d). maintenance of safety and health standards of shelter facilities;
  - ix. release of liability form;
  - x. informed consent to release confidential information form(s);
  - xi. exit interview.

b. Documentation for advocacy contains at least:

- i. demographic data and appropriate releases of information as needed; and
- ii. document dates of advocacy and contact.

c. Documentation for Case Notes reflects the following:

- i. notes are entered in chronological order;
- ii. notes have full signature of advocate/counselor;
- iii. entries are made immediately after all survivor contact;
- iv. white-out is not used;
- v. only necessary facts are recorded;
- vi. notes do not contain any diagnosis or clinical assessments;
- vii. notes on one survivor do not include other survivor names;
- viii. errors are corrected by drawing one line through it, write "error;" and
- ix. initial; then continue with note.

3. Computer Generated Case Notes

a. In the event of the use of computer-generated case notes or survivor records, it is the responsibility of each family violence program to assure confidentiality of information. Each program must maintain a written policy and accompanying procedures that reflect security measures. These contain, but are not necessarily limited to:

i. a generalized policy stating the responsibility of all staff and volunteers to assure survivor confidentiality;

ii. a standardized protocol for creating and securing computerized survivor data on all computers including portable laptops;

(a). stating which data entries are allowable and those which are not;

(b). outlining use and storage of disks;

(c). outlining the uses and protection of hard-drive storage (including protocols for use of passwords);

(d). outlining the use and methods of network systems storage;

(e). outlining protocols for the creation, routing and storage of hardcopy materials generated from computer-based records. Further, programs provide the following:

(i). access to computerized confidential records is protected by the use of appropriate software and passwords;

(ii). protocols for timely download or deletion of survivor-related information is provided when computers are shared without use of passwords;

(iii). in the event a protocol includes use of a computer's recycle bin, staff are required to delete the information from the recycle bin as a final step in the process of deleting confidential files.

4. Support Groups

a. Interactive group sessions are topic oriented, or informational and educational, and conducted in a process that is survivor-directed, and facilitated by qualified trained program staff/volunteers.

b. Family violence programs highly recommend that the adult survivors attend a minimum of three support groups while residing in a shelter or when being seen individually in non-resident advocacy. The unwillingness for this to occur by the survivor may not be used as a reason to remove survivors from programs. Also, children of adult survivors may not be restricted from attending children's group if the mother refuses support group, although the mother may be required to remain at the program while her child is in group.

c. Family violence programs provide at least one weekly group for adult survivors while providing at the same time, a multi-age play group for the children of the adult survivors. If the children's group is not always possible, then

at the very minimum, appropriate child care is provided during the adult survivor's group.

d. Support group attendance is documented in each survivor's file to include, date of group, topic of discussion, any factual information pertinent to the survivor and signed by the group facilitator.

e. Family violence shelters are encouraged to provide support groups to residents and non-residents, including former residents.

f. Support group services provide understanding and support, which includes, but is not limited to:

i. active and reflective listening;

ii. addressing the needs identified by those attending group session;

iii. building self-esteem;

iv. problem solving;

v. recognition that survivors are responsible for their own life decisions and that batterers are responsible for their violent behavior.

g. Support group services provide education and information that includes, but is not limited to:

i. how batterers maintain control and dominance;

ii. the role of society in perpetuating violence against women;

iii. the need to hold batterers accountable for their actions;

iv. the social change necessary to eliminate violence against women, including discrimination based on race, gender, sexual orientation, disabilities, economic or educational status, religion or national origin.

5. Court/Legal Advocacy

a. Family violence programs providing court advocacy assist survivors in receiving self-identified interventions and actions sought from the civil and/or criminal justice systems.

b. Court advocacy is provided by qualified, trained staff members or volunteers.

c. Family violence programs providing court advocacy services:

i. assure that appropriate staff and volunteers have a working knowledge of current Louisiana laws pertaining to family violence, as well as the local justice system's response to family violence, including court rules, in each parish services are provided;

ii. strictly monitor and prohibit staff members and volunteers from practicing law or providing legal representation if they are not properly certified to engage in such a legal practice;

iii. maintain a current list of local criminal and civil justice agencies and contact persons in each parish where services are provided;

iv. maintain a current referral list of local attorneys, including pro bono resources, who are sensitive and familiar with legal issues and orders of protection, for representation in civil and criminal cases, with contact person identified in each parish where services are provided;

v. train and offer assistance to the criminal and civil justice system within the parishes served, in order to build a working relationship and institute a law enforcement protocol involving family violence.

d. Family violence programs that provide court advocacy services provide the services in shelter and nonresidential settings.

e. Court advocates are responsible for documenting services provided and the outcome of those services in each survivor's file. If volunteers provide services, court advocates obtain the necessary information and document.

#### 6. Children's Services

a. Programs have on staff a child advocate/counselor who is trained in a minimum of the following areas:

i. the developmental stages of childhood, including physical, social, cognitive, and emotional stages;

ii. developmentally appropriate process;

iii. a working knowledge of family violence and its effects on children (including the ways that mothers are often revictimized by the child welfare and educational system, etc.);

iv. assertive discipline techniques;

v. non-violent conflict resolution;

vi. the warning signs of child abuse;

vii. appropriate methods for interviewing children who have disclosed abuse;

viii. how the child welfare system works and their role as "mandated reporters."

b. Child Services include but are not limited to:

i. at shelters, child advocates conduct a child intake interview with the mother of the child(ren) within 48 hours of shelter arrival. Nonresidential programs conduct a child intake as soon as possible after the survivor's initial contact with the program. Intake forms are completed by the mother. Intake forms include areas of concern the mother has for each child, physical needs of the child, social or educational needs of the child, education level of the child, any learning disabilities or diagnoses, medications the child is on and what they are for, any child abuse suspected or documented, type of discipline used in the home and its effectiveness, check list for problem areas, such as, weight, eating, sleeping, hygiene, motor skills, language skills,

bedwetting, handling conflict, relationship with adults and with other children;

ii. at the intake interview, the child advocate discusses child guidelines in detail, including discipline guidelines, offers help and guidance in following the guidelines, discusses child services offered. This information is documented in the survivor's record. If programs offer booklets giving this information, they can be given in addition to the required face-to-face interview with the mother;

iii. child advocates provide a physical and social assessment of each child within the first 72 hours of shelter and make appropriate referrals and appointments to meet the areas of need. In nonresidential programs the assessment follows the initial intake;

iv. child advocates have a face-to-face meeting with each child or sibling group within 48 hours of shelter following the child intake interview. In this meeting the child advocate introduces herself, lets the child(ren) know she is there to help them in any way she can, provides a tour of the shelter, talks about the guidelines of the shelter, and the discipline guidelines. Some programs may provide shelter books which cover this material, but this does not replace the face-to-face meeting with the child(ren);

v. child advocates and trained volunteers conduct a daily (M-F) two hour playgroup for children from the ages of 3-11. In nonresidential programs playgroups are held at the time that survivors are in support groups. This playgroup is a time to allow children to play in a safe, structured environment. The playgroup is to be based on a developmentally-appropriate philosophy. While the playgroup is planned and facilitated by the child advocate, the child directs her/his own progress in the group. This is to empower the child, offering the child a safe and appropriate place to say "no" and to learn consistency, structure, and non-violent conflict resolution;

vi. goals of the playgroup are: breaking the "conspiracy of silence," how to protect oneself, to have a positive experience, strengthening self-esteem and self-image;

vii. each child with the assistance of the child advocate develops a personalized safety plan. The plan addresses living at the shelter and also if the mother returns to the perpetrator. Both safety plans are done as soon as possible because no one knows when the mother may return. This is documented in the mother's file;

viii. child advocates may conduct a weekly education group for the mothers, including education on developmental stages and discipline techniques. Group attendance and topic to be discussed are documented in each survivor's file;

ix. child advocates are available to meet with each mother at least once a week in an individual session. This is a time when mothers can share problems they are having and get assistance with the solutions. Methods of parenting

## ADMINISTRATION

education are respectful and non-victim blaming of the adult survivor;

x. if at all possible, each child or sibling group is given an exit interview. In this interview child(ren) can assess child services and staff in some type of developmentally appropriate way. Safety planning and discussion of transition period are discussed. Exit interview is documented in survivor's file.

### 7. Crisis Line or Hotline

a. Family violence programs operate a 24-hour a day, seven day a week crisis line answered by a qualified, trained staff or volunteer.

b. Hotline numbers are listed in the local telephone book and widely distributed in areas served by the FV program.

c. Hotlines are answered using the name of the family violence program.

d. Hotlines are answered by trained staff or volunteers of the programs. The use of commercial or mechanical answering services is prohibited. Volunteers are not allowed to make final determinations about shelter eligibility.

e. Programs have a minimum of two telephone lines, one of which is the designated hotline.

f. Hotlines have call block, to safe guard against caller ID and \*69 services. Local telephone companies can assist with needed information and services.

g. When holding/transferring calls:

i. staff completes initial assessment as to immediate danger before putting caller on hold;

ii. callers on hold are checked back with within two minutes;

iii. prioritize calls through safety and lethality assessment.

h. Staff/volunteers answering hotline calls are in a place that is quiet, free of distractions, and confidential; a private office if possible.

i. If a professional, or third party, calls on behalf of a survivor of family violence generalized information may be given about family violence and program services and requirements, but the staff person or volunteer must talk directly with the survivor regarding a personalized safety plan, danger/lethality assessment and shelter, or other services, and eligibility.

j. Hotline services include, but are not limited to:

i. crisis intervention;

ii. assessment of caller's safety and needs;

iii. emergency protocols (i.e., calling 911; is batterer present or within hearing);

iv. lethality/danger assessment;

v. FV education;

vi. information or referrals to available community resources;

vii. an appropriate form documenting each hotline call, the services offered and/or referrals made, and a plan of action, including information received in calls from professionals or third parties.

k. When using administrative and outreach phones:

i. anyone answering the telephone has a working knowledge of how to screen and assist hotline callers and the requirements of the crisis line, i.e., restrictions about being placed on hold, etc.;

ii. after-hours, weekends and holidays, administrative and outreach phones are answered by devices that clearly direct callers to the hotline.

l. Prior to receiving calls, hotline staff complete family violence training approved by OWS and LCADV.

m. If either party is using a cell or mobile phone, the caller is made aware that confidentiality cannot be guaranteed. Family violence programs do not use mobile remote phones for crisis lines because of confidentiality. This does not preclude digital phones that are confidential.

n. If call forwarding is used to assure staffing of the service, it is the responsibility of the program staff to assure safety and confidentiality. Some issues to be addressed through written protocols when calls are forwarded to non-program locations:

i. the potential for family member to answer or pick-up (by way of an extension line) a hotline call;

ii. the potential of a personal answering machine to pick-up on an incoming call;

iii. the potential for calls to be routed to a cellular telephone that is answered by an advocate/volunteer in public place;

iv. the potential of staff's/volunteer's personal telephone lines to be traced or identified through "caller ID" or other features.

a. written agreement for transitional living/housing;

b. deposits (when applicable);

c. move in date;

e. visual inspection and inventory (if applicable) of housing site.

4. The grievance procedure reflects OWS Standards and individual program policy. Grievance procedures are provided, in writing, to each resident.

5. Programs provide comprehensive supportive service/case management that is survivor directed and includes appropriate referrals to alternate resources, safe living arrangements, safety planning, child care, children's activities, individual and group/support counseling, assistance with housing and public assistance programs, legal advocacy, life skill development and staff/survivor interaction.

A microenterprise is a sole proprietorship, partnership or family business which has fewer than five employees. It is small enough to benefit from loans under \$25,000 and generally too small to access the commercial banking sector.

B. OWS will collaborate with DED in the implementation of this program according to mutually agreed upon terms. OWS's program design will encourage collaboration and partnerships between Community-Based Organization (CBO's), Community Development Corporations (CDC's), Small Business Development Centers (SBDC's) and other institutions as a vehicle for efficiency, reducing costs, and providing high quality, comprehensive services.

### **Chapter 19. Rural Development**

#### **§1901. Projects or Activities**

A. The Office of Rural Development (ORD) provides financial assistance to local units of government throughout the state mitigating the effects of natural and economic emergencies and funding units of local government projects essential to community well-being.

B. Municipalities with populations of less than 35,000 and parishes with populations of less than 100,000 inhabitants will be considered rural for the purposes of this program.

C. The ORD applies the following guidelines to any project or activity funded.

1. All projects or activities funded must be related to rural development revitalization of a rural area, as defined in R.S. 3:313.

2. All funds shall be used to mitigate the rapid deterioration or assist the improvement of rural health, education, agri-business, transportation, public facilities, tourism, infrastructure, or other defined purposes essential to the socioeconomic well-being and quality of life of Louisiana's rural areas.

3. Projects or activities should further enhance community services and broaden rural employment opportunities whenever possible.

4. Projects or activities should further the provisions of the Rural Development Law, R.S. 3:311-323.

5. At the start of each fiscal year, the executive director shall determine the equal funding level for all eligible parishes, which includes villages, towns and cities within each parish as well as the parish government, based on the total amount budgeted as aid to local governments for rural development grants. The ORD shall make awards to all parishes throughout the year up to that equal funding level.

6. In cases where the eligibility of the parish is limited (parishes over 100,000 in population with eligible unincorporated areas or eligible municipalities), the parish shall be funded to the maximum of those eligible levels so long as the amount does not exceed the amount to which rural parishes are eligible.

7. Parish governments may request funding for projects that serve a parish-wide area or an unincorporated area within the parish. In cases where a parish's application is for funding a project that is not parish-wide in scope and

is designed to benefit an incorporated area within the parish, the governing body of the parish must submit a resolution of support for the project stating that determination.

8. Municipal governments (villages, towns, cities) may not exceed the total funding level as outlined in the ORD application guidelines for rural development grant funds for any fiscal year by having a parish government submit an application to fund a project within the corporate limits of a village, town or city, unless the project is a service that extends beyond the corporate limits and serves an adjoining portion of the parish or unless the project is in response to an emergency officially declared, as defined by state law (R.S. 38:2211 et seq.).

9. Grants approved by the ORD are expected to be completed within one year from the date of signing of the letter of commitment by the executive director of ORD. Extensions will be limited to two on each grant and an extension must be approved, in writing, by the executive director of ORD.

10. Rural development funds are not intended for salary only projects or ongoing salaried positions.

11. All invoices submitted for reimbursement must be in original form and marked by vendor to identify the invoice as expenses related to the approved ORD grant using the grant number furnished by ORD at the time of issuing the approved letter of commitment.

12. There shall not be awarded to any Local Governmental Agency (LGA), municipal or parish, an additional grant if a previous grant to that LGA is still open past a period of 24 months.

13. Changes or amendments to an application must be in writing and must be approved by the executive director, in writing. If the change in an application is so great that it goes from one category to another, the request must include a new abstract and a new budget and must be accompanied by a new resolution of support from the LGA's governing body.

14. Multi-parish regional projects are not intended to be funded by ORD funds, however, if each parish in a region agrees to fund a project that meets the criteria of the ORD grants, with the agreement of its local governing authority and the legislative delegation of that region, the total amount of the regional grant shall be prorated to each parish in that region. The prorated amount shall come out of the total allocated to each participating parish for that fiscal year.

15. A regional project may be funded, provided the legislature appropriates funding for a named regional project above the general appropriation for the ORD. *Regional* is defined as more than one municipality collaborating on a project parish-wide or more than one parish.

D. The director of the ORD shall develop an application procedure satisfying the purposes, intentions, and the implications of regulatory provisions contained in the Rural Development Law.

AUTHORITY NOTE: Promulgated in accordance with R.S. 3:311 et seq.

HISTORICAL NOTE: Promulgated by the Office of the Governor, Office of Rural Development, LR 24:1290 (July 1998).

**§1903. Application Process**

B. Municipalities, parish governments, school boards, other units of government, and special districts are eligible to apply for rural development funds. All applicants must be authorized by law to perform governmental functions and be provided governmental body support, and must be subject to state audit.

C. Current population figures are used to determine the eligibility for funding of municipalities based on appropriations by the legislature. The funding is outlined in the ORD application guidelines for rural development grant funds.

D. Funds from this program cannot be used to pay consulting fees charged to a unit of government for the preparation of the application, for administrative costs by agents of the project sponsor or any third party, or for previously created debt.

E. Grant recipients are required to maintain an audit trail verifying that all funds received under this program were used to fulfill the criteria for funding.

F. Payment shall be made to the Local Governmental Agency which is the project sponsor upon production of invoices and approval of the LGA's request for payment by ORD, according to the agreed terms of a signed and executed letter of commitment.

G. Project funds shall be spent only for the project as described in the grant application designated by the same number as the project award. Changes in the project description and extension of the agreed time for completion must be made in writing, subject to the approval of ORD.

H. Use of grant funds for any project other than that described in the grant application or amended application, or in violation of any terms of the application or letter of commitment/agreement, will be grounds for ORD to terminate the agreement and revoke the funds for the project.

I. All invoices related to the project are the responsibility of the LGA project sponsor, and must be submitted to and approved by ORD before the funds will be released to the LGA, which remains responsible for payment to its vendors in the project.

J. The LGA as project sponsor will agree to hold harmless the State of Louisiana, Office of the Governor, and Office of Rural Development as a term and condition of the letter of commitment/agreement.

K. ORD will de-obligate funds from any unexpended amount, whether by failure to start a project in the agreed upon time frame in the letter of commitment or by

unexpended funds in an officially closed project, and from revoked grant awards.

L. Failure of the LGA project sponsor to abide by any article of the local agency assurances section of the grant application or of the letter of commitment/agreement, including state audit procedures, federal and state laws, state ethical rules and policy guidelines of the ORD, shall result in revocation of the grant award and the responsibility of the LGA project sponsor to repay project funds released to it by ORD up to the full amount of the grant award.

AUTHORITY NOTE: Promulgated in accordance with R.S. 3:311 et seq.

HISTORICAL NOTE: Promulgated by the Office of the Governor, Office of Rural Development, LR 24:1291 (July 1998).

## Chapter 21. Racing Commission

### Subchapter A. Substance Abuse and Drug-Free Workplace Program

#### §2101. Philosophy

A. The Louisiana State Racing Commission (LRC) is totally committed to deterring substance abuse or use which imperils the health and well-being of our employees and the citizens of this state. To accomplish this, the LRC hereby adopts these Substance Abuse and Drug-Free Workplace rules which will enhance the safety and welfare of our employees, increase overall productivity and the quality of our service to the public, preserve property and equipment, promote public safety, reduce absenteeism and job-related accidents which, in turn, will improve the image and reputation of the LRC and its employees.

B. The LRC's philosophy is consistent with the state of Louisiana's long-standing commitment to establishing a drug-free workplace. Further, the Governor of the state of Louisiana recently issued Executive Order 98-38 providing for the promulgation, by executive agencies, of written policies mandating drug testing of employees, appointees, prospective employees and prospective appointees in accordance with R.S. 49:1001 et seq. The LRC fully supports these actions and is committed to a drug-free workplace.

Finally, prior to being reassigned, temporarily detailed, promoted or demoted to a safety-sensitive position, an employee is required to undergo drug and alcohol testing. A list of the safety-sensitive positions within the LRC is contained within §2121.

AUTHORITY NOTE: Promulgated in accordance with R.S. 4:141, R.S. 4:148 and R.S. 49:1001, et seq.

HISTORICAL NOTE: Promulgated by the Department of Economic Development, Racing Commission, LR 26:33 (January 2000), repromulgated by the Office of the Governor, Division of Administration, Racing Commission, LR 28:2183 (October 2002).

AUTHORITY NOTE: Promulgated in accordance with R.S. 4:141, R.S. 4:148 and R.S. 49:1001, et seq.

HISTORICAL NOTE: Promulgated by the Department of Economic Development, Racing Commission, LR 26:33 (January 2000), repromulgated by the Office of the Governor, Division of Administration, Racing Commission, LR 28:2183 (October 2002).

**§2107. Drug/Alcohol Testing**

A. All employees may be required to submit to drug and/or alcohol testing as a condition of employment, as a condition of continued employment, or as a condition of promotion, demotion, reassignment or detail to a safety-sensitive position. Additionally, applicants for safety-sensitive positions listed in §2121 shall be required to submit to alcohol testing. Applicants who test positive for the presence of alcohol shall be eliminated from consideration for employment.

Only an appointing authority shall require an employee to submit to post-accident/incident testing. Generally, this decision will be based upon the recommendation of supervisory personnel at the scene who have objectively and thoroughly reviewed the circumstances of the accident/incident. The supervisor will fully document the facts upon which the recommendation for testing is made. Any employee directly involved in an on-duty accident shall be required to submit to drug and alcohol testing if:

- a. the accident involves circumstances giving rise to a reasonable suspicion that the accident may have involved the employee's drug or alcohol use and the employee's action or inaction may have been a causative factor;

- c. the accident results in a fatality or serious bodily injury.

NOTE: When post-accident/incident testing is ordered, an LRC representative shall transport the individual being tested to and from the testing site. Under no circumstances should any employee who is reasonably believed to be impaired or

3. Random. Random alcohol and drug testing is required of all employees holding safety-sensitive positions as listed in §2121. Such testing shall be periodic and unannounced, and employee selection therefor shall be by a computer-generated random selection process. All such testing shall, unless impracticable, occur during the employee's normal work hours.

4. Promotion/Reassignment/etc., to Safety-Sensitive Position. Current employees are required to undergo drug and alcohol testing prior to being reassigned, temporarily detailed, promoted or demoted to a safety-sensitive position as defined in §2121. An offer of promotion, reassignment, detail or demotion will be withdrawn if a positive drug or alcohol test result is reported, and employees are further subject to disciplinary action as specified in these rules.

5. Reasonable Suspicion. An employee shall be required to submit to drug and alcohol testing when he/she exhibits behavior or appearance that is characteristic of drug or alcohol use. The decision to test will be by an appointing authority based upon reliable, objective and articulable facts derived from direct observation of the employee's physical appearance, behavior, speech, body odor or physical manifestations. The observation must be made by supervisory personnel (two, if possible) who shall record, in writing, the observations leading to the recommendation for testing.

NOTE: When reasonable suspicion testing is ordered, an LRC representative shall transport the individual being tested to and from the testing site. Under no circumstances should any employee who is reasonably believed to be impaired or under the influence of any drug or alcohol be permitted to operate a motor vehicle.

6. Return-to-Duty/Rehabilitation Monitoring. Any employee who retains his/her job following a violation of these rules shall be required, at his/her own expense, to undergo and complete any and all treatment recommended by a certified substance abuse professional. Any such employee shall be subject to periodic drug/alcohol testing. Further, any employee who voluntarily or, as a condition of continued employment, participates in an alcohol/substance abuse rehabilitation program, shall be subject to random drug/alcohol testing for a minimum of one year or longer as determined by the treating substance abuse professional. Any such employee shall be required to certify, in writing, his/her understanding and acceptance of such a rehabilitation agreement as a condition of returning to work.

**§2109. Drug Testing Procedures**

A. Drug testing pursuant to this policy shall be for the presence of marijuana, opiates, cocaine, amphetamine/methamphetamine and phencyclidine (PCP) in

accordance with R.S. 49:1001 et seq. Testing shall be performed by a contractor chosen by the Office of State Purchasing, Division of Administration. At a minimum, the testing procedure shall assure:

1. that all specimens for drug testing are collected, stored, transported and tested in compliance with United States Department of Health and Human Services (DHHS) guidelines (and applicable federal and state regulations) to ensure integrity of the testing process;

2. urine specimens will be collected with emphasis upon the privacy rights of the employee. Direct observation of the employee during collection of the urine specimen will be allowed only under the following conditions:

a. when there is specific, articulable reason to believe that the individual may alter or substitute the specimen;

b. when the individual has provided a urine specimen which falls outside the acceptable temperature range;

c. when the last urine specimen provided by the individual was verified by the medical review officer as adulterated; or

d. when collection site personnel observe conduct or behavior indicating an attempt to substitute/adulterate the sample or otherwise alter the integrity of the collection process;

NOTE: In all instances in which direct observation is deemed appropriate, the designated LRC representative shall review and concur, in advance, with any decision by collection site personnel to obtain a specimen under direct observation. This representative shall maintain, in a confidential record, the full name of the reporting collection site personnel and the specific facts relied upon to approve the direct observation. The record shall be signed by the LRC representative. All direct observations shall be conducted by same gender collection site personnel.

3. the split sample collection methodology must be used in accordance with R.S. 49:1006.D, with both the primary and split specimens properly stored and transported to the testing laboratory. The primary urine sample will be analyzed for the presence of marijuana, opiates, amphetamines/methamphetamine, cocaine and phencyclidine (PCP);

4. appropriate chain of custody forms shall be utilized to ensure the integrity of each urine specimen by tracking its handling, storage and transportation from point of collection to final disposition;

5. testing shall be performed by laboratories certified for forensic urine drug testing by the U.S. Department of Health and Human Services and in strict compliance with DHHS Guidelines;

6. the dual testing procedure shall be used for all samples. Each primary sample that tests positive for a prohibited substance shall be subject to an additional, more precise confirmatory test (gas chromatography/mass spectrometry);

7. all positive test results (those which exceed federally established cut-off levels as set forth in 49 CFR 40, Section 40.29), shall first be reported by the testing laboratory to the LRC's qualified medical review officer (MRO). The MRO is a licensed physician knowledgeable of substance abuse who has received specialized training in interpreting and evaluating test results in conjunction with an individual's medical history and other relevant biomedical information. The MRO will review the collection procedure, chain of custody and testing methodology before contacting the employee/appointee/applicant to rule out the possibility of error or that medications, medical history or any other condition caused the positive test result;

8. if the test is confirmed to be positive by the MRO, the employee may, within 72 hours of notification from the MRO, request, in writing, directly to the MRO, that the split specimen (initially collected but separated and stored during the collection process) be tested in a different DHHS certified laboratory. This split sample testing shall be allowed if timely requested and performed at the employee's expense;

9. once a positive test is confirmed and reported to the LRC by the MRO, an employee in a safety-sensitive position will be prohibited from performing safety-sensitive functions. A request for testing of the split sample will not delay any such employee's removal from performing safety-sensitive functions; and

10. if testing of the split specimen results in a negative result, the MRO will cancel the positive result of the initial test. All doubts shall be resolved in favor of the employee.

AUTHORITY NOTE: Promulgated in accordance with R.S. 4:141, R.S. 4:148 and R.S. 49:1001, et seq.

HISTORICAL NOTE: Promulgated by the Department of Economic Development, Racing Commission, LR 26:35 (January 2000), repromulgated by the Office of the Governor, Division of Administration, Racing Commission, LR 28:2184 (October 2002).

**§2111. Alcohol Testing Procedures**

A. Evidential breath testing (EBT) devices approved by the National Highway Traffic Safety Administration will be used by certified breath alcohol technicians to determine the presence of alcohol in the employee's system.

B. The employee will be advised of the results of the breath-screening test. No further testing will be required if the test results are negative. If the screening test is positive for the presence of alcohol, a confirmation test will be performed within 20 minutes, but not less than 15 minutes of completion of the screening test. If the confirmatory test indicates a blood alcohol concentration of 0.05 percent or more by weight based upon grams of alcohol per 100 cubic centimeters of blood, the results will be reported as positive to the LRC's designated representative.

C. An employee occupying a safety-sensitive position will be immediately removed from performing safety-sensitive functions in the event of a positive alcohol test.

D. Positive test results will also be reported to the appointing authority whenever an employee refuses to

complete or sign the breath alcohol confirmation testing form, provide breath or an adequate amount of breath (excluding medical inability), or fails to cooperate with the testing procedure in any way that prevents completion of the test.

### **§2113. Enforcement**

A. The use of illegal drugs, unauthorized alcohol and other controlled or unauthorized substances will not be tolerated. Substance abuse endangers the health and well-being of our employees, prevents quality service to the public and is inconsistent with the LRC's mission. While the LRC's position is firm, the LRC will resolve any reasonable doubt regarding the testing procedure or results in the employee's favor.

B. Disciplinary action will be taken after a complete and thorough review of the applicable data in accordance with Chapter 12 of the Civil Service Rules. Employees will be provided pre-deprivation notice and a meaningful opportunity to respond prior to the imposition of disciplinary action.

C. Penalty for a First Positive Test. A first positive test (drug or alcohol) will result in disciplinary action up to and including the possibility of termination. Factors to be considered in determining the appropriate sanction include, but are not limited to, the employee's work history, length of service, current job performance and the existence of prior disciplinary action. At a minimum, the first-time offender will remain off from work at least 30 calendar days. For any such period, the first 10 workdays will be a suspension, without pay. For the remaining 20 days, the employee will be permitted to use annual, sick or compensatory leave, if available. During this 30-day period, the employee shall obtain a substance abuse evaluation and commence any recommended rehabilitative treatment. Refusal to participate in the evaluation/treatment process, at the employee's expense, will result in termination.

D. Termination will be the recommended penalty for the following violations:

1. second positive drug test result or confirmed blood alcohol level above the applicable thresholds;
2. refusal to submit to a drug or alcohol test;
3. failure to cooperate in any way which prevents the completion of a drug or alcohol test;
4. submission of an adulterated or substitute sample for testing;
5. buying, selling, dispensing, distributing or possessing unauthorized alcohol or any illegal or unauthorized substance while on duty, in a state vehicle or on LRC/state premises; and

6. operating a state vehicle or personal vehicle while on duty under the influence of drugs or alcohol where testing administered by an authorized official confirms a violation of these rules.

E. Suspension will be the recommended penalty for the following violations:

1. failure to notify a supervisor of an off-duty arrest or conviction of DWI or drug-related offense at the beginning of the next scheduled workday.

### **§2115. Confidentiality/Employee Rights**

A. All drug and alcohol testing results and records (including all information, interviews, reports and statements) are considered confidential communications, pursuant to R.S. 49:1012, and may not be used or received in evidence, obtained in discovery, or disclosed in any public or private proceeding, except in an administrative or disciplinary proceeding or civil litigation where drug use by the tested individual is relevant. Exceptions to these confidentiality provisions are limited to written employee consent; federal agencies when licensure or certification actions are required; to a decision-maker in arbitration, litigation or administrative proceedings arising from a positive drug test; and as otherwise required by law.

B. In compliance with R.S. 49:1011, any employee, upon learning of a confirmed positive test result, shall, upon written request, have the right of access, within seven working days, to records and other documentation relating to the drug testing process and any records relating to the results of any relevant certification, review, suspension/revocation proceedings of the testing facility.

C. Employees should know that statistical records and reports of drug testing are maintained by the LRC, contract physicians and drug testing laboratories. This information is aggregate data and is used to monitor compliance and to assess the effectiveness of the drug testing program.

D. The LRC has no interest in informing law enforcement authorities of a positive drug test. However, nothing contained in these rules will be construed to preclude the delivery of any illegal drug, controlled dangerous substance, or other substance prohibited by this policy, discovered in/on LRC/state property, or upon the person of an LRC employee, to law enforcement officials. Likewise, any employee engaged in the sale, attempted sale, distribution or transfer of illegal drugs or controlled substances while on duty or on LRC/state property shall be referred to appropriate law enforcement authorities.

**§2117. Employee Assistance Program**

\*Editor's Note: The Louisiana Racing Commission has been moved from the Department of Economic Development and has its own Human Resources Division.

A. Early recognition and treatment of drug abuse or dependency are essential to successful rehabilitation. Employees experiencing a substance abuse problem are encouraged to seek assistance from the LRC's Employee Assistance Program (EAP) coordinator within the \*Human Resources Division of the Department of Economic Development. Any such involvement will be held in strict confidence, but employees should know that supervisors and appointing authorities (who need to know) will be kept abreast of the employee's treatment and leave needs.

**§2119. General Provisions**

A. The LRC reserves the right to have a licensed physician, of its own choosing and at its own expense, determine if use of prescription medication produces effects which impair the employee's performance or increase the risk of injury to the employee or others. In such case, the LRC will modify the employee's customary job duties or work activities for the period the employee is unable to safely perform his/her customary job duties. Alternatively, the employee may be required/permitted to use accrued leave.

B. Although the substance abuse testing defined in these rules is restricted to five specified drugs and alcohol, the LRC reserves the right to require employees to submit to additional testing, if warranted. Such tests will only be administered when post-accident or reasonable suspicion testing produce negative results and the employee's behavior clearly indicates impairment or other indicia of substance use. Separate samples will be collected for these additional tests and the testing process will fully comply with DHHS regulations.

**Part XIX. Address Confidentiality Program**

**Chapter 1. Address Confidentiality Program**

**§101. Summary of Program**

A. The Address Confidentiality Program (ACP) provides relocated victims of abuse, sexual assault, or stalking with a substitute address to use in place of their actual address when they apply for or receive state or local government services (e.g., driver's license, voter registration, public school records, etc.). The goal of the program is to prevent an assailant or potential assailant from finding the location of a victim through the state's public records. The program is not a witness protection program and does not assist participants in obtaining new names, Social Security numbers, or in relocating them to a new residence. The ACP does not provide legal advice to the participant.

B. The ACP acts as the agent of an ACP participant for purposes of service of process and forwards all first-class, certified, or registered mail to the participant.

C. The ACP works with state and local government agencies to ensure compliance of ACP legislation and to facilitate the use of the substitute address.

AUTHORITY NOTE: Promulgated in accordance with R.S. 44:52(A)(2), R.S. 44:56 and R.S. 36:742.

B. The victim calls the ACP and is referred to an agency with a certified ACP Application Assistant.

C. The victim meets with an ACP Application Assistant to apply for participation in the ACP.

D. The ACP Application Assistant sends the application to the ACP.

E. The ACP reviews the information on the application and if all conditions have been met, the victim is certified as a program participant.

A co-participant is a household member (i.e., child, spouse, sister, etc.) who lives with the participant and is listed on the ACP application. Household members are not required to be in the ACP; however, it is strongly advised that they be a part of the ACP as it is important for everyone in the household to use the substitute address.

B. The participant and co-participants share the same ACP code and the same substitute address. The participant and co-participants are afforded the same legal protections of the ACP and must agree to abide by the same rules and guidelines of participation in the ACP.

C. Once the participant has completed the proper application form, the secretary of state shall certify the applicant as a program participant which certification shall be valid for four years following the date of filing unless the certification is cancelled.

Program participants can expect their mail to be delayed 5 to 10 days as all mail is forwarded from a Baton Rouge address. The ACP does not track or maintain records of any mail received on behalf of the program participants unless the mail is certified or registered.

B. Participants are asked to directly communicate with all their business/personal contacts to inform them of the substitute address they will be using as their mailing address and the address for public record. agency cannot meet its statutory or administrative obligations by using the ACP substitute address. If the ACP accepts the waiver, the agency will only use the participant's actual address for statutory or administrative purposes and will not be public record. Acceptance or denial of an agency's waiver request is not subject to further review.

## **Chapter 2. Project Area Eligibility Requirements**

### **§201. Eligible and Ineligible Project Areas**

A. Eligible areas for the GUMBO grant program are areas without deployed internet access service providing transmission speeds of at least 25:3 Mbps with wireline or fixed wireless, and which qualify as an unserved area as defined in this Part. These areas are the focus of broadband expansion under this grant program.

B.1. Ineligible areas for the program are areas that already have internet access service available to them at transmission speeds of at least 25:3 Mbps with wireline or fixed wireless. In addition, areas (census blocks) where a private provider has been designated to receive funding through Universal Service, Connect America Phase II, Rural Digital Opportunity Fund, or other federal or non-federal

funds shall be considered served and therefore ineligible for the GUMBO grant program if such funding is intended to result in the initiation of activity related to construction of broadband infrastructure in the area within 24 months from the expiration of 60 days following the closure of the grant application period.

2. In the initial grant application period, providers receiving Universal Service, Connect America Phase II, Rural Digital Opportunity Fund, or other federal or non-federal funds to deploy service, within the established timeline of within 24 months from the expiration of 60 days following the closure of the grant application period, may designate such areas as ineligible and subject to exclusion and reservation from the GUMBO grant program, for a period of 24 months, by submitting to the office, within 60 days of the closure of the application period, a listing of the census blocks, shapefile areas, individual addresses, or portions thereof, comprising the provider's future project areas.

3. In subsequent grant application periods, in order to designate areas as ineligible and subject to exclusion, providers shall submit to the office census blocks, shapefile areas, individual addresses, or portions thereof, not less than 60 days prior to the beginning date of the application period.

4. Failure on the part of a provider to submit a relevant project area for ineligibility and exclusion shall result in those areas being eligible for GUMBO grant funding for the applicable grant application period. However, in such circumstance, providers shall be able to utilize the protest process.

**AUTHORITY NOTE:** Promulgated in accordance with R.S. 51:2370-2370.16.

**HISTORICAL NOTE:** Promulgated by the Office of the Governor, Division of Administration, Office of Broadband Development and Connectivity, LR 48:1505 (June 2022).

### **§203. Resources for Identification of Project Areas**

A. Applicants can apply for funding to serve census blocks, shapefile areas, individual addresses, or portions thereof, as set forth in Chapter 3: Applications of this Part.

B. Although the Office of Broadband Development and Connectivity cannot provide a listing of all prospective broadband recipients within the state that have broadband service of less than 25:3 Mbps available, the office advises applicants to consider mapping tools and other resources located within the office's website as a starting point for identifying project areas.

**NOTE:** Mapping tools and other resources can be found on the website of the office, at [connect.la.gov](http://connect.la.gov).

**AUTHORITY NOTE:** Promulgated in accordance with R.S. 51:2370-2370.16.

**HISTORICAL NOTE:** Promulgated by the Office of the Governor, Division of Administration, Office of Broadband Development and Connectivity, LR 48:1505 (June 2022).

## **Chapter 3. Applications**

### **§301. Process Overview**

A. No funding shall be disbursed by the GUMBO grant program except pursuant to an application submitted in accordance with this Chapter.

B. Applications for the GUMBO grant program shall be submitted via the website of the office.

C. The online application process may provide for mandatory and optional materials to be submitted with each proposal.

D. Prior to the publication of an application by the Office pursuant to R.S. 51:2370.4(C), the Office shall undertake a preliminary evaluation of the application with due diligence to examine whether the application appears on its face to comply with applicable program requirements. Until such time as this preliminary evaluation is complete, the provisions of R.S. 51:2370.16(3), relative to public records, shall apply. Following the preliminary evaluation, applicant financials and proprietary or trade secret information, when designated as such by the applicant and approved by the office, at its sole discretion, shall be exempt from public disclosure.

E. Through the evaluation and scoring process, if an applicant or application or any associated project are deemed to be technically unviable for any reason, including, but not limited to, applicant ability, proposed technology solution, financial stability, or any combination thereof, the office shall, at its sole discretion, remove the application or project area from consideration for the grant program. Any applicant or application or any associated project deemed technically unviable in any GUMBO grant application period is eligible to reapply in any succeeding GUMBO grant application period.

**AUTHORITY NOTE:** Promulgated in accordance with R.S. 51:2370-2370.16.

**HISTORICAL NOTE:** Promulgated by the Office of the Governor, Division of Administration, Office of Broadband Development and Connectivity, LR 48:1506 (June 2022).

### **§303. Applications with Multiple Providers or Project Areas**

A. An applicant may submit one application with multiple service providers if the applicant can demonstrate how the providers are collaborating to achieve universal coverage for the unserved locality or region.

B. An applicant may submit an application with support from more than one unit of local government.

C. Units of local government may endorse multiple applications with different service providers and may include project areas that cross jurisdictional boundaries.

1. Units of local government that provide letters of support, matching funds, or in-kind contributions to any application should provide the same, on a percentage basis relative to matching funds and in-kind contributions, to all applications proposing the use of like technologies in

identical unserved areas with access provided to the exact number of prospective broadband recipients within its jurisdiction. Should multiple applications propose to serve unserved areas within its jurisdiction and include the use of unlike technologies, differing unserved areas, or a non-analogous number of prospective broadband recipients to be served, as compared against other applications, a local government may use reasonable judgement and reserve the right to determine its level of support, to include letters of support, matching funds, or in-kind contributions, on an application by application basis. A unit of local government that provides differing levels of support, to include letters of support, matching funds, or in-kind contributions, to differing applicants proposing one or more projects within its jurisdiction shall provide an explanation to the office as to why the local government's differing levels of support do not present an unreasonable or undue preference or advantage to itself or to any provider of broadband service. If, in the opinion of the office, differing levels of support by a unit of local government for differing applications presents an undue or unreasonable preference or advantage to itself or to any provider of broadband service, the office may disqualify from grant funding consideration any application or project area within the jurisdiction of the unit of local government.

D. An applicant may include one contiguous project area or multiple non-contiguous project areas in a single application. If designating more than one project area in a single application, each project area must be clearly noted and delineated, and the required technical data and budgetary information must be provided for each project area to allow for independent scoring of each project area. Any application that contains more than one project area and does not provide technical data and budgetary information specific to each project area, to allow for independent scoring of each project area subject to the scoring criteria listed in §405 of this Part, may be removed from grant funding consideration.

**AUTHORITY NOTE:** Promulgated in accordance with R.S. 51:2370-2370.16.

**HISTORICAL NOTE:** Promulgated by the Office of the Governor, Division of Administration, Office of Broadband Development and Connectivity, LR 48:1506 (June 2022).

### **§309. Project Area(s) and Locations to be Served**

A. Every application shall include the following.

#### 1. Mapping and Descriptions

a. Data relating to areas to be served is required in order to confirm that the project is serving eligible areas, to accurately score the application or project area, and track progress and completion of the project if awarded. Applicants shall submit data in any of the following ways, or in combination. If documentation is deemed insufficient, the office reserves the right to request additional supporting documentation. If the proposed project would result in the provision of broadband service to areas that are not eligible for funding, those ineligible areas shall be identified in the application along with the eligible areas.

b. Data included shall be relevant to the proposed project area and include the number of prospective broadband recipients that will be served and have access to broadband as a result of the project. For the proposed area to be served, the infrastructure cost per prospective broadband recipient must be provided, as well as the GUMBO cost per prospective broadband recipient. Data points should be tied to specific locations and be geo-coded for consideration as part of the application.

c. Areas projected to be served must be digitally submitted in a GIS shapefile, kml, CAD (.dwg), or MicroStation (.dgn) file format, and should be georeferenced

to either the Louisiana North State Plane NAD83 (US Feet) coordinate system or the Louisiana South State Plane NAD83 (US Feet) coordinate system. The files can contain points representing locations or polygons outlining the specific areas to be served. CAD drawings must not contain external references. Service to any prospective broadband recipient should be referenced. The office reserves the right to request data and technical information in any format the office deems necessary.

d. Additionally, applicants may also submit applications for areas where transmission speeds are less than 25:3 Mbps, if data is available to support differences between advertised and transmission speeds.

#### e. Data Submission Requirements

i. Census Blocks—data shall be submitted as corresponding census block numbers encompassing the area(s) to be served through the proposed project.

ii. Shapefiles—data shall be submitted analyzing geospatial data depicting broadband coverage of the proposed project area.

iii. Address-Level Data—data shall be submitted as individual address points of locations where service will be made available through the grant build. All addresses must be geocoded to include latitudinal and longitudinal coordinates.

iv. Polygons—data shall be submitted as polygon geometry which contain the areas to be served, or with the expectation that the polygon submitted corresponds to service being available to all locations within the polygon. The applicant must use the most recent data available from the state, parish, or local government to identify all locations within the project area.

#### f. Additional Data Sets

i. To assist in clarifying or providing for a greater level of detail regarding the areas and locations to be served by a proposed project, additional data sets may be provided within the application. These data sets should serve as supporting information and material to the required data listed above and should not be submitted as an alternative.

Examples of additional data include, but are not limited to:

- Scrubbed data (no raw data) from citizen survey results or demand aggregation results with speed tests, if applicable. This data must identify the areas that have less than 25:3 service.
- Affidavits from citizens or other individuals certifying one or more of the following:
  - o they are not able to receive broadband service; or
  - o the only available service is cellular or satellite; or
  - o the only broadband service available by the existing providers is less than 25:3 service.

#### 2. Assessment of the Current Level of Broadband Access in the Proposed Deployment Area

a. The application requires an assessment of the current level of broadband access in the proposed deployment area. Within this section of the application, the

applicant should describe what they believe to be the current level of service within the area and provide the data source or methodology used to capture this information. Raw data may be submitted as part of the assessment.

3. Attestation of Project Area Eligibility

a. Applicants are required to sign the statement of attestation to attest to the office that the project area(s) identified within the application are eligible, as defined by Louisiana Revised Statutes 51:2370.1 through 2370.16 and this Part, to the best of their knowledge. The attestation statement and signature shall be included as part of the application.

AUTHORITY NOTE: Promulgated in accordance with R.S. 51:2370-2370.16.

HISTORICAL NOTE:

**§311. Technical Report**

A. Applicants must provide a narrative, technical report detailing the technology/technologies to be used in the proposed project to serve prospective broadband recipients at their premises. Applicants must indicate the technology that will serve a prospective broadband recipient as wired infrastructure or fixed wireless and provide aggregated totals for each solution for each project.

B. Reporting requirements for all deployments:

1. technical detail of the technology/technologies to be used in the proposed project and the broadband transmission speeds offered to prospective broadband recipients as a result of the project. If it would be impracticable, because of geography, topography, or excessive cost to design a broadband infrastructure project that would deliver 100:100 Mbps, the applicant must provide an explanation. Transmission speeds of 100:20 Mbps are the minimum allowable under this grant program;

2. if the applicant is claiming points for partnerships, the applicant must provide a brief narrative explaining how the partnership or affiliation will facilitate deployment and reduce cost per prospective broadband recipient. For applications or project areas where the nonprofit or not-for-profit partner provides only matching financial support, that information can be documented in the budget section within the relevant application or project area. The applicant must also provide evidence of a formalized agreement, when applicable, as required in §307 of this Part;

3. a general explanation of whether work will be performed in-house or through contractors, and whether the applicant or any subcontractors are certified by the either the Hudson Initiative or Veterans Initiative (if any subcontractors are certified through the Hudson Initiative or the Veterans Initiative, a formalized agreement shall be provided);

4. a proposed construction timeline and duration of the deployment project period. The deployment project period is the time from award of the grant agreement to the time that service is available to the targeted prospective broadband recipients under the grant. The applicant shall

describe deployment roll-out and include the number of end-users to be served in each phase, as well as an estimated timeline for each phase (10 percent, 35 percent, 60 percent, 85 percent, 100 percent). As it relates to the disbursement of grant funding, project completion shall be defined as a percentage of the total number of prospective broadband recipients proposed to be served by the project;

5. the average distance, in miles, between prospective broadband recipients to be served by the project; and

6. a business continuity and disaster recovery plan.

C. Reporting requirements for wired infrastructure deployment:

1. description of the general design of the project and deployment plan;

2. explanation of the existing networks and equipment to be used for the project;

a. if the applicant requires assets owned by another entity, the applicant should explain how the assets will be used for this project and, if applicable, provide a copy of the agreement between the applicant and the owner;

b. the total number of miles of project infrastructure deployment, and the number of miles of project infrastructure deployment accounted for by preexisting infrastructure;

3. detailed explanation of how the new or upgraded infrastructure will serve the prospective broadband recipients. In the case of the installation or upgrade of a specific site infrastructure, such as a point of presence or fiber hut (fiber), pedestal (cable), or a remote exchange/DSLAM (DSL), the applicant must include:

a. number of prospective broadband recipients that will be served by that site infrastructure, including businesses; and

b. the distance from the specific site infrastructure such as a POP, pedestal, or DSLAM to the end user(s) and the expected broadband speed that will be effectively delivered;

4. detailed description of the design work needed for deployment, such as, but not limited to, pole work, acquiring or updating easements, and/or property acquisition.

a. description and specific location of the vertical asset;

b. owner of the vertical asset;

c. number of prospective broadband recipients that will be served by that site infrastructure, including businesses;

d. the distance from the vertical asset to the end user(s) and the expected broadband speed that will be effectively delivered;

4. detailed description of the design work needed for deployment, such as, but not limited to, acquiring access to existing vertical assets, acquiring or updating easements, and/or property acquisition;

5. description and specific type of the equipment used for deployment and the capable speed of the equipment;

6. explanation of the frequency/frequencies to be utilized for the deployment, whether the deployment will use licensed or unlicensed technologies, as well as mitigation of line-of-sight challenges (which should correspond to the number of recipients to be served).

**AUTHORITY NOTE:** Promulgated in accordance with R.S. 51:2370-2370.16.

**HISTORICAL NOTE:** Promulgated by the Office of the Governor, Division of Administration, Office of Broadband Development and Connectivity, LR 48:1508 (June 2022).

### **§313. Project Budget, Matching Funds, Costs, and Proof of Funding Availability**

#### **A. Budget and Narrative**

1. The project budget should reflect all eligible project costs. The project budget should include the minimum provider funding match of at least 20 percent, any local government funding match from a parish, municipality, and/or school board, or any instrumentality thereof, as well as in-kind contributions, and the requested GUMBO grant program funding.

2. Matching funds, and their associated sources, shall be detailed within the project budget and budget narrative. Eligible grant recipients are required to provide at least 20 percent matching funds of the total proposed project cost to participate in the GUMBO grant program. A local government, including a parish, municipality, or school board, or any instrumentality thereof, may provide matching funds for a project, in addition to the applicant. Local government matching funds are optional and not required. There is no limitation on the minimum or maximum percentage of a project's total cost that a local government may provide through a funding match. In-kind contributions

to the project by a local government should also be listed in the project budget and budget narrative, if applicable.

3. Project funds (GUMBO grant funds and matching funds) shall be utilized for the deployment phase of the project, not the subsequent years of service. In addition, eligible project costs do not include recurring operating or maintenance costs, or sales and marketing of services.

#### **B. Total Project Cost**

1. Costs directly related to the construction of broadband infrastructure for the extension of broadband service, including installation, acquiring or updating easements, backhaul infrastructure, and testing costs are infrastructure costs and therefore considered eligible project costs. The term does not include overhead or administrative costs.

##### **NOTES:**

A project that is primarily engaged in middle-mile, backhaul infrastructure, or similar work is not an eligible project. The inclusion of middle-mile, backhaul, or similar capacity is permissible in an eligible project, if the capacity does not otherwise exist and is necessary for the project's last-mile broadband connectivity to end-users.

Applicants are encouraged to utilize vertical assets already in place or easily installed (poles, small monopoles, repeaters, etc.) as much as possible. Including new macro towers in a project may create lengthy construction timelines, especially around land purchase and environmental regulations.

**C. Total Project Cost—per prospective broadband recipient**

**D. Infrastructure Cost—per prospective broadband recipient**

**E. GUMBO Cost—per prospective broadband recipient**

**F. Proof of Funding Availability**

1. Applicants must submit a signed letter of funding availability from each source of funds committed for the project. If loan or other grant funds are pledged, a loan/grant commitment letter from each source of funds must be included.

2. Should an applicant be an awardee of Universal Service, Connect American Phase II, Rural Digital Opportunity Fund, or other federal or non-federal funds for the deployment of broadband service, the applicant shall attest as to whether or not the applicant's GUMBO application and associated project's buildout is dependent upon such awarded funds.

3. The applicant shall indicate whether the applicant, a subsidiary or affiliate of the applicant, or the holding company of the applicant has ever filed for bankruptcy.

**AUTHORITY NOTE:** Promulgated in accordance with R.S. 51:2370-2370.16.

**HISTORICAL NOTE:** Promulgated by the Office of the Governor, Division of Administration, Office of Broadband Development and Connectivity, LR 48:1509 (June 2022).

### **§315. Proposed Services, Marketing, Adoption, and Community Support**

**A. Every application shall include:**

1. a description of services to be provided, including the proposed upstream and downstream broadband speeds to be delivered and any applicable data caps. Any applicant proposing a data cap shall provide justification to the satisfaction of the office that the proposed cap is in the public interest and consistent with industry standards;

2. the proposed advertised speed to be marketed to end-users (broken out by prospective broadband recipient);

3. the prices of all broadband service packages and the associated broadband transmission speeds that will be offered to consumers as a result of the project;

4. a plan to encourage users to connect that incorporates, at a minimum, community education forums, multimedia advertising, and marketing programs;

5. evidence of support for the project from citizens, local government, businesses, and institutions in the community. The applicant may provide letters or other correspondence from citizens, local government, businesses, and institutions in the community that supports the project. Letters of support from a parish, municipality, or school board, or any instrumentality thereof, will be deemed material for scoring purposes;

6. any low-income household service offerings, digital equity or literacy support, or programs or partnerships to provide these services. The applicant should also indicate current participation in, or plans to, accept the federal Lifeline subsidy.

B. It is highly encouraged that every application should include:

1. a workforce plan prioritizing the hiring of local, Louisiana resident workers, to include a signed letter of intent with a post-secondary educational institution that is a member of the Louisiana Community and Technical College System, containing an obligation upon the applicant, and contractors or subcontractors of the applicant, to put forth a good-faith effort to hire, when possible, recent graduates of broadband-related programs. At minimum, the workforce plan should also contain a commitment to offer wages at or above the prevailing rate and a description of the applicant's safety and training standards.

AUTHORITY NOTE: Promulgated in accordance with R.S. 51:2370-2370.16.

HISTORICAL NOTE: Promulgated by the Office of the Governor, Division of Administration, Office of Broadband Development and Connectivity, LR 48:1509 (June 2022).

## Chapter 4. Scoring

### §401. Overview

A. The GUMBO grant program is a competitive grant program. Applications, or project areas within applications, if applicable, shall be scored independently as provided in this Chapter, based upon a system that awards a single point for criteria considered to be the minimum level for the provision of broadband service, with additional points awarded to criteria that exceed minimum levels.

B. Applications, or project areas within applications, if applicable, shall be scored independently, and applications or project areas receiving the highest score shall receive priority status for the awarding of grants. Should the final application or project area with priority status for the awarding of a grant have a request for GUMBO funding that exceeds the remaining GUMBO funds available, the final applicant with priority status shall have the option to agree to complete its proposed project in full with the remaining GUMBO funds available in that round. Should the final priority applicant decline, the office shall propose the same to the next highest scored application or project area. This process shall continue until such time as an applicant has agreed, or all remaining applications or project areas within the current grant round have declined. Should all applicants decline the office's offer, the remaining balance of GUMBO funding shall be added to the next succeeding round of GUMBO.

C. As a means of breaking a tie for applications or project areas receiving the same score, the office shall give priority to the application or project area proposing the lowest GUMBO cost per prospective broadband recipient.

D. Upon the close of the application period, and throughout the evaluation and scoring phase of the program process, a blackout period shall be instituted. This blackout period shall remain in effect until the announcement of awards. During this blackout period, applicants shall not initiate contact with the office, except as otherwise provided within this part. The office reserves the right to initiate contact with an applicant to seek clarification of an application or the data contained therein, request additional information, or as necessary in response to an overlapping project area or protest. ### §403. Overlapping Applications or Project Areas

A. At the close of the application period, should one or more applications or project areas overlap one or more other applications or project areas, relative to one or more unserved census blocks, shapefile areas, individual addresses, or portions thereof, the impacted applicants, relative to overlapping applications or project areas, shall have the option and ability to resolve the overlapping unserved census blocks, shapefile areas, individual addresses, or portions thereof, through the applicants' own volition, discussion, and efforts. Applicants working to resolve an instance of overlapping applications or project areas, following the close of the application period, shall jointly notify the office of such efforts. An acceptable resolution and amended applications or project areas will be accepted by the office until 5 PM on the 30th day of the 60-day evaluation and protest period. Such an acceptable

resolution between impacted applicants shall not result in the addition of partners to a previously submitted application or project area nor the expansion of an application’s project area.

B. Following 5 PM on the 30th day of the 60-day evaluation and protest period, should one or more applications or project areas overlap one or more other applications or project areas, relative to one or more unserved census blocks, shapefile areas, individual addresses, or portions thereof, each application or project area shall be scored independently. The application or project area receiving the highest score shall proceed to grant funding consideration with its project area boundary intact. Any application or project area, regardless of the geographical size of the application or project area, overlapping a higher scored application or project area, shall be removed from grant funding consideration. A project area being removed from grant funding consideration shall not impact scoring of other project areas within the same application, if applicable. All project areas shall be scored independently.

B. Technical Ability. The office shall award points based upon the broadband transmission speeds (Mbps download and upload) that will be deployed as a result of the project. If more than one set of transmission speeds are offered to consumers, scoring shall be based on the slowest transmission speeds offered. The office shall award points based upon the scalability of the project’s technology and infrastructure beyond the project’s current maximum speed offering for future increases in bandwidth. Should a project include a mix of wireline and fixed wireless technology solutions, broadband speed and scalability criteria shall be scored based upon the technology that serves a majority of a project’s prospective broadband recipients. The office shall reference the average distance, in miles, between prospective broadband recipients to be served by the project and shall award points to the five applications or project areas with the longest average distance between prospective broadband recipients. Points shall be awarded as follows.

A project’s total cost per prospective broadband recipient shall be calculated by dividing a project’s total cost by the total number of prospective broadband recipients to be served by the project. A project’s GUMBO cost per prospective broadband recipient shall be calculated by dividing a project’s total GUMBO requested funding by the total number of prospective broadband recipients to be served by the project. In each criterion, the office shall award points to the 10 applications or project areas with the lowest costs per prospective broadband recipient. For reference, the office will refer to the percentage of total mileage of project infrastructure composed of preexisting infrastructure. The office will also refer to the project's proposed estimated construction timeline, as measured from the award of the grant agreement, and award points in the following categories: construction start date and construction completion date. Construction completion date scoring will utilize two separate scoring criteria, one for wireline and one for fixed wireless. Should a project include a mix of wireline and fixed wireless technology solutions, the project completion date criterion shall be scored based upon the technology that serves a majority of a project's prospective broadband recipients. Points shall be awarded as follows.

3. BEAD eligibility determinations for existing broadband serviceable locations (BSLs);
4. enforceable commitments; or
5. planned service;

B. Permissible Challengers. During the BEAD challenge process, the office only allows challenges from nonprofit organizations, units of local and tribal governments, and broadband service providers.

C. Challenge Process Overview. The challenge process conducted by the office includes four phases, spanning up to 90 days. Implementation efforts around the challenge process are supported through capable state contractor and support teams that provide GIS capabilities, data analytics and technical audit skills. Decisions will ultimately be made by the Executive Director and staff. The state of Louisiana uses the challenge process as described below:

1. Publication of Eligible Locations: Prior to beginning the challenge phase, the office shall publish the set of locations eligible for BEAD funding. The office shall also publish locations considered served, as they may be challenged.

2. Challenge Phase: During the challenge phase, the challenger submits the challenge through the office challenge portal. The office notifies the provider of the challenge through an automated email. After this stage, the location enters the “challenged” state.

a. Minimum Level of Evidence Sufficient to Establish a Challenge: The office verifies the address provided is a BSL.

b. Timeline: Challengers have 30 calendar days to submit a challenge from the time the initial list of unserved and underserved locations, community anchor institutions, and existing enforceable commitments are posted.

3. Rebuttal Phase: Only the challenged service provider may rebut the reclassification of a location or area with evidence, causing the location or locations to enter the “disputed” state. If a challenge that meets the minimum level of evidence is not rebutted, the challenge is sustained. A provider may also agree with the challenge and thus transition the location to the “sustained” state. Providers must regularly check the challenge portal notification method (e.g., email) for notifications of submitted challenges.

a. Timeline: Providers have 30 calendar days from notification of a challenge to provide rebuttal information to the office.

4. Final Determination Phase: During the Final Determination phase, the office makes the final determination of the classification of the location, either declaring the challenge “sustained” or “rejected.”

a. Timeline: Following intake of challenge rebuttals, the office makes a final challenge determination within 30 calendar days of the termination of the challenge rebuttal. Reviews occur on a rolling basis, as challenges and rebuttals are received.

D. Evidence and Review Approach. The office ensures that the review of all applicable challenge and rebuttal information is completed in detail without bias, before deciding to sustain or reject a challenge. The office documents the standards of review to be applied and requires reviewers to document their justification for each determination. The office also requires that all reviewers submit affidavits to ensure that there is no conflict of interest in making challenge determinations.

E. Challenge Types

Code	Challenge Type	Description
A	Availability	The broadband service identified is not offered at the location, including a unit of a multiple dwelling unit (MDU).
L	Data cap	The round-trip latency of the broadband service exceeds 100 ms.
D	Technology	The only service plans marketed to consumers impose an unreasonable capacity allowance (“data cap”) on the consumer.
T	Business service only	The technology indicated for this location is incorrect.
B	Enforceable Commitment	The location is residential, but the service offered is marketed or available only to businesses.

Code	Challenge Type	Description
E	Planned service	The challenger has knowledge that broadband will be deployed at this location by the date established in the deployment obligation.
P	Not part of enforceable commitment.	The challenger has knowledge that broadband will be deployed at this location by June 30, 2024, without an enforceable commitment or a provider is building out broadband offering performance beyond the requirements of an enforceable commitment.
N	Location is a CAI	This location is in an area that is subject to an enforceable commitment to less than 100 percent of locations and the location is not covered by that commitment. (See BEAD NOFO at 36, n. 52.)
C	Location is not a CAI	The location should be classified as a CAI.
R		The location is currently labeled as a CAI but is a residence, a non-CAI business, or is no longer in operation.

F. Area and MDU Challenge

1. The office administers area and MDU challenges for challenge types A, L, D, and T. An area challenge reverses the burden of proof for availability, latency, data caps and technology if a defined number of challenges for a particular category, across all challengers, have been submitted for a provider. The provider receiving an area challenge or MDU must demonstrate that they are indeed meeting the availability, latency, data cap and technology requirement, respectively, for all (served) locations within the area or all units within an MDU.

a. An area challenge is triggered if six or more broadband serviceable locations using a particular technology and a single provider within a census block group are challenged.

b. An MDU challenge requires challenges by at least three units or 10 percent of the unit count listed in the Fabric within the same broadband serviceable location, whichever is larger.

2. Each type of challenge and each technology and provider is considered separately. If a provider offers multiple technologies, each is treated separately.

3. Area challenges for availability need to be rebutted with evidence that service is available for all BSL within the census block group. For fixed wireless service, the challenge system offers representative random, sample of the area in contention, but no fewer than 10, where the provider has to demonstrate service availability and speed.

## Chapter 13. Deployment Subgrantee Selection

### §1301. Plan for Fair, Open, and Competitive Process

A. Eligible locations in the state are organized by the office into a set of pre-defined areas, or “sub-project areas.”

Prospective subgrantees will define their proposed overall deployment projects, but such proposals must be submitted in the form of sets of SPAs. By including an SPA in an application, the provider commits to reach all included eligible locations.

B. Qualified prospective subgrantees may submit a Round 1 application, after SPAs are determined by the office.

1. A Round 1 application must include:
  - a. the list of SPAs included in the application;
  - b. the amount of BEAD funds requested;
  - c. the proposed technology type for the project; and
  - d. additional primary and secondary scoring application elements including plans for affordability, fair labor practices, deployment timeline, speed of network, and any other supporting information required by NTIA.

2. Round 1 applications will be analyzed to identify any overlap between applications, with a limited number of selections made according to a prioritization approach. Any such selections will be subject to review and confirmation by the office that the applicant has the requisite operational, managerial, and financial capability to fulfill the subgrant in the specific SPAs included. Any other Round 1 applications that overlap with a Round 1 award will be deemed denied, but the applicant will be permitted to resubmit any non-overlapping SPAs as a new application in Round 2.

C. In Round 2, all remaining unawarded Round 1 applications will automatically be pulled forward and may not be withdrawn. Round 1 applications may be simply left as-is for Round 2, or the applicant may make certain changes including adding new SPAs to the application and/or changing the amount of requested BEAD funding. Any Round 1 applicant may also propose new Round 2 applications exclusively comprising SPAs that did not receive any applications in Round 1.

1. Round 2 applications then will be selected for funding as follows. First, all FTTH applications will be scored using the scoring rubric described below, with de-confliction of overlapping FTTH applications resolved.

2. Next, all non-FTTH applications available for SPAs not already selected for FTTH proposals will be scored and de-conflicted in the same fashion.

3. Prior to finalizing all the Round 1 and Round 2 selections, the office will review the overall set of awards that could be made based on these steps to assess whether 100 percent of unserved locations would be served by either priority or reliable service within the available BEAD allocation budget for the state.

a. If this assessment indicates that the level of service that would be provided to BEAD-eligible locations could be improved, the office will apply the extremely high location threshold (EHCT).

4. The office will conduct a final review of selected proposals to confirm that the total set of awards to each prospective subgrantee is consistent with the financial, operational and managerial capabilities submitted in the pre-qualification process, confidentially engaging with specific providers if needed to confirm or clarify any identified issues, and reserving the ability if necessary to select an alternative proposal if any concerns about the ability of the provider to deliver on all awards remain. The office will publicly announce all awards selected.

**AUTHORITY NOTE:** Promulgated in accordance with R.S. 51:2370.21-2370.33.

**HISTORICAL NOTE:** Promulgated by the Office of the Governor, Division of Administration, Office of Broadband Development and Connectivity, LR 50:506 (April 2024).

### **§1303. Prioritization and Scoring Process**

A. In Round 1, prospective subgrantees must specify the amount of requested BEAD funding for each application, expressed as a percentage of the total reference amount for all SPAs included in the application.

B. Prospective subgrantees also must submit scoreable application elements for affordability, fair labor practices, speed to deployment, inclusion of economically challenged or critical resilience SPAs, and network technical capabilities.

C.1. After Round 1 submissions, two categories of applications will be awarded:

a. FTTH applications that do not overlap with any other application of any technology type, and that request funding no greater than the reference funding levels for all included SPAs; or

b. FTTH applications that achieve a decisively higher score at least 100 points better than any overlapping application of any technology type (informally referred to below as “decisively higher score” applications).

2. Round 1 applications that overlap with awards made in either of these categories will be deemed withdrawn, although applicants will be permitted to re-submit any non-overlapping SPAs in Round 2.

D. Unawarded Round 1 applications will be automatically moved forward to Round 2 and may not be withdrawn. Prospective subgrantees in Round 2 then have the option to either let Round 1 applications stand as-is, or to make modifications as follows:

1. The addition of SPAs not already awarded in Round 1, subject to the limit that a given SPA may not be included in more than two active applications from the same prospective subgrantee; and/or

2. A change to the requested subsidy amount (an increase no greater than the reference amount of funding available in any new SPAs added to an application in Round 2, or a decrease if not). Prospective subgrantees may not remove SPAs from any Round 1 application that is automatically carried forward to Round 2.

ADMINISTRATION

E. As in Round 1, new Round 2 applications may be made up of any combination of SPAs, subject to the constraint that such new Round 2 applications may comprise only SPAs that did not receive a Round 1 application. (Note that any unawarded SPA, whether it received any Round 1 interest, always also may be added to an existing Round 1 application.) Otherwise, such new Round 2 applications must follow the same approach as Round 1 applications.

F. After receiving all Round 2 submissions, the office will first rank all FTTH applications from highest to lowest score. By definition, Round 2 applications will not overlap with any previously awarded SPAs; therefore the highest scored Round 2 FTTH application will be provisionally awarded for all included SPAs at the total requested overall funding level. The office will then review each next-highest ranked FTTH application in order, applying the provisional selection and de-confliction rules between any overlapping FTTH applications.

G. After all available FTTH applications are resolved using this process, all non-FTTH applications will similarly be ranked from highest to lowest score, with reliable service (cable/HFC and licensed fixed wireless) applications being placed ahead of other terrestrial (unlicensed fixed wireless) applications. In addition, the secondary scoring criterion of speed of network will create an additional score-based prioritization as between non-FTTH applications.

H. Only after all priority projects have been either awarded in full, partially awarded based on deconfliction procedures or discarded due to overlap with a higher-scored priority project, will non-priority projects be evaluated. Overlapping non-FTTH applications will be selected and de-conflicted with each other using the same procedure.

I. Criteria and Maximum Points Available

Primary Criteria	Max points available	601
Number of Eligible Locations Included Within a Parish	35	Additional points for applications covering greater numbers of eligible locations within a given parish
Speed of Network	25	25 points for FTTH projects; non-FTTH scoring based on performance levels and scalability of non-FTTH networks

1. Primary Criteria—Minimal Bead Outlay

a. Each application in each of Round 1 and Round 2, will be scored based on the amount of requested BEAD funding as follows:

i. For applications requesting no more than the amount of reference funding set for the applicable round for all included SPA(s)

(a). Score = 300- [percent of reference funding requested, rounded to the nearest whole integer value].

ii. Applicants are permitted to request up to 200 percent of the reference amount. For applications requesting more than the amount of reference funding for all included SPA(s):

(a). Score = 100- [percent of reference funding requested – 100, rounded to the nearest whole integer value].

(b). The application system will not accept funding requests greater than 200 percent of the reference funding.

(c). The maximum score for any application requesting more than the reference funding will be 100.

b. Maximum awardable points: 300

2. Primary Criteria—Affordability

a. Following Louisiana statutory requirements. GUMBO 2.0 does not require subgrantees to offer any particular rate for any particular tier of service, although existing Louisiana law does impose certain requirements on existing in-state providers as described below. Instead, this federally mandated scoring category offers applicants the opportunity to obtain additional points via voluntary affordability commitments of their choosing, with scoring defined as follows:

i. This affordability scoring approach follows the provision of Louisiana law requiring that “[a] grant recipient that has offered broadband service to at least one thousand consumers for a period of at least five consecutive years shall offer broadband service at prices consistent with offers to consumers in other areas of the state.” This statutory Louisiana requirement shall be implemented as a subgrant condition, for a duration of time as required by final NTIA guidance, for any subgrant recipient meeting that definition, with “prices consistent with offers to consumers in other areas of the state” scored as an affordability commitment using the methodology below.

Primary Criteria	Max points available	601
Minimal BEAD Outlay	300	Based on percent of reference funding level requested for a total project area
Affordability	200	Based on the applicant’s commitment to support affordability in BEAD areas consistent with other areas of the state
Fair Labor Practices	101	Score based on compliance record
Secondary and Additional Criteria	Max points available	197
Speed to Deployment	12	Points for enforceable deployment plans faster than 48 months
Economically Disadvantaged Areas	25	Additional points for including economically challenged SPAs
Infrastructure Resiliency Commitments	100	Additional points for buried fiber and for commitments to designated SPAs lacking mobile broadband resiliency infrastructure

b. Affordability score for FTTH projects: 200 points. Following Louisiana law, and applying the mandatory federal requirement in the BEAD NOFO that a primary scoring criterion must be “[t]he prospective subgrantee’s commitment to provide the most affordable total price to the customer for 1 Gbps/1 Gbps service in the project area,” a base score of 200 points in this category will be awarded as follows.

i. Compliance with Louisiana law on Affordability, if applicable to the prospective subgrantee. Any applicant that has offered broadband service to at least one thousand consumers for a period of at least five consecutive years that includes a commitment to provide 1 Gbps/1Gbps service in its proposed BEAD subgrant area at a price no higher than its offer to consumers for 1 Gbps/1 Gbps service in other areas of the state will receive a score of 200 points.

ii. Alternate Method of Achieving a Full Baseline Score. An applicant that has not offered broadband service to at least one thousand customers for a period of at least five consecutive years, or an applicant that does not otherwise offer 1 Gbps/1Gbps service, that includes a commitment to provide 1 Gbps/1Gbps service to all included locations in its application at a price no higher than the median price for all 1Gbps/1Gbps service offerings reported in the most recent year’s FCC Urban Rate Survey will receive a base score of 200 points.

c. Affordability score for non-FTTH projects: 200 points. For non-FTTH projects, the mandatory federal requirement in the BEAD NOFO is that a primary scoring criterion must be “[t]he prospective subgrantee’s commitment to provide the most affordable total price to the customer for 100 Mbps/20 Mbps service in the project area.”

i. Compliance with Louisiana law on Affordability, if applicable to the prospective subgrantee: 200 points. Any applicant that has offered broadband service to at least one thousand consumers for a period of at least five consecutive years that includes a commitment to provide 100 Mbps/20 Mbps service in its proposed BEAD subgrant area at a price no higher than its offer to consumers for 100 Mbps/20 Mbps service in other areas of the state will receive a score of 200 points.

ii. Alternate Method of Achieving a Full Baseline Score. An applicant that has not offered broadband service to at least one thousand customers for a period of at least five consecutive years, or an applicant that does not otherwise offer 100 Mbps/20 Mbps service, that includes a commitment to provide 100 Mbps/20 Mbps service to all included locations in its application at a price no higher than the median price for all 100 Mbps/20 Mbps service offerings reported in the most recent year’s FCC Urban Rate Survey will receive a base score of 200 points.

d. Use of FCC Urban Rate Survey. If applicable to a subgrantee using the alternate methods outlined above, the FCC Urban Rate Survey will be used as follows:

i. For each subgrant performance year covered by an applicable subgrantee commitment, the state will use

the prior year’s FCC Urban Rate Survey broadband data for the state of Louisiana.

ii. On the first business day of the year, the state will determine that year’s median price for 1Gbps/1Gbps service and for 100 Mbps/20 Mbps service that will be applicable to the GUMBO 2.0 program for the coming year.

iii. If a given year's survey results do not contain any service tiers precisely at 1Gbps/1Gbps or 100 Mbps/20 Mbps, the closest comparable service tier result will be used.

e. Other provisions.

i. The applicable affordability commitments shall be updated annually beginning upon final issuance of the subgrant.

ii. If at any point during the performance of a subgrant a subgrantee becomes subject to Louisiana’s statutory affordability requirement by virtue of having delivered broadband service to at least 1000 consumers for a period of five consecutive years, the required subgrant affordability commitment shall be based on state law, as applicable.

f. Maximum awardable points: 200

### 3. Primary Criteria—Fair Labor Practices

a. Record of Compliance with Federal Labor and Employment Law. Any applicant that certifies a record of past compliance with Federal labor and employment law with respect to broadband deployment projects, as supported by submitted information as specified below, shall receive points as follows:

i. applicants able to certify a record of compliance for at least three years will receive 80 points.

ii. applicants also able to so certify a record of compliance for four years will receive 5 additional points.

iii. applicants also able to so certify a record of compliance for five or more years will receive 6 additional points.

iv. applicants that cannot certify compliance with Federal labor and employment law with respect to broadband deployment projects within the last three years, including new entrants that have not completed a broadband deployment project in that time frame, shall be eligible for points.

b. Plan for Ensuring Compliance with Federal Labor and Employment Law. Applicants shall receive points as follows.

i. Any applicant that provides a plan that meets the baseline compliance plan requirements as specified shall receive 10 points.

ii. Applicants may also achieve additional points, subject to the total category maximum of 101 points, based on including in their compliance plans additional elements as specified below:

ADMINISTRATION

- (a). one additional element only: 40 additional points;
- (b). two additional elements: 70 additional points;
- (c). three or more additional elements: 90 additional points.

c. The table below summarizes the total points awarded for different combinations of past compliance records and prospective compliance plans under of this scoring approach.

Years of compliance	<3 years	3	4	5+
Baseline compliance plan	10	90	95	101
+ 1 additional element	50	101	101	101
+ 2 additional elements	80	101	101	101
+3 or more additional elements	100	101	101	101

d. Applicants shall be permitted to have a single statewide workforce plan that applies to all applications, or to propose different workforce plans for individual applications.

e. Maximum awardable points: 101

4. Secondary and Additional Criteria

a. Speed to Deployment

i. Any application that certifies, including binding commitments and assumption of contractual liability for penalties established by the state for non-compliance, that deployment to all included eligible locations will be completed in less than the 48 months required by BEAD shall receive additional points as follows:

a.  $[48 - (\text{number of months to complete deployment, rounded up to the next whole month})] / 4$

ii. Maximum awardable points: 12

b. Economically Disadvantaged Areas

i. Any application that includes ED-SPAs shall receive additional points as follows.

(a). 15 points: Include all ED-SPAs within a given parish.

(b). 1 point: Any individual ED-SPA, but not all within a parish

ii. Maximum awardable points: 25

c. Infrastructure Hardening and Resiliency Commitments

i. Any application for the deployment of fiber infrastructure to last-mile eligible locations that includes an enforceable commitment to the infrastructure hardening step of including at least 90 percent buried fiber plant, including

100 percent buried plant to eligible CAIs, unless a specific exception is granted, as specified in will receive 30 points.

ii. Any application involving the deployment of new wireless tower infrastructure that includes an enforceable commitment to the Wireless Tower Hardening specifications provided will receive 20 points. This point total shall be applied once for an entire application, irrespective of the number of such hardened towers included.

iii. In addition, any application that includes at least one critical resiliency need (CRN)-SPA and includes an enforceable commitment to deploy necessary mobile broadband infrastructure to achieve the resiliency requirements of the CRN designation, following all requirements as detailed shall receive additional points as follows:

(a). 40 points: Include all CRN-SPAs within a given parish.

(b). 10 points: Any individual CRN-SPA, but not all within a parish.

(c). Any award of points in this category is subject to the state’s technical review of the satisfactoriness of proposed plans to fulfill specified resiliency capabilities, according to the specifications provided in section 2.11.1.D.

iv. Applications may receive points for any combination of commitments in these areas, but the total points available in this overall category to any application is capped at the maximum total awardable points level below.

v. Maximum total awardable points: 100.

d. Number of Eligible Locations within a Given Parish

i. During the review of each application, the state will total the number of eligible locations within all included SPAs in each Louisiana parish within the application and identify the highest such count.

ii. Applications shall receive additional points based on this highest count value as follows.

(a). 10 points: An application that includes at least 500 eligible locations within a single parish.

(b). 20 points: An application that includes at least 2000 eligible locations within a given parish.

(c). 30 points: An application that includes 5000 eligible locations or more within a given parish.

(d). 35 points: An application that includes 100 percent of eligible locations within a given parish, only if the applicable highest count value is greater than 2000 eligible locations.

iii. Maximum total awardable points per application: 35

e. Speed of Network

i. FTTH applications shall receive 25 points in this category.

ii. Non-FTTH applications only shall be scored based on certified speed and latency performance commitments that are enforceable subgrant conditions and subject to verification after deployment to all eligible BSLs as well as on length of useful life of the proposed infrastructure and future scalability.

(a). Speed and latency performance characteristics, as certified by the applicant and subject to technical review and verification by the state, shall receive points as follows.

Minimum downstream/upstream speed (Mbps)	Maximum latency (milliseconds)	Points awarded
100/20	100	2
200/50	100	4
400/100	100	10
1000/250	100	20

(b). To receive points in any of these categories, the state’s technical review must confirm that the proposed network design has the ability deliver the above performance levels to all eligible locations within an application, including reasonable assessment of how the proposed network can add incremental capacity in a cost-effective manner as new customers are added.

(c). Total awardable sub-category points for non-FTTH networks: 20

iii. For non-FTTH technologies, the length of useful life and future scalability, as certified by the applicant and subject to technical review and verification by the state, shall receive points as follows.

(a). Useful life of funded infrastructure, as assessed by the state:

- (i). <5 years: 0 points
- (ii). 5-10 years: 1 point
- (iii).10+ years: 2 points

(b). Cost-effectiveness of future scalability to significantly performance levels of proposed technology, as assessed by the state:

- (i). ineffective: 0 points
- (ii). somewhat cost effective: 1 point
- (iii).very cost effective: 2 points

(c). Total awardable sub-category points for non-FTTH networks: 4

iv. Maximum awardable Speed of Network points: 25.

**HISTORICAL NOTE:** Promulgated by the Office of the Governor, Division of Administration, Office of Broadband Development and Connectivity, LR 50:506 (April 2024).

**§1305. Prioritizing Unserved Service Projects**

A. A GUMBO 2.0 application is defined as a set of SPAs. The inclusion of an SPA in an application carries an obligation to deploy to all eligible locations in the SPA if the application is awarded. All application plans and commitments such as for affordability, technology type, and performance level must apply to all eligible locations within included SPAs.

B. The office may, prior to making final subgrant awards, remove certain locations from a subgrant in order to ensure compliance with the BEAD-required prioritization of all unserved locations first, then underserved locations, and then CAIs. In such cases, the state would adjust the subgrant award amount to account for the removal of certain locations.

**AUTHORITY NOTE:** Promulgated in accordance with R.S. 51:2370.21-2370.33.

**HISTORICAL NOTE:** Promulgated by the Office of the Governor, Division of Administration, Office of Broadband Development and Connectivity, LR 50:509 (April 2024).

**§1307. Prioritizing Eligible CAIs**

A. Deployment to all eligible CAIs shall be prioritized before making funds available for non-deployment projects.

**HISTORICAL NOTE:** Promulgated by the Office of the Governor, Division of Administration, Office of Broadband Development and Connectivity, LR 50:510 (April 2024).

**§1311. Definition of Eligible Project Areas**

A. All prospective subgrantees shall define their overall application areas as a set of pre-defined sub-project areas. A project area is the overall proposed deployment area included in an application, comprising the eligible locations within the set of SPAs included in the application.

**AUTHORITY NOTE:** Promulgated in accordance with R.S. 51:2370.21-2370.33.

**HISTORICAL NOTE:** Promulgated by the Office of the Governor, Division of Administration, Office of Broadband Development and Connectivity, LR 50:510 (April 2024).

**§1313. Ensuring Universal Coverage in Subsequent Funding Rounds**

A. If coverage gaps remain after the first rounds, to close these remaining coverage gaps, the office may begin targeted outreach and negotiation strategy with the

proximate providers and/or newly awarded subgrantees with the greatest apparent ability to make targeted extensions of service to individual locations passed over in the main GUMBO 2.0 process.

**HISTORICAL NOTE:** Promulgated by the Office of the Governor, Division of Administration, Office of Broadband Development and Connectivity, LR 50:510 (April 2024).

**§1315. Tribal Government Consent**

A. Prospective subgrantees with plans to build within any of the tribal lands shall provide a Resolution of Consent or other formal demonstration of consent from each tribal government’s tribal council or other governing body, upon whose tribal lands the infrastructure will be deployed. The office will require that the resolution of consent, or any substitute document used at request of the tribal government, be submitted by the prospective subgrantee at the time of application along with other relevant documents demonstrating that holistic local coordination occurred. This will ensure that the proper documentation is obtained for submission and approval of the final proposal.

**AUTHORITY NOTE:** Promulgated in accordance with R.S. 51:2370.21-2370.33.

**HISTORICAL NOTE:** Promulgated by the Office of the Governor, Division of Administration, Office of Broadband Development and Connectivity, LR 50:510 (April 2024).

**§1317. Identification of Extremely High Cost per Location Threshold**

A. The EHCT will be determined based on funding requirements for actual subgrant proposals received in the state of Louisiana. The GUMBO 2.0 EHCT mechanism therefore will permit the office, pursuant to BEAD rules, to select certain non-FTTH applications instead of FTTH if the overall result is to expand the number of eligible locations receiving access to at least reliable broadband service to the extent doing so fully with priority projects proves impossible based on actual subgrant proposals received.

B. The office may set the final EHCT value at a level above the per-location cost of all awarded FTTH applications for purposes of Final Proposal submission.

**AUTHORITY NOTE:** Promulgated in accordance with R.S. 51:2370.21-2370.33.

**HISTORICAL NOTE:** Promulgated by the Office of the Governor, Division of Administration, Office of Broadband Development and Connectivity, LR 50:510 (April 2024).

**§1319. Use of Extremely High Cost per Location Threshold**

A. An EHCT will be identified and utilized as necessary.

**AUTHORITY NOTE:** Promulgated in accordance with R.S. 51:2370.21-2370.33.

**HISTORICAL NOTE:** Promulgated by the Office of the Governor, Division of Administration, Office of Broadband Development and Connectivity, LR 50:510 (April 2024).

**§1321. Ensuring Minimum Financial Capability**

A.1.To submit a grant application, prospective subgrantees shall provide details to complete a review of financial capability, including but not limited to the following.

a. Obtain the five years of financial statements, pro forma statements or financial audits submitted by each applicant or the financial statements for each year that the applicant has been in business if less than five years. Ensure that the complete financial statements were submitted. If financial statements are not available, search for the applicant’s SEC Form 10-K filing. Using the audited financial statements, reviewed the unaudited financial statements for reasonableness. Review the financial statements, if audited, to determine if there is a going concern disclosure in the audit report.

b. Determine whether the applicant’s business status is active in Louisiana, whether the applicant has filed for bankruptcy, and whether the company is involved in any lawsuits.

c. Determine the funding sources for the project.

d. Review the balance sheet, statement of operations and statement of cash flows to determine if the applicant is steady and/or growing. Use EBITDA margin to assist in this analysis. Calculate the current ratio (current assets/current liabilities). Calculate the debt to assets ratio (total debts/total assets).

Detailed announcements that include information about the application process, eligibility criteria and evaluation criteria will be published to ensure that numerous stakeholder groups or potential applicants are aware of the availability of funds and the steps necessary to apply.
