**Section A**

**H-2B Application Visa Cap Estimates**

1. Enter estimates of the numbers of H-2B cap-subject workers and H-2B cap-exempt workers the employer anticipates to employ under this application. The employer should provide estimates based on the information the employer has at the time of the application filing. These estimates are not binding. If the employer has no information upon which to base an estimate, enter the total number of H-2B workers sought (i.e. the employer's entry in Item B.4) as the estimated number of cap-subject H-2B workers in Item A.1a and "0" as the estimated number of cap-exempt H-2B worker in Item A.1b. For further details on H-2B cap exemptions, please visit the Department of Homeland Security's U.S. Citizenship and Immigration Services (USCIS) website at [www.uscis.gov](http://www.uscis.gov).

**Important Note:** The Department of Labor (Department) will use the estimates entered into Section A to further inform H-2B filing projections. The Department will consider the employer's entries in Section A to be estimates only at the time of the Form ETA-9142B filing. The employer's total H-2B labor request for the job opportunity in the area of intended employment for the period of need must be presented to the Department on a single H-2B application. The employer must not split applications or submit duplicate applications to respond to this section. The estimated total for Section A must equal the number in Section B Item 4 at the time of filing this application; however, if certification is granted, the number of workers approved may be different. For H-2B certification approvals, the employer must refer to the Final Determination the Department will issue to the employer if certification is granted.
