# HIGHWAY-RAIL GRADE CROSSINGS

EMERGENCY NOTIFICATION SYSTEM (ENS)

## Get **HELP!** Use the **Blue** ENS Sign

## Keeping Railroads and the Public Safe

The mission of the Federal Railroad Administration (FRA) is to enable the safe, reliable and efficient movement of people and goods for a strong America, now and in the future.

U.S. Department of Transportation  
Federal Railroad Administration

### In Case of Emergency

- **Locate** the blue and white Emergency Notification System (ENS) sign at the grade crossing.
- **Call for help!** Call the railroad's emergency contact number listed on the blue sign.
- **Communicate** your location, by providing the identification number (see below) and state the nature of the emergency to the dispatcher.

The ENS sign includes:

- 1 Each railroad's emergency contact number,
- 2 The U.S. Department of Transportation (USDOT) National Crossing Inventory Number, which identifies the exact location of the crossing to the railroads.

Emergencies and safety concerns at the grade crossing should be reported by using the information on the ENS sign.
