

We collect a rake each time you pay poker tournament registration fees or when your bet goes into the pot in a poker cash game. You earn one (1) poker Experience point (PxP) for each 25¢ paid to the rake during poker games at cash tables or during a poker tournament. No rake is collected when a game ends during the first round of bets, in which case no PxPs are paid out. PxPs cannot be redeemed for cash and are calculated during the period beginning on the first day of the month and ending on the last day of the month. The 100 hands required to play in a Freeroll Tournament are calculated from the 1st to the last day of the month and must be hands on which a rake was collected. A cash tournament counts for one hand. Players that are eligible for a tournament must register through the Poker Lobby. When an Espacejeux account is closed, regardless of the reason, all Poker Experience Points (PxPs) earned automatically become null and void. The same holds true if a participant registers no gaming activity at poker for an uninterrupted period of twelve (12) months.
