Quorum and Conflicts

The Meeting noted there was a quorum present and proceeded to business.

The Board received an update on on-going developments following the outcome of the EU Referendum, noting particularly the issues relating to property fund suspensions and the engagement the FCA had had with fund managers in relation to this matter. The Board noted that the FCA's role at this time was to ensure that customers were treated fairly and was working to ensure that companies were providing clear communication to their customers and investors.

The Board noted that consideration was being given to next steps including central coordination of the FCA's planning work following the referendum outcome and continued engagement with staff.
