

**ALWAYS
THERE
WHEN YOU
NEED IT!**

FEMA.GOV/IMAAC

WE SUPPORT YOU

How can the Interagency Modeling and Atmospheric Assessment Center (IMAAC) support first responders?

- Dispersion models and hazard prediction for HAZMAT or CBRNE incidents.
- No-cost support, 24/7 availability.
- Models usually available within 30 minutes.
- Decision support for derailments, fires, spills or radiological incidents, no matter the size—**call IMAAC first to determine the impact.**

In real-world HAZMAT emergencies, activate IMAAC 24/7 | **(877) 240-1187**
