Data Reporting Issues

Late Reports

- Many states file reports after established due dates
- Due dates are:
 - January 1st if reporting on a State Fiscal year
 - April 1st if you report on calendar year

Use of Old Forms

- Some states continue to use FHWA Form 562 (revised 2001)
- States should use the smart FHWA Form 562 (revised 2007)

Data Reporting Issues – cont'd

Teen Drivers

- Graduated licenses for teenage drivers should be included on Page 1 of FHWA-562
- Some states incorrectly include those under 16 with learner's permits

Questionable Data (2017)

- Licensed driver counts that are greater than the driver population
- Licensed driver counts that are greater than the state's population

Data Reporting Issues – cont'd

Incomplete Age Groups

- 75 years and over – 1 State
- 85 years and over – 1 State
- Therefore, FHWA must estimate by redistributing State's reported data based on the Census population.
