

# REVOLUTIONIZE YOUR CLIENT WEB TRADING PORTAL

## FIS Digital Trading Storefront

Welcome to the future of trading technology. The FIS® Cross-Asset Trading and Risk Platform team proudly introduces the FIS' Digital Trading Storefront – the ultimate platform for the forward-thinking bank or broker dealer striving to lead the digital arena. This next generation of web services technology significantly evolves firms' ability to revamp and master ever-increasing trading volumes at vast scale. Not only is this an industry leading platform for cross-asset trading and risk – which many of the world's largest banks and brokers rely on – but it now enables you to reimagine your web presence.

### Empower your web offering

Unveil a new dimension of cross-asset trading with our comprehensive suite of web features designed to enable your customers' trading:

- ✓ **Differentiate:** Craft a personalized cross-asset trading experience with widget-based web clients and pick precisely the tools you need on any device, anywhere.
- ✓ **Real-time excellence:** Enhance your next-generation web presence and experience a world where every tick and every trade is displayed in real time. Execution and limit checking occur instantaneously, providing control for both you and your valued customers.
- ✓ **Vast scalability:** Grow your business to the next level with the confidence that your platform scales dynamically to match your ambition – all you have to do is add our technology.
- ✓ **Advanced APIs:** Flexible provision for real-time risk management including Greeks, positions and cash movements, all from an engine that allows you to integrate your own front-end or back-end components as desired.
- ✓ **Unmatched coverage:** From fixed income trades to derivatives – spot and derivative instrument types for a large number of asset classes across interest rates, equity, FX, credit and commodities – our system is equipped to handle a varied portfolio with dexterity.

### Experience the white label advantage

Tailor the FIS Digital Trading Storefront to your brand and invite your retail customers to an online domain where you dictate the experience.

### Commitment to compliance

Navigate the market with the assurance that comes from advanced compliance and rules engines integrating seamlessly, ensuring that you know your risk before each trade.

### Join the exclusive ranks

Our invitation extends to visionary Tier 1 and Tier 2 banking clients, prime brokers and broker dealers who are committed to carving out new avenues in online brokerage. Our technology, including groundbreaking advances with Google tech, is witness to your ascension.

### The FIS partnership difference

We're not just a provider; we're your partner in innovation. At FIS, we understand the intricacies of your challenges and celebrate the uniqueness of your ambitions. Our service isn't just about technology – it's about creating mutual success.

We offer managed services that encompass a complete solution, including hosting and a broad spectrum of additional services – all tied together by an application-centric SLA.

Enable your customers to leap into the next era of online trading, where exemplary performance, expansion and precision become the cornerstones of your digital strategy with FIS.

Contact us today for a personal introduction to the FIS Digital Trading Storefront. Together, we'll redefine what it means to be at the forefront of the trading landscape.
