**ORDER GRANTING PETITION FOR WAIVER  
OF PART III.B.4.a OF THE 2011 UNIVERSAL CYCLE  
APPLICATION INSTRUCTIONS**

THIS CAUSE came on for consideration and final action before the Board of Directors of the Florida Housing Finance Corporation on August 8, 2014, pursuant to a “Petition for Waiver of the 2011 Universal Application Instructions, Housing Credit Program, Part III, Section (B)(4)(a)” (“Petition”). Florida Housing Finance Corporation (“Florida Housing”) received the Petition on May 30, 2014, from PC Redevelopment Partners, LLC. (“the Petitioner”). On June 3, 2014, the Notice of the Petition was published in Volume 40, Number 107, of the Florida Administrative Register. Florida Housing received no comments regarding the Petition. After careful review of the record and being otherwise fully advised in the premises, the Board of Directors (the “Board”) of Florida Housing hereby finds:

1. The Board has jurisdiction over the subject matter of this case and the parties hereto.

FILED WITH THE CLERK OF THE FLORIDA  
HOUSING FINANCE CORPORATION

 /DATE: 08.11.14

2. During the 2011 Universal Cycle, Petitioner applied for and was awarded an allocation of tax credits to finance the redevelopment of a family development known as Palmetto Court Apartments (the “Development”) located in Lee County, Florida.

3. Rule 67-48.004(1)(a) Fla. Admin. Code (2011) provides, in pertinent part:

(a) The Universal Application Package or UA1016 (Rev. 2-11) is adopted and incorporated herein by reference and consists of the forms and instructions available, without charge, on the Corporation’s Website under the 2011 Universal Application link labeled Instructions and Application, or from <http://www.flrules.org/Gateway/reference.asp?No=Ref-00703>, which shall be completed and submitted to the Corporation in accordance with this rule chapter in order to apply for the HOME and HC Program(s).

Part III.B.4.a. of the Instructions provides in pertinent part:

a. For all new construction units:  
If the proposed Development includes any new construction units (regardless of the Development Category selected at Part III.A.3.a. of the Application), the eligible new construction units must (i) meet the requirements of Energy Star New Homes per the Energy Star Qualified Homes Florida Builder Option Package, Rev. 01/05/2010, which is incorporated by reference and available on the 2011 Universal Application link labeled Related References and Links...

4. Petitioner requested a waiver of the above Rule to allow it to install a 16 SEER air conditioner with heat strips, instead of a heat pump in

all three bedroom units in the Development.<sup>1</sup> As justification, Petitioner states that the use of a heat pump would be inefficient and costly, as opposed to the use of heat strips, which were not an option in the Builder Option Package. Petitioner further provides that the Development will achieve substantially the same Home Energy Rating System Index score, increase durability, and is more cost-efficient and energy efficient than a heat pump.

5. The requested change would neither affect the scoring of Petitioner's application nor allow Petitioner to gain an unfair advantage over other applicants.

6. Section 120.542(2), Florida Statutes provides in pertinent part:

Variations and waivers shall be granted when the person subject to the rule demonstrates that the purpose of the underlying statute will be or has been achieved by other means by the person and when application of a rule would create a substantial hardship or would violate principles of fairness.

7. The Board finds that strict application of the above Rule under these circumstances would violate the principles of fairness. Petitioner established that permitting this change in Development would promote construction of energy-efficient systems and also serve the underlying purpose of the statute by permitting upgraded features and amenities within the residential units. A denial of the requested waiver would result in a

substantial hardship due to increased costs of installation and operation of heat pumps.

**IT IS THEREFORE ORDERED:**

Petitioner's request for waiver of Part III.B.4.a., of the 2011 Universal Application Instructions, to allow Petitioner to install a 16 SEER air conditioner with heat strips in all three bedroom units in the Development, instead of a heat pump is hereby **GRANTED**.

DONE and ORDERED this 8<sup>TH</sup> day of August, 2014.
