74 "NYC - 36Th Floor PolyCom System" (1685546752)
00:08:42.869 --> 00:08:47.069
In the applicable state in accordance with the requested limitations.
75 "NYC - 36Th Floor PolyCom System" (1685546752)
00:08:47.069 --> 00:08:51.899
Letters have been received from the New York racing Association.
76 "NYC - 36Th Floor PolyCom System" (1685546752)
00:08:51.899 --> 00:08:56.669
The New York thoroughbred horsemen Association, the finger lakes Horseman.
77 "NYC - 36Th Floor PolyCom System" (1685546752)
00:08:56.669 --> 00:09:11.424
Benevolent and protective association and the finger lakes racing association all requests the commission timely apply for and request the exemption as to all thoroughbred races conducted in New York for the 3 year
78 "NYC - 36Th Floor PolyCom System" (1685546752)
00:09:11.424 --> 00:09:21.744
period beginning on the program effective date, nyra and 9th note that such an exemption. Would be consistent with the current commission, regulatory protocols and absolutely.
79 "NYC - 36Th Floor PolyCom System" (1685546752)
00:09:21.744 --> 00:09:26.664
Exemption New York thoroughbred racing would be placed at a distinct economic.
80 "NYC - 36Th Floor PolyCom System" (1685546752)
00:09:26.669 --> 00:09:29.759
Competitive disadvantage with the surrounding states.
81 "NYC - 36Th Floor PolyCom System" (1685546752)
00:09:29.759 --> 00:09:33.089
Who have or expected to sequence exemption.
82 "NYC - 36Th Floor PolyCom System" (1685546752)
00:09:33.089 --> 00:09:40.169
A letter was also received Tuesday from the New York thoroughbred breeders, which also supports an exemption.
83 "NYC - 36Th Floor PolyCom System" (1685546752)
00:09:40.169 --> 00:09:49.829

So, the question is, whether we want to allow the staff to submit an
exemption request to, to permit the covered use of.
84 "NYC - 36Th Floor PolyCom System" (1685546752)
00:09:49.829 --> 00:09:53.999
For a, and horses of a 2 year old covered horses.
85 "NYC - 36Th Floor PolyCom System" (1685546752)
00:09:53.999 --> 00:09:57.479
We'll cover the horses in stake races.
86 "NYC - 36Th Floor PolyCom System" (1685546752)
00:09:57.479 --> 00:10:02.969
I have, um, since this is a question.
87 "NYC - 36Th Floor PolyCom System" (1685546752)
00:10:02.969 --> 00:10:14.399
Really of medical competency. I have asked Mr Williams to have Dr Palmer.
88 "NYC - 36Th Floor PolyCom System" (1685546752)
00:10:14.399 --> 00:10:18.779
Available for us unfortunately, not here.
89 "NYC - 36Th Floor PolyCom System" (1685546752)
00:10:18.779 --> 00:10:24.689
Now, but he is on the telephone and, uh.
90 "NYC - 36Th Floor PolyCom System" (1685546752)
00:10:24.689 --> 00:10:28.169
Dr. Palmer are you there?
91 "NYC - 36Th Floor PolyCom System" (1685546752)
00:10:28.169 --> 00:10:34.049
Yes, sir Thank you. Dr Palmer as you well know is our.
92 "NYC - 36Th Floor PolyCom System" (1685546752)
00:10:34.049 --> 00:10:37.649
All right equine medical director.
93 "NYC - 36Th Floor PolyCom System" (1685546752)
00:10:37.649 --> 00:10:45.389
Dr. Palmer I have a couple of questions for you and maybe the
commissioners do as well.
94 "NYC - 36Th Floor PolyCom System" (1685546752)
00:10:45.389 --> 00:10:50.429
Um, 1st of all do you have an.
95 "NYC - 36Th Floor PolyCom System" (1685546752)
00:10:50.429 --> 00:10:57.509
Opinion as to whether the commission should seek lasiks exemption.
96 "NYC - 36Th Floor PolyCom System" (1685546752)
00:10:57.509 --> 00:11:06.239
Yes, yes, I do. And I believe that the commission should seek license
exemption. Alright. Would you give the commission your reasons for site?
So doing.
97 "NYC - 36Th Floor PolyCom System" (1685546752)
00:11:08.094 --> 00:11:20.454
Well, 1st of all, there is no more polarizing issue in 3rd grade racing.
Them race medication used to control exercise into pulmonary hemorrhage
and the resource type.
98 "NYC - 36Th Floor PolyCom System" (1685546752)
00:11:20.454 --> 00:11:24.294
The statute requires extensive, contemporary reporting.
99 "NYC - 36Th Floor PolyCom System" (1685546752)
00:11:24.569 --> 00:11:34.889

Of all medication, given to 3rd grade resources and further acknowledges
unique opportunity that this will provide to use this data to
definitively investigate.
100 "NYC - 36Th Floor PolyCom System" (1685546752)
00:11:34.889 --> 00:11:44.939
Possible benefits and unintended consequences of the treatment of turbid
resources with lasiks as well as other medications. Now, the, the.
101 "NYC - 36Th Floor PolyCom System" (1685546752)
00:11:44.939 --> 00:11:57.479
Really the the reason the best reason I can say it is to seek this
exemption, is that the, this will enable this critical and unique
research opportunity to be realized.
102 "NYC - 36Th Floor PolyCom System" (1685546752)
00:11:57.479 --> 00:12:08.129
And that this research will provide space recommendations for the
medication of right. Sources that will improve equine welfare and safety
for both horses and writers.
103 "vc-sch" (215934464)
00:12:09.839 --> 00:12:14.339
I promise there was a report yesterday that I read that was.
104 "NYC - 36Th Floor PolyCom System" (1685546752)
00:12:14.339 --> 00:12:18.149
Article published the Journal of American veteran Madison.
105 "NYC - 36Th Floor PolyCom System" (1685546752)
00:12:18.149 --> 00:12:21.359
That seem to that that.
106 "NYC - 36Th Floor PolyCom System" (1685546752)
00:12:21.359 --> 00:12:26.699
Show that the use of, um.
107 "NYC - 36Th Floor PolyCom System" (1685546752)
00:12:26.699 --> 00:12:34.019
Was associated with sudden, death of race horses and that. Would you like
to comment on that article?
108 "NYC - 36Th Floor PolyCom System" (1685546752)
00:12:34.019 --> 00:12:37.289
Sure, I have read the study in detail.
109 "NYC - 36Th Floor PolyCom System" (1685546752)
00:12:37.289 --> 00:12:50.789
And I do have some reprints the commissioners, I can't go through traffic
to get to the meeting. But 1st of all my 1st, impression about this study
is that it is a very impressive and comprehensive research study.
110 "NYC - 36Th Floor PolyCom System" (1685546752)
00:12:50.789 --> 00:13:00.779
That reviewed multiple risk factors associated, with sudden, death and
3rd, red resources. The study population for the study is enormous.
Including more than 4,000,000.
111 "NYC - 36Th Floor PolyCom System" (1685546752)
00:13:01.194 --> 00:13:11.034
By 284,387 horses at 144 race trip in North America and Canada, the study
design and the physical analysis of the data is appropriate to reach the
conclusions found that preexisting pathology.
112 "NYC - 36Th Floor PolyCom System" (1685546752)
00:13:11.034 --> 00:13:16.764

analysis of the data is appropriate to reach the conclusions found that preexisting pathology

113 "NYC - 36Th Floor PolyCom System" (1685546752)
00:13:16.979 --> 00:13:31.469
Could contribute in some cases of sudden, death and that the associations Aerosmith lasiks administration and sudden death prompts further study of a possible cause of relationship between the 2.

114 "NYC - 36Th Floor PolyCom System" (1685546752)
00:13:31.469 --> 00:13:42.569
Now, as well, as the study was designed and conducted, there are always limitations to all research studies that are related to the challenge is a study design and the study population.

115 "NYC - 36Th Floor PolyCom System" (1685546752)
00:13:42.569 --> 00:13:53.004
The 1st, limitation of this study is that there's a very low incidence of sudden, death and thoroughbred resources, even with the enormous size of the population study. There were still very few cases to actually review.

116 "NYC - 36Th Floor PolyCom System" (1685546752)
00:13:53.724 --> 00:14:04.374
Additionally, the authors pointed out that there are multiple costs a sudden death and that accurate diagnosis of the cause of sudden, death is elusive in many cases, even with a complete proxy examination.

117 "NYC - 36Th Floor PolyCom System" (1685546752)
00:14:05.124 --> 00:14:17.064
Also, it's important to know that nearly all the horses in the study that is 94% were treated with lasiks before racing making a ubiquitous risk factor that was commonly found in both cases and control horses.

118 "NYC - 36Th Floor PolyCom System" (1685546752)
00:14:17.064 --> 00:14:26.034
Finally, it's important to understand that the association put variables in a research study does not necessarily mean causation. mean causation

119 "NYC - 36Th Floor PolyCom System" (1685546752)
00:14:26.429 --> 00:14:37.469
Associations simply means that knowing the value of 1 study variable in this case, lasiks, whether it was given, or not provides information about another variable that will be sudden death.

120 "NYC - 36Th Floor PolyCom System" (1685546752)
00:14:37.469 --> 00:14:46.889
It does not necessarily imply that 1 variable causes the other the most common cause for non calls to association are contracting biases.

121 "NYC - 36Th Floor PolyCom System" (1685546752)
00:14:46.889 --> 00:14:55.529
This means that an outcome that would be sudden death can have causes aside from the identified variables that we're investigated in the study.

122 "NYC - 36Th Floor PolyCom System" (1685546752)
00:14:56.004 --> 00:15:10.854
For example, what was the only medication investigated as possible risk factor? For sudden, death is likely that a similar percentage of course, is racing in the study, receive treatment with other commonly administered medications, for example, stem zone.

123 "NYC - 36Th Floor PolyCom System" (1685546752)
00:15:11.219 --> 00:15:22.049

There could be a source of compounding bias, borrowed hormone, which is a known risk factor for cardiac arrhythmia and sudden, death and resources was not included in the analysis.
124 "NYC - 36Th Floor PolyCom System" (1685546752)
00:15:22.049 --> 00:15:33.509
There is no way to determine if some of the work to this study retreated with thyroid or any other additional medications, all merits and limitations. Aside from the study at the bottom line is that it was well constructed.
125 "NYC - 36Th Floor PolyCom System" (1685546752)
00:15:33.509 --> 00:15:41.999
Well, executed and did find a simplification between race day administration basics and sudden, death and bright forces. The authors.
126 "NYC - 36Th Floor PolyCom System" (1685546752)
00:15:41.999 --> 00:15:55.344
Up short of concluding that by 6 administration causes sudden death, rather they recommend further study design to control for confounding variables to definitively this question.
127 "NYC - 36Th Floor PolyCom System" (1685546752)
00:15:56.184 --> 00:16:02.844
And so that really in my mind is a strong endorsement of the commissions.
128 "NYC - 36Th Floor PolyCom System" (1685546752)
00:16:03.299 --> 00:16:13.979
Efforts to achieve an exemption. So this latest research can continue the grand scale. Once the administration the new program is put in January.
129 "NYC - 36Th Floor PolyCom System" (1685546752)
00:16:13.979 --> 00:16:19.679
You would agree of course that 1, death of the resources 1, too many.
130 "NYC - 36Th Floor PolyCom System" (1685546752)
00:16:19.679 --> 00:16:31.829
Of course, um, it is regard is this the study would be your conclusion that, that this, this study.
131 "NYC - 36Th Floor PolyCom System" (1685546752)
00:16:31.829 --> 00:16:39.659
Validates the commissions seeking him an exemption in that it will give further an opportunity for us to.
132 "NYC - 36Th Floor PolyCom System" (1685546752)
00:16:39.659 --> 00:16:43.709
Study the effects of the drugs. Exactly.
133 "NYC - 36Th Floor PolyCom System" (1685546752)
00:16:43.709 --> 00:16:50.669
Can I ask a question? I was just about to ask permission to thank you.
134 "NYC - 36Th Floor PolyCom System" (1685546752)
00:16:50.669 --> 00:16:55.499
Dr, uh, how many basic studies do you think they've done over the last 2 decades?
135 "NYC - 36Th Floor PolyCom System" (1685546752)
00:16:55.499 --> 00:17:04.169
Well, there been a number of them. Um, I don't have a, I can't give you an exact number off the top of my head, but I can tell you the most convincing 1.
136 "NYC - 36Th Floor PolyCom System" (1685546752)
00:17:04.169 --> 00:17:16.439

What this study's done in South Africa perhaps 10 years ago that found that lasiks did mitigate the effects of exercise, induced pulmonary hemorrhage and resources.
137 "NYC - 36Th Floor PolyCom System" (1685546752)
00:17:19.464 --> 00:17:34.224
I mean, we have, you may follow up Thank you. We had that panel. I don't remember how many years ago Rob 6 or 76 or something yeah, and they went through and they gave examples of, you know, they're waiting for different studies and they've, uh. uh
138 "NYC - 36Th Floor PolyCom System" (1685546752)
00:17:34.499 --> 00:17:43.529
What would be at the end of the day a conclusive study from your point of view because no studies actually been done to prove anything that I know of.
139 "NYC - 36Th Floor PolyCom System" (1685546752)
00:17:43.529 --> 00:17:53.039
Every time they look at it, they say, well, it's not quite conclusive. You gotta look at this other factor. It says 4 legs. It only fix 3 of them and they go through the whole scenario.
140 "NYC - 36Th Floor PolyCom System" (1685546752)
00:17:53.039 --> 00:17:57.959
I assume that the veterinarians and the scientists were doing this.
141 "NYC - 36Th Floor PolyCom System" (1685546752)
00:17:57.959 --> 00:18:02.699
Are competent or capable people if they set out to do an exercise.
142 "NYC - 36Th Floor PolyCom System" (1685546752)
00:18:02.699 --> 00:18:16.319
Besides the 1 in South Africa, have any of the other ones actually gotten in right in your mind 1, number 2, what would be necessary if his is going to do this to believe that they will do it right? Versus all the other flood studies before this.
143 "NYC - 36Th Floor PolyCom System" (1685546752)
00:18:16.319 --> 00:18:20.849
Well, keep in mind that no study is perfect.
144 "NYC - 36Th Floor PolyCom System" (1685546752)
00:18:20.849 --> 00:18:28.674
And that every study has some limitations, and that's a standard part of the report of a study to list those limitations.
145 "NYC - 36Th Floor PolyCom System" (1685546752)
00:18:29.064 --> 00:18:36.474
And so the way you get to the bottom of an issue, like, this is to do multiple studies with a slightly different approach.
146 "NYC - 36Th Floor PolyCom System" (1685546752)
00:18:36.863 --> 00:18:44.154
And I can tell you for sure that 1 of the most exciting possibilities of this potential research would type them.
147 "NYC - 36Th Floor PolyCom System" (1685546752)
00:18:44.429 --> 00:18:51.089
Is that they are now requiring contemporary recording of all medication to given to resources.
148 "NYC - 36Th Floor PolyCom System" (1685546752)
00:18:51.089 --> 00:19:01.199

This has never been done before and for that reason, all of the basic
studies today I've ever been able to list all of the medications given to
the resort.
149 "NYC - 36Th Floor PolyCom System" (1685546752)
00:19:01.199 --> 00:19:05.369
Uh, in in order to determine what ones that make.
150 "NYC - 36Th Floor PolyCom System" (1685546752)
00:19:05.369 --> 00:19:18.269
Can be controlled for to determine whether or not the medication is
contribute to, or to contribute to Sunday. So, the advantage of a study
done by high school is that they will have a unique database.
151 "NYC - 36Th Floor PolyCom System" (1685546752)
00:19:18.269 --> 00:19:21.774
That will include the treatment of every single resource in North
America.
152 "NYC - 36Th Floor PolyCom System" (1685546752)
00:19:22.404 --> 00:19:33.624
3rd, good resource North America and that data will be in a single
database that can be mind for information about what medications
resources are actually being given.
153 "NYC - 36Th Floor PolyCom System" (1685546752)
00:19:34.074 --> 00:19:37.764
And studies can be conducted with a control group.
154 "NYC - 36Th Floor PolyCom System" (1685546752)
00:19:38.069 --> 00:19:51.779
And a study group to get to the bottom of these issues that we're
struggling with so much. So I do believe that I set a unique opportunity
because of this database nobody's ever had access to before didn't exist.
155 "NYC - 36Th Floor PolyCom System" (1685546752)
00:19:51.779 --> 00:19:56.429
And with that database in place, I think they've got as good or a better.
156 "NYC - 36Th Floor PolyCom System" (1685546752)
00:19:56.429 --> 00:20:04.469
Of anybody doing further risk to start this out. I also think that the 3
year period that is in the statutes.
157 "NYC - 36Th Floor PolyCom System" (1685546752)
00:20:04.469 --> 00:20:15.929
For this research it completed is a reasonable 1. I don't think you can
do this kind of work in a year. I don't know that we'll even have the
data in a year, but I think at the end of a 3 year, period, we will have
enough data to do the appropriate studies.
158 "NYC - 36Th Floor PolyCom System" (1685546752)
00:20:15.929 --> 00:20:22.409
Why not for? Well, the statute says 3. so what is federal.
159 "NYC - 36Th Floor PolyCom System" (1685546752)
00:20:22.409 --> 00:20:36.504
Statues get things wrong all the time. Well, all I'm saying is what, I
have nines versus statute, right? That's the question I'm trying to ask.
Yeah. Well, yeah, for sure. Science versus session it doesn't mean that
research could take you afterwards.
160 "NYC - 36Th Floor PolyCom System" (1685546752)
00:20:36.504 --> 00:20:51.054
It just means that after the 3 year, period price is going to review that
exemption and I suppose it could be extended depend on what they've been

able to learn in the meantime. But we do have a 3 year window here to conduct important research.
161 "NYC - 36Th Floor PolyCom System" (1685546752)
00:20:51.329 --> 00:20:57.839
Without this exemption, we're not going to be able to do that. Is it your sort of opinion that this study then.
162 "NYC - 36Th Floor PolyCom System" (1685546752)
00:20:57.839 --> 00:21:01.259
Was generally inconclusive from your point of view.
163 "NYC - 36Th Floor PolyCom System" (1685546752)
00:21:01.259 --> 00:21:05.129
Oh, no, not at all. I think I, I think it's very clear.
164 "NYC - 36Th Floor PolyCom System" (1685546752)
00:21:05.129 --> 00:21:08.279
That they found an association between.
165 "NYC - 36Th Floor PolyCom System" (1685546752)
00:21:08.279 --> 00:21:16.019
lasiks and stuff now, that doesn't mean that lasiks causes sudden death but but it does mean that, as you do further research.
166 "NYC - 36Th Floor PolyCom System" (1685546752)
00:21:16.019 --> 00:21:21.989
You can use the typical technology to eliminate confounding bias in the study.
167 "NYC - 36Th Floor PolyCom System" (1685546752)
00:21:21.989 --> 00:21:36.714
And that's what we have here is some degree of compounding bias. It doesn't make this study a terrible study. It's a great study. It just means that it has certain limitations. It pointed out at least 15 risk factors that are in player. Many of them have nothing to do with medication.
168 "NYC - 36Th Floor PolyCom System" (1685546752)
00:21:37.044 --> 00:21:43.914
So it's, it's a good study. It's a very well done study and I'm not being at all critical pointing out that there are certain.
169 "NYC - 36Th Floor PolyCom System" (1685546752)
00:21:44.009 --> 00:21:52.739
Did any study and given the ones that they found these authors recommended do more recent in this area to sort this out.
170 "NYC - 36Th Floor PolyCom System" (1685546752)
00:21:52.739 --> 00:22:01.589
And now we have the ability, we will have the ability to do that better than ever before because of the databases it'll be available for.
171 "NYC - 36Th Floor PolyCom System" (1685546752)
00:22:01.589 --> 00:22:08.669
We don't have those databases now. Dr primary follow up commissioner crowding.
172 "NYC - 36Th Floor PolyCom System" (1685546752)
00:22:08.669 --> 00:22:17.549
Do we have an assurance that he's going to do these studies? Well, yes, they're directed to do them. It's part of their mandate.
173 "NYC - 36Th Floor PolyCom System" (1685546752)
00:22:18.384 --> 00:22:30.444

Federal, I want to note that the study that we're referencing, there's a copy in the back of your book. It was 1 of the studies we were waiting for when we did the lasiks panel 6 years ago, right?
174 "NYC - 36Th Floor PolyCom System" (1685546752)
00:22:31.254 --> 00:22:33.624
I thought it was, what was the 1 we're waiting for.
175 "NYC - 36Th Floor PolyCom System" (1685546752)
00:22:33.899 --> 00:22:39.959
It was 6 years ago there was another conclusive study coming out that was rendered and conclusive. Somehow.
176 "NYC - 36Th Floor PolyCom System" (1685546752)
00:22:39.959 --> 00:22:46.289
I don't recall right. Dr. Palmer. Which 1 was that? Do you remember, Peter? Do you remember.
177 "vc-sch" (215934464)
00:22:46.289 --> 00:22:59.939
I don't John. I don't, I don't remember it was quoted right that was cited as the reason right? We were definitely was inconclusive study coming out in a year too. Yes. Now no, 1 remembers it. It's worse than the fluid study.
178 "NYC - 36Th Floor PolyCom System" (1685546752)
00:22:59.939 --> 00:23:07.319
Right. So it just feels like we're back here a lot. I know there's a business angle, but excuse me.
179 "vc-sch" (215934464)
00:23:07.319 --> 00:23:20.694
The front of the chairman, but no, no, no, no tutorial free systems for 2021 mistakes. I'm happy to hear that was pasted over there from opportunity.
180 "NYC - 36Th Floor PolyCom System" (1685546752)
00:23:20.694 --> 00:23:23.333
I'm sorry gentlemen. sorry gentlemen
181 "vc-sch" (215934464)
00:23:23.579 --> 00:23:26.669
The 1.
182 "NYC - 36Th Floor PolyCom System" (1685546752)
00:23:26.669 --> 00:23:40.649
Go ahead, thank you. I, um, I actually can empathize with the chairman right now. The other good luck with the frustration.
183 "NYC - 36Th Floor PolyCom System" (1685546752)
00:23:40.649 --> 00:23:43.679
The card in 2019 I was.
184 "NYC - 36Th Floor PolyCom System" (1685546752)
00:23:43.679 --> 00:23:46.979
I assumed president and I are in 1 of my, um.
185 "NYC - 36Th Floor PolyCom System" (1685546752)
00:23:46.979 --> 00:23:52.739
Objectives was raised medication and nyra did leave the way.
186 "NYC - 36Th Floor PolyCom System" (1685546752)
00:23:52.739 --> 00:23:55.949
The current format 2 year olds.
187 "vc-sch" (215934464)
00:23:55.949 --> 00:24:01.499
That States and pushed that in the industry.

188 "NYC - 36Th Floor PolyCom System" (1685546752)
00:24:01.499 --> 00:24:06.209
We, however, my opinion is my opinion.
189 "NYC - 36Th Floor PolyCom System" (1685546752)
00:24:06.209 --> 00:24:10.019
Now, the everything's moved and there's daylight.
190 "NYC - 36Th Floor PolyCom System" (1685546752)
00:24:10.019 --> 00:24:14.489
To work this frustration, there is daylight now at the end of these 3
years, but.
191 "NYC - 36Th Floor PolyCom System" (1685546752)
00:24:14.489 --> 00:24:22.379
We need, in my opinion, we need to get the science is what they're asking
for this is what they've asked for years.
192 "NYC - 36Th Floor PolyCom System" (1685546752)
00:24:22.379 --> 00:24:30.689
So right now, unless there's the correct me if I'm wrong Joe in this.
193 "NYC - 36Th Floor PolyCom System" (1685546752)
00:24:30.689 --> 00:24:34.499
In the eyes of regulation, unless it's conclusive that.
194 "NYC - 36Th Floor PolyCom System" (1685546752)
00:24:34.499 --> 00:24:47.814
It goes back, right? So, not only do they have to do a study the board of
heights has to vote unanimously, or? I'm sorry the safety commission
interject for a 2nd, it's Joe Apple bomb.
195 "NYC - 36Th Floor PolyCom System" (1685546752)
00:24:47.814 --> 00:24:53.364
Who's the president of the New York purebred horsemen association so not
only they're going to do the study.
196 "NYC - 36Th Floor PolyCom System" (1685546752)
00:24:54.119 --> 00:25:00.659
The then the subcommittee of the board, the safety subcommittee on the
board must vote unanimously.
197 "NYC - 36Th Floor PolyCom System" (1685546752)
00:25:00.659 --> 00:25:06.899
To keep the current regulation on 5 different topics sub topics.
198 "NYC - 36Th Floor PolyCom System" (1685546752)
00:25:06.899 --> 00:25:12.539
So, there was a very high bar to keep it for 3 years from now.
199 "NYC - 36Th Floor PolyCom System" (1685546752)
00:25:12.539 --> 00:25:17.009
For 6 to remain the, what do you mean? The current regulation.
200 "NYC - 36Th Floor PolyCom System" (1685546752)
00:25:17.009 --> 00:25:21.869
So, How's this current regulation which will start on January? 1?
201 "NYC - 36Th Floor PolyCom System" (1685546752)
00:25:21.869 --> 00:25:26.549
Okay, is that there's no way.
202 "NYC - 36Th Floor PolyCom System" (1685546752)
00:25:26.549 --> 00:25:36.119
Unless the state asks for a waiver, and the waiver can only be asked for
in non 2 year old and non stakes races. So there will be no.
203 "NYC - 36Th Floor PolyCom System" (1685546752)
00:25:36.119 --> 00:25:40.019

And 2 year old races and steaks races.
204 "NYC - 36Th Floor PolyCom System" (1685546752)
00:25:40.019 --> 00:25:45.299
Anywhere in the country, they have essentially copied the rule.
205 "NYC - 36Th Floor PolyCom System" (1685546752)
00:25:45.299 --> 00:25:59.904
That nyra, Dave in particular put in place and 3 years ago he sat in this
very same conference room, asking for the commission to I don't know,
blessed to allow you to allow that express to do that.
206 "NYC - 36Th Floor PolyCom System" (1685546752)
00:25:59.904 --> 00:26:03.324
So, but for us not to pass that as part of the.
207 "NYC - 36Th Floor PolyCom System" (1685546752)
00:26:03.599 --> 00:26:07.889
Piece it was a ministerial thing. It doesn't matter. Yeah.
208 "NYC - 36Th Floor PolyCom System" (1685546752)
00:26:07.889 --> 00:26:18.899
Okay, so if some of the high support does not vote unanimously what
happens there will be no lasiks used in any race than the existing
heisser rule, which says.
209 "NYC - 36Th Floor PolyCom System" (1685546752)
00:26:18.899 --> 00:26:25.739
Correct that there would be no lasiks in any race at all period. And
that's 3 years ago.
210 "NYC - 36Th Floor PolyCom System" (1685546752)
00:26:26.424 --> 00:26:40.884
But if I can follow up Dr Palmer mix the correct point I've been at this,
I've been a fan since so, just so we know there was no lease. Excuse in
New York before 992 or 395 5. two or three ninety five five
211 "NYC - 36Th Floor PolyCom System" (1685546752)
00:26:41.159 --> 00:26:46.739
I was a fan before that, so I remember that I've been buying and racing
horses here for over 20 years.
212 "NYC - 36Th Floor PolyCom System" (1685546752)
00:26:46.739 --> 00:26:51.209
And the contentiousness around this issue has been straight through.
213 "NYC - 36Th Floor PolyCom System" (1685546752)
00:26:51.209 --> 00:26:55.829
David gave us a clear path, and the rest of the nation is followed it.
214 "NYC - 36Th Floor PolyCom System" (1685546752)
00:26:55.829 --> 00:26:59.849
I think we should be proud of that, and it seems.
215 "NYC - 36Th Floor PolyCom System" (1685546752)
00:26:59.849 --> 00:27:05.399
That we should be following that kind of have to get that uniformity.
216 "NYC - 36Th Floor PolyCom System" (1685546752)
00:27:05.399 --> 00:27:11.519
Commissioners, uh, do you have anything anybody want to ask questions?
Yeah, go ahead.
217 "vc-sch" (215934464)
00:27:11.519 --> 00:27:15.659
So, to follow up on Mr. we've had.
218 "vc-sch" (215934464)
00:27:15.659 --> 00:27:23.849

Racing without lasiks for 2 year old and in state traces for give or take about 2 years right right.
219 "vc-sch" (215934464)
00:27:23.849 --> 00:27:36.539
About that time, period do we have any idea if there's been a negative effect on those horses who have raced without lasiks would be a significant number? I would think in that 2 year period.
220 "NYC - 36Th Floor PolyCom System" (1685546752)
00:27:36.539 --> 00:27:40.919
That's a good question. I would prefer that 1 to Dr.
221 "NYC - 36Th Floor PolyCom System" (1685546752)
00:27:40.919 --> 00:27:50.939
Okay, that's thing from the doc department. Did you hear the question? All right.
222 "NYC - 36Th Floor PolyCom System" (1685546752)
00:27:50.939 --> 00:28:00.599
Not the following do we lose you when I tried out a different question and 1 thing that we did see this year was a substantial drop in the number of interest.
223 "NYC - 36Th Floor PolyCom System" (1685546752)
00:28:00.599 --> 00:28:04.229
And stakes races is there any correlation that you see.
224 "NYC - 36Th Floor PolyCom System" (1685546752)
00:28:04.229 --> 00:28:10.259
Relative to that will not every jurisdiction was under the same guidelines specifically our neighbors.
225 "NYC - 36Th Floor PolyCom System" (1685546752)
00:28:10.259 --> 00:28:24.569
In Jersey. Oh, yeah. Yeah. Did they see an uptake being in Maryland? Part of the you mentioned earlier the economic? We did a severe disadvantage if we were Rob had said that yes. During the period where we'd also be.
226 "NYC - 36Th Floor PolyCom System" (1685546752)
00:28:24.569 --> 00:28:33.479
Taking away from the study, actually a significant number of data points at the same time.
227 "NYC - 36Th Floor PolyCom System" (1685546752)
00:28:33.479 --> 00:28:44.279
For for anyone, especially any of the commissioners that are made to the commission, or at least newer from 2015, the forum that commissioner had.
228 "NYC - 36Th Floor PolyCom System" (1685546752)
00:28:44.279 --> 00:28:54.209
Discussed was on in August of 2015 and the researcher veterinary trainer owner and industry leader panels.
229 "NYC - 36Th Floor PolyCom System" (1685546752)
00:28:54.209 --> 00:28:58.439
Are all posted on our Web site in a YouTube.
230 "NYC - 36Th Floor PolyCom System" (1685546752)
00:28:58.439 --> 00:29:10.289
Apparently a lot of people that to reflect on our overall intellect to our faces, which was less Dr power you're back are you.
231 "NYC - 36Th Floor PolyCom System" (1685546752)
00:29:10.289 --> 00:29:15.539
Dr, Hello?
232 "NYC - 36Th Floor PolyCom System" (1685546752)

00:29:15.539 --> 00:29:21.059
Doctor farmer.
233 "NYC - 36Th Floor PolyCom System" (1685546752)
00:29:21.059 --> 00:29:31.709
Scott muted no, you're not muted. I'm on your.
234 "NYC - 36Th Floor PolyCom System" (1685546752)
00:29:31.709 --> 00:29:39.149
My final question while we wait for the good doctor is, uh, what it
Kentucky do.
235 "NYC - 36Th Floor PolyCom System" (1685546752)
00:29:40.404 --> 00:29:55.344
We had talked yesterday, but you would ask me specific more specific
California. Well, we would be the only state not applying for the waiver
kentucky's going to during the process of California is you said
California, they approved it on the 20th.
236 "NYC - 36Th Floor PolyCom System" (1685546752)
00:29:55.344 --> 00:29:59.904
We would literally be the only country would not be employed. employed
237 "NYC - 36Th Floor PolyCom System" (1685546752)
00:30:03.539 --> 00:30:08.579
They haven't done it yet though. Right? Kentucky.
238 "NYC - 36Th Floor PolyCom System" (1685546752)
00:30:08.579 --> 00:30:19.379
We tried looking the other day what it is, it'd be helpful, but if you're
sure they're doing it, I think that'd be my total assurance, but I will
text him. I think that'd be mostly anyway.
239 "NYC - 36Th Floor PolyCom System" (1685546752)
00:30:19.379 --> 00:30:27.179
But other states have, California is Florida, and in some ways, most
important to us.
240 "NYC - 36Th Floor PolyCom System" (1685546752)
00:30:27.179 --> 00:30:33.389
Uh, New Jersey, Maryland, Pennsylvania steel horses yeah. Yeah.
241 "NYC - 36Th Floor PolyCom System" (1685546752)
00:30:33.389 --> 00:30:36.959
Okay.
242 "NYC - 36Th Floor PolyCom System" (1685546752)
00:30:40.109 --> 00:30:48.239
Hello.
243 "NYC - 36Th Floor PolyCom System" (1685546752)
00:30:48.239 --> 00:30:57.539
Hold on totally. Hey, you're back end.
244 "NYC - 36Th Floor PolyCom System" (1685546752)
00:30:57.539 --> 00:31:08.129
There's a lot of standing outside the door can I can then leave at the
table.
245 "NYC - 36Th Floor PolyCom System" (1685546752)
00:31:10.404 --> 00:31:23.394
It's great to see you in the flesh. 3 hours is not long enough. We
couldn't make good money to defend anyone. Say who was later me.
246 "NYC - 36Th Floor PolyCom System" (1685546752)
00:31:23.394 --> 00:31:28.224
Are you there was a question.
247 "NYC - 36Th Floor PolyCom System" (1685546752)

00:31:28.469 --> 00:31:33.959
On the floor from from your conditioner, you want to status.
248 "vc-sch" (215934464)
00:31:33.959 --> 00:31:38.489
Dr. Palmer how are you? Good to see you again.
249 "vc-sch" (215934464)
00:31:38.489 --> 00:31:46.079
Good to see you Peter. I had asked in light of the fact that you had
almost 2 years.
250 "vc-sch" (215934464)
00:31:46.079 --> 00:32:00.629
Of racing for 2 year olds and in staging versus instinct races no laces.
Right. lasiks free racing. Whether there's been any indication that
there's a negative factor. There was a negative effect on the.
251 "NYC - 36Th Floor PolyCom System" (1685546752)
00:32:00.629 --> 00:32:14.369
That race without lasiks that 2 year period? No, there's there is no
evidence of at least any kind of significant or widespread negative
effect on the 2 year old.
252 "vc-sch" (215934464)
00:32:14.369 --> 00:32:18.059
No, and and the stakes races, the same.
253 "NYC - 36Th Floor PolyCom System" (1685546752)
00:32:18.059 --> 00:32:21.539
The same.
254 "vc-sch" (215934464)
00:32:21.539 --> 00:32:27.719
Seemed to me, that's pretty good evidence, although in 2 years might be a
limited period of time.
255 "vc-sch" (215934464)
00:32:27.719 --> 00:32:31.529
That versus do all right when they raised without.
256 "NYC - 36Th Floor PolyCom System" (1685546752)
00:32:31.529 --> 00:32:36.029
Yeah, I would agree. That's that's a accurate statement.
257 "vc-sch" (215934464)
00:32:36.029 --> 00:32:41.489
From what we've seen so far, so are we factoring that in in our decision.
258 "vc-sch" (215934464)
00:32:41.489 --> 00:32:50.609
To seek an exemption because of course, we have had this discussion is
we've all indicated for years right? Going back and forth.
259 "vc-sch" (215934464)
00:32:50.609 --> 00:32:54.569
Uh, about trying to, and I think the effort has been.
260 "vc-sch" (215934464)
00:32:54.569 --> 00:32:57.959
And I think Mr. should be commended for this.
261 "vc-sch" (215934464)
00:32:57.959 --> 00:33:01.919
To remove race day drugging of horses, right?
262 "vc-sch" (215934464)
00:33:01.919 --> 00:33:12.359

So, what an opportunity New York has now, this is going to implement in
January this rule that would eliminate.
263 "vc-sch" (215934464)
00:33:12.359 --> 00:33:19.139
So, I guess my question is, are we, are we factoring in your
recommendations factoring in what has happened.
264 "vc-sch" (215934464)
00:33:19.139 --> 00:33:25.319
The last 2 years, New York kind of led the way thanks to.
265 "vc-sch" (215934464)
00:33:25.319 --> 00:33:33.899
With racing horses without basics, it was a great opportunity to see what
would happen. It appears that nothing bad has happened. Right?
266 "NYC - 36Th Floor PolyCom System" (1685546752)
00:33:33.899 --> 00:33:38.459
Well, I think if we were operating in a vacuum, that would be accurate.
267 "NYC - 36Th Floor PolyCom System" (1685546752)
00:33:38.459 --> 00:33:48.149
You know, though that we're not operating in a vacuum, I think that 1 of
the, I've only spoken thus far about the medical study that was recently
conducted.
268 "NYC - 36Th Floor PolyCom System" (1685546752)
00:33:48.149 --> 00:33:55.259
But I think that when you take other factors into consideration, like,
the opportunity to do a nationwide research study.
269 "NYC - 36Th Floor PolyCom System" (1685546752)
00:33:55.259 --> 00:34:02.369
If we don't get this exemption, we're going to be excluded from that.
Also there are significant.
270 "NYC - 36Th Floor PolyCom System" (1685546752)
00:34:02.369 --> 00:34:08.069
Issues with the business model in New York versus the other mid Atlantic
States.
271 "NYC - 36Th Floor PolyCom System" (1685546752)
00:34:08.069 --> 00:34:13.949
And that there are other minute Atlantic states that have request this
exemption, New York and Pennsylvania in particular.
272 "NYC - 36Th Floor PolyCom System" (1685546752)
00:34:13.949 --> 00:34:18.749
And I think that consistency in a region is really, really important 1 of
the goals.
273 "NYC - 36Th Floor PolyCom System" (1685546752)
00:34:18.749 --> 00:34:22.529
Of the entire hybrid program is national uniformity.
274 "NYC - 36Th Floor PolyCom System" (1685546752)
00:34:22.529 --> 00:34:27.989
And I think that, uh, in this particular instance, the.
275 "NYC - 36Th Floor PolyCom System" (1685546752)
00:34:27.989 --> 00:34:37.079
Best approach is to take this 3 year exemption and participate in the
studies that we can accomplish and not compromise that in the same time,
it represents a level playing field.
276 "NYC - 36Th Floor PolyCom System" (1685546752)
00:34:37.079 --> 00:34:50.879

In the mid Atlantic region for horses to continue to race in these categories where lasiks can be administered. So I think that, uh, on balance, I would support seeking the exemption for reasons other than this recent study that we've just done.

277 "NYC - 36Th Floor PolyCom System" (1685546752)
00:34:50.879 --> 00:34:57.689
But because I do believe that we have a unique opportunity in front of us that the risk benefit ratio.

278 "NYC - 36Th Floor PolyCom System" (1685546752)
00:34:57.689 --> 00:35:07.319
Of allowing the lasiks versus the harm that could come from it to me, is is not significant. I think the value is great and the risk is minimal.

279 "vc-sch" (215934464)
00:35:07.319 --> 00:35:13.949
And I appreciate that, but I guess my question was, uh, you know.

280 "vc-sch" (215934464)
00:35:13.949 --> 00:35:26.069
Are we factor in what has happened in New York? We did our own through nyra our own experiment, right? We ran horses without lasiks and random a number of times 2 year olds and state races.

281 "vc-sch" (215934464)
00:35:26.069 --> 00:35:31.469
And the result was that we don't have any indication that it had a negative effect on the horses.

282 "vc-sch" (215934464)
00:35:31.469 --> 00:35:38.459
So, are we not are we factoring that in? I don't know what you mean when you know, it would be. Okay.

283 "NYC - 36Th Floor PolyCom System" (1685546752)
00:35:38.459 --> 00:35:44.969
But it's in a vacuum I don't know what that means. That means is I don't know what you mean by that.

284 "NYC - 36Th Floor PolyCom System" (1685546752)
00:35:44.969 --> 00:35:50.219
What I mean by that, is that the, when when you were making this decision, we don't make the decision.

285 "NYC - 36Th Floor PolyCom System" (1685546752)
00:35:50.219 --> 00:35:53.669
Only on what has happened here in New York.

286 "NYC - 36Th Floor PolyCom System" (1685546752)
00:35:53.669 --> 00:35:59.129
I mean, I think the implications of what happens here in New York are profound.

287 "NYC - 36Th Floor PolyCom System" (1685546752)
00:35:59.129 --> 00:36:05.069
In terms of the impact on horse racing in New York and neighboring states.

288 "NYC - 36Th Floor PolyCom System" (1685546752)
00:36:05.069 --> 00:36:09.569
And I think that all those factors have to be taken into consideration and you're making this kind of a decision.

289 "NYC - 36Th Floor PolyCom System" (1685546752)
00:36:09.569 --> 00:36:15.089
To talk to the commission is well able to determine.

290 "NYC - 36Th Floor PolyCom System" (1685546752)
00:36:15.089 --> 00:36:21.059
The competitive nature and factor that in I'm not asking you that are the
commissioners.
291 "NYC - 36Th Floor PolyCom System" (1685546752)
00:36:21.059 --> 00:36:24.869
We were asking for your medical advice and medical opinion.
292 "NYC - 36Th Floor PolyCom System" (1685546752)
00:36:24.869 --> 00:36:36.809
Not your opinion on the on the structure of of racing I would appreciate
if you would confirm confine your opinion to that. Sure. My medical
opinion is that there are.
293 "NYC - 36Th Floor PolyCom System" (1685546752)
00:36:36.809 --> 00:36:41.339
Many advantages to asking for this exemption for the benefit of the
horse.
294 "NYC - 36Th Floor PolyCom System" (1685546752)
00:36:41.339 --> 00:36:45.509
Go far beyond the issue of New York racing.
295 "NYC - 36Th Floor PolyCom System" (1685546752)
00:36:45.509 --> 00:36:49.799
And I think that we should participate in a.
296 "NYC - 36Th Floor PolyCom System" (1685546752)
00:36:49.799 --> 00:36:53.189
Commissioners anybody else can you hear me?
297 "NYC - 36Th Floor PolyCom System" (1685546752)
00:36:53.189 --> 00:37:02.579
It might be nice as history goes along and they actually go forward and
start doing this. If you could opine perhaps.
298 "NYC - 36Th Floor PolyCom System" (1685546752)
00:37:02.579 --> 00:37:14.279
Preemptively on what they said, they're gonna do the strategy in the
methodology. It'd be better to know there was an issue with the study
ahead of it before versus after it.
299 "NYC - 36Th Floor PolyCom System" (1685546752)
00:37:14.279 --> 00:37:27.059
In 1 of these studies by accident has to be conclusive. Right? Well, I
mean, they all seem to have this Florida that everyone says oh, well, you
can't look at that. You can't look at this. But, I mean, the trend is is
pretty clear overall. It just.
300 "NYC - 36Th Floor PolyCom System" (1685546752)
00:37:27.059 --> 00:37:32.579
I understand your point that as a single variable, it might be harder to
isolate, but.
301 "NYC - 36Th Floor PolyCom System" (1685546752)
00:37:33.354 --> 00:37:47.334
The trend does, will seem to be pointing 1 way, doesn't it? I think that
there is a trend going in a good direction that way. Yeah, but also
thinks that science I disagree with you when you say that these studies
are not helping every study helps a lot. I disagree too.
302 "NYC - 36Th Floor PolyCom System" (1685546752)
00:37:47.334 --> 00:37:55.554

I think that they are helpful. I think they're somewhat pointing to what you're the expert and you're saying, well, there's some issues with what's going on with this study.
303 "NYC - 36Th Floor PolyCom System" (1685546752)
00:37:55.799 --> 00:38:06.509
I don't want to put words in your mouth, but it seems like you're saying that study was an isolated by itself. So it was harder to sort of say that it was conclusive because there was other factors as part of it study design.
304 "NYC - 36Th Floor PolyCom System" (1685546752)
00:38:06.509 --> 00:38:10.049
It's a study design, it's difficult to accomplish in horse racing.
305 "NYC - 36Th Floor PolyCom System" (1685546752)
00:38:10.494 --> 00:38:18.744
You know, and a controlled study, you you test a variable like, and you give it to somewhere so you don't give it to others and then you follow them forward and see what happens to them.
306 "NYC - 36Th Floor PolyCom System" (1685546752)
00:38:19.224 --> 00:38:28.884
And it's, that's been a very difficult thing to accomplish because of regulatory issues and because of horsemen concerns and animal welfare issues.
307 "NYC - 36Th Floor PolyCom System" (1685546752)
00:38:29.130 --> 00:38:32.760
The license issue is an issue of competing truth.
308 "NYC - 36Th Floor PolyCom System" (1685546752)
00:38:32.760 --> 00:38:38.280
And a competing truths are tough things to deal with. There's no right or wrong about this.
309 "NYC - 36Th Floor PolyCom System" (1685546752)
00:38:38.280 --> 00:38:47.190
Commission assurance thing you have it. Okay. Thank you. Miss your screen. I think we're ready to to vote.
310 "NYC - 36Th Floor PolyCom System" (1685546752)
00:38:47.190 --> 00:38:57.660
What I would suggest, because I think everybody wants to quote it, I will have a call it for a vote and then I will ask commissioners.
311 "NYC - 36Th Floor PolyCom System" (1685546752)
00:38:57.660 --> 00:39:03.660
If they care to to explain that, is that okay with everybody.
312 "NYC - 36Th Floor PolyCom System" (1685546752)
00:39:03.660 --> 00:39:09.900
Sure, yeah, yes. Okay. Yep. All right at that point in time.
313 "NYC - 36Th Floor PolyCom System" (1685546752)
00:39:09.900 --> 00:39:14.100
The motion is in front of us.
314 "NYC - 36Th Floor PolyCom System" (1685546752)
00:39:14.100 --> 00:39:18.000
Where are we.
315 "NYC - 36Th Floor PolyCom System" (1685546752)
00:39:18.000 --> 00:39:27.180
The motion is to authorize staff to submit an exemption request. Sorry continued use.
316 "NYC - 36Th Floor PolyCom System" (1685546752)

00:39:27.180 --> 00:39:32.460
Well, how am I supposed to say? Well.
317 "NYC - 36Th Floor PolyCom System" (1685546752)
00:39:32.460 --> 00:39:43.470
All right, which is a much easier word than in horses, other than 2 year old covered horses or covered horse races and stay graces. You have a 2nd.
318 "NYC - 36Th Floor PolyCom System" (1685546752)
00:39:43.470 --> 00:39:47.880
I don't have the 1st, 1 I have a motion, so we'll have a 2nd.
319 "NYC - 36Th Floor PolyCom System" (1685546752)
00:39:47.880 --> 00:39:52.470
2nd, in favor aye.
320 "NYC - 36Th Floor PolyCom System" (1685546752)
00:39:54.240 --> 00:39:57.300
I didn't hear the.
321 "NYC - 36Th Floor PolyCom System" (1685546752)
00:39:58.105 --> 00:40:07.135
Bye alright. Okay. Right now, does anyone want to explain the commission of Friday? I know it does.
322 "NYC - 36Th Floor PolyCom System" (1685546752)
00:40:07.765 --> 00:40:19.045
Well, I mean, I don't really want to and I think I've laid out some of the sort of issues that I think are here. You know, neither is Joe's opinion. Is is.
323 "NYC - 36Th Floor PolyCom System" (1685546752)
00:40:19.140 --> 00:40:29.490
Consequential here, we did attack this the last time. I thought the outcome was good to have a lot of credibility as it relates to what the steps forward to achieve a better version of just always had.
324 "NYC - 36Th Floor PolyCom System" (1685546752)
00:40:29.490 --> 00:40:42.150
An issue with what goes on with, I mean, later came back from Hong Kong later, and he went through the thing this morning handled in all of North America by itself.
325 "NYC - 36Th Floor PolyCom System" (1685546752)
00:40:42.150 --> 00:40:55.555
In about a 3rd of the days, and they have very strict policies on basic. So, from that business perspective, it's hard to rationalize why this is useful, but we're in a big system. It's a conglomeration of states and different interests.
326 "NYC - 36Th Floor PolyCom System" (1685546752)
00:40:55.555 --> 00:41:07.525
So, if this is the way to sort of achieve a better outcome, it seems like a reasonable thing to sort of move forward with. But there are reservations. They have a bill, you have to exempt out of something you're trying to get to.
327 "NYC - 36Th Floor PolyCom System" (1685546752)
00:41:07.525 --> 00:41:11.935
It seems like an odd construction, but if that's where we're going, that's where we're.
328 "NYC - 36Th Floor PolyCom System" (1685546752)
00:41:12.630 --> 00:41:16.230
Okay, anybody else? No.

329 "NYC - 36Th Floor PolyCom System" (1685546752)
00:41:16.230 --> 00:41:27.120
I I would like to say that I do this with great. I'm not convinced about any of this. However.
330 "NYC - 36Th Floor PolyCom System" (1685546752)
00:41:27.120 --> 00:41:38.850
I've learned that in my life that you have to rely on the experts and the doctor Palmer is our expert and has asked us to.
331 "NYC - 36Th Floor PolyCom System" (1685546752)
00:41:39.655 --> 00:41:53.935
Do this my doctor is in foreign languages not terribly helpful under the circumstances as you're talking to. Mr. Ron. So I'm unless you are telling the Mr. right?
332 "NYC - 36Th Floor PolyCom System" (1685546752)
00:41:55.194 --> 00:42:04.045
So, I need to rely on on medical opinion. And reluctantly I have voted yes. On this motion.
333 "NYC - 36Th Floor PolyCom System" (1685546752)
00:42:04.620 --> 00:42:15.930
All right, and perhaps Mr chairman to your point, we should ask for an update in a year or so for now, let's just see where the report is to see what's going on. It'd be interesting to know if we're not.
334 "NYC - 36Th Floor PolyCom System" (1685546752)
00:42:15.930 --> 00:42:25.020
So, at the end of the 3 years ago, well, what happened there does the methodology makes sense either methodology. I know we can't weigh in on it, but I would like to see.
335 "NYC - 36Th Floor PolyCom System" (1685546752)
00:42:25.020 --> 00:42:29.580
What types of questions and how it's how it's being structured.
336 "NYC - 36Th Floor PolyCom System" (1685546752)
00:42:29.580 --> 00:42:36.150
I can convey that information to members of high so that I'm comfortable talking about. I think we can get that done.
337 "vc-sch" (215934464)
00:42:36.150 --> 00:42:41.730
I agree. I think I appreciate that. Dr. Palmer. I think I think everybody would agree on that point.
338 "vc-sch" (215934464)
00:42:41.730 --> 00:42:46.500
That I think we'd all like to see something ahead of 3 years. Absolutely.
339 "NYC - 36Th Floor PolyCom System" (1685546752)
00:42:48.000 --> 00:42:52.170
I would ask doctor Palmer to come back to us in a year.
340 "NYC - 36Th Floor PolyCom System" (1685546752)
00:42:52.170 --> 00:42:56.490
With a full report on, on on the study and where it's at.
341 "NYC - 36Th Floor PolyCom System" (1685546752)
00:42:56.490 --> 00:43:01.320
And and the methodology yeah, that'd be great. Thank you.
342 "NYC - 36Th Floor PolyCom System" (1685546752)
00:43:01.320 --> 00:43:05.970
All right the next item.
343 "NYC - 36Th Floor PolyCom System" (1685546752)

00:43:05.970 --> 00:43:16.140
More less controversial Dr video conferencing.
344 "NYC - 36Th Floor PolyCom System" (1685546752)
00:43:16.140 --> 00:43:30.655
For commission consideration is a resolution that would allow for the use
of video conferencing to conduct open meetings under extraordinary
circumstances. On April 9th, 2022 governor Kathy vehicle signed chapter
56 of the laws in 2022 relating to the New York state budget for the 2022
2023 state.
345 "NYC - 36Th Floor PolyCom System" (1685546752)
00:43:30.655 --> 00:43:42.865
Fiscal year included in the bill at part W. W. was an amendment to the
open meetings law the amendment was intended to expand. at part w w was
an amendment to the open meetings law the amendment was intended to
expand
346 "NYC - 36Th Floor PolyCom System" (1685546752)
00:43:43.170 --> 00:43:47.760
In extraordinary circumstances, only the ability of public bodies to
meet.
347 "NYC - 36Th Floor PolyCom System" (1685546752)
00:43:47.965 --> 00:43:59.125
Using remote access technology, the committee on open government has
advised that each public body that wishes to allow for remote attendance
by its members locations that do not allow for,
348 "NYC - 36Th Floor PolyCom System" (1685546752)
00:43:59.125 --> 00:44:05.365
in person physical attendance by the public must adopt a resolution
authorizing such remote attendance.
349 "NYC - 36Th Floor PolyCom System" (1685546752)
00:44:05.460 --> 00:44:12.270
And must establish written procedures that set forth what they determined
to be, quote extraordinary circumstances quote.
350 "NYC - 36Th Floor PolyCom System" (1685546752)
00:44:12.270 --> 00:44:18.240
The open meetings law includes a nonexistent exhaustive list of examples.
351 "NYC - 36Th Floor PolyCom System" (1685546752)
00:44:18.240 --> 00:44:22.770
Of such circumstances, including disability illness.
352 "NYC - 36Th Floor PolyCom System" (1685546752)
00:44:22.770 --> 00:44:31.590
Caregiving responsibilities or any other significant or unexpected factor
event, which precludes the member's physical attendance at such meeting.
353 "NYC - 36Th Floor PolyCom System" (1685546752)
00:44:31.590 --> 00:44:36.840
The committee on open government established a model resolution to guide
agency consideration.
354 "NYC - 36Th Floor PolyCom System" (1685546752)
00:44:36.840 --> 00:44:40.680
The proposed commission resolution faithfully tracks.
355 "NYC - 36Th Floor PolyCom System" (1685546752)
00:44:40.680 --> 00:44:48.330
That model written procedures, consistent with the committee on open.
Government's model will be created as well.
356 "NYC - 36Th Floor PolyCom System" (1685546752)

00:44:48.330 --> 00:44:53.100
Open meeting law 103.
357 "NYC - 36Th Floor PolyCom System" (1685546752)
00:44:53.100 --> 00:45:01.830
Yes, a 2 way requires a public body to consider adoption such resolution
following a public hearing.
358 "NYC - 36Th Floor PolyCom System" (1685546752)
00:45:01.830 --> 00:45:05.100
For the purposes of satisfying that requirement.
359 "NYC - 36Th Floor PolyCom System" (1685546752)
00:45:05.100 --> 00:45:09.990
I hear by declare this section today's meeting in session.
360 "NYC - 36Th Floor PolyCom System" (1685546752)
00:45:09.990 --> 00:45:14.580
As a public hearing for the purpose of receiving public comment.
361 "NYC - 36Th Floor PolyCom System" (1685546752)
00:45:14.580 --> 00:45:18.540
On the proposed resolution to allow members.
362 "NYC - 36Th Floor PolyCom System" (1685546752)
00:45:18.540 --> 00:45:24.120
To attend commission means video conferencing, under extraordinary sense.
363 "NYC - 36Th Floor PolyCom System" (1685546752)
00:45:24.120 --> 00:45:29.070
May I have a motion to commence the public hearing?
364 "NYC - 36Th Floor PolyCom System" (1685546752)
00:45:29.070 --> 00:45:34.440
Any discussions in favor aye opposed.
365 "NYC - 36Th Floor PolyCom System" (1685546752)
00:45:34.440 --> 00:45:48.180
We are in a public hearing session. Now are there any members of the
public that wish to address? I'll wait for another 20 minutes.
366 "NYC - 36Th Floor PolyCom System" (1685546752)
00:45:49.795 --> 00:46:03.985
Hearing have none may have a motion to close the public hearing oppose
before it's a resolution that was authorized members commission meeting
video conferencing under extraordinary circumstances.
367 "NYC - 36Th Floor PolyCom System" (1685546752)
00:46:04.470 --> 00:46:09.450
Any questions they have a motion to adopt, so.
368 "NYC - 36Th Floor PolyCom System" (1685546752)
00:46:09.450 --> 00:46:16.470
Any discussion hearing none in favor aye. Aye. Aye.
369 "NYC - 36Th Floor PolyCom System" (1685546752)
00:46:16.470 --> 00:46:20.730
None, the motion is.
370 "NYC - 36Th Floor PolyCom System" (1685546752)
00:46:20.730 --> 00:46:24.570
Uh, new.
371 "NYC - 36Th Floor PolyCom System" (1685546752)
00:46:24.570 --> 00:46:35.460
Every business, um, the breeders cup is of pallets Mr. chairman. It is.
We have any New York breads. We care about.
372 "NYC - 36Th Floor PolyCom System" (1685546752)
00:46:35.460 --> 00:46:40.020

Ah.
373 "NYC - 36Th Floor PolyCom System" (1685546752)
00:46:40.020 --> 00:46:43.470
The 1st thing, like learning, learning.
374 "NYC - 36Th Floor PolyCom System" (1685546752)
00:46:43.470 --> 00:46:50.910
Who is running a classic mile, right? Yeah.
375 "vc-sch" (215934464)
00:46:50.910 --> 00:46:59.695
Yea, yea,
376 "vc-sch" (215934464)
00:47:02.305 --> 00:47:07.555
I didn't want to give the commissioners on a few things that I've been
working on.
377 "NYC - 36Th Floor PolyCom System" (1685546752)
00:47:10.495 --> 00:47:24.865
The governor has graciously appointed me as chair of the 2 funds, and I
have been the meeting of 1 and we've both obviously the, the.
378 "vc-sch" (215934464)
00:47:25.140 --> 00:47:29.730
There's a lot of.
379 "NYC - 36Th Floor PolyCom System" (1685546752)
00:47:29.730 --> 00:47:39.090
Concerned that the number of horses being bred in New York is going down
bears being bred. The breeding is not going as well as it ought to be.
380 "NYC - 36Th Floor PolyCom System" (1685546752)
00:47:39.090 --> 00:47:44.220
I am asking both funds in the future to come up with.
381 "NYC - 36Th Floor PolyCom System" (1685546752)
00:47:44.220 --> 00:47:50.580
New and exciting proposals for us to look at because obviously.
382 "NYC - 36Th Floor PolyCom System" (1685546752)
00:47:50.580 --> 00:47:54.480
To continue what we're doing is not is not what we should be doing.
383 "NYC - 36Th Floor PolyCom System" (1685546752)
00:47:54.480 --> 00:48:00.360
Considering that, obviously things are not going as well as they ought to
be. Um.
384 "NYC - 36Th Floor PolyCom System" (1685546752)
00:48:00.360 --> 00:48:04.830
We give the commissioners some.
385 "NYC - 36Th Floor PolyCom System" (1685546752)
00:48:04.830 --> 00:48:10.260
Weren't on the, some of you may have heard that we, we have a.
386 "NYC - 36Th Floor PolyCom System" (1685546752)
00:48:10.260 --> 00:48:13.500
A proposal for 3, new casinos.
387 "NYC - 36Th Floor PolyCom System" (1685546752)
00:48:13.500 --> 00:48:20.550
And I know that the staff is working with the siding commission.
388 "NYC - 36Th Floor PolyCom System" (1685546752)
00:48:20.550 --> 00:48:32.310
To propose new, which is a due by January new request for information
that will.

389 "NYC - 36Th Floor PolyCom System" (1685546752)
00:48:32.335 --> 00:48:46.525
Go out, shortly thereafter, I'm working with them and I, as I said, I
think, you know, are really excellent staff under Mr. Williams who are
are in the middle of, of doing that.
390 "NYC - 36Th Floor PolyCom System" (1685546752)
00:48:46.525 --> 00:48:48.415
And I think we'll will be on time.
391 "NYC - 36Th Floor PolyCom System" (1685546752)
00:48:48.690 --> 00:48:53.730
For that as as well, um.
392 "NYC - 36Th Floor PolyCom System" (1685546752)
00:48:53.730 --> 00:48:56.850
Again, there's been a lot of discussion.
393 "NYC - 36Th Floor PolyCom System" (1685546752)
00:48:56.850 --> 00:49:11.460
We've all seen it, the press about some people having a leg up or that
being favored or anything. I can assure the commissioners and the general
public that nothing could be further from the truth. That's the.
394 "NYC - 36Th Floor PolyCom System" (1685546752)
00:49:11.460 --> 00:49:16.020
That this is gonna be in the hands of the siding commission.
395 "NYC - 36Th Floor PolyCom System" (1685546752)
00:49:16.020 --> 00:49:21.660
Neither the governor's office, nor anybody has put any pressure on us or
them.
396 "NYC - 36Th Floor PolyCom System" (1685546752)
00:49:21.660 --> 00:49:27.000
To come with any specific CIO or licensing.
397 "NYC - 36Th Floor PolyCom System" (1685546752)
00:49:27.000 --> 00:49:34.440
On the contrary, everybody has been told that this is going to be a fair
and open process and and it will be.
398 "NYC - 36Th Floor PolyCom System" (1685546752)
00:49:34.440 --> 00:49:39.210
Finally, I have asked.
399 "NYC - 36Th Floor PolyCom System" (1685546752)
00:49:39.210 --> 00:49:48.270
Beginning with our January meeting Mr. Williams, our executive director
to start the meeting with a brief.
400 "NYC - 36Th Floor PolyCom System" (1685546752)
00:49:48.270 --> 00:49:52.590
Report to the commissioners on the activities of the staff.
401 "NYC - 36Th Floor PolyCom System" (1685546752)
00:49:52.590 --> 00:50:03.660
In in the following before the meeting, and in particular where there are
issues that are coming before the board for us to see the board for the
specific.
402 "NYC - 36Th Floor PolyCom System" (1685546752)
00:50:03.660 --> 00:50:06.750
Individuals department heads.
403 "NYC - 36Th Floor PolyCom System" (1685546752)
00:50:06.750 --> 00:50:18.870

To bring it before that we can see them and they can see us and their their work be recognized. Thank you. And I, thank Mr. Williams and the staff for.
404 "NYC - 36Th Floor PolyCom System" (1685546752)
00:50:18.870 --> 00:50:25.560
Um, they're extensive education to a brand new commissioner.
405 "NYC - 36Th Floor PolyCom System" (1685546752)
00:50:25.560 --> 00:50:31.410
And begged their intelligence, I hope to be here many years. I won't have to.
406 "NYC - 36Th Floor PolyCom System" (1685546752)
00:50:31.410 --> 00:50:38.970
They won't have to repeat this over and over again. So I, thank you all and thanks. The commissioner is for.
407 "NYC - 36Th Floor PolyCom System" (1685546752)
00:50:38.970 --> 00:50:48.240
For their progress in coming to this meeting that, unless I hear anything more, I'll get a motion to adjourn.
408 "NYC - 36Th Floor PolyCom System" (1685546752)
00:50:48.240 --> 00:50:53.250
So moved.
409 "NYC - 36Th Floor PolyCom System" (1685546752)
00:50:53.250 --> 00:50:54.492
Hello.
