

This report must be completed for each quarter during the calendar year in which the license is effective. Typically, a bell jar license is granted for the full calendar year (January 1st through December 31st) but there are occasions when a license is issued during the year. For example, St. Mary's receives a bell jar license on May 15 and sells tickets for 3 days at a bazaar in early June. The bell jar license is in effect from May 15th to December 31st of that year, so they must file a report for the 2nd quarter to report the activity at the bazaar including filing reports for the 3rd and 4th quarters. If no deals were sold in the 3rd and 4th quarters, St. Mary's must complete the report and indicate all zeros in Section A (**Quarterly Proceeds**) and Section B (**Net Profit or Loss**).

Note: Schedule 1 is to be completed prior to filling out the GC-7Q report.
