FISCAL YEAR 2016 BUDGET MESSAGE

JUNE 16, 2015

The Board of County Commissioners is hereby presenting the Garrett County Government Fiscal Year 2016 budget. The Total Operating and Capital Budget is \$74,912,249 compared to the Original Fiscal Year 2015 which was \$71,835,856. After an adjustment for the transfer of funds from the assigned fund balance, Fiscal Year 2016 Operating and Capital Budget is \$1.5 million greater than Fiscal Year 2015. FY 2015's budget was approved using almost \$1.7 million from reserves with \$0 allocated toward capital, thus resulting in a structural deficit of \$1.7 million. The increase in \$1.5 million of revenue in addition to the decrease in expenditures aids in the elimination of the County's structural deficit from the prior year. The real property tax rate of \$0.99 will not be changed and has been set at this level since Fiscal Year 1997.

Original requested operating and capital expenses were in excess of projected revenue by \$8.3 million. Knowing that estimated revenue would be limited, early in the budget review process, the Board informed all County departments, component units, and agencies to submit an operating expense budget 1% less than their Fiscal Year 2015. In addition, an Employee Voluntary Retirement Incentive Plan proved successful with 16 employees accepting the incentive. After interdepartmental transfers, total County Government employment was reduced from 347 to 333.5 employees. These two measures assisted with reducing operating expenses by \$1.5 million. Capital project and small equipment expenditures were reduced from a requested combined total of \$8.0 to \$4.2 million of which \$2.6 million will be transferred from the assigned capital reserves. The final budget was balanced by transferring \$600,000 from the Garrett County Health Care Trust to reduce the cost of employee health care benefits. These are all wise decisions, but we must look at future fiscal year budget forecasting and plan accordingly.

Public transportation remains a priority for this Board. Fiscal Year 2015 did not include any capital funding for the Department of Public Works-Roads Division. To adequately maintain almost 700 miles of County roadways, the Department was appropriated \$1.15 million for vehicles, equipment, and bridge construction for Fiscal Year 2016. Another priority for this Board of County Commissioners is public education, thus funding for the Garrett County Public School System was set at \$257,512 over the State of Maryland Required Maintenance of Effort. Funding has also been approved for financial software for the Department of Financial Services, the Public School System, and Garrett College.

The Board conducted a number of administrative budget work sessions with the County Administrator and the Director of the Department of Financial Services. In addition, a budget informational meeting was conducted on June 9 to solicit public input and answer questions. The Budget was placed online for public examination and updated to reflect approved changes throughout the process. We believe that the message that was presented for Fiscal Year 2016 and future budget years makes it very evident that prudent financial management will be required to operate efficiently and effectively. As planning for Fiscal Year 2017 Budget commences, the County will again face challenging decisions knowing that projected revenue will be well short of total expenditures.

The Board of County Commissioners remains committed to keeping the tax rate at a responsible level, while prioritizing available funds to provide the core and ancillary public services that our residents and visitors expect
Sincerely,

Paul C. Edwards, Chairman
James C. Hinebaugh, Jr.
S. Larry Tichnell

The Board of Garrett County Commissioners
203 South Fourth Street
Court House
Oakland, Maryland 21550

Dear Chairman Edwards, Commissioner Hinebaugh, and Commissioner Tichnell,

Since you all took office in December of 2014 you have been mindful that Fiscal Year 2016 would be a time when available funding and revenue would continue to decline or reflect insignificant growth. You have finalized a budget for Fiscal Year 2016 that was based on recommendations from Department of Financial Services leadership and have pursued funding strategies that assure that Garrett County Government remains solvent while providing quality public services without a structural deficit. Complex decisions had to be made in order to arrive at a balanced budget - a budget that all departments and agencies must operate within, a budget that is affordable for the citizens of Garrett County, and a budget that will provide essential public services efficiently, cost effectively, and without a reduction in hours of operation or level-of-service. I can confirm on your behalf to any inquiries that you have been able to accomplish this goal and I commend you for this.

The Board of County Commissioners and every County Government employee must be realistic about the challenges we face while remaining optimistic about our solutions. Garrett County Government must continue to make knowledgeable decisions based on actual and practical trends. It is through long hours of budget deliberations where we as a local government will demonstrate that we are prepared to make difficult decisions that lay the foundation for future economic growth. The decisions we as a county face are not easy and the solutions that are approved will necessitate cooperation and understanding. However, the benefit of finally making these complex decisions will help us work with a budget in a way that creates a long-term, structurally sound financial plan. If we are going to move Garrett County forward, we have to agree that we no longer can afford to rely on past successes and short-term fixes that only compound problems and may lead to ongoing financial uncertainty.

Certainly we have many challenges, but these challenges can as easily be seen as opportunities - opportunities to continue to reduce government and to increase flexibility to ensure that all sectors of County Government contribute equally with a goal that the entire County benefits. There must be an understanding that the availability of revenue is limited and all essential funding areas of this government - public works, public health, public education, economic development, public safety, public service, and general government - require a justifiable proportion of actual funds. No area of public service is more important than another and there must be balance and unity. I am confident that we can meet the challenges of today and capitalize on the opportunities of tomorrow. I know the opportunities far outweigh the challenges.

The completion and approval of this budget is a reflection of our high performance benchmark - a benchmark to which all of us strive and will continue to strive over the years ahead. Under the capable and proficient management of Scott Weeks, Director, Department of Financial Services, the County is again positioned to provide assertive solid financial practices in Fiscal Year 2016 and beyond.

I am confident Garrett County Government will be successful in discharging its obligations to the public and will continue to provide a high level of quality public services. Again, compromise, mutual respect, and cooperation are essential and must be our focus and standard practice.

My plans to retire from Garrett County Government are now final. There is never a perfect time for this transition, but now is the right time. This is a time of important transformation for Garrett County Government. Our senior leadership team is very talented and the strategies they have engendered are undoubtedly first class. I am proud of what we have achieved over the past 20 years and I look back and feel good about playing a role in that success, having committed 100 percent emotionally all the way.

Over the past 20 years I have had the privilege and honor to provide my commitment, guidance, and consistent advice that was always based on sound judgment and presented to the Board of County Commissioners after a well thought out process. I remain proud of our employees who provide their time, talent, loyalty, and dedication every day. The professional competencies of our knowledgeable department heads and senior management, the expertise of other component agency managers, and the dedication and hard work of all our employees will guarantee that your overarching goals and executive level objectives are realistic.

I am completely confident that under your leadership a vision for the future will be in place that will achieve and measure imminent success for Garrett County Government.

Thank you.

Respectfully,

R. Lamont Pagenhardt
County Administrator
