I-20 Request Form for Dependents (Spouse/Children of F-1 Student)

F-1 students who wish to enter the U.S. with one or more dependents (spouse or child under 21 years of age) must obtain F-2 status for those dependents. Each dependent must obtain an I-20 for F-2 status. In order for the Office of Internationalization to issue the I-20 for your family, you must have financial support for each family member who will be accompanying you.

When providing financial documents, include the minimum required support for each dependent:

Spouse (husband or wife): \$2000
Child: \$1000

Please fill out the form with your dependent information as it appears in the passports.

Your last name _____ First name _____
