2. Introduction

2.1 General

GSI was incorporated in the United Kingdom in 1988 and engages in proprietary and agency transactions in the fixed income, equity and currency market, in addition to performing investment banking services. GSI conducts activities in South Africa through a branch office located in Johannesburg, however its activities in South Africa are limited to the provision of investment banking services. **GSI-SA** currently consists of eleven permanent employees. Jonathan Penkin, as Information Officer, has been duly appointed by Goldman Sachs International, to act as the person to whom requests for access to information must be made in terms of PAIA.

2.2 PAIA

PAIA was assented to on 2 February 2000 and commenced on 9 March 2001. The fundamental purpose of PAIA is to give effect to section 32 of the Constitution, being the constitutional right of access to any information held by the State or by another person and that is required for the exercise or protection of any rights.

Where a Request for Access is made in terms of section 50 of PAIA, the Private Body to which the request is made is obliged to release the Record, except where PAIA expressly provides that the Record may or must be withheld. PAIA sets out the requisite procedures to be followed by a Requester when making a Request for Access.

2.3 POPI

POPI was assented to on 26 November 2013. Broadly, the purpose of POPI is to give effect to section 14 of the Constitution, being the constitutional right to privacy by protecting Personal Information and regulating the free flow and Processing of Personal Information.

Chapter 3 of POPI sets out the minimum conditions which all Responsible Parties must comply with so as to ensure that Personal Information is respected and protected. These minimum conditions are the Conditions for Lawful Processing and are more fully described in paragraph 15.1 of this Manual.

2.4 Purpose of the Manual

The purpose of this Manual is to foster a culture of transparency and accountability within the financial services industry of which GSI-SA forms a part. Furthermore, its purpose is to give effect to both the constitutional right of access to information, where that information is required for the exercise or protection of a right, and the right to privacy in relation to the protection of Personal Information.

Both PAIA and POPI recognise that the rights to access of information and privacy respectively may be limited in accordance with section 36 of the Constitution to the extent that such limitation is reasonable and justifiable in an open and democratic society based on human dignity, equality and freedom.

This Manual:

- a) For the purposes of PAIA, details the procedure to be followed by a Requestor and the manner in which a Request for Access shall be facilitated; and
- b) For the purposes of POPI, amongst other things, details the purpose for which Personal Information may be processed; a description of the categories of Data Subjects for whom GSI-SA Processes Personal Information for as well as the categories of Personal Information relating to such Data Subjects; and the recipients to whom Personal Information may be supplied.
