

Mississippi Stud[®] is a five-card poker game that lets you bet up to 10 units on a single hand. In *Mississippi Stud*, you compete against a payable, not against the dealer, and you win if your poker hand contains a pair of jacks or better. *Mississippi Stud* also offers the optional progressive wager.

GETTING STARTED

Make an Ante bet, you may also make the progressive wager. Once all wagers have been placed, the dealer will give each participating player their two hole cards and place three community cards face down in the middle of the layout.

PLAY OR FOLD?

At this point, you may either fold or make the 3rd Street bet of 1x to 3x your Ante. The dealer then reveals the first community card. Once you see the first community card, you have a choice: fold or make the 4th Street bet of 1x to 3x your Ante. The dealer then reveals the second community card. Once again, you can fold or stay in the game by making the 5th Street bet of 1x to 3x your ante.

Note: When you fold, you forfeit your Ante and any additional main game bets placed.

WINNING AND LOSING

After the dealer turns over the final community card, all remaining wagers are resolved. You win if your five-card poker hand contains a pair of jacks or better (pairs of 6s-10s push). See payable for odds.

PROGRESSIVE PAYOUTS

The progressive wager qualifies you for payouts from the progressive jackpot. See payable for odds.

ENVY BONUS

Top hands trigger Envy Bonus payouts. See payable for payouts. You can win multiple Envy Bonus payouts in a round, but you cannot receive an Envy Bonus payout for your own hand.
