(2) an employee's actions are categorized between time performing tasks and not performing tasks, and the employee's failure to complete a task performance standard or recommendation may have an adverse impact on the employee's continued employment.

Subd. 2. **Notice required.** (a) Each employer shall provide to each employee a written description of each quota to which the employee is subject and how it is measured, including the quantified number of tasks to be performed or materials to be produced or handled or the limit on time categorized as not performing tasks, within the defined time period, and any potential adverse employment action that could result from failure to meet the quota.

(b) The written description must be understandable in plain language and in the employee's language of preference.

(c) The written description must be provided:

Subd. 4. **Work speed data.** (a) Employees have the right to request orally or in writing from any supervisor, and the employer shall provide within 72 hours, a written description of each quota to which the employee is subject and a copy of the most recent 90 days of the employee's own personal work speed data. The employer must also hold its safety committee meetings as provided under section 182.676 monthly until, for two consecutive years, the work site or employer does not have an employee incidence rate 30 percent higher than the average yearly incidence rate for the relevant NAICS code.

(b) This section does not limit the authority of the attorney general, a district attorney, or a city attorney, either upon their own complaint or the complaint of any person acting for themselves or the general public, to prosecute actions, either civil or criminal, for violations of this section, or to enforce the provisions thereof independently and without specific direction from the commissioner.

(c) A current or former employee may bring an action for injunctive relief to obtain compliance with this section, and may, upon prevailing in the action, recover costs and reasonable attorney fees in that action.

(d) Nothing in this section shall be construed to prevent local enforcement of occupational health and safety standards that are more restrictive than this section.
