

STATE OF MINNESOTA

NINETY-THIRD SESSION — 2023

 TENTH DAY

SAINT PAUL, MINNESOTA, THURSDAY, JANUARY 19, 2023

The House of Representatives convened at 3:30 p.m. and was called to order by Melissa Hortman, Speaker of the House.

Prayer was offered by the Reverend Rebecca Fletcher, Retired Hospital Chaplain, Lino Lakes, Minnesota.

The members of the House gave the pledge of allegiance to the flag of the United States of America.

The roll was called and the following members were present:

Acomb	Davids	Hassan	Kotzya-Witthuhn	Niska	Scott
Agbaje	Davis	Heintzeman	Kozlowski	Noor	Sencer-Mura
Altendorf	Demuth	Hemmingsen-Jaeger	Koznick	Norris	Skraba

Curran	Hansen, R.	Klevorn	Nelson, N.	Robbins	
Daniels	Hanson, J.	Knudsen	Neu Brindley	Schomacker	
Daudt	Harder	Koegel	Newton	Schultz	

A quorum was present.

The Chief Clerk proceeded to read the Journal of the preceding day. There being no objection, further reading of the Journal was dispensed with and the Journal was approved as corrected by the Chief Clerk.

REPORTS OF STANDING COMMITTEES AND DIVISIONS

Acomb from the Committee on Climate and Energy Finance and Policy to which was referred:

H. F. No. 7, A bill for an act relating to energy; modifying electric utility renewable energy standard obligations; exempting certain wind projects from certificate of need proceedings; including low-voltage transmission lines in the definition of "solar energy generating system" for siting purposes; modifying Public Utility Commission authority to issue site permits for electric generation facilities; amending Minnesota Statutes 2022, sections 216B.1691, subdivisions 1, 2a, 2b, 2d, 2e, 2f, 3, 4, 5, 7, 9, 10, by adding subdivisions; 216B.2422, subdivision 3; 216B.243, subdivision 8; 216E.01, subdivision 9a; 216E.03, subdivisions 5, 10, 11; 216E.04, subdivision 2; 216F.04; repealing Minnesota Statutes 2022, section 216B.1691, subdivision 2.

Reported the same back with the following amendments:

"Section 1. Minnesota Statutes 2022, section 216B.16, subdivision 13, is amended to read:

Subd. 13. **Economic and community development.** The commission may allow a public utility to recover from ratepayers the reasonable expenses incurred: (1) for economic and community development; and (2) to employ local workers, as defined in section 216B.2422, subdivision 1, to construct and maintain generation facilities that supply power to the public utility's customers.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 2. Minnesota Statutes 2022, section 216B.1645, subdivision 2, is amended to read:

Subd. 2. **Cost recovery.** (a) The following expenses are recoverable from utility ratepayers:

(1) expenses incurred to employ local workers, as defined in section 216B.2422, subdivision 1, to construct and maintain generation facilities that supply power to the utility's customers; and

(2) expenses incurred by the utility over the duration of ~~the~~ an approved contract or ~~the~~ the useful life of ~~the~~ an investment and expenditures made pursuant to section 116C.779 ~~shall be recoverable from the ratepayers of the utility, to the extent, provided~~ they are not offset by utility revenues attributable to the contracts, investments, or expenditures.

(b) Upon petition by a public utility, the commission shall approve or approve as modified a rate schedule providing for the automatic adjustment of charges to recover the expenses or costs approved by the commission under subdivision 1, which, in the case of transmission expenditures, are limited to the portion of actual transmission costs that are directly allocable to the need to transmit power from the renewable sources of energy. The commission may not approve recovery of the costs for that portion of the power generated from sources governed by this section that the utility sells into the wholesale market.

EFFECTIVE DATE. This section is effective the day following final enactment."

"Sec. 17. Minnesota Statutes 2022, section 216B.2422, subdivision 1, is amended to read:

Subdivision 1. **Definitions.** (a) For purposes of this section, the terms defined in this subdivision have the meanings given them.

(b) "Utility" means an entity with the capability of generating 100,000 kilowatts or more of electric power and serving, either directly or indirectly, the needs of 10,000 retail customers in Minnesota. Utility does not include federal power agencies.

(c) "Renewable energy" means electricity generated through use of any of the following resources:

(1) wind;

(2) solar;

(3) geothermal;

(4) hydro;

(5) trees or other vegetation;

(6) landfill gas; or

(7) predominantly organic components of wastewater effluent, sludge, or related by-products from publicly owned treatment works, but not including incineration of wastewater sludge.

(d) "Resource plan" means a set of resource options that a utility could use to meet the service needs of its customers over a forecast period, including an explanation of the supply and demand circumstances under which, and the extent to which, each resource option would be used to meet those service needs. These resource options include using, refurbishing, and constructing utility plant and equipment, buying power generated by other entities, controlling customer loads, and implementing customer energy conservation.

(e) "Refurbish" means to rebuild or substantially modify an existing electricity generating resource of 30 megawatts or greater.

(f) "Energy storage system" means a commercially available technology that:

(1) uses mechanical, chemical, or thermal processes to:

(i) store energy, including energy generated from renewable resources and energy that would otherwise be wasted, and deliver the stored energy for use at a later time; or

(ii) store thermal energy for direct use for heating or cooling at a later time in a manner that reduces the demand for electricity at the later time;

(2) is composed of stationary equipment;

(3) if being used for electric grid benefits, is operationally visible and capable of being controlled by the distribution or transmission entity managing it, to enable and optimize the safe and reliable operation of the electric system; and

(4) achieves any of the following:

(i) reduces peak or electrical demand;

(ii) defers the need or substitutes for an investment in electric generation, transmission, or distribution assets;

(iii) improves the reliable operation of the electrical transmission or distribution systems, while ensuring transmission or distribution needs are not created; or

(iv) lowers customer costs by storing energy when the cost of generating or purchasing it is low and delivering it to customers when the costs are high.

(g) "Local job impacts" means the impacts of a certificate of need, a power purchase agreement, or commission approval of a new or refurbished energy facility on the availability of construction employment opportunities to local workers.

(h) "Local workers" means workers who:

(1) are employed to construct and maintain energy infrastructure; and

(2) are Minnesota residents, are residents of the utility's service territory, or permanently reside within 150 miles of a proposed new or refurbished energy facility.

EFFECTIVE DATE. This section is effective the day following final enactment."

Page 12, after line 23, insert:

"Sec. 19. Minnesota Statutes 2022, section 216B.2422, is amended by adding a subdivision to read:

Subd. 4a. **Preference for local job creation.** As part of a resource plan filing, a utility must report on associated local job impacts and the steps the utility and the utility's energy suppliers and contractors are taking to maximize the availability of construction employment opportunities for local workers. The commission must consider local job impacts and give preference to proposals that maximize the creation of construction employment opportunities for local workers, consistent with the public interest, when evaluating any utility proposal that involves the selection or construction of facilities used to generate or deliver energy to serve the utility's customers, including but not limited to an integrated resource plan, a certificate of need, a power purchase agreement, or commission approval of a new or refurbished electric generation facility. The commission must, to the maximum extent possible, prioritize the hiring of workers from communities hosting retiring electric generation facilities, including workers previously employed at the retiring facilities.

EFFECTIVE DATE. This section is effective the day following final enactment and applies to an integrated resource plan filed with the commission on or after that date.

Sec. 20. Minnesota Statutes 2022, section 216B.2422, is amended by adding a subdivision to read:

Subd. 4b. **Preference for domestic content.** The commission may give preference in resource selection to projects utilizing energy technologies produced domestically by entities who received an advanced manufacturing tax credit for those technologies under section 45X of the Internal Revenue Code, as allowed under the federal Inflation Reduction Act of 2022, Public Law 117-169.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 21. Minnesota Statutes 2022, section 216B.2422, subdivision 5, is amended to read:

Subd. 5. **Bidding; exemption from certificate of need proceeding.** (a) A utility may select resources to meet its projected energy demand through a bidding process approved or established by the commission. A utility shall use the environmental cost estimates determined under subdivision 3 ~~in~~ and consider local job impacts when evaluating bids submitted in a process established under this subdivision.

(b) Notwithstanding any other provision of this section, if an electric power generating plant, as described in section 216B.2421, subdivision 2, clause (1), is selected in a bidding process approved or established by the commission, a certificate of need proceeding under section 216B.243 is not required.

(c) A certificate of need proceeding is also not required for an electric power generating plant that has been selected in a bidding process approved or established by the commission, or such other selection process approved by the commission, to satisfy, in whole or in part, the wind power mandate of section 216B.2423 or the biomass mandate of section 216B.2424.

EFFECTIVE DATE. This section is effective the day following final enactment and applies to an integrated resource plan filed with the commission on or after that date.

Sec. 22. Minnesota Statutes 2022, section 216B.2422, is amended by adding a subdivision to read:

Subd. 8. **Carbon dioxide emissions reduction.** (a) The commission may issue an order to reduce carbon dioxide emissions from coal-fired electric generating units located in Minnesota that do not have applicable capacity obligations with a regional transmission organization and are wholly owned by a public utility required to file a resource plan under this section. The order may:

(1) require the public utility to develop and implement a plan to operate coal-fired electric generating units only during the months of June, July, August, December, January, and February, other than for emergency or reliability purposes; or

(2) establish an annual limit on the carbon dioxide emissions from coal-fired electric generating units.

(b) Nothing in this subdivision affects a public utility's obligation to comply with the provisions of section 216B.1691.

EFFECTIVE DATE. This section is effective the day following final enactment."

"Sec. 26. Minnesota Statutes 2022, section 216E.03, subdivision 7, is amended to read:

Subd. 7. **Considerations in designating sites and routes.** (a) The commission's site and route permit determinations must be guided by the state's goals to conserve resources, minimize environmental impacts, minimize human settlement and other land use conflicts, and ensure the state's electric energy security through efficient, cost-effective power supply and electric transmission infrastructure.

(b) To facilitate the study, research, evaluation, and designation of sites and routes, the commission shall be guided by, but not limited to, the following considerations:

(1) evaluation of research and investigations relating to the effects on land, water and air resources of large electric power generating plants and high-voltage transmission lines and the effects of water and air discharges and electric and magnetic fields resulting from such facilities on public health and welfare, vegetation, animals, materials and aesthetic values, including baseline studies, predictive modeling, and evaluation of new or improved methods for minimizing adverse impacts of water and air discharges and other matters pertaining to the effects of power plants on the water and air environment;

(2) environmental evaluation of sites and routes proposed for future development and expansion and their relationship to the land, water, air and human resources of the state;

(3) evaluation of the effects of new electric power generation and transmission technologies and systems related to power plants designed to minimize adverse environmental effects;

(4) evaluation of the potential for beneficial uses of waste energy from proposed large electric power generating plants;

(5) analysis of the direct and indirect economic impact of proposed sites and routes including, but not limited to, productive agricultural land lost or impaired;

(6) evaluation of adverse direct and indirect environmental effects that cannot be avoided should the proposed site and route be accepted;

(7) evaluation of alternatives to the applicant's proposed site or route proposed pursuant to subdivisions 1 and 2;

(8) evaluation of potential routes that would use or parallel existing railroad and highway rights-of-way;

(9) evaluation of governmental survey lines and other natural division lines of agricultural land so as to minimize interference with agricultural operations;

(10) evaluation of the future needs for additional high-voltage transmission lines in the same general area as any proposed route, and the advisability of ordering the construction of structures capable of expansion in transmission capacity through multiple circuiting or design modifications;

(11) evaluation of irreversible and irretrievable commitments of resources should the proposed site or route be approved; ~~and~~

(12) when appropriate, consideration of problems raised by other state and federal agencies and local entities;:

(13) evaluation of the benefits of the proposed facility with respect to (i) the protection and enhancement of environmental quality, and (ii) the reliability of state and regional energy supplies;

(14) evaluation of the proposed facility's impact on socioeconomic factors; and

(15) evaluation of the proposed facility's employment and economic impacts in the vicinity of the facility site and throughout Minnesota, including the quantity and quality of construction and permanent jobs and their compensation levels. The commission must consider a facility's local employment and economic impacts, and may reject or place conditions on a site or route permit based on the local employment and economic impacts.

(c) If the commission's rules are substantially similar to existing regulations of a federal agency to which the utility in the state is subject, the federal regulations must be applied by the commission.

(d) No site or route shall be designated which violates state agency rules.

(e) The commission must make specific findings that it has considered locating a route for a high-voltage transmission line on an existing high-voltage transmission route and the use of parallel existing highway right-of-way and, to the extent those are not used for the route, the commission must state the reasons.

Page 2, after line 4, insert:

"Sec. 2. **[145.4161] LICENSURE OF ABORTION FACILITIES.**

Subdivision 1. Definitions. (a) For purposes of this section, the following definitions apply.

(b) "Abortion facility" means a clinic, health center, or other facility in which the pregnancies of ten or more women known to be pregnant are willfully terminated or aborted each month. A facility licensed as a hospital or as an outpatient surgical center pursuant to sections 144.50 to 144.56 shall not be considered an abortion facility.

(c) "Accrediting or membership organization" means a national organization that establishes evidence-based clinical standards for abortion care and accredits abortion facilities or accepts as members abortion facilities following an application and inspection process.

(d) "Commissioner" means the commissioner of health.

Subd. 2. **License required.** (a) Beginning July 1, 2024, no abortion facility shall be established, operated, or maintained in the state without first obtaining a license from the commissioner according to this section.

(b) A license issued under this section is not transferable or assignable and is subject to suspension or revocation at any time for failure to comply with this section.

(c) If a single entity maintains abortion facilities on different premises, each facility must obtain a separate license.

(d) To be eligible for licensure under this section, an abortion facility must be accredited or a member of an accrediting or membership organization or must obtain accreditation or membership within six months of the date of the application for licensure. If the abortion facility loses its accreditation or membership, the abortion facility must immediately notify the commissioner.

(e) The commissioner, the attorney general, an appropriate county attorney, or a woman upon whom an abortion has been performed or attempted to be performed at an unlicensed facility may seek an injunction in district court against the continued operation of the facility. Proceedings for securing an injunction may be brought by the attorney general or by the appropriate county attorney.

(f) Sanctions provided in this subdivision do not restrict other available sanctions.

Subd. 3. **Temporary license.** For new abortion facilities planning to begin operations on or after July 1, 2024, the commissioner may issue a temporary license to the abortion facility that is valid for a period of six months from the date of issuance. The abortion facility must submit to the commissioner an application and applicable fee for licensure as required under subdivisions 4 and 7. The application must include the information required under subdivision 4, clauses (1), (2), (3), (5), and (6), and provide documentation that the abortion facility has submitted the application for accreditation or membership from an accrediting or membership organization. Upon receipt of accreditation or membership verification, the abortion facility must submit to the commissioner the information required in subdivision 4, clause (4), and the applicable fee under subdivision 7. The commissioner shall then issue a new license.

Subd. 4. **Application.** An application for a license to operate an abortion facility and the applicable fee under subdivision 7 must be submitted to the commissioner on a form provided by the commissioner and must contain:

(1) the name of the applicant;

(2) the site location of the abortion facility;

(3) the name of the person in charge of the abortion facility;

(4) documentation that the abortion facility is accredited or a member of an accrediting or membership organization, including the effective date and the expiration date of the accreditation or membership, and the date of the last site visit by the accrediting or membership organization;

(5) the names and license numbers, if applicable, of the health care professionals on staff at the abortion facility; and

(6) any other information the commissioner deems necessary.

Subd. 5. **Inspections.** Prior to initial licensure and at least once every two years thereafter, the commissioner shall perform a routine and comprehensive inspection of each abortion facility. Facilities shall be open at all reasonable times to an inspection authorized in writing by the commissioner. No notice need be given to any person prior to an inspection authorized by the commissioner.

Subd. 6. Suspension, revocation, and refusal to renew. The commissioner may refuse to grant or renew, or may suspend or revoke, a license on any of the grounds described under section 144.55, subdivision 6, paragraph (a), clause (2), (3), or (4), or upon the loss of accreditation or membership described in subdivision 4, clause (4). The applicant or licensee is entitled to a notice and a hearing as described under section 144.55, subdivision 7, and a new license may be issued after proper inspection of an abortion facility has been conducted.

Subd. 7. Fees. (a) The biennial license fee for abortion facilities is \$365.

(b) The temporary license fee is \$365.

(c) Fees shall be collected and deposited according to section 144.122.

Subd. 8. Renewal. (a) A license issued under this section expires two years from the date of issuance.

(b) A temporary license issued under this section expires six months from the date of issuance and may be renewed for one additional six-month period.

Subd. 9. Records. All health records maintained on each client by an abortion facility are subject to sections 144.292 to 144.298.

Subd. 10. Severability. If any one or more provision, section, subdivision, sentence, clause, phrase, or word of this section or the application of it to any person or circumstance is found to be unconstitutional, it is declared to be severable and the balance of this section shall remain effective notwithstanding such unconstitutionality. The legislature intends that it would have passed this section, and each provision, section, subdivision, sentence, clause, phrase, or word, regardless of the fact that any one provision, section, subdivision, sentence, clause, phrase, or word is declared unconstitutional.

Sec. 3. **APPROPRIATION.**

\$55,000 in fiscal year 2024 and \$8,000 in fiscal year 2025 are appropriated from the state government special revenue fund to the commissioner of health for licensing activities under Minnesota Statutes, section 145.4161. The base for this program is \$42,000 in fiscal year 2026 and \$8,000 in fiscal year 2027."

Page 2, after line 4, insert:

"Sec. 2. **[145.417] PARTIAL-BIRTH ABORTIONS PROHIBITED.**

Subdivision 1. Definition. For purposes of this section, "partial-birth abortion" means an abortion in which the individual performing the abortion:

(1) deliberately and intentionally vaginally delivers a living fetus until, in the case of a head-first presentation, the entire fetal head is outside the body of the mother, or, in the case of breech presentation, any part of the fetal trunk past the navel is outside the body of the mother, for the purpose of performing an overt act that the individual knows will kill the partially delivered fetus; and

(2) performs the overt act, other than completion of delivery, that kills the partially delivered fetus.

Subd. 2. Prohibition; exception. (a) Notwithstanding section 145.409, it is prohibited for any individual to knowingly perform a partial-birth abortion that causes the death of a human fetus.

(b) Paragraph (a) does not apply to a partial-birth abortion that is necessary to save the life of a mother whose life is endangered by a physical disorder, physical illness, or physical injury, including a life-endangering physical condition caused by or arising from the pregnancy itself.

Subd. 3. **Pregnant woman.** A pregnant woman who sought or obtained an abortion that violates subdivision 2 shall not be subject to criminal penalties for violating subdivision 2.

EFFECTIVE DATE. This section is effective the day following final enactment."

Neu Brindley moved to amend H. F. No. 1 as follows:

Page 2, after line 4, insert:

"Sec. 2. [145.418] PROTECTION OF UNBORN CHILD DURING THE THIRD TRIMESTER; NOTICE TO PARENT OR GUARDIAN; PROTECTION FOR BORN ALIVE CHILD.

Subdivision 1. Definitions. (a) The terms defined in this subdivision apply to this section.

(b) "Abortion" has the meaning given in section 145.411, subdivision 5.

(c) "Health care provider" means a physician licensed to practice medicine in Minnesota or other health care professional authorized to practice that individual's profession in Minnesota and whose scope of practice and qualifications include the performance of abortions.

(d) "Medical emergency" means a condition that, in reasonable medical judgment, so complicates the medical condition of the pregnant woman as to necessitate the immediate abortion of her pregnancy to avert her death or for which a delay will create serious risk of substantial and irreversible physical impairment of a major bodily function, not including psychological or emotional conditions. A condition is not a medical emergency if it is based on a claim, diagnosis, or determination that the woman may engage in conduct which she intends to result in her death or in the substantial and irreversible physical impairment of a major bodily function.

(e) "Third trimester" means the stage of pregnancy that begins at the end of the 26th week from the beginning of the pregnant woman's last menstrual period.

Subd. 2. Legal protection of unborn child during the third trimester. Notwithstanding section 145.409 and except as provided in subdivision 3, it is prohibited for any individual to knowingly or intentionally cause an abortion in the third trimester of pregnancy that results in the death of the unborn child.

Subd. 3. Exceptions. (a) Medical treatment provided to a pregnant woman that results in the accidental death of, or unintentional injury to, the unborn child is not a violation of subdivision 2.

(b) Subdivision 2 does not apply to an abortion performed:

(1) if the pregnancy is the result of conduct that would constitute a violation of section 609.342, 609.343, 609.344, 609.345, or 609.3451, provided documentation is presented to the attending health care provider that the conduct was reported to law enforcement within the first 15 weeks of pregnancy;

(2) if the pregnancy is the result of conduct that would constitute a violation of section 609.365, provided documentation is presented to the attending health care provider that the conduct was reported to law enforcement within the first 15 weeks of pregnancy; or

(3) to avert the death of the pregnant woman or to prevent a serious risk of substantial and irreversible physical impairment of a major bodily function of the pregnant woman, not including psychological or emotional conditions.

Subd. 4. Pregnant woman. A pregnant woman who sought or obtained an abortion that violates subdivision 2 shall not be subject to criminal penalties for violating subdivision 2.

Subd. 5. Notice to parent or guardian. If a health care provider did not obtain the consent of a parent or guardian of a pregnant minor before performing an abortion on the pregnant minor because of a medical emergency, the health care provider must notify the minor's parent or guardian within 24 hours after the abortion and must so certify in the minor's medical record.

Subd. 6. Born alive child. Any unborn child who is born alive following an attempted abortion shall be treated as a person under the law, and a birth certificate shall be issued certifying the child's birth. If the child later dies, a death certificate shall be issued.

EFFECTIVE DATE. This section is effective the day following final enactment."
