H. F. No. 236, A bill for an act relating to taxation; property; increasing the market value exclusion for disabled veterans; amending Minnesota Statutes 2022, section 273.13, subdivision 34.

Reported the same back with the following amendments:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 2022, section 273.13, subdivision 34, is amended to read:

Subd. 34. **Homestead of veteran with a disability or family caregiver.** (a) All or a portion of the market value of property owned by a veteran and serving as the veteran's homestead under this section is excluded in determining the property's taxable market value if the veteran has a service-connected disability of 70 percent or more as certified by the United States Department of Veterans Affairs. To qualify for exclusion under this subdivision, the veteran must have been honorably discharged from the United States armed forces, as indicated by United States Government Form DD214 or other official military discharge papers.

(b)(1) For a disability rating of 70 percent or more, ~~\$150,000~~ the amount of market value ~~is excluded~~ is the exclusion base amount in clause (3) multiplied by the disability rating percentage, except as provided in clause (2); ~~and~~

(2) for a total (100 percent) and permanent disability, ~~\$300,000~~ the amount of market value ~~is excluded-~~ is the exclusion base amount in clause (3); and

(3) for the purposes of this paragraph, the exclusion base amount for assessment year 2023 is \$400,000. For assessment year 2024 and thereafter, the exclusion base amount is adjusted annually by multiplying the exclusion base amount for the prior year by the sum of one plus the rate of increase, if any, in the implicit price deflator for government consumption expenditures and gross investment for state and local governments prepared by the Bureau of Economic Analysts of the United States Department of Commerce for the 12-month period ending March 31 of the prior assessment year.

(c) If a veteran with a disability qualifying for a valuation exclusion under paragraph (b), clause (2), predeceases the veteran's spouse, and if upon the death of the veteran the spouse holds the legal or beneficial title to the homestead and permanently resides there, the exclusion shall carry over to the benefit of the veteran's spouse until such time as the spouse remarries, or sells, transfers, or otherwise disposes of the property, except as otherwise provided in paragraph (n). Qualification under this paragraph requires an application under paragraph (h), and a spouse must notify the assessor if there is a change in the spouse's marital status, ownership of the property, or use of the property as a permanent residence.

(d) If the spouse of a member of any branch or unit of the United States armed forces who dies due to a service-connected cause while serving honorably in active service, as indicated on United States Government Form DD1300 or DD2064, holds the legal or beneficial title to a homestead and permanently resides there, the spouse is entitled to the benefit described in paragraph (b), clause (2), until such time as the spouse remarries or sells, transfers, or otherwise disposes of the property, except as otherwise provided in paragraph (n).

(e) If a veteran meets the disability criteria of paragraph (a) but does not own property classified as homestead in the state of Minnesota, then the homestead of the veteran's primary family caregiver, if any, is eligible for the exclusion that the veteran would otherwise qualify for under paragraph (b).

(f) In the case of an agricultural homestead, only the portion of the property consisting of the house and garage and immediately surrounding one acre of land qualifies for the valuation exclusion under this subdivision.

(g) A property qualifying for a valuation exclusion under this subdivision is not eligible for the market value exclusion under subdivision 35, or classification under subdivision 22, paragraph (b).

(h) To qualify for a valuation exclusion under this subdivision a property owner must apply to the assessor by December 31 of the first assessment year for which the exclusion is sought. Except as provided in paragraph (c), the owner of a property that has been accepted for a valuation exclusion must notify the assessor if there is a change in ownership of the property or in the use of the property as a homestead.

(i) A first-time application by a qualifying spouse for the market value exclusion under paragraph (d) ~~must be made any time within two years of~~ may be filed any time after the death of the service member. A qualifying spouse whose application was previously denied may reapply pursuant to this paragraph for the exclusion to begin in the current assessment year.

(j) For purposes of this subdivision:

(1) "active service" has the meaning given in section 190.05;

(2) "own" means that the person's name is present as an owner on the property deed;

(3) "primary family caregiver" means a person who is approved by the secretary of the United States Department of Veterans Affairs for assistance as the primary provider of personal care services for an eligible veteran under the Program of Comprehensive Assistance for Family Caregivers, codified as United States Code, title 38, section 1720G; and

(4) "veteran" has the meaning given the term in section 197.447.

(k) If a veteran ~~dying after December 31, 2011,~~ did not apply for or receive the exclusion under paragraph (b), clause (2), before dying, or the exclusion under paragraph (b), clause (2), did not exist at the time of the veterans death, the veteran's spouse is entitled to the benefit under paragraph (b), clause (2), until the spouse remarries or sells, transfers, or otherwise disposes of the property, except as otherwise provided in paragraph (n), if:

(1) the spouse files a first-time application ~~within two years of the death of the service member or by June 1, 2019, whichever is later;~~

(2) upon the death of the veteran, the spouse holds the legal or beneficial title to the homestead and permanently resides there;

(3) the veteran met the honorable discharge requirements of paragraph (a); and

(4) the United States Department of Veterans Affairs certifies that:

(i) the veteran met the total (100 percent) and permanent disability requirement under paragraph (b), clause (2); or

(ii) the spouse has been awarded dependency and indemnity compensation.

A qualifying spouse whose application was previously denied may reapply, pursuant to this paragraph, for the exclusion to begin in the current assessment year.

(l) The purpose of this provision of law providing a level of homestead property tax relief for veterans with a disability, their primary family caregivers, and their surviving spouses is to help ease the burdens of war for those among our state's citizens who bear those burdens most heavily.

(m) By July 1, the county veterans service officer must certify the disability rating and permanent address of each veteran receiving the benefit under paragraph (b) to the assessor.

(n) A spouse who received the benefit in paragraph (c), (d), or (k) but no longer holds the legal or beneficial title to the property may continue to receive the exclusion for a property other than the property for which the exclusion was initially granted until the spouse remarries or sells, transfers, or otherwise disposes of the property, provided that:

(1) the spouse applies under paragraph (h) for the continuation of the exclusion allowed under this paragraph;

(2) the spouse holds the legal or beneficial title to the property for which the continuation of the exclusion is sought under this paragraph, and permanently resides there;

(3) the estimated market value of the property for which the exclusion is sought under this paragraph is less than or equal to the estimated market value of the property that first received the exclusion, based on the value of each property on the date of the sale of the property that first received the exclusion; and

(4) the spouse has not previously received the benefit under this paragraph for a property other than the property for which the exclusion is sought.

(o) If a spouse had previously qualified under paragraph (c) or (d) and the exclusion expired prior to taxes payable in 2020, the spouse may reapply under paragraph (h) for the exclusion under paragraph (c) or (d).

**EFFECTIVE DATE.** This section is effective for assessment year 2023 and thereafter."

(d) An annuity begins to accrue no earlier than 180 days before the date the application is filed with the executive director.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 2. Minnesota Statutes 2022, section 356.551, subdivision 2, is amended to read:

Subd. 2. **Determination.** (a) Unless the minimum purchase amount set forth in paragraph (c) applies, the prior service credit purchase amount is an amount equal to the actuarial present value, on the date of payment, as calculated by the chief administrative officer of the pension plan and reviewed by the actuary retained under section 356.214, of the amount of the additional retirement annuity obtained by the acquisition of the additional service credit in this section.

(b) Calculation of this amount must be made using the investment return assumption applicable to the public pension plan specified in section 356.215, subdivision 8, and the mortality table adopted for the public pension plan.

(1) Unless clause (2) applies, the calculation must assume continuous future service in the public pension plan until, and retirement at, the age at which the minimum requirements of the fund for normal retirement or retirement with an annuity unreduced for retirement at an early age, including section 356.30, are met with the additional service credit purchased. The calculation must also assume a full-time equivalent salary, or actual salary, whichever is greater, and a future salary history that includes annual salary increases at the applicable salary increase rate for the plan specified in section 356.215, subdivision 8.

(2) This clause applies when the calculation is being done for purposes of section 352.272; 352B.087; 353.0141, subdivision 3; 354.544; ~~or 354A.0961~~; or 490.1211, subdivision 2. The calculation must include continuous future service in the public pension plan until, and retirement at, any age at or after which the minimum requirements of the fund for early retirement or retirement with an annuity unreduced for retirement at an early age, including section 356.30, are met with the additional service credit purchased. The calculation must be determined using the retirement age that provides the most valuable benefit to the member. The calculation must also assume a full-time equivalent salary, or actual salary, whichever is greater, and a future salary history that includes annual salary increases at the applicable salary increase rate for the plan specified in section 356.215, subdivision 8.

(c) The prior service credit purchase amount may not be less than the amount determined by applying, for each year or fraction of a year being purchased, the sum of the employee contribution rate, the employer contribution rate, and the additional employer contribution rate, if any, applicable during that period, to the person's annual salary during that period, or fractional portion of a year's salary, if applicable, plus interest at the applicable annual rate or rates specified in section 356.59, subdivision 2, 3, 4, or 5, whichever applies, compounded annually, from the end of the year in which contributions would otherwise have been made to the date on which the payment is received.

(d) Unless otherwise provided by statutes governing a specific plan, payment must be made in one lump sum within one year of the prior service credit authorization or prior to the member's effective date of retirement, whichever is earlier. Payment of the amount calculated under this section must be made by the applicable eligible person.

(e) However, the current employer or the prior employer may, at its discretion, pay all or any portion of the payment amount that exceeds an amount equal to the employee contribution rates in effect during the period or periods of prior service applied to the actual salary rates in effect during the period or periods of prior service, plus interest at the applicable annual rate or rates specified in section 356.59, subdivision 2, 3, 4, or 5, whichever applies, compounded annually, from the date on which the contributions would otherwise have been made to the date on which the payment is made. If the employer agrees to payments under this subdivision, the purchaser must make the employee payments required under this subdivision within 90 days of the prior service credit authorization. If that employee payment is made, the employer payment under this subdivision must be remitted to the chief administrative officer of the public pension plan within 60 days of receipt by the chief administrative officer of the employee payments specified under this subdivision.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 3. Minnesota Statutes 2022, section 490.1211, is amended to read:

**490.1211 UNIFORMED SERVICE.**

Subdivision 1. Federal uniformed service protections. (a) A judge who is absent from employment by reason of service in the uniformed services, as defined in United States Code, title 38, section 4303(13), and who returns to state employment as a judge upon discharge from service in the uniformed service within the time frame required in United States Code, title 38, section 4312(e), may obtain service credit for the period of the uniformed service, provided that the judge did not separate from uniformed service with a dishonorable or bad conduct discharge or under other than honorable conditions.

(b) The judge may obtain credit by paying into the fund equivalent member contribution based on the contribution rate or rates in effect at the time that the uniformed service was performed multiplied by the full and fractional years being purchased and applied to the annual salary rate. The annual salary rate is the average annual salary during the purchase period that the judge would have received if the judge had continued to provide employment services to the state rather than to provide uniformed service, or if the determination of that rate is not reasonably certain, the annual salary rate is the judge's average salary rate during the 12-month period of judicial employment rendered immediately preceding the ~~purchase period~~ of the uniformed service.

(c) The equivalent employer contribution and, if applicable, the equivalent employer additional contribution, must be paid by the employing unit, using the employer and employer additional contribution rate or rates in effect at the time that the uniformed service was performed, applied to the same annual salary rate or rates used to compute the equivalent member contribution.

(d) If the member equivalent contributions provided for in this section are not paid in full, the judge's allowable service credit must be prorated by multiplying the full and fractional number of years of uniformed service eligible for purchase by the ratio obtained by dividing the total member contributions received by the total member contributions otherwise required under this section.
