<p><a href="#">SIS-43</a></p>	<p><b>SIS GM 11 Paper - S1: SIS Adding export function in the page of Invoice Search</b></p>	<p><b>Description:</b></p> <p>Currently, it is not possible to directly download the search result from the <a href="#">Receivables/Payables</a> → <a href="#">Manage Invoice</a> screens for passenger and cargo categories. This means that users cannot easily check invoice status, invoice amount and other invoice data from the search result grid.</p> <p>With this enhancement, the user can download the search results data in a CSV file and use it for loading into their internal systems.</p> <p><b>Billing Categories:</b></p> <p>This enhancement is applicable for <b>Passenger</b> (Except Form C) and <b>Cargo</b> Billing Categories only.</p> <p><b>Changes IS-WEB:</b></p> <p>A new button '<a href="#">Download All</a>' will be provided below '<a href="#">Search Results</a>' section in following screens:</p> <ul style="list-style-type: none"> <li>• <a href="#">Passenger</a> → <a href="#">Receivables</a> → <a href="#">Manage Invoice</a> screen.</li> <li>• <a href="#">Passenger</a> → <a href="#">Payables</a> → <a href="#">Manage Invoice</a> screen.</li> <li>• <a href="#">Cargo</a> → <a href="#">Receivables</a> → <a href="#">Manage Invoice</a> screen.</li> <li>• <a href="#">Cargo</a> → <a href="#">Payables</a> → <a href="#">Manage Invoice</a> screen.</li> </ul> <p><b>Changes - Input Files:</b> N/A</p> <p><b>Changes - Output Files:</b> N/A</p> <p style="text-align: right;"><a href="#">Back To Top</a> ↗</p>
-------------------------------	--	--

<p><b>SIS-44</b></p>	<p><b>SIS GM 11 Paper - S2: SIS Reports (Cargo)</b></p>	<p><b>Description:</b></p> <p>Currently, the search criteria for the Cargo '<a href="#">RM-BM-CM Details Report</a>' report via IS-WEB module "Reports → Cargo" does not allow the option to search by Air Waybill (AWB) number. Users must enter the memo number one by one from '<a href="#">RM-BM-CM Details Report</a>' to their own settlement system to get the linked AWB number, before reviewing the billing history.</p> <p>This enhancement adds a new search criteria field to the Cargo '<a href="#">RM-BM-CM Details Report</a>' to query by AWB number. This is an optional-use search criteria field. There will also be new '<a href="#">Output</a>' option under the existing search criteria dropdown field to produce a detailed list of AWBs belonging to all memos (RM/BM/CM) with AWB breakdowns.</p> <p><b>Billing Categories:</b></p> <p>This change is applicable for <b>Cargo</b> Billing Category only.</p> <p><b>Changes IS-WEB:</b></p> <p>In '<a href="#">RM-BM-CM Details Report</a>' screen → A new checkbox '<a href="#">Include AWB Numbers</a>' will be added to the '<a href="#">Search Criteria</a>':</p> <ul style="list-style-type: none"> <li>○ When '<a href="#">Output</a>' is '<a href="#">Only Memo Details</a>' or '<a href="#">Subtotals and Memo Details</a>', the checkbox by default is selected; the user may uncheck it.</li> <li>○ When value of '<a href="#">Output</a>' is chosen as '<a href="#">Only Subtotals</a>' or '<a href="#">Memo and AWB Details</a>' → Checkbox '<a href="#">Include AWB Numbers</a>' will be hidden.</li> </ul> <p>In '<a href="#">RM-BM-CM Details Report</a>' screen → '<a href="#">Search Criteria</a>' dropdown field '<a href="#">Output</a>':</p> <ul style="list-style-type: none"> <li>○ The existing value '<b>Only Details</b>' will be renamed as "<a href="#">Only Memo Details</a>".</li> <li>○ The existing value '<b>Subtotals and Details</b>' will be renamed as "<a href="#">Subtotals and Memo Details</a>".</li> </ul>
----------------------	---	---

		<ul style="list-style-type: none"> <li>○ A new value of 'Memo and AWB Details' will be added.</li> <li>○ No change to the existing value 'Only Subtotals.'</li> </ul> <p><b><u>Changes - Input Files:</u></b> N/A</p> <p><b><u>Changes - Output Files:</u></b> Download report for 'RM-BM-CM Details Report' will include new values of field 'Output' also, the value of new search field 'Include AWB Numbers'.</p> <p style="text-align: right;"><a href="#">Back To Top ↗</a></p>
<p><b><u>SIS-33</u></b></p>	<p><b>Automatic Removal of iiNET Information for Terminated Members</b></p>	<p><b><u>Description:</u></b></p> <p>Currently, if an output file is generated for a Member in SIS, it is delivered to the Member's iiNET Account (if defined), regardless of the member's 'IS Membership Status'.</p> <p>This enhancement ensures that all information related to iiNET Accounts is automatically removed from a member's profile upon termination. As a result of this enhancement, even if output files are generated, they will not be sent via iiNET to the Terminated Member.</p> <p><b><u>Billing Categories:</u></b></p> <p>This enhancement is applicable for all Billing Categories.</p> <p><b><u>Changes IS-WEB:</u></b> N/A</p> <p><b><u>Changes - Input Files:</u></b> N/A</p> <p><b><u>Changes - Output Files:</u></b> N/A</p> <p style="text-align: right;"><a href="#">Back To Top ↗</a></p>
