ICC Chair Zalewski Appointed to Serve on the NARUC Select Committee on Regulatory and Industry Diversity

Chicago, IL – The Illinois Commerce Commission Chairman Carrie K. Zalewski has been appointed by the National Association of Regulatory Utility Commissioners President Paul Kjellander to serve as a member of the Select Committee on Regulatory and Industry Diversity.

“Diversity and inclusion are core values of the ICC and that is reflected in our work force and supplier diversity efforts. It is an honor to be chosen to work with my peers from across the country on this committee to promote opportunities for women, minority and service-disabled veteran-owned businesses in the utility and energy sectors,” said Zalewski.

Through relationship building, the Select Committee on Regulatory and Industry Diversity encourages inclusion and the utilization of prudent and competitive procurement practices that will provide mutual economic benefits for ratepayers, investors and DBEs.

"Chairman Zalewski will make an excellent addition to the Select Committee," said Kjellander. "She leads a commission that has developed and maintained a host of supplier diversity, procurement and diversity and inclusion initiatives—we can only benefit from her breadth of experience."
