

AN ACT concerning State government.

**Be it enacted by the People of the State of Illinois,
represented in the General Assembly:**

Section 5. The Illinois Procurement Code is amended by changing Section 30-30 as follows:

(30 ILCS 500/30-30)

Sec. 30-30. Contracts in excess of \$250,000. For building construction contracts in excess of \$250,000, separate specifications shall be prepared for all equipment, labor, and materials in connection with the following 5 subdivisions of the work to be performed:

(1) plumbing;

(2) heating, piping, refrigeration, and automatic temperature control systems, including the testing and balancing of those systems;

(3) ventilating and distribution systems for conditioned air, including the testing and balancing of those systems;

(4) electric wiring; and

(5) general contract work.

The specifications must be so drawn as to permit separate and independent bidding upon each of the 5 subdivisions of work. All contracts awarded for any part thereof shall award

the 5 subdivisions of work separately to responsible and reliable persons, firms, or corporations engaged in these classes of work. The contracts, at the discretion of the construction agency, may be assigned to the successful bidder on the general contract work or to the successful bidder on the subdivision of work designated by the construction agency before the bidding as the prime subdivision of work, provided that all payments will be made directly to the contractors for the 5 subdivisions of work upon compliance with the conditions of the contract. A contract may be let for one or more buildings in any project to the same contractor. The specifications shall require, however, that unless the buildings are identical, a separate price shall be submitted for each building. The contract may be awarded to the lowest responsible bidder for each or all of the buildings included in the specifications.

Until a date 4 years after January 1, 2009 (the effective date of Public Act 95-758), the requirements of this Section do not apply to a construction project for which the Capital Development Board is the construction agency if: (i) the project budget is at least \$20,000,000; (ii) the Capital Development Board has submitted to the Procurement Policy Board a written request for a public hearing on waiver of the application of the requirements of this Section to that project, including its reasons for seeking the waiver and why the waiver is in the best interest of the State; (iii) the

Capital Development Board has posted notice of the waiver hearing on its procurement web page and on the online Procurement Bulletin at least 15 working days before the hearing; (iv) the Procurement Policy Board, after conducting the public hearing on the waiver request, reviews and approves the request in writing before the award of the contract; (v) the successful low bidder has prequalified with the Capital Development Board; (vi) the bid of the successful low bidder identifies the name of the subcontractor, if any, and the bid proposal costs for each of the 5 subdivisions of work set forth in this Section; and (vii) the contract entered into with the successful bidder provides that no identified subcontractor may be terminated without the written consent of the Capital Development Board. With respect to any construction project described in this paragraph, the Capital Development Board shall: (i) provide to the Auditor General an affidavit that the waiver of the application of the requirements of this Section is in the best interest of the State; (ii) specify in writing as a public record that the project shall comply with the disadvantaged business practices of the Business Enterprise for Minorities, Females, and Persons with Disabilities Act and the equal employment practices of Section 2-105 of the Illinois Human Rights Act; and (iii) report annually to the Governor and the General Assembly on the bidding, award, and performance. On and after January 1, 2009 (the effective date of Public Act 95-758), the Capital Development Board may award in each year

contracts with an aggregate total value of no more than \$100,000,000 with respect to construction projects described in this paragraph.

Until a date 11 ~~5~~ years after November 29, 2005 (the effective date of Public Act 94-699), the requirements of this Section do not apply to the Capitol Building HVAC upgrade project if (i) the bid of the successful bidder identifies the name of the subcontractor, if any, and the bid proposal costs for each of the 5 subdivisions of work set forth in this Section, and (ii) the contract entered into with the successful bidder provides that no identified subcontractor may be terminated without the written consent of the Capital Development Board.
