(3) *Married and living with husband or wife for only part of the taxable year.* If each has income and their combined gross income is \$1,500 or over, or equal to, or in excess of, their total personal exemption (not including credit as head of a family or for dependents), they must each make a return or file a joint return. If only one has income and his gross income is \$1,500 or over, or equal to, or in excess of, his personal exemption (not including credit as head of a family or for dependents), only that one is required to make a return. (See Specific Instruction 20 as to personal exemption.)

Do not include taxes assessed against local benefits, Federal income taxes or estate, inheritance, legacy, succession, gift taxes, taxes imposed on your interest as shareholder of a corporation which are paid by the corporation without reimbursement from you, nor income taxes claimed as a credit in item 31. Do not deduct losses in transactions not connected with your trade or business or not entered into for profit. Losses from wagering transactions are allowable to the extent of gains therefrom.

20, 21. CREDIT FOR PERSONAL EXEMPTION AND DEPENDENTS.—A single person, or a married person not living with spouse, is allowed a personal exemption of \$750. A person who, during the entire taxable year, was the head of a family or was married and living with spouse, is allowed an exemption of \$1,500. On separate returns, the personal exemption may be taken by either husband or wife or divided between them in any proportion.

A "head of a family" is one who supports in one household one or more dependent individuals closely connected with him by blood relationship, relationship by marriage, or by adoption, and whose right to exercise family control is based upon some moral or legal obligation.

A credit of \$400 is allowed for each person (other than husband or wife) under 18 years of age, or incapable of self-support because mentally or physically defective, whose chief support was received from the taxpayer. If taxpayer is head of a family only because of dependents for whom he would be entitled to credit under preceding sentence, \$400 credit is allowed for each of such dependents except one.

If taxpayer's status, with respect to personal exemption and credit for dependents, changed during the taxable year, such exemption and credit shall be apportioned according to the number of months before and after such change. A fractional part of a month is disregarded unless it exceeds half a month, when it shall be considered a month.

24. EARNED INCOME CREDIT.—"Earned income" means wages, salaries, professional fees, and other amounts received as compensation for personal services actually rendered. Where a taxpayer is engaged in a trade or business in which both personal services and capital are material income-producing factors, a reasonable allowance as compensation for the personal services actually rendered by the taxpayer, not in excess of 20 percent of his share of the net profits of such trade or business, shall be considered as earned income. "Earned net income" means the excess of the amount of the earned income over the sum of the "earned income deductions," which are the ordinary and necessary expenses properly chargeable against earned income.

INSTRUCTIONS BELOW NEED BE CONSIDERED ONLY IF ENTRIES ARE MADE IN ITEMS 7, 8, AND 9, PAGE 1 OF RETURN.

7. GAINS AND LOSSES FROM SALES OR EXCHANGES OF CAPITAL ASSETS AND OTHER PROPERTY.—Report details in Schedules F and G.

"Capital assets" defined.—The term "capital assets" means property held by the taxpayer (whether or not connected with his trade or business), but not stock in trade or other property of a kind which would properly be included in his inventory if on hand at the close of the taxable year, or property held by the taxpayer primarily for sale to customers in the ordinary course of his trade or business, or property used in the trade or business of a character which is subject to the allowance for depreciation provided in section 23 (l), or an obligation of the United States or any of its possessions, or of a State or Territory, or any political subdivision thereof, or of the District of Columbia, issued on or after March 1, 1941, on a discount basis and payable without interest at a fixed maturity date not exceeding one year from the date of issue.

Description of property.—State following facts: (a) For real estate, location and description of land and improvements; (b) for bonds or other evidences of indebtedness, name of issuing corporation, particular issue, denomination and amount; and (c) for stocks, name of corporation, class of stock, number of shares, and capital changes affecting basis (including nontaxable distributions).

Basis.—In determining GAIN in case of property acquired before March 1, 1913, use the cost or the fair market value as of March 1, 1913, adjusted as provided in section 113 (b), whichever is greater, but in determining LOSS use cost so adjusted. If the property was acquired after February 28, 1913, use cost, except as otherwise provided in section 113.

Losses on securities becoming worthless.—If (1) shares of stock become worthless during the year or (2) corporate securities with interest coupons or in registered form are ascertained to be worthless and charged off during the year, and are capital assets, the loss therefrom shall be considered as from the sale or exchange of capital assets as of the last day of such taxable year.

Classification of capital gains and losses.—The phrase "short-term" applies to gains and losses from the sale or exchange of capital assets held for 18 months or less; the phrase "long-term" to capital assets held for more than 18 months.

Limitation on short-term capital losses.—Short-term capital losses shall be allowed only to the extent of short-term capital gains. However, any net short-term capital loss (not in excess of the net income for the year involved) may be carried over in the succeeding year and applied against the short-term capital gains not already offset by short-term capital losses in such year. The carry-over is restricted to 1 year.

Alternative tax.—In the case of a net long-term capital gain or loss, an alternative tax may be imposed in lieu of the normal tax and surtax imposed upon net income. (See Computation of Alternative Tax, Schedule F.) In calculating the alternative tax in the case of a long-term capital loss, the base (1) for computing the 15 percent limitation with respect to the deduction for charitable contributions is the "ordinary net income" as shown in line 3, Computation of Alternative Tax, Schedule F, increased by item 11, page 1, and (2) for computing the earned income credit is the "ordinary net income" as adjusted for the charitable contributions deduction.

"Wash sales" losses.—Loss from sale or other disposition of stock or securities cannot be deducted unless sustained in connection with the taxpayer's trade or business, if, within 30 days before or after the date of sale or other disposition, the taxpayer has acquired (by purchase or by an exchange upon which the entire amount of gain or loss was recognized by law), or has entered into a contract or option to acquire, substantially identical stock or securities.

Losses in transactions between certain persons.—No deduction is allowable for losses from sales or exchanges of property directly or indirectly between (a) members of a family (b) a corporation and an individual owning more than 50 percent of its stock (liquidations excepted), (c) a grantor and fiduciary of any trust, or (d) a fiduciary and a beneficiary of the same trust.

8. BUSINESS OR PROFESSION.—Fill in Schedule H. Farmers keeping no books of account, or books on cash basis, must attach Form 1040F. A taxpayer electing to include in gross income amounts received during the year as loans from the Commodity Credit Corporation should file with his return a statement showing the details of such loans. (See section 123.)

If installment method is used, attach schedule showing separately for years 1938, 1939, 1940, and 1941: (a) Gross sales; (b) cost of goods sold; (c) gross profits; (d) percentage of profits to gross sales; (e) amount collected; (f) gross profit on amount collected.

Bad debts may be deducted either (1) when ascertained to be wholly or partially worthless, or (2) by a reasonable addition to a reserve. (No change of method without permission of Commissioner.)

9 (a). INCOME FROM PARTNERSHIPS, FIDUCIARIES, ETC., WHOSE TAXABLE YEAR ENDS WITHIN THE TAXABLE YEAR COVERED BY THIS RETURN.—Enter as item 9 your share of profits (whether received or not) or losses of a partnership (including a syndicate, pool, etc., not taxable as a corporation) except capital gains and losses, which enter in Schedule F. Enter as item 9 income from an estate or trust. Enter in Schedule A your share of interest on obligations of the United States and instrumentalities, issued prior to March 1, 1941, owned by partnership, estate, or trust. Include in item 11, and explain in Schedule C, your share of any contribution or gift, payment of which was made by the partnership within its taxable year. Enter in items 30 and 31, respectively, your share of credits for Federal income tax paid at source and foreign income taxes.

9 (b). OTHER INCOME.—Enter any other taxable income, including earnings of minor children if parent is legally entitled thereto.
