HELP YOUR CLIENTS JOIN THE **47** MILLION AMERICANS WHO USE

IRS e-file offers accurate, safe and fast alternatives to filing on paper. There is no better way to file your client's tax returns. In Filing Season 2002, over 33 million taxpayers chose a tax practitioner to *e-file* their returns – an increase of 15% from the previous year. A commonly reported barrier, not having a variety of forms available for *e-filing*, has been further addressed. January 2003, over thirty additional forms have been added, and **all** Authorized IRS *e-file* Providers will be able to file their clients' Forms 940 and 941 electronically. Ask your software developer/provider about enabling your tax software program to take advantage of IRS *e-file* for your business clients. Also, Form 1065 *e-file* is now available!

Tap Into a Growing Market and become an Authorized IRS *e-file* Provider. To participate, you'll need an "IRS *e-file* Application Package," Publication 3112. Applications to become new Authorized IRS *e-file* Providers may be submitted each year beginning August 1 through May 31. For assistance or questions with the application process you may call toll-free, 1-800-691-1894.

IRS e-file is a valuable addition to your client services:

Improved Accuracy - IRS *e-file* software alerts you to errors and allows you to correct them before the return is filed. Filing an accurate return decreases the chances of your clients receiving error notices.

Faster Refunds/Proof of Filing - With IRS *e-file*, your clients receive their refunds in half the time it normally takes to receive a paper check - even faster and safer with Direct Deposit - in as few as 10 days. And within 48 hours of filing, the IRS delivers proof to you that your clients' returns are accepted including electronic payment in the case of balance due returns!

Expanded Electronic Payment Options - Your clients can *e-file* and *e-pay* in a single step, reducing the chances of errors and assuring them of on-time receipt of the paid return. Electronic funds withdrawal payments from a checking or savings account are free and can be scheduled for a future date, up to and including April 15, 2003. If they prefer, your clients also have an option to pay their income tax by major credit card. IRS will not have access to bank account or credit card information. Transmitting the return and the payment authorization together has proven to virtually eliminate erroneous delinquent returns.

Extensions by Phone - Calling 1-888-796-1074 can get your clients a 4-month extension request with or without a balance due payment. The system is available February 13, 2003, through April 15, 2003.

One-Stop Filing - Federal/State *e-file* offers the convenience and economy of filing both returns together.

Additional reasons for you to consider IRS e-file:

Reduced Handling Costs - Cost and paper handling will be reduced for you and your staff. Clients can electronically sign their *e-filed* returns using a self-selected Personal Identification Number (PIN). The PIN is a five-digit number taxpayers create to sign their tax returns. We have **NOW** Expanded Electronic Signatures! IRS *e-file* has expanded the Practitioner PIN to **all** Authorized IRS *e-file* Providers. Having these two electronic signature options eliminates the need to send signature documents to the IRS. No more envelopes to address, certified mail expense or last minute trips to the post office.

Improved Marketing Campaign - IRS has a national *e-file* marketing campaign and provides you with a free Marketing Tool Kit. These tools are intended to help promote and increase your *e-file* business.

Delete the Paperwork, Hit SEND - Millions of you already prepare tax returns using computer software. It is just a matter of pressing the send button instead of the print button.

What if I Have Questions? - More information can be found on our web site at www.irs.gov.

Electronic Federal Tax Payment System (EFTPS) offers another way to pay your Federal taxes all year round, regardless of how you file your tax returns. It's free and available to all business and individual taxpayers. In fact, it's also recommended for estimated tax payments (Form 1040-ES) and installment agreement payments. For details on how to enroll, visit www.EFTPS.gov or call EFTPS Customer Service at 1-800-555-4477 or 1-800-945-8400.

Message to Tax Professionals

As a member of the tax professional community, you play a key role in America's tax administration system. The IRS appreciates your continued interest and support as it continues its modernization process to better serve you by increasing services, reducing taxpayer burden, and insuring fairness in the tax system.

The following are some of the initiatives undertaken by the IRS to assist you in preparing accurate tax returns, interacting electronically with the IRS, and resolving post-filing problems and frequently disputed or burdensome tax issues.

- Expanding customer service by dedicating 400 new local telephone numbers for taxpayers or practitioners to schedule appointments with the IRS, and hiring more Tax Resolution Representatives to assist taxpayers in the filing season.
- Improving the time it takes to issue tax refunds by expanding electronic filing, which takes less than 3 weeks, and even less when direct deposit is chosen.
- Making it more convenient to pay your taxes - you will be able to file electronically and pay with a credit card, all in a single step.
- Reducing paperwork to ease the burden on small businesses that file corporate tax returns, a significant cost-saving move.
- Suspending the requirement for employers to file Schedule F (Form 5500), Fringe Benefit Plan Annual Information Return.
- Making IRS letters and notices easier to understand by being more specific and improving the instructions.

The suggestions you have made throughout the IRS modernization efforts have been appreciated. Please continue to offer your suggestions for improvements. To keep up to date on modernization information, visit the IRS Internet Web Site at www.irs.gov where you will find a wealth of information for the tax professional.
