

**DEI-Related Excerpt From  
ISBA President Rory T. Weiler's  
Report to the ISBA Assembly on June 10, 2022**

In order to clarify ISBA leadership's position on a section of the ISBA's Diversity, Equity, and Inclusion (DEI) Assessment Report, I'd like to provide the full ISBA membership with a relevant excerpt from my Presidential Report to the ISBA Assembly on June 10, 2022. When I delivered that Report, I emphatically made the following statement:

In case there are any doubts arising out of the recently received DEI Assessment, I want to state unequivocally that *our* Diversity Leadership Council is now functioning, and will continue to function as it has in the past.

In the coming bar year, I look forward to continuing this important work with all relevant stakeholders to make the ISBA as diverse, equitable, and inclusive as possible.
