I. INTRODUCTION

1. This Agreement is entered into by the United States Department of Justice ("DOJ"), St. Tammany Parish Government through its Parish President, Patricia P. Brister (in her official capacity), and the St. Tammany Parish Sheriff, Rodney "Jack" Strain Jr., (in his official capacity); and each of their successors in office, designees, assigns, employees, contractors, and agents (collectively, the "St. Tammany Parties").
2. On April 21, 2011, the United States, through the Department of Justice ("DOJ") notified St. Tammany Parish Government's then-president Kevin Davis of DOJ's intent to investigate conditions of confinement at the St. Tammany Parish Jail ("Jail") pursuant to the Civil Rights of Institutionalized Persons Act ("CRIPA"), 42 U.S.C. § 1997 to determine whether those conditions violated prisoners' constitutional rights.
3. On June 20-23, 2011, the United States conducted an on-site inspection of the Jail with consultants in the fields of correctional mental health care and suicide prevention.
4. On July, 12, 2012, the United States issued a findings letter under 42 U.S.C. § 1997 wherein DOJ concluded that certain conditions at the Jail violated the constitutional rights of individuals confined at the Jail. Specifically, DOJ found that the St. Tammany Parties are deliberately indifferent to prisoners' serious mental health needs, including suicide prevention and medication management. On July 16, 2012, the St. Tammany Parties responded to DOJ's findings letter disputing the findings expressed in the letter and denying any constitutional violations.
5. During and after the United States' investigation, the St. Tammany Parties made the United States aware of efforts to change various components of mental health care at the Jail, including an October 2011 letter. In the October 2011 letter, the St. Tammany Parties detailed their voluntary efforts to change various components of their mental health care program at the Jail. A program to improve medication administration was initiated under the Medical Director. A specialized housing unit was constructed to manage and monitor prisoners in mental health crisis. Most notably, the Jail removed the booking cages from the facility and no longer uses the booking cages for any purpose.
6. The purpose of this Agreement is to address the conclusions noted in the findings letter dated July 12, 2012, to provide for a cooperative effort by DOJ and the St. Tammany Parties, and to recognize the remedial measures that the St. Tammany Parties have taken, both before and after the findings letters. The Jail is an integral part of the public safety system in St. Tammany Parish, Louisiana. Through the provisions of this Agreement, the Parties seek to ensure that the conditions at the Jail respect the rights of the prisoners detained at the Jail. By ensuring that the conditions in Jail are constitutional, the St. Tammany Parties will also provide for the safety of staff and promote public safety in the community.

7. The St. Tammany Parties cooperated throughout the course of the investigation and demonstrated a willingness to voluntarily undertake measures to improve conditions at the Jail. The Parties therefore enter into this Agreement for the purposes of avoiding the risks and burdens of litigation.
8. The St. Tammany Parties recognize, appreciate, and acknowledge the assistance of DOJ. The United States recognizes, appreciates, and acknowledges the cooperation, effort, and program improvements of the St. Tammany Parties. The Parties to this Agreement acknowledge the benefits to the public resulting from this Agreement.
9. No person or entity is intended to be a third-party beneficiary of the provisions of this Agreement for purposes of any civil, criminal, or administrative action, and accordingly, no person or entity may assert any claim or right as a beneficiary or protected class under this Agreement. This Agreement is not intended to impair or expand the right of any person or organization to seek relief against the St. Tammany Parties or their officials, employees, or agents for their conduct. This Agreement does not alter legal standards governing any such claims, including those standards established by Louisiana law.
10. This Agreement is not intended to have any preclusive effect except between the Parties. Should the issue of the preclusive effect of this Agreement be raised, the Parties agree to certify that this Agreement was intended to have no such preclusive effect.
11. The Parties agree that this Agreement does not constitute an admission of liability by the St. Tammany Parties.

 - f. Develop protocols, commensurate with the level of risk of suicide or self-harm, to ensure that prisoners are protected from identified risks for suicide or self-injurious behavior. The protocols shall also require that a Qualified Mental Health Professional perform a mental health assessment, based on the prisoner's risk.

- g. Ensure that prisoners who are classified as moderate or high risk of suicide or self harm are searched and monitored with constant supervision until the prisoner is transferred to a Qualified Mental Health Professional for assessment.

The Parties shall have the discretion to place the Independent Auditor's Reports on a prominent place on their public websites.
- L. **Compliance Assessments:** In the Independent Auditor's report, the Independent Auditor shall evaluate the status of compliance for each relevant provision of the Agreement using the following standards: (1) Substantial Compliance; (2) Partial Compliance, and (3) Non-compliance. In order to assess compliance, the Independent Auditor shall review a sufficient number of pertinent documents to accurately assess current conditions; interview all necessary staff; and interview a sufficient number of prisoners to accurately assess current conditions. The Independent Auditor shall be responsible for independently verifying representations from the St. Tammany Parties regarding progress toward compliance, examining supporting documentation, where applicable. Each Independent Auditor's report shall describe the steps taken by the Independent Auditor to analyze

conditions and assess compliance, including documents reviewed and individuals interviewed, and the factual basis for each of the Independent Auditor's findings.

- M. Independent Auditor's Budget: the St. Tammany Parties shall provide the Independent Auditor with a budget sufficient to allow the Independent Auditor to carry out the responsibilities described in this Agreement. The Independent Auditor shall pay the members of the Independent Auditing Teams out of this budget.
- N. Technical Assistance by the Independent Auditor: The Independent Auditor shall provide the St. Tammany Parties with technical assistance as requested by the St. Tammany Parties. Technical assistance should be reasonable and should not interfere with the Independent Auditor's ability to assess compliance.
- O. Independent Auditor's Performance Contract: The Parties to this Agreement acknowledge that the St. Tammany Parties and the Independent Auditor will enter into a separate performance contract that specifically describes the role and obligations that the Independent Auditor is expected to complete consistent with this Agreement.

VII. ENFORCEMENT

- A. During the period that the Agreement is in force, if the Independent Auditor or DOJ determines that the St. Tammany Parties have not made material progress toward substantial compliance with a significant obligation under the Agreement, and such failure constitutes a violation of prisoners' constitutional rights, DOJ may initiate enforcement proceedings for an alleged failure to fulfill an obligation under this Agreement in Court.
- B. Before taking judicial action to an enforcement proceeding, DOJ shall give the St. Tammany Parties written notice of its intent to initiate such proceedings, and the Parties shall engage in good-faith discussions to resolve the dispute.
- C. The St. Tammany Parties shall have 60 days from the date of such notice to cure the alleged failure (or such additional time as is reasonable due to the nature of the issue and agreed upon by the Parties) and provide DOJ with sufficient proof of its cure. If DOJ determines that the alleged failure has not been cured at the end of the 60-day period (or such additional time as is reasonable due to the nature of the issue and agreed upon by the Parties), DOJ may initiate enforcement proceedings without further notice. DOJ commits to work in good faith with the St. Tammany Parties to avoid enforcement actions.
- D. In case of an emergency posing an immediate threat to the health or safety of a prisoner or staff member at the Jail, however, DOJ may omit the notice and cure requirements herein before seeking enforcement of the Agreement.
- E. The Parties to this Agreement recognize the current existence of an Intergovernmental Agreement relating to matters pertaining to the Jail. Should the existing Intergovernmental Agreement be modified or terminated, the St. Tammany Parties

acknowledge that the terms and conditions of this Memorandum of Agreement will remain in effect.

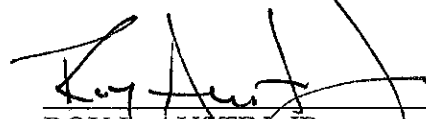

VIII. CONSTRUCTION, IMPLEMENTATION, AND TERMINATION

- A. The St. Tammany Parties shall implement all reforms within their areas of responsibility, as designated within the provisions of this Agreement that are necessary to effectuate this Agreement. The implementation of this Agreement will begin immediately upon the Effective Date.
- B. Except where otherwise agreed to under a specific provision of this Agreement, the St. Tammany Parties shall implement all provisions of this Agreement within 180 days of the Effective Date.
- C. This Agreement shall terminate when the St. Tammany Parties have achieved substantial compliance with each provision of the Agreement and have maintained substantial compliance with all provisions of the Agreement for a period of one year.
- D. Failure by any party to enforce this entire Agreement or any provision thereof with respect to any deadline or any other provision herein shall not be construed as a waiver of its right to enforce other deadlines or provisions of this Agreement.
- E. If any unforeseen circumstance occurs that causes a failure of either party to timely carry-out any requirements of this Agreement, such party shall notify the other in writing within 20 calendar days after becoming aware of the unforeseen circumstance and its impact on the Parties' ability to perform under the Agreement. The notice shall describe the cause of the failure to perform and the measures taken to prevent or minimize the failure. The Parties shall implement all reasonable measures to avoid or minimize any such failure.
- F. This Agreement shall constitute the entire integrated Agreement of the Parties. With the exception of DOJ's findings letter and any DOJ technical assistance recommendations, and the correspondence and documents from the St. Tammany Parties submitted to DOJ, no prior or contemporaneous communications, oral or written, will be relevant or admissible for purposes of determining the meaning of any provisions herein in this litigation or in any other proceeding.
- G. This Agreement shall be applicable to, and binding upon, all Parties, their officers, agents, employees, assigns, and their successors in office.
- H. Each party shall bear the cost of its fees and expenses incurred in connection with this case, except as is set forth in paragraph J of this section of the Agreement.
- I. If any provision of this Agreement is declared invalid for any reason by a court of competent jurisdiction, said finding shall not affect the remaining provisions of this Agreement.

- J. All Parties agree that, as of the date of entry of this Agreement, litigation is not “reasonably foreseeable” concerning the matters described in this Agreement. To the extent that either party previously implemented a litigation hold to preserve documents, electronically stored information, or things related to the matters described in this Agreement, the party is no longer required to maintain such a litigation hold. Nothing in this paragraph relieves any party of any other obligations imposed by this Agreement, including the document creation and retention requirements described above.
