

## Keio University Education Leadership Project

### Achievements (AY 2014–AY 2023)

Keio Affiliated Schools Study Abroad Program has sent a total of 69 students to boarding schools in the UK and US since the 2014 academic year. Each study abroad student receives a scholarship. The students are highly regarded at the host schools, not only from an academic perspective, but also for their involvement in a wide variety of activities including music and sports. From the 2019 academic year, study abroad for second-year junior high school students began and from the 2020 academic year, the program for the fifth-grade elementary school students began.
