The Kent County Local Management Board is the home for the Systems of Care Initiative – a collaborative approach to making resources more accessible for families in Kent County. This is accomplished through a multi-tiered approach to providing individualized information and support to connect children, youth and their families to appropriate resources in the community.

HOW WE DO IT:

A Systems of Care Coordinator – Talk to our local resource expert, Rachael Carmody, for advice on where to start and how to best align resources.

Browse the Resource Directory – [KentCounty.com/resource-directory](https://kentcounty.com/resource-directory) to see what kind of programs, providers, and spaces are available.

The Local Care Team – For families with multiple needs, we convene a multi-agency forum to build a custom tailored, family driven action plan that aligns appropriate resources.

INTERESTED IN THE KENT COUNTY LOCAL CARE TEAM (LCT)?

HERE'S HOW IT WORKS:

The LCT will bring the right partners together to hear from you and coordinate a specialized plan. The goal is to find and coordinate the right resources for your family so that your child can thrive at home and in our community.

You can schedule an LCT session yourself, or another agency can make the referral for you. A parent or caregiver must be present to discuss a referral. An adolescent can represent themselves in appropriate cases.

EXAMPLES OF LCT DISCUSSIONS INCLUDE:

- » CHANGES IN YOUR CHILD'S BEHAVIOR
- » ABSENTEEISM
- » MANAGING BEHAVIORAL HEALTH ISSUES AND DEVELOPMENTAL DISABILITIES
- » HOMELESSNESS

The Kent County LCT meets on the second and fourth Tuesdays of each month. We can also schedule an emergency meeting as necessary.

KENT COUNTY LCT MEMBERS INCLUDE:

- » Kent County LMB
