

# FREE Dental Services for Kids

Knox County Health Department will be visiting the following Knox County Schools offering dental prevention treatments during the 2024-25 school year

Chilhowee Intermediate  
Christenberry Elementary  
Dogwood Elementary  
East Knox County Elementary  
Holston Middle  
Inskip Elementary  
Knox Adaptive Center  
Lonsdale Elementary  
Northwest Middle  
Norwood Elementary  
Pond Gap Elementary  
South Knox Elementary  
Spring Hill Elementary  
Whittle Springs Middle

*Treatments offered:*

**Dental sealants**

*Thin plastic coatings applied to the grooves on the chewing surfaces of the back teeth. The sealant bonds to the tooth.*

**Fluoride varnish**

*Highly concentrated form of fluoride applied to the tooth's surface as a topical fluoride therapy. It is not a permanent varnish, but due to its adherent nature it stays on the tooth surface for several hours.*

**Silver diamine fluoride**

*Liquid placed on a cavity that kills bacteria and strengthens that part of the tooth. It will harden the cavity to keep it from getting bigger and will help with any pain related to the cavity. Using the SDF allows time for treatment to occur, without the cavity growing.*

Scan code and complete form to allow us to care for your child's teeth!

***Treatment is as easy as brushing your teeth,  
and painless too!***

***Keep your child's smile healthy!***

**KNOX COUNTY  
TENNESSEE**
