**SUBJECT:** WIOA Eligible Training Provider Update

The official WIOA ETPL spreadsheet is updated as of today to reflect the current status of all programs. Providers and programs that have been denied are removed from the list. Approved programs are noted in the “2019 Status” field. The “2019 Status” field is blank for providers not yet notified of their status. The spreadsheet will be updated daily to reflect the status of each provider. Please check the spreadsheet daily before planning and sending a participant to occupational skills training and creating a WIOA-04.
