SUBJECT:

Program Year PY17 Q1 Participant Accruals

Idaho Department of Labor accounting staff will continue to process WIOA participant expenses through September 29<sup>th</sup>. If a **tuition** expenditure does not appear on the Participant Payment Register as of October 2<sup>nd</sup>, it has not been paid. The system will need to have accruals created for the **tuition** payments not made but activity has been incurred by September 30<sup>th</sup>, which will be provided by career planners utilizing the process described below.

The accrual workbook will be available to download on October 3<sup>rd</sup> and will need to submit to accounting by October 6<sup>th</sup>. All WIOA career planners can submit accrue workbooks individually.

Note: Manual accruals should be made for unpaid **tuition** expenses that have been incurred on or before September  $30^{th}$ .

## To Minimize Career Planner Workload:

- 1. Check participants' exit dates in IdahoWorks by September 30<sup>th</sup>, make sure there is an exit date when participant exited the activity to reduce auto accrues from the system.
- 2. Submit all participant and vendor payments as soon as possible.
- 3. Verify the date of expense falls within the service period start and completion date.

## Non-IDOL Service Providers:

Accrual Excel Worksheet and detailed instructions will be emailed on October 3<sup>rd</sup>.

## **IDOL Service Providers:**

Accrual Excel Workbook and detailed instructions can be retrieved in EPIC.
