Symposium on the 10th Anniversary of UCB-JFBA Visiting Scholar Program (DRAFT)

In 2000, the University of California, Berkeley (UCB), which has recognized the significance of supporting a public interest lawyer in Asian region for a long time, generously decided to set up a visiting scholar program for committed Japanese lawyers recommended by the Japan Federation of Bar Associations for the purpose of giving them an opportunity to study American and international experience and to promote public interest legal work in this region. This program successfully fostered eight lawyers who are all very active in various fields of the legal community in Japan and Asia to serve the public and the rule of law. In 2010 we celebrate the 10th anniversary of this valuable program.

Date: May 21, 2010 (Friday) 3:00 pm - 7:30 pm

Venue: Japan Federation of Bar Associations, Conference Room 1701

http://www.nichibenren.or.jp/en/about/access.html
