

## Mental Health Caucus

The Mental Health Caucus is a bipartisan effort to coordinate and support legislation leading toward an efficient and effective mental health care system within our state.

This interest group has created a forum for examining issues affecting children and adults with mental illness in Minnesota. The 2006 agenda included:

- Tour of J.A. Johnson Elementary School Mental Health Services
- Mental health courts

The group has received the Wellstone Advocacy Award from the Minnesota Psychiatric Association, and Legislators of the Year award from the National Alliance on Mental Illness of Minnesota (NAMI-MN).
