

LG/Rally Room Bundle (EZ75UL3JRZ-S)

The collaboration of the new LG 75UL3G and Logitech Rally family creates a unique, enterprise ready Zoom Room for nearly any size meeting room. Bundles include all the items needed for a small, medium or large Zoom Room in a single SKU. This integration offers a code option on the enterprise display, where the LG display will auto configure for the best video and audio experience when paired together.

LOGITECH
[Logitech.com](https://www.logitech.com)

The Logitech® Rally family of conference camera systems deliver everything you need to video-enable multipurpose rooms throughout the workplace. Solutions come pre-configured with Zoom and offer users and IT smart tools that are scalable, affordable, easy to use, and effortless to manage.
