*The Lottery will announce the estimated jackpot annuity value and cash option value for every Multi-Match drawing. The advertised amount will be the prize amount that is paid to the winner(s) of the jackpot. The jackpot prize will be divided among multiple winners. When a jackpot prize is claimed, jackpot winner(s) will have the option to receive the jackpot prize in annuity payments paid in 25 equal annual installments or in a single "cash" payment. A jackpot prize will be paid as an annuity unless the winner selects the "cash" payment method within 60 days after the validation date, even though a winner has 182 days after the drawing to claim a prize.

** The fixed prizes may be paid on a pari-mutuel basis and will be lower than the published prize amounts if certain levels of prize liability are reached. Refer to Lottery Policy Statement for a detailed explanation.

***The probability that one or more lines in a 3-line game will win a prize at the given level. Since more than one line can win a prize, levels are not mutually exclusive.

LOTTO JUST GOT BETTER

LOTTO JUST GOT BETTER

If you liked playing Lotto, you'll really like playing Multi-Match™, the new Lotto-style game from the Maryland Lottery.

BETTER CHANCES TO WIN — MULTIPLE WAYS TO WIN

That's because with Multi-Match, you get to play 18 numbers with four easy ways to match and win. All for just \$2!

IT'S EASY AND FUN

When you play Multi-Match, for each game you play, you will be able to select your first line of 6 numbers or choose Quick Pick. You will automatically receive 2 additional lines of 6 randomly selected numbers, for a total of 18 numbers! Plus, there are 4 DIFFERENT WAYS TO WIN — one chance to win per line — that's 3 ways to win, AND a 4th chance to win by combining the matches in all 3 lines.

WIN UP TO \$500,000 OR MORE

The Lottery draws 6 numbers from 1 to 43 every Monday and Thursday night. If you match between 3 and 5 numbers on any ONE line, you'll win up to \$1,000 for that line. If you also match between 5 and 18 numbers TOTAL on ALL THREE lines combined, you'll win up to \$2,000 MORE! And if you match all 6 on any one line, you'll win a jackpot that starts at \$500,000 and goes up from there every time the big prize isn't won.

PLAY TODAY!

Better overall chances of winning. More ways to win. \$500,000-plus jackpots. What are you waiting for? You can pick up a Multi-Match playslip at any Maryland Lottery Retailer — or subscribe for 13, 26 or 52 weeks by picking up a subscription application at a Retailer or by visiting mdlottery.com today.

HOW TO PLAY:

PLAYSLIP

Each playslip has five Multi-Match™ games which cost \$2 for each game. That means to play all 5 games, the ticket costs \$10.

- **PICK YOUR FIRST 6 NUMBERS**

A play consists of 18 numbers. You can select and mark your first 6 numbers. Make a heavy vertical mark through each number you choose. Use only pencil or blue or black ink. Red ink will not be accepted. If you make a mistake, mark the "VOID" box at the bottom of that game, then use any remaining open games on your playslip to complete your selections. Please do not try to erase errors. You will automatically receive 2 additional randomly selected lines of 6 numbers each for a total of 3 lines of play, 18 numbers per game, for each single game.

- **OR CHOOSE QUICK PICK**

If you want all of your numbers randomly selected, mark the Quick Pick box at the bottom of each game you want to play, and all 18 numbers will be automatically selected for you.

- **PLAY THE SAME NUMBERS UP TO 10 TIMES IN A ROW**

If you like, you can play the same numbers for 2, 3, 4, 5 or 10 drawings in a row, including the next drawing, by marking the appropriate "NUMBER OF DRAWS" box or the "DRAW DAY" box, if applicable.

- **DOUBLE CHECK YOUR PICKS**

Before you give your playslip to the Lottery Retailer for processing, be sure to verify that the numbers selected on your playslip are the numbers you want to play. It is your responsibility to make sure your playslip represents the numbers you wish to play and the drawing(s) you want to enter. **MULTI-MATCH TICKETS CANNOT BE CANCELLED OR VOIDED AFTER THEY HAVE BEEN PROCESSED.**

SUBSCRIPTION

Another way to play, and to ensure that you're playing every week, is by purchasing a Multi-Match subscription. Pick up an application from any Maryland Lottery Retailer, or go to mdlottery.com to download a subscription application. With a Multi-Match subscription, you can play your numbers for 13, 26 or 52 weeks. And if you win, the Maryland Lottery will automatically send you your winnings (all \$2 and \$7 Multi-Match prizes will be sent to you in one lump sum at the end of your subscription). PLUS, Multi-Match subscriptions make great gifts!

WHERE AND WHEN TO BUY YOUR MULTI-MATCH TICKET

Multi-Match tickets are available at any Maryland Lottery Retailer location and may be purchased any day of the week.

HOW TO WIN:

Multi-Match drawings are held twice a week, on Monday and Thursday nights, when the Lottery draws 6 numbers from 1 to 43. Your ticket will have three lines of six numbers for each game you play. Multi-Match means multiple ways to match and win! You win by matching 3, 4, 5 or 6 numbers on any one line or by matching 5 to 18 numbers on all three lines combined. You can win up to four times in each game, but only once on each line and only once on the combined lines in each game. The Prize Chart shown on the other side of this panel shows the prizes and prize levels.
