

1) The options for remaining gas in storage for Groups/Singles that leave the Gas Transportation Program with a last billed usage/Gas Day on or before 04/30/22:

- If a supplier is leaving the Gas Transportation Program, they can sell their book of business and submit an Assignment Letter that will allow a new supplier to take over their pool(s).
- Suppliers can use all of their remaining gas in storage.
- Gas in storage can be transferred to another pool by utilizing the Trading of Stored Gas Provision in the Terms and Conditions.
- Any gas left in storage for an account/group after the last billed usage, or any applicable transfer, will be valued by using the method described in the first paragraph of the Finaled Accounts of Transportation/Storage Customers section of the Terms and Conditions. This is the method that is used when a transportation customer final their account with us, as well as when a transportation customer leaves the Gas Transportation Program to enroll in Customer Select.

2) The options for remaining gas in storage for Groups/Singles that leave the Gas Transportation Program with a last billed usage/Gas Day of 05/01/22 or after:

- If a supplier is leaving the Gas Transportation Program, they can sell their book of business and submit an Assignment Letter that will allow a new supplier to take over their pool(s).
- Suppliers can use all of their remaining gas in storage.
- Any gas left in storage for an individual account after the last billed usage will be transferred as described in the second paragraph of the Valuing of Gas in Storage section of the Terms and Conditions.
- Any remaining storage in a group with no remaining members will be valued at the current EOM Inventory Transfer Price as defined in the fourth paragraph of the Valuing of Gas in Storage section of the Terms and Conditions.
