NMAC Memorandum 2021-29

August 9, 2021

To: Geographic Area Coordinating Group Chairs
From: National Multi-Agency Coordinating Group
Subject: Self-sufficient for Three Days

Due to the current national fire situation including ongoing high demand for caterers, shower units, and bottled water etc., IMT members and fire suppression resources should travel and arrive at the incident self-sufficient for three days, including food and water.

Upon arrival at the incident, canteens can be filled at potable water trucks and at national shower units as an alternative to bottled water. Canteens (NFES #0037) and 5 gallon water containers ("cubies", NFES # 0048) are available through the servicing National Interagency Support Cache. Small (NFES #0206) and large (NFES # 0712) disposable bath towels are also available from the servicing cache.
