Narrative:

On November 5 2018 at approximately 2100 hours Officer Wier and I received a phone call from Sergeant Cooney, in regards to a suspicious incident in the area of the Secretary of The Interior's residence (USPP [REDACTED]). It was reported that there were two separate suspicious events outside the residence. Upon arrival there was not a disturbance taking place or any idling cars in the area. There was two suspicious incidents at this location.

Sergeant Cooney relayed the first event at the residence involved a Mercedes passenger car. The vehicle had driven by the location and a passenger was yelling from the window causing a disturbance.

The second event involved a neighbor across the street. The neighbor came out to speak with us about the suspicious event. The individual was identified as Legere, Paul and he said he was able to speak of the suspicious events that had taken place. Legere had explained that there was a black Mercedes SUV parked in the street in front of his residence. Legere asked the driver to move the car and some type of verbal altercation occurred. The driver of the Mercedes SUV subsequently left the front of the residence.

US Park Police units patrolled the area of [REDACTED] and made frequent checks of the location to ensure there were no other suspicious acts.

### Report:

On November 4th at approximately 2100 hours I received a call from the Secretary's Protection Detail stating that they had received a report from Secretary Zinke of a disturbance outside of his residence. The information given was that there was a male in a black SUV parked outside of the residence who was yelling, cursing, and harassing individuals entering the residence. I contacted Car 113 to respond as well and I arrived at the residence at approximately 2110 hours. I did not observe any idling vehicles on the block, nor any individuals in the area on the street or sidewalk. A white male named [REDACTED] Complainant 2 (C-2) came to the door of the residence and stated that he had observed the following two incidents take place in the 15-20 minutes before my arrival.

C-2 stated that first, a black four door Mercedes SUV stopped in front of the location at approximately 2050 hours and began to question C-2 and others as to why they were at the location. The individual stated that he was from the Washington Post and made statements such as "I know why you're here" and "I know you're with him." C-2 described the man's tone as aggressive and agitated and that he began to yell. The SUV then drove off. C-2 stated this incident is what prompted C-1 to the call to the USPP Protection Detail.

C-2 then stated that at approximately 2100 hours, apparently unrelated to the first issue, a neighbor across the street from the residence had a verbal altercation with the driver of C-2's SUV, who had been idling in front of the neighbor's house. When C-2 stepped out of the Secretary's residence to observe the commotion he claims that the neighbor yelled at him as well. C-2 then told his driver to move the car around the block in order to stop the argument.

At this point I entered the residence and spoke to Secretary Zinke, C-1, who confirmed that he contacted his protection detail due to the original complaint of a person who was acting in an erratic matter, yelling obscenities at the Secretary's guests, and aggressively harassing the guests as they entered the residence. C-1 stated that this type of incident is not typical and he had not seen this vehicle before.

I then spoke with the neighbor from across the street, Mr. Legere, as well as an unknown female who stated that she lived a few houses down. Both individuals confirmed that Mr. Legere had spoken with the driver of the SUV parked in front of his residence but stated it was nothing more than a neighborhood parking dispute and that the SUV left once directed to by the original complainant. Mr. Legere denied yelling any obscenities at the Secretary's residence or C-2 but agreed it was a "tense conversation" with the driver parked in front of his house. Both Mr. Legere and the female witness stated that they were only concerned with making sure that the Secretary's residence was secure and that they regularly look out for other houses on the block. Neither Mr. Legere or the female witness saw anything concerning the original complaint about the person causing a disturbance from the black Mercedes SUV. They were advised to call 911 or USPP Communications should they observe any suspicious activity.

Myself and Car 113 canvassed the area with negative results for the original disorderly subject.

I directed Cars 113 and 112 to make extra checks of the area throughout the evening.

Time Clear: 2145
