I12-USSS-ATL-00815	U.S. Secret Service (DHS)	5/30/2012	11/15/2012	<p>I'm uncertain I put this in the correct category, so if I didn't, please be certain I am trying very hard to report correctly. I am a victim of an International Organized Crime Group/Drug Cartel that I have discovered; reported and that I refuse to be a part of. In fact, I am a victim of attempted murder, extensive identity theft, extensive public and political corruption, stalking since my birth, identity fraud, extensive human exploitation, etc. [REDACTED] I thought [REDACTED] for over [REDACTED], I have discovered is a fraud and I have been told [REDACTED] was never a [REDACTED] because everything about [REDACTED] is a fraud. [REDACTED] is an employee of the [REDACTED] and is currently using the alias of [REDACTED]. That being said, [REDACTED] is directly associated with a known former illegal drug cartel and has committed multiple crimes and frauds against me, including, but not limited to, identity theft, identity fraud, human exploitation of me, etc, some with my own birth family, some with former schoolmates of mine, some with Judges, etc. The man who is currently using the alias of [REDACTED] has willfully, knowingly and intentionally committed bank fraud; identity theft; forgery of my signatures [REDACTED]; credit card fraud; bankruptcy fraud; mortgage fraud; insurance fraud; perjury; human exploitation of me; etc. When I started discovering said frauds, I called the US Secret Service to report such frauds. I contacted [REDACTED] of the US Secret Service in [REDACTED] made an appointment to come to my apartment I had at the time and examine some of the evidence. There is so much of the evidence, literally boxes and boxes of evidence. When Special Agent [REDACTED] arrived at my then apartment, [REDACTED] was with [REDACTED]. I did not recognize [REDACTED] as anybody that I have every met in my life. [REDACTED] later contacted me seeking more information and a personal relationship with me. I was led to believe that the [REDACTED] I met as "Special Agent [REDACTED]" of the US Secret Service was pursuing an investigation into the alleged frauds that I had discovered and was trying to report. [REDACTED] said if I could show [REDACTED] fraud, [REDACTED] would go out and make the arrests on my behalf. I finally was able to put together enough evidence to show [REDACTED] undeniable fraud that I am a victim of. [REDACTED] refused to make any arrests and in fact, stated that I am "crazy". I have since discovered photo's of [REDACTED] with some of the perpetrators of the crimes dating all the way before I met [REDACTED], along with others directly associated with the crimes and frauds that have taken place against me, including, but not limited to, a [REDACTED] who, like them, is using multiple alias' to willfully, knowingly and intentionally deceive and commit frauds. [REDACTED] has used alias of [REDACTED] (real name). They are [REDACTED] who have willfully, knowingly and intentionally stalked me and co-conspired to cause me significant, very personal, permanent harm, of which they have absolutely, undeniably done. I have also been in touch with Mr. Eric Holder because I discovered some of them are employed in the US Department of Justice in the FBI, the US DEA, the US FDA, various banking institutions including, but not limited to, the Federal Credit Union where my identity has been stolen and used to commit frauds. I have discovered some of them are employed at [REDACTED]; etc. They are all covering for each other and their various frauds. They have been attempting to murder me before I could make discovery of their true identities and report them.</p>	Employee Corruption	Other Employee Corruption	NA	NA

i13-USSS-ORL-00025	U.S. Secret Service (DHS)	8/8/2012	3/13/2013	Field Originated Complaint stemming from I1200800 [REDACTED] In June 2012, the U.S. Department of Homeland Security (DHS), Office of Inspector General (OIG), received information that in [REDACTED] 2005 [REDACTED], U.S. Secret Service (USSS) [REDACTED] USSS management for additional manpower and magnetometers to adequately accomplish the protection mission of President George Bush in [REDACTED] [REDACTED], USSS, denied this request for additional assets. On [REDACTED] 2005, an individual named [REDACTED] attempted to assassinate former President Bush by throwing a hand grenade at him; however, the hand grenade failed to detonate. During the arrest of [REDACTED] a gun battle ensued and [REDACTED] and a local police officer were killed. After the incident, it was alleged that [REDACTED] ordered the destruction of all documents pertaining to the assassination attempt on former President Bush because the incident would be embarrassing to the USSS. Interview of [REDACTED] acknowledged that in [REDACTED] that [REDACTED] made a request through official channels for more protective assets for a Presidential visit to [REDACTED], and that this request was later denied. [REDACTED] believes that the report of an assassination attempt made against the POTUS, was sensationalized by media, and stated that the visit was over and the POTUS was back at his [REDACTED] hotel with USSS when the incident occurred. [REDACTED] further stated that the [REDACTED] authorities' version of the events were inconsistent. [REDACTED] has no knowledge if [REDACTED], USSS, was directly involved with declining the request for additional protective assets, as the request is routed through several approving authorities, but it's possible that [REDACTED] had knowledge of the request and influenced it's denial. [REDACTED] has neither knowledge of orders from [REDACTED] nor any other USSS staff to destroy records, and [REDACTED] has never destroyed records or ordered any other employees to destroy records. [REDACTED] remembers that the denied request for [REDACTED] additional resources came up during a Protective Efficiency Review conducted by the OPO approximately [REDACTED] [REDACTED] knowledge, all the documents related to the request and denials for assets are still a matter of record with the USSS. This survey obtained employees' views on misconduct and security clearance concerns, among other topics. We administered the survey from May 13, 2013, to June 11, 2013. Twenty two survey respondents indicated that they observed either (1), the solicitation of prostitute by a USSS employee or (2), other criminal sexual behavior by a USSS employee. We asked these 22 respondents if they reported the behavior; only one did. We asked respondents to only consider events between 2004 and 2013 but did not ask when the behavior occurred. We also did not ask where it occurred or who perpetrated the crime.
